WELCOME TO ILS

A century of shaping Indian lawyers

Since 1924, ILS Law College has stood on Law College Road in Pune as one of India's most respected centres of legal education, a place where generations of judges, advocates, academics, civil servants and public leaders began their journeys.

The college is run by the Indian Law Society, founded in 1923 with a simple conviction: that a nation's progress rests on the strength of its legal minds and institutions. That conviction still drives everything at ILS, from the classroom and moot court to the legal aid centre and research journals.
