**...adversity causes
some men to break,
others to
break records.**

Asian Law College stands for mutualistic relationships of learners coming from different parts but forming one world. Asian Law College aims at carrying forward the legacy of the rich educational and intellectual heritage of Asian Education Group, which is proud to have inscribed names of outstanding personalities on its scroll since its inception. We continue our indefatigable pursuit towards

excellence at ALC by refining quality educational programmes that prepare students for leadership positions and the challenges of the 21st Century.

ALC is a student centric campus. It lays down a rock-solid foundation for young learners to build up a heaven of knowledge and intellect wherein students are encouraged to upcap their latent talents and hone their skills.

Learners are adequately equipped with integrity to stride into the competitive legal environment with confidence and courage.

Asian Law College is characterized by the sheer quality of its faculty, staff and students. It enjoys a reputation to work towards the cause of higher learning and intellectual growth in the country. At ALC, our future lawyers will not only hoist the flag of justice in an unfailing manner but will also be the harbingers of growth. Given the excellent and enlivening environment at Asian Law College, more learners look forward to launch their careers at this campus. We assure you that at ALC, you will acquire your prescription for success!

Message From CEO

Mr. Akshay Marwah

**...we continuously
strive for excellence
in education
through collaborative
research.**

Asian Law College is dedicated to its responsibility of creating a global knowledge disseminating hub transgressing National and International borders and territories thereby transforming every student into a “responsible Human” by igniting the “cause of Justice” in their minds, and finally metamorphing them into excellent Lawyers.

The ‘core values’ of this college are derived from its engagements in high quality research and excellent innovative teaching methods merged with experiential learning in the form of ‘Rolling Internship’ with top tier law firms and companies, Workshops by distinguished International Faculty and experts and students exchange programmes which exposes them to International Legal Environment. Asian Law College’s approach towards the development of its students can be vouched by the ‘mentor-mentee programme’ based on the principles of ‘guru-shishya parampara’ in which the guru undertakes the onus of transforming every student into a holistic lawyer of tomorrow!

ALC's academic programmes are based on contemporary legal developments merged with traditional doctrines and Jurisprudences, unlimited academic freedom and diverse choices of course combinations. Asian Law College offers every aspiring, budding lawyer a very dynamic innovative and a holistic edu-system.

I welcome and invite every young aspirant, inquisitive mind and dreamer to join Asian Law College and experience the thrill of soaring high and even higher!

Message From Directors

Asian Education Group (AEG)

**Dr. Lalitya Vir
Srivastava**

The ultimate touchstone of quality legal education is the quality culture pervading the Institution. Today, legal education stands at the crossroads of keeping pace with the emerging needs of humankind alongside fast changing trends in governance and scientific development. The jet set transformation, emphasis on learning than teaching, relevance to people and nation development render Asian Law College as the right place to gear up with a world class competitive edge. The sacred vibrations of our campus invite you to the unique experience of quality learning in a multi-dimensional and participatory manner where you too shape the process.

Our ongoing endeavor to excel and to succeed has penned a saga of success in academic laurels and leadership, impressive placements and international collaborations with leading institutions. High achievers adorn our stakeholder community of parents, employers, guest faculty and alumni who teaches our students and inspire them.

ALC has been the meeting point of ideas and best academic practices. It is the melting pot of diverse cultures of India and many others from across the world.

Welcome to the passionate, compassionate learning culture and to a warm academic community.

Dr. Saurabh Sharma

We believe in giving the power of knowledge to all our students. It is a quest, by way of excellence that I, for my students, seek to achieve in the field of legal education.

ALC has created a benchmark in the field of global education through its contribution in various educational, corporate and legal sectors. ALC is one of the endeavors of Asian Education Group, which has travelled a long way to achieve its goal of being one of the top Law colleges.

ALC provides a fertile ground for the flowering of the potentials of not only being an efficient lawyer but also a true cosmopolitan and responsible contributor to universal jurisprudence by encouraging close interactions between students,

scholars and thinkers from across the country and the world. At the same time, we take care that young minds entering our portals are provided with all necessary guidance and moral virtues.

Our team at ALC is highly dedicated towards its objective of making ALC, a better place for national as well as international students.

In today's transcending world, the function of education has changed from teaching to learning which casts a mutual responsibility upon the institution as well as on students to make education a cannon loaded with power and progress.

I wish ALC and its prospective students all the best to deliver results with academic excellence.

**...dedicate your attention to discipline
for value addition in every aspect of life.**

It is my firm conviction that there are, in the contemporary world, challenges, socio-economic and political, which, if the legal system cannot meet, will destroy it. These challenges are not the creation of lawyers; nor can they be suppressed by them. They have to be met either by discarding or by adjusting our legal system. I believe that our legal education should address the contemporary challenges effectively so as to adjust to the systemic needs.

In any given society, the law plays a vital role in regulating the affairs of the state including those of the corporate and business management. The integration of law in the field of economics and business management was not rightly realized till the dawn of economic liberalization in the beginning of 90s. Of late, some thoughts have been given to improve the standard of legal education and its integration with the requirements of economic and corporate world. We at Asian Law College (ALC) seek to make it a model by improving upon the various suggestions from experts with regard to the blending of the law with the need of the corporate and business sectors.

In our country, we have immense talent among the youth and all that is required is to guide and bring out the best in them. The paramount thrust is to create an international academic bridge by blending the advanced knowledge and modern teaching tools of the West with the rich traditional values, culture and heritage of the East.

I welcome all those who are going to share the feeling of satisfaction with the success of ALC and thank all those who have extended and would continue to extend their valued support in achieving our mission.

**Dr. Gurdeep
Singh Raina**

Vision

**To be globally recognised
Law College providing growth
with education**

Our vision is to build ALC into a leading law school of world class repute. Our long term objective is to become a leading Indian Law School with excellence in the field of legal education.

We envision ALC as an institution that produces law professionals in demand who will have direct nexus with raising the standard of legal education in India. More Specifically we want to build ALC into an institution that:

- Develops innovative knowledge exchange environment that is highly relevant to the ever changing legal profession and same is disseminated through publications in top tier legal and professional journals vis-a-vis corporate engagement.
- Provides students with an intercultural learning environment that offers research based expertise in the flagship programs of B.A. LL.B., B.Com. LL.B. and LL.B.

Mission

M1: To cultivate a transformative educational experience that integrates theoretical knowledge with practical application, empowering students with the essential skills and competencies needed for effective legal practice.

M2: To foster a community of ethical leaders, instilling strong values, critical thinking, and decision-making capabilities, ensuring our graduates are equipped to navigate complex legal challenges with integrity and professionalism.

M3: To promote a culture of research and scholarly inquiry, equipping our students with the tools and knowledge to analyse and comprehend the evolving legal landscape, and to contribute to the development of legal theory and practice.

M4: To empower students to become catalysts for positive social change and champions of justice. Through a comprehensive curriculum, experiential learning opportunities, and a commitment to public interest law, we strive to cultivate graduates who are passionate about addressing systemic inequalities and making a lasting impact on society.

Legal education offers an exciting opportunity for learning and professional development. Law is inherently inter-disciplinary and shaped by understanding of knowledge and perspectives from other disciplines. The academic curriculum, pedagogy and teaching methods in the law school make the subject exciting and interesting. The influence that legal profession exerts on

public life of the nation is tremendous. In every sphere of human activity, a law professional could act as a responsible adviser.

A well equipped lawyer should be able to mould and shape the social values of our society in the desired direction. Many believe that the path of liberalization we embarked upon in the early 90s unleashed India's potential. Undoubtedly the country has undergone vast changes in all spheres and we see a more confident India asserting itself on the global stage.

However, this progress has come with very significant challenges to the country. India's various social classes are yet to be assimilated; their participation in the process of governance remains fractured. Cumulative progress needs to be fair and equitable. And integral to that is a legal system that empowers the marginalised, is just and fair in letter and spirit, and most importantly, does not use the law as a tool of oppression.

Objectives

- ➔ Impart legal education to the society and promote research in the field of law
- ➔ Organize lectures, seminars, workshops, symposiums, conferences etc.
- ➔ Promote higher education and research in India and abroad
- ➔ Move step by step in achieving its vision and mission

Aim

It is aptly said that knowledge is power which is more so in the case of legal education as it is undergoing a paradigm shift in its conception and application. Our society is changing at a rapid pace and it is a challenge as well as an opportunity to reframe our laws and law making process. Further in this age of globalization laws have to be in conformity with a wider perspective. In response to these it has become a mandatory exercise to frame a broader framework and well thought out strategy to make it a profession worth

pursuing and sustainable. Asian Law College in its mission to give a concrete shape has taken up this task with a renewed aim to wed with an idea to create a niche skill among students beyond formalization.

Recruiting the faculty members through a rigorous process is the core of it to infuse energy and visualize a dream. Management has exercised a great care while selecting the faculty members beyond a convention and has laid stress on areas like the amenability to a change, broad perception

Exclusive Features of the Institute

- ▶ State-of the-Art Moot Court and intensive Moot Court Training from the first year
- ▶ Air-conditioned theatre and classrooms with advanced teaching aids
- ▶ Rich air-conditioned library and learning resource centre with all advanced online legal databases
- ▶ Dedicated campus recruitment cell and facilitation for professional training and placement
- ▶ Innovative, dynamic curriculum, befitting the current needs of the profession
- ▶ Exclusive enrichment, value added, skill development and supplementary courses
- ▶ Enhancement of practical skills and experiential learning through specially designed clinical courses
- ▶ Customized Professional Training based on career Choice of Students

resilience, conforming to a change dynamic scenario, proclivity to a research work, ability to experiment and introduce and produce an island of excellence in all walks of life. However care has also been taken to select the team who can undergo a rigorous process of shaping a student of your dream and follow a vigorous course of action as a supplement. Merely having an aim is not enough rather one must have necessary wherewithal and prowess in terms of execution in a time bound manner with an aim on quality and result in mind.

It is an idea whose time has definitely come especially at a time when students are at a crossroads in terms of choosing a course which can help them find their mission to catapult to a new height. Sharing this vision heart and soul it is incumbent upon us to seek and implement the modalities and methodology at a different level and of a different type. To top it all we are embarking on a journey which is adventurous, inspiring revealing & we vouch for its success as we are duly prepared, well equipped to traverse to any distance to attain our aim.

- ▶ Interaction with renowned Lawyers, Judges, Law Professors
- ▶ Innumerable opportunities to participate in National & International events like seminars, moot court competitions, workshops, conferences, essay competitions
- ▶ Research and Development Cell to inculcate interdisciplinary research aptitude
- ▶ Emphasis on academic orientation along with yearly internship training programmes
- ▶ Campus Facilities
- ▶ Hostel Facilities
- ▶ Free transport facility from Okhla Bird Sanctuary Metro Station, Noida to Asian Law College Campus, Noida.
- ▶ Multifaceted development of students through weekly activities organised by the student clubs of ALC.

Infrastructure

Located amidst
the center of National
and International
corporate hubs

THE CAMPUS

We have a lush green campus situated in the heart of Noida. The campus is equipped with all amenities and latest technology which provides a rich learning environment. With World Class infrastructure, benchmark curriculum, and a dedicated centre for Corporate Relations for exposure into the intricacies of the legal profession, the institute has all the requisite facilities that form an integral part of any good legal institution of International Standards.

LECTURE HALLS

The classrooms provide the most conducive atmosphere for dynamic and focused discussion. The classrooms are designed as auditoriums with step-up seating to facilitate discussions and to promote maximum interface between the faculty members and the students. They are equipped with state-of-the-art facilities like projectors and audio-visual systems. The air-conditioning in the classrooms creates the right atmosphere for long hours of study.

AUDITORIUM

The auditorium is equipped with the ultra modern and latest audio visual facilities, and can accommodate more than 250 people. It is well furnished with acoustics and hosts various events like annual cultural fest, award functions and various Inter College Competitions. It is fitted with projector, effective and modern lighting and sound system and is centrally air conditioned. All the major functions like conferences, seminars, workshops and other academic and literary activities are conducted in the auditorium.

MOOT COURT

The moot court enables students to gain practical experience. It allows you to practice presenting cases in a real life setting, take part in trials, act as a representative for the parties and learn how to conduct yourself in a court of law. Moot court is equipped with all modern facilities required to practice.

CENTRE FOR INFORMATION TECHNOLOGY (CIT)

The computer centre has advanced computing facilities to provide unbridled free 24x7 internet access to all the students round the year. The computers are of advanced configuration and latest softwares are available to provide holistic IT training facilities. The entire campus is interconnected with internet & intranet with broadband connection. The multimedia ready computers, operating in Wi-Fi campus, provide a wonderful back and support to the students and teachers in extending the best quality learning and teaching environment.

MEDICAL FACILITY

Asian Law College has on campus medical facility to provide the first aid to students in case of a medical emergency. A well-qualified nurse is available in the medical room to take care of the students not feeling well during the college hours. The medical room is well equipped with respect to the availability of basic health related facilities like thermometer, sterilizer, weight measuring machine, B. P. Apparatus, dressing drum, patient bed etc.

KNOWLEDGE RESOURCE CENTRE

The fully equipped library runs on automated software with the latest multimedia facilities. It has a modern collection of books and periodicals primarily related to Law and pre-law subjects. The main hallmark of ALC library is the collection of various national as well as international authors, All India Reporter, Supreme Court Cases, journals, reports, competition manuals and legal magazines. It is a hub for all academic activities and the students can also use it as a place for self-study. The internet ready computerized digital library and the exclusive reading room facilities, truly ensure that this is the most preferred destinations for students to enhance the learning process.

SPORTS & OPEN GYM FACILITY

The healthy mind acts as a medium in the process of gaining knowledge. The sports facilities at ALC help the students in strengthening their physical energy level as well as in developing team spirit. It has an array of sports facilities that can accommodate various sports activities. The institute provides for a well-maintained football, cricket pitch, badminton court, volleyball and basketball court. College sports Club, Athleema, cater for all the other sports facilities. Open gyms will help the students to maintain their health and make fitness more accessible.

CAFETERIA

The cafeteria is an ideal place to chill out and enjoy delicious food on campus after intense sessions of academics. It also provides the students the much needed platform to relax and recharge for the next session. The cafeteria at the Campus, has exclusive variety of Indian and Chinese Cuisine.

DIGITAL LIBRARY

The digital library is a repository of the institution's Books, Research papers, Journals, Articles etc. The All India Reporter (AIR) and SCC online are the search engines available in the digital library and students can access the same for preparation of notes, memorials, research papers, Articles, Case comments etc. The digital library not only provides online access to the academic resource but also enhances the research skills of the students. The overall inquisitiveness of the students with regard to an in depth and analytical study of a subject is met by the resources available in the digital library.

RECREATION CENTRE

A happening place for student activities is the student lounge with facilities for television and various indoor games are provided inside the campus premises.

Academic Pedagogy

**...opportunities
for students to develop
interpersonal intellectual
and practical skills.**

Asian Law College (ALC) provides opportunities to students to develop interpersonal intellectual and practical skills by providing a regular interface with faculty and legal professionals. The objective of the program is to stimulate mental ability of the student in such a way that promotes approaching each problem by viewing merits and demerits of the situation afresh.

The overall focus is to improve the students' Employability Skills. The various teaching techniques used in class will help the students to work in a learning environment leading to development of their leadership skills, out of box thinking and decision making. In order to achieve this, ALC expects the students to be open minded, ready for learning, motivated and willing to adapt to the changing requirements of dynamic legal field.

Blended Learning Methodology

CLASSROOM METHODOLOGIES

- ➔ Multi-disciplinary approach
- ➔ Use of multimedia (power point presentation, audio, visuals)
- ➔ Case Laws Method, Simulations, Group Activities
- ➔ Role Plays
- ➔ Guest Lectures
- ➔ Scenario Analysis, Group Discussions, Quiz, One-on-One Discussion

EXPOSURE BEYOND CLASSROOM

- ➔ Court Visits
- ➔ Conferences
- ➔ Seminars / Summits
- ➔ Internships
- ➔ Development Programs
- ➔ Special Workshops
- ➔ Learning Exchange Programs
- ➔ Research Based Projects

5 Year Full Time Degree Program

Planned in compliance with the developing and changing nature of socio-economic conditions of the society.

Bachelor of Arts and Bachelor of Laws at Asian Law College is a five year full time degree course affiliated to Ch. Charan Singh University (CCS) Meerut. This is designed and structured to provide the young minds with an intellectual stimulating environment. The course is designed to give students the basic understanding of the legal concepts and its applications. The objective of BA.LL.B. at ALC is to produce excellent professionals who can translate theory into practice and are capable of identifying and solving complex legal problems at national and international levels. The approach towards teaching is more practical where knowledge is imparted along with practical application. This Undergraduate program equips the students with an in-depth understanding of legal theory coupled with intensive industry exposure. The course curriculum is designed after in-depth study of the requirements of all stakeholders and the ever-changing demands of the legal industry. The salient features of the program is the emphasis on enhancing the students' soft skills and maximizing the professional interface through varied initiatives. The program also offers tremendous flexibility and learning opportunities through a semester-based approach. At ALC, a student can study the Bachelor of Arts and Bachelor of Laws program and develop understanding about all

the major areas of law like Civil, criminal, Arbitration, competition, Intellectual property, Company law etc. The curriculum is flexible and includes lectures, case-studies, role plays and integrative exercises. The focus of teaching in BA.LL.B. is to build the ability to solve complex legal problems associated with governance of society and nation.

Asian Law College has a steady approach on governing contemporary legal issues in this developing global world. The entire process of governance thrives on public policies as it is an effective face of state and society. The development of a society in social, economic and political areas is completely dependent upon the policies formulated by the government. Accordingly, there is an evident interface between Public Policy and Law. Hence, this course of B.A.LL.B has been planned in compliance with the developing and changing nature of socio-economic conditions of the society. This course is based on new developments in the aftermath of Globalization and Liberalization, which has resulted in the evolution of market-forces and number of statutory compliances. Multifaceted integrated insight is the true hallmark of this course.

DURATION of the program

The duration of course of B.A.LL.B. is Five Year and each year is divided into two semesters.

Courses offered by Asian Law College are affiliated and approved by CCS University, Meerut and the Bar Council of India. Further accreditations and affiliations for adding value to the program are subject to the norms of concerned Government authorities and are at the discretion of the institution.

There is a paradigm shift in the way law education assumes new significance and opens up plethora of career options. Major Law colleges are responding to it so as to accustomise their courses quite in tandem with local and global demands as challenges are multidimensional and multifaceted. In this age of globalization, laws have to be in conformity as this not only opens up new career options but also there is a seamless flow of legal information and interaction among countries.

As a follow-up to it B.A.LL.B. is almost a new concept and acquires a new dimension with a different career orientation and consummate course material as to address the demand and provide career options which was hitherto unknown and untapped. The best element of it is to create an ambience at an early stage in a consolidated manner. Moreover this course addresses the core issues and contemporary concern in a pragmatic way. The young impressionable mind finds it practical and job specific besides getting acquainted with intricacies and nitty-gritty of various laws and procedures. The very course composition is aimed at developing in depth analysis, thought pattern approach and understanding

which is unavailable in traditional courses. So there is an inbuilt mechanism to plod and prepare a student to move on uncharted territory with an élan and alacrity.

The very purpose of course is not just to teach but to train with an eye on foreseeable future with no time constraint running across many disciplines creating an integrated and holistic personality. As far as its significance is concerned it is a niche skill one can miss at one's peril. Present society is knowledge processed based more so in the case of law as it confers an advantage and an enviable position. This course ensconces one in a position where one gets to know one's social, economical, political, ethical, cultural and even spiritual insight from very close quarters that helps one to know the subtle nuances of laws threadbare.

In a nutshell this course ushers us into an era of umpteen opportunity not confined to job options rather it helps us to have a bird's eye view of our society, be an integral part to shape in on rational lines and to create a narratives based on progressive and advanced version of society. So it is a conduit to creating intellectual muscles to surge forward.

5 Year Full Time Degree Program

Planned in compliance with the developing and changing nature of socio-economic conditions of the society.

The B.Com. LL.B. program at Asian Law College is a five-year full-time integrated degree course affiliated with CCS University. Designed to offer students an intellectually stimulating environment, this program integrates legal education with a comprehensive understanding of commerce and business. The curriculum is structured to provide students with a solid foundation in legal principles while simultaneously equipping them with insights into the commercial and corporate world. The primary objective of the B.Com. LL.B. program is to develop competent legal professionals with strong analytical and problem-solving skills. Graduates of this program will be well-prepared to navigate the complexities of both national and international legal frameworks, particularly in areas concerning business and trade laws. The program aims to bridge the gap between commerce and law by ensuring students gain knowledge of accounting, taxation, business regulations, and corporate legal frameworks.

The program at Asian Law College follows a dynamic and practical approach to learning. The course curriculum is designed after an in-depth analysis of industry requirements, stakeholder expectations, and the ever-evolving legal and business landscape. It incorporates classroom lectures with an interactive learning approach, case studies

and role plays to enhance practical understanding, industry exposure and internships for real-world experience, workshops and moot courts to sharpen advocacy skills, research-based learning to develop analytical abilities, soft skills training to enhance communication and negotiation skills, and semester-based learning for flexibility and continuous evaluation. The B.Com. LL. B. program provides an in-depth understanding of various laws, such as Corporate Law, Banking & Insurance Law, Taxation Law, Competition Law, Intellectual Property Rights, International Trade Law, and Commercial Arbitration. The curriculum is designed to prepare students for a diverse range of career opportunities in corporate legal departments, law firms, financial institutions, regulatory bodies, and public services.

The B.Com. LL.B. program is designed to address the intersection between law and commerce. The governance of corporate entities, financial transactions, and trade regulations requires an integrated approach that combines legal expertise with business acumen. The program fosters a deep understanding of how businesses operate within legal constraints and how laws influence business decisions.

DURATION
of the program

The duration of course of B.Com. LL.B. is Five Year and each year is divided into two semesters.

Courses offered by Asian Law College are affiliated and approved by CCS University, Meerut and the Bar Council of India. Further accreditations and affiliations for adding value to the program are subject to the norms of concerned Government authorities and are at the discretion of the institution.

In an era of globalization and liberalization, corporate laws have gained immense significance, making legal compliance an essential aspect of business operations. This course prepares students to handle legal issues in business transactions and equips them to understand the intricate relationship between law and financial markets.

With the rapid growth of corporate governance, financial regulations, and international trade laws, graduates of B.Com. LL.B. have diverse career opportunities, including Corporate Legal Consultant, Tax & Compliance Expert, Banking & Financial Law Expert, Company Secretary & Legal Advisor, Litigation Lawyer, Arbitrator & Mediator, Intellectual Property Rights Consultant, and Government & Regulatory Body Advisor. The program ensures that students are well-equipped to adapt to the evolving demands of the legal and corporate sectors.

By integrating business studies with legal education, B.Com. LL.B. graduates are better positioned to take on leadership roles in multinational corporations, law firms, and public administration.

The B.Com. LL.B. program at Asian Law College is designed to produce well-rounded professionals with expertise in both commerce and law. This course provides a holistic learning experience, preparing students not only for legal practice but also for careers in business and finance. It nurtures intellectual growth, analytical thinking, and problem-solving abilities, ensuring that graduates are ready to take on challenging legal and corporate roles in the globalized world. By integrating commercial knowledge with legal education, the B.Com. LL. B. program opens up a plethora of career opportunities and empowers students to contribute meaningfully to society through legal expertise and commercial insight.

3 Year Full Time Degree Program

Bachelors of Laws (LL.B.) at Asian Law College is a three year full-time degree course affiliated to Ch. Charan Singh University, Meerut. The course is designed and structured with intent to provide our students a dynamically stimulating environment, where the students can get transformed into highly skilled legal professionals. The curriculum has been designed to give the students an in-depth knowledge of various subjects related to law along with the practical application of the legal concepts. The objective of LL.B. at ALC is to produce outstanding legal professionals who can apply the theoretical knowledge into practice in the real world and develop stand alone approach from day one once they enter into the legal profession. The approach is more clinical by the virtue of various value addition Centre, Clubs and Cells apart from just the classroom studies. The evolutionary teaching pedagogy applied at

ALC makes the curriculum more dynamic as it incorporates not just learning through lectures but also applying the concepts with the help of role plays, Case Studies and other creative exercises. This graduate program equips the students with an in-depth understanding of complex legal concepts coupled with intensive industry exposure. The course curriculum is designed after a deep analysis of the requisitions from the legal industry stakeholders and focusing on the industry expectations from the upcoming legal professionals. The Program also offers tremendous flexibility and learning opportunities through Semester-based approach. The salient features of the program include emphasis on enhancing the students soft skills and provide them with optimum legal industry interaction through various initiatives.

DURATION of the program

The duration of course of LL.B. is Three Year and each year is divided into two semesters.

Courses offered by Asian Law College are affiliated and approved by CCS University, Meerut and the Bar Council of India. Further accreditations and affiliations for adding value to the program are subject to the norms of concerned Government authorities and are at the discretion of the institution.

Additional Diplomas & Certification Program

WITH B.A.LL.B., B.COM. LL.B. AND LL.B. —

Diploma in Cyber Law

from ASIAN SCHOOL OF CYBER LAW, PUNE

Cyber law is an area of law which represents all the legal issues relating to internet, and governs all the aspects of the internet and cyberspace, along with dealing in legal cases regarding software patents, net banking, cyber security, social media and legal problems and many more.

Cyber law in India is gaining immense popularity due to drastic increase in the number of cyber-crimes committed in the country over the recent times.

This field of law is witnessing significant advancement with the rapid increase in the information and communication technology. The diploma would acquaint the students with the knowledge of laws protecting the crimes due to digital technology, and also prepares them to handle digital evidence and cyber trails.

Diploma in Intellectual Property Rights

from ENHELION KNOWLEDGE VENTURES Pvt Ltd.

Intellectual property protection is critical in encouraging innovation. Without protection of the intellectual property, the individuals and businesses would not receive full benefits of their inventions and would focus less on research and development.

In today's time, intellectual property has become very important for individuals to understand the subtlety of intellectual property and how it can be used as an asset for the organisation.

This diploma course aims to provide an introduction to the law and management of Intellectual Property (IP) and innovation for those whose future career may involve the management of IP and innovation. In the program, the student would get a deep insight of not only into the fundamentals of Intellectual Property, but also an insight on how major companies around the world maintain their valuable IP assets. There are separate modules of Intellectual Property Strategies, Enforcement of IP, IP Valuation, Royalty and Licensing.

Diploma in Media and Entertainment Laws

from ASIAN ACADEMY OF FILM AND TELEVISION (AAFT)

This diploma offers an engagement with the legal aspects of media and entertainment laws. Through this diploma, the students will gain an insight into the various laws that are practiced in media houses to take effective decisions within the legal sphere. The core objective of this diploma is to familiarize the students with the vital areas of laws and various rights that cover this broad area of law. This diploma also covers an in-depth and practical understanding of media law with the changing commercial environment in which these operate. Students will be able to analyse the issues of media and

entertainment fields from a legal perspective and it will enable them to apply relevant laws of media practice to help resolve disputes. The course has been crafted in a way that it will provide a theoretical edge on the media and entertainment laws combined with the realities of the media industry.

This diploma would acquaint the students with an overview of the relevant regulatory provisions, judicial pronouncements and practical aspects of various fields of media law.

Certification in Personality Development and Legal Communication

from ASIAN LAW COLLEGE (ALC)

This certification provides a powerful insight into the way communication works in the legal world. In today's competitive legal world and developing economy, effective communication skills is more essential than ever before. It is the basis on which legal companies and careers of law students are built and it is also an important component

of lasting success. Whether it is a direct conversation with a client or presenting yourself as a lawyer in court, communication leaves a powerful impression. This certification would acquaint the law student with tremendous opportunities in legal affairs, public relations, company secretariat, administration and many more.

Diploma in Fashion Law

from ASIAN ACADEMY OF FILM AND TELEVISION (AAFT)

The area of Fashion Law is one of the emerging areas of practice and due to its complex and unique nature it needs special attention and due care when it comes to professing it as an area of expertise. Fashion law is an intersection of various laws like Contract, Intellectual Property, Arbitration,

Constitution, Labour Laws etc. The field demands from the professional to perform a wide range of duties which are necessary for smooth transition of the fashion industry. The Diploma in Fashion Law offered by Asian Law College (ALC) in collaboration with Asian Academy of Film and Television (AAFT) which will equip the students on various forefronts of Fashion industry's legal and compliance issues. The diploma is devised with the aim of preparing the future fashion Lawyers who have the major responsibility of drafting and negotiating contracts, intellectual property issues, export and import matters of Fashion industry, securing rights of fashion designers, models, photographers and other stakeholders etc. The curriculum of the diploma has taken into consideration the basic fact that the fashion industry is one of the most glamorous industries in the world and it contributes directly and indirectly to the economic growth as every individual is a consumer of fashion. The successful completion of the course will help the law students to properly scrutinize the legal issues involved in the fashion industry from the lens of a lawyer and a social reformer perspective.

Corporate Resource Cell CRC

Vision

Building a string of industry academia interface for training & placement of students to meet corporate and legal challenges.

Mission

Create an atmosphere of self-directed leadership, self-motivation, team-work and self-generated creativity by innovative training methodology and building value for our students & community making them best legal professionals.

Message from Dean - CRC

Corporate Resource Cell (CRC) at Asian Law College (ALC) mentors every student to identify their right potential and encourages them to achieve their dream of getting placed in a reputed law firm and in the legal department of companies. To achieve this goal, we inculcate the right interpersonal & professional skill in each student to meet the challenging legal industry standards. This is done through regular trainings programs & workshop on general awareness, legal etiquettes, technical skills, communication; career guidance programs, soft skills programme, personality development and aptitude skills. Guest Lectures, Industrial visits, seminars, workshops and Projects are regular feature at ALC wherein students get the best industry exposure.

We are proud to share that ALC young talents are highly accepted in the legal industry and appreciated. Our students have interned with leading law firms, LPO, companies and under renowned Advocates of High Court and Supreme court of India.

About

Corporate Resources Centre (CRC) works towards providing best legal industry interface to students. CRC aims to create a platform where Students and legal Industry can come together and explore the opportunities for employment. The prime objective of the CRC is to maintain strong Industry Institute linkages and strive for the overall development & grooming of the students according to the Industry requirements by conducting Workshops, Symposia, Seminars and Conferences both at National and International level. CRC has maintained a sound rapport with large number of big companies, industrial conglomerates and reputed business

houses. CRC has been making aggressive efforts to provide the best career prospects to the students. We encourage students to work on live projects which help them to relate classroom teachings with the industrial practices.

The Corporate Resource Cell at ALC has been sourcing job openings by matching students' knowledge, skills, personality traits and attitudes to the varied requirements of the job. CRC grooms students holistically right from soft skills, presentation skills and interview skills to successful attainment of lucrative job offers.

Key Responsibilities of CRC

- ▶ Conduct lecture sessions by eminent professionals from industries and educational organizations of national and international repute.
- ▶ Organizing industrial visits, research projects and summer training.
- ▶ Interact with the corporate houses for the placement of graduating students.
- ▶ Maintain constant liaison with the concerned HR personnel of the companies visiting the campus and with other companies in the region for 'off- campus' placements.
- ▶ Counseling of students for career development.
- ▶ Developing partnerships with international universities, management & corporate hubs for various research projects and training programs.
- ▶ Conducting Skill Development Programs.

The Student Career Development Cell

SCDC

The Student Career Development Cell (SCDC) stands as the cornerstone of professional development at Asian Law College, exemplifying its commitment to nurturing the next generation of legal luminaries. The Cell promotes the vision of "Growth and Education" through inoculating core

values, integrity, and decision-making capabilities in young scholars from ALC. It encourages students to cultivate an inquisitive mindset and develop analytical skills, enabling them to learn problem-solving techniques and contribute professionally.

SCDC acts as a legal interface offering two key Controlled Internship Programs: the Assessment Internship Program for final-year students and the Summer Internship Program to students in intermediate years at ALC. These programs are epitome to SCDC's goal of ensuring disciplined

integration of knowledge and experience. It assures that the students obtain a competitive edge dexterously for transgressing national and international borders through structured training and mentoring of students.

RDC

VISION ▶ To become a center of excellence in legal education by focused research pursuits through interface with industry and academia

OBJECTIVES ▼

To ensure smooth and effective functioning of R&D activities

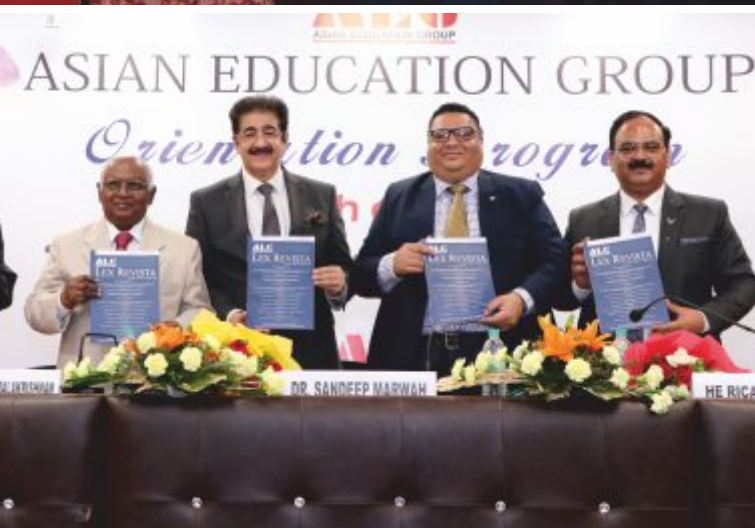

To provide a focal point in the institution to coordinate R&D activities between faculty members, industry and students

The cell promotes multi-disciplinary academic as well as industry-oriented research

The Research and Development Cell is responsible for the formulation of the overall guidelines related to research and publication. The cell undertakes research projects on multi-disciplinary legal aspects.

It builds its research activities through the Industry-academia collaboration. This connection aims to advance education, research and outreach in key areas. They provide a forum where knowledge and understanding of law can be exchanged between the academic and the corporate worlds. The cell conducts research and organizes seminars, conferences, faculty development program, expert sessions, guest lectures, debate etc.

Centre For Skill Development CSD

HIGHLIGHTS

Extensive Training Workshops (Indoor & Outdoor)

Continuous Evaluation Strategies undertaken for students

Focus on Case Studies, Role Plays & Project Handling

Usage of Audio Visual & Simulation Techniques

Formation of Literary Clubs

Corporate Interface Visits

Guest Lectures by eminent corporate professionals

At ALC the impact of a well groomed, impressive personality & effective communication, is well understood, and that directs towards a strong impetus on overall personality development of the student. In sync with this mindset at ALC, an in-house Center for Skill Development has been set up to cater to the captive demands of the legal profession.

To increase the relevance with future employment market including promotion of self employment, a two pronged initiative - Soft skills and Employability skills has been made an integral part of skill development under CSD. This further caters to various aspects of development in the different semesters: emphasizing on identifying and developing individual learning and development needs of the students, covering various behavioral & communication aspects, customized training solutions to hone the required competencies, employability skills and making students ready for the professional world

'Crafting Prodigy'

Under the CSD umbrella at AEG a thriving, impactful mentoring program "Crafting Prodigy" is in place, where customized attention is the focus. Every student is assigned to a 'CRAFTER' who gives personalized attention towards identifying the strengths, and weaknesses of the individual and focuses on building his capabilities and skills needed to succeed in a dynamic legal environment; in other words crafting his 'PRODIGY'.

A dossier incorporating an Individual Development Plan, is created, mapping the entire journey of the prodigy through knowledge and skill development, to a well groomed competent professional ready to take on the world.

BENEFITS OF THE PROGRAMME:

Everyone learns in different time frames and in different ways.

SOFT SKILLS AND PERSONALITY DEVELOPMENT

Individual Development Plan

- Effective Communication Skills
- Personality Development
- Self Motivation
- Attitude and Motivation
- Self-Esteem
- Emotional Intelligence
- Assertiveness
- Mechanics of Public Speaking
- Self Management
- Self Confidence

Individual Development Plan

Emphasizes on identifying and developing Individual Learning and Development Needs of the students. Covers various Behavioral & Communication aspects.

Competency Development Plan

Focuses at more customized training solutions to hone the required competencies, skills and making students ready for the professional world.

Competency Development Plan

- Goal Setting
- Working in teams
- Convincing & Influencing Skills
- Time Management
- Leadership Skills
- Interpersonal Skills
- Presentation Skills
- Corporate Communication
- Resume Writing
- GD and Interview Skills

Moot Court Committee

The very objective of Moot Court is to impart practical knowledge and training regarding specific application of law to real life situations through innovative activities. With a view to see that the setup of the actual court does not take a new law graduate by surprise, Moot Courts/Mock Trials are practiced by the students, simulating the actual situation of the Court wherein they get the opportunity to conduct themselves as advocates for the clients and argue the matter in that particular case. This further provides a unique opportunity for them to develop their research, drafting and oral advocacy skills as they endeavor to come to grasp some of the vital legal issues that our country is presently facing. This further builds up their confidence when they graduate and step out and develops the habit of working as a team. The Moot courts are organized within ALC on regular basis in order to train our student with the court crafts, Court Mannerism, court presentation, soft skills involved in Court etc. The Moot courts competition are judged by the legal luminaries which

includes Advocates, Professor, Retired Judges, Corporate Legal Advisors etc. The judges of the competition provide a lifelong learning for all the participants and guide them through their rich practical experience. The Moot Court act as a learning session for audience also as it makes them aware of the various distinct facets of law which expands the horizon of imagination of the Audience. The Moot court is designed to equip our students with all possible skills that is required to become a successful Lawyer. Moot Court Committee in ALC is a student run committee under the guidance of the faculty members. Where the student members learn the skills of people management, team work, network building, drafting etc. which helps the members to learn the environment of working in real life. ALC has a very vibrant mooting culture and provides ample opportunities to its students through various inter and intra college Moot Court Competitions to develop the professional skills required for a successful legal career.

Legal Aid Centre

in Collaboration with
District Legal Service
Authority (DLSA),
Gautam Buddha Nagar

Legal aid is regarded as one of the central mechanisms in providing assistance to get access to justice by ensuring equality before the law, the right to counsel and the right to a fair trial. At Asian Law College we promote an inclusive Legal Aid Centre in order to help the downtrodden and vulnerable section of society to get all possible means for justice and the society is dedicated to provide effective legal literacy and awareness in order to bridge the gap between the legally available benefits and entitled beneficiaries.

CULTURAL CLUB

"Culture is a product of law and laws create norms for the society. This is why anyone who wants to change the culture of a country must try to change the norms of the country."

Quote by Myles Munroe.

Culture in itself is deep and broad like ocean. It includes in itself various aspects like food, dance, music, art, literature, drama, language, faith, belief, attitude, behavior, rituals and customs. Laws play vital role in keeping this diversity alive and create unity in diversity. Law is important dimension of social change. Cultural law Club is organized with the motive of not only appreciating but also practicing this cultural extravaganza. The Cultural Law Club attempts to capture the vibrant persona of the students by offering them a platform to showcase their inner creativity and talents. The cultural team organizes cultural activities round the year to keep the spirits alive on the campus. Cultural activities will help learn skills like leadership skill, coordinating skill, organizing skill, interpersonal communication skill, team-building, time management and improving communication skills. We aim to promote ethnicity amongst students by organizing and conducting various events. Also celebrating the cultural diversity by nurturing the inner talent of students.

Clubs At ALC

ATHLEEMA CLUB

'A Healthy mind in a Healthy body' – so goes the adage. Sports Club Activities play such a vital role in the character formation of every student. Involvement in sports on campus is something like that seems inevitable for highly potential benefits to students. Many essential life skills like sportsmanship, discipline and hard work are inculcated in the students through these activities. Participation in sports is useful to everybody to improve physical and mental fitness. Sports play a great role in everyone's busy life especially for students. Being involved in the sports activities help us in getting protected with numerous diseases. It makes us more disciplined, patient, punctual, and courteous in life. It teaches us to go ahead in life by removing all the weaknesses. It makes us bold and gives the feeling of happiness by reducing the occurrence of anxiety and angry. It makes us physically fit and mentally strong so that we can easily deal with day to day problems. Both Sports and studies are very important aspects of our life and should be balanced to gain maximum output. The Sports Cell was established with the objective to inspire students to be physically fit strong and energetic by engaging in physical and mental exercises, enhancing the sportsmanship attitude and learning of management principles viz. leadership, team work, problem solving etc. through participation in sports.

Clubs At ALC

GNOSIS: LITERARY CLUB

Literature has always been a medium through which people are able to learn different aspects of life, through different genres of literature introduced to them. Creative writing, critical thinking, analytical mind-set can be inculcated while introducing students to various types of literature, while also improving their world view, knowledge of history of countries and cultures, and even improving empathy by thinking things through a different view point. A literary club can help a person to groom themselves in various aspects of their personality and skill development.

ECO CLUB

Environmental Law Cell of Asian Law College was established with the motto of incorporating a sense of responsibility towards the environment among students and creating awareness about each person's individual responsibilities to contribute in the prevention of future degradation of the environment. Through the cell the members educate the students in campus and people off campus about the need for environment conservation and Sustainable Development through various activities like plantation drive, awareness camps, webinars, Competitions. In order to bring the world a little closer to be aware and to act collectively for global goals and climate change in particular, Environmental Law Cell, Asian Law College is determined to undertake environmental education to bring students, lawyers, academicians and activists on a common platform to define ground level solutions to actual problems faced by local communities.

Clubs At ALC

UNITY DAY 31st October 2023

NATIONAL SERVICE SCHEME (NSS)

Law is a very dynamic and responsible profession. It requires understanding of awareness of the social cause and responsibilities. The National Service Scheme (NSS) is one of the flagship programs of the Government of India to develop social responsibility among the students and youth. The NSS established with thought that the students must not only indulge in intellectual luxury, but they should also prepare themselves for final dedication in the service of those who provided the sinews of the nation with their goods and services. Therefore, the NSS is working with the motto of "Not Me But You" which reflects the essence of democratic living and upholds the need for selfless service. To fulfill these purposes, the Government of India launched the NSS on 24 September 1969.

To aligned with these national goals, the NSS is established in ALC.

ESTABLISHMENT OF PRO BONO CLUB

In collaboration with Department of Law, Ministry of Law & Justice, Government of India on 28th August 2023

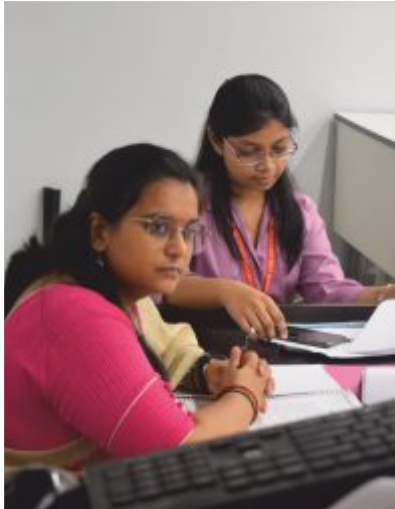

PRO BONO CLUB

The Asian Law College, Noida enrolled with the Pro Bono legal services scheme (Also known as the Nyaya Bandhu Scheme), an initiative by the Department of Justice, Ministry of Law & Justice. Under this scheme a Pro Bono Club has been established by the Institute. The club aims to create legal awareness literacy among the marginalized members of the society, conducting legal aid camps/clinics, providing legal consultancy and legal aid services to beneficiaries and assisting pro bono Advocates registered under the Nyaya Bandhu platform among several other activities. Pro Bono Club also aims to provide pro bono services to people in need of legal aid and also to provide assistance to the Lok Adalats and ADR tribunals for promoting equal access to justice. This endeavor will give practical exposure to students and help them in becoming public-spirited practitioners, and at the same time, it will also provide much-needed assistance to pro bono advocates and help them in elevating the quantity and quality of their work.

Gandhian Centre for Peace and Non-violent Communication

***"We may never be strong enough to be entirely nonviolent in thought, word and deed. But we must keep nonviolence as our goal and make strong progress towards it."* - Mahatma Gandhi**

The Gandhian Centre for Peace and Nonviolent Communication is established at Asian Law College with the objective to plan and carry out activities for the promotion of Gandhian ideals and philosophy. It also aims to encourage and promote Gandhian perspectives on education and facilitate education for peace, ecological security, equality and justice. The Centre is established as an institutional collaboration with Gandhi Smriti and Darshan Samiti, New Delhi. The MOU was signed on 18 November 2021 with which a wide arena of opportunities is given to the students to participate in orientation course, certificate course, research programmes, cultural programmes, guest lectures and many such activities. With the establishment of this Centre Asian Law College became the 2nd institution after

National Law University, Ranchi to have established the Centre in India.

The Gandhian Centre for Peace and Nonviolent Communication offers a 6-month certificate course to the students provided by GSDS and Bharathiar University on Nonviolent Communication. This certificate course is available as an optional course to the students. The first batch of enrolled students have successfully completed the certificate course in the previous year. Under the umbrella of Gandhian Centre for peace and Nonviolent Communication the students had the opportunity of Educational Trip to Gandhi Darshan. Students were able to get the glimpse of Life of Gandhi through the Gandhian Museum.

Hon'ble Justice Sh. Dipak Misra Former Chief Justice of India (CJI)
Inaugurating Asian Law College (ALC)

Judicial Coaching Academy

From Classroom To Courtroom...

ABOUT THE ACADEMY

The aim of Asian Law College (ALC) Judicial Coaching Academy is to equip the ALC students with the required knowledge to get selected in the judicial examination of various state conducted by the respective High courts of that state or Public Service Commission of state in certain cases. The waiver of mandatory 3 years Court practice for taking up judicial service examination has made judicial service the first and foremost choice of almost all law students. The academy imparts guidance and training to all prospective students who want to enter into judicial services

and serve the nation. The academy has rigorous classroom study programme followed by sessions for interview preparation, Mock test, objective test which are all designed as per the latest pattern of judicial examination of various states. The academy teaching pedagogy is totally exam oriented and the purpose is to train and help each and every single student enrolled in the academy to make their dream of becoming a judge turn into reality. The bare minimum expectation of this academy from the student is to be regular and punctual in classes.

Hon'ble Justice L. Nageswara Rao,
Former Judge Supreme Court of India Inaugurating
Asian Law College
AIBE Coaching Academy

The Bar Council of India conducts the All India Bar Examination. An interesting feature about the All India Bar Examination (AIBE) is it is not an entrance examination, but rather a Certification exam. Candidates who qualify in AIBE exam are awarded Certificate of Practice (COP), which enables the candidates to practice in a court of law in India. The objective of The All India Bar Examination (AIBE) is to examine an advocate's capability to practice the profession of law in India.

AIBE Preparation at Asian Law College, Noida

ALC provides its students with some brilliant techniques of studying and at the same time applying the knowledge so obtained in the classes. Our vision is to create an environment in the ALC for the dissemination of professional legal education. Along with this our objective is to create an awe-inspiring learning environment for our beloved students. ALC provides a comprehensive course structure and workshop for meeting the required needs of AIBE. In this dedicated course our students get a very detailed and comprehensive exposure for each and every subjects which is very helpful in clearing their AIBE.

Visit of Chetan Bhagat

**WORLD-RENOWNED FAMOUS AUTHOR, COLUMNIST, SCREENWRITER,
TELEVISION PERSONALITY & MOTIVATIONAL SPEAKER ON 15TH JULY 2019**

It was an honour for Asian Law College to host Mr. Chetan Bhagat within the campus premises on 15th July 2019 for a session with students. World-renowned famous author, columnist, screenwriter, television personality & motivational speaker - Mr. Bhagat delivered a power-packed session on the topic "Create Your Own Brand".

Mr. Chetan Bhagat is the "biggest selling English language novelist in Indian history" and he was featured in Time Magazine's list of the "100 most influential people in the world" in 2010. He was also ranked amongst "100 most creative people in business" by Fast Company (USA). Presently Mr. Bhagat is a very effective and successful motivational speaker and is clearly the voice of India's rising entrepreneurial class by time magazine.

So, what's the secret of brand Mr. Chetan Bhagat's success? Well, he knows how to communicate well with his target audience, thereby adding value to his brand. He has been able to build a great brand through his books. He clearly has figured out how to work his target market very well. Building a brand is not an easy task, but business professionals and entrepreneurs can do well to follow his mantra of pleasing his audience.

During the lively session on the topic of "Create Your Own Brand" at the Asian Law College, the brand master delved upon how students should remain steadfast in the pursuit of their dreams and thereby achieve success and the satisfaction of creating their own brand. His talk was interlaced with several interesting analogies, similes and anecdotes in his very own inimitable down-to-the-earth style that left his audience thoroughly satisfied and hugely motivated.

Visit of Hon'ble Shri Pranab Mukherjee

**FORMER PRESIDENT OF INDIA AT AEG
ON TUESDAY, 28TH AUGUST 2018**

It was an honour for Asian Education Group to host Hon'ble Shri. Pranab Mukherjee, Former President of India within the campus premises on 28th August 2018 for having an interaction session with the students to guide them to be the torch bearers for future.

The program started with the national anthem followed by traditional lamp lighting that was subsequently followed by Prof. Sandeep Marwah, President - Asian Education Group warmly welcoming Shri. Pranab Mukherjee by presenting him with Scroll of Honour and Memento. This was followed by welcome address by Dr. Lalitya

Vir Srivastava, Director - Asian Education Group.

To begin with his address, Shri. Pranab Mukherjee congratulated Asian Education Group for successfully completing 25 years of imparting education to the youth of country so much so that presently it is one of the best education groups in the country.

During his address, Shri. Pranab Mukherjee emphasized that it is the students community who have to be the torch bearers of society and they are the ones who need to bring about a positive change by pursuing higher education

so that we can have a better and vibrant India. He highlighted the importance of research and development in the growth of any country and as per him; it is the student community who have to take a lead in this regard.

He called upon the student community to make India self reliant in every field by better use of technology so that we would potentially be a super power in the coming days. But at the same time, we also need to make sure that we do not lose track of our traditional values while moving ahead.

This was certainly a great experience for students of Asian Education Group to listen to the person who held the highest office of the nation. To culminate the program, Prof. Sandeep Marwah, President - Asian Education Group thanked Shri. Pranab Mukherjee for taking time out of his busy schedule to have a nice an interactive session with the students of Asian Education Group. At the same time, Prof. Marwah pressed upon the students to have a good Attitude, self Belief, Conviction, work for Development of the society, have Enthusiasm, be Focused and have a clear Goal so as to make India a force to reckon with in the time to come.

Students Speak

AYUSH MISHRA
LL.B. 2024

From the very first day as a fresher, my journey has been both enriching and rewarding. Choosing ALC to pursue my legal career has proven to be the right decision, as it offers an exceptional platform for academic and professional growth in the legal field. At ALC, a monthly Confluence is held to monitor classroom progress, led by our Dean, Program Chairs, and the Convener of B.A. LL.B. & LL.B. programs. Throughout the semester, I have participated in the Samvidhan Katta, Judgment Analysis Program, Judgment Writing sessions, and the Moot Court competitions. These experiences have greatly enhanced my practical knowledge and legal skills. I eagerly anticipate the remainder of my journey at this prestigious institution, confident that it will further shape my growth both academically and professionally.

SUHANI MALIK
B.A.LL.B. 2024 BATCH

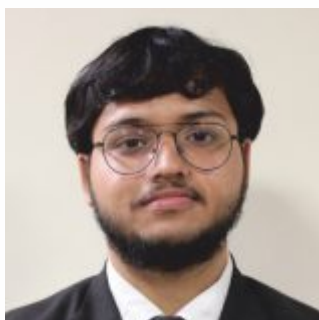

I have joined this college with ambitions and it's been an overwhelming experience of learning, growth, and self-development. Meeting new people, exploring extracurriculars, and acknowledging new perspectives boosted my confidence and determination. Our President, Mr. Sandeep Marwah's motivating words during the orientation program truly inspired me, and the faculty members' teachings, mentorship, and guidance motivated me further. The campus provides a holistic environment, and participating in college events was indeed a truly enriching experience. Faculty members and seniors have been great guiding sources. I'm excited for the next semester and looking forward to continued growth and success. This college has truly helped me develop my strengths and capabilities, and I'm grateful for the experience.

NAVED MALIK
LL.B. 2024

Over the past six months, my time at Asian Law College has significantly enriched my academic journey and overall student experience. The college offers excellent academic infrastructure and facilities, including a well-equipped library, a moot court, and state-of-the-art smart classrooms.

I have had the privilege of engaging in a variety of enriching activities, such as research projects, debates, cultural events, sports competitions, arbitration, and moot court competitions. My experience at this esteemed institution has underscored its commitment to providing law students with practical, real-world exposure to the legal field, going beyond the confines of traditional classroom learning.

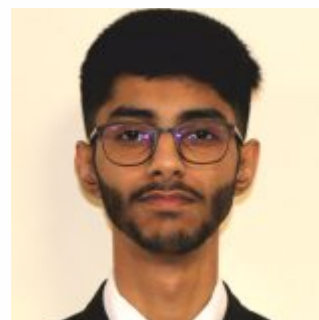

TANMAY JOSHI
B.A.LL.B. 2024 BATCH

Isn't it intriguing to have a start of your journey with recognition, appreciation and a great exposure? Yes, I am Tanmay Joshi, the student of Asian Law College who had this start which I'll cherish throughout my life. It started with getting into the finals of Talent Hunt then moving towards the fresher's party which itself had an embarking joy. It didn't finish here as there were plenty of events down the line which included Dance competition, Youth Parliament, Book Review and Essay Writing Competition, Sports Mania, Anchoring Competition and Judgement Analysis Competition. It's been 6 months and I have completed my first semester but still it feels like visiting those moments again and again. I had a great participation in all of the activities organised and would really appreciate the efforts that our institution is putting forth to shape our personality as young legal minds as well as providing us with the valuables.

SHAYANTIKA DEY
LL.B. 2024

The college's supportive environment, inspiring community, and abundant learning opportunities have far exceeded my expectations, making my journey at ALC an enriching and fulfilling experience. Asian Law College has been instrumental in shaping me into a better version of myself. I greatly appreciate the institution's interconnected approach to education, focusing not only on academics but also on personal development. The "Crafter Prodigy Program" has been particularly impactful in helping me identify and overcome my strengths and weaknesses. In addition to academics, I have actively participated in extracurricular activities such as Talent Hunt, Samvidhaan Katta, Tappy Toez, and the grand 'Freshers' event, and volunteered for initiatives like Youth Parliament. These experiences have allowed me to build valuable connections with peers and seniors, while also breaking the monotony of daily routines.

ARNAV SINGH
B.A.LL.B. 2024 BATCH

Currently as a fellow student of the B.A. LL.B. 2024 batch, I'm extremely elated with the institution as it is well-endowed with the professionalism of the Legal Field. Allowing us to express our skills and even develop them further through countless competitions such as the Social Change Maker Championship and Talent Hunt Competition. Alongside, we first-year's have been given multiple occasions to contribute through volunteering in ALC-led competitions which clearly expresses the desire of the college towards academic as well as interpersonal proficiency. The 6 months experience has been streamlined due to the supportive faculty and administration, providing guidance towards the future. Alas, an institution like Asian Law College holds an emanating future ahead and provides me the platform to develop myself. Tracing my journey from the 1st day to the present is truly something memorable which will always stay through the way forward.

Career Prospects

The secret to a flourishing career is ability and passion for your profession. Law is a lucrative profession which demands good amount of hard work with no shortcuts. Oratory skills and good command over language are some of the key skills required to become a successful lawyer. Law graduates, apart from practicing in courts, can also work with corporate houses, law firms, administrative and judicial firms.

The career prospects for a law graduate are follows:

1. LITIGATION

As per provisions contained in the Advocates Act, 1961, one needs to enrol with the State Bar Council and Bar Council of India in order to practice law as an advocate in the court of law. The law graduates after clearing the All India Bar Examination (AIBE) gets the Certificate of Practice (COP) which authorises them to start their career in Litigation.

2. LEGAL ASSISTANT

Among various options, law graduates can opt for Legal Assistant in the Department of Legal Affairs. Further in almost in all the ministries / departments / undertakings of the Government of India and the State Government there is a specific position of law officers and legal advisors who render their valuable legal advice on the acts of the government.

3. Law graduates are appointed as INCOME TAX and **SALES TAX OFFICERS, LEGAL ADVISORS, JUDICIAL MEMBERS** in various Appellate Tribunals, Assistant Public Prosecutors, Members of Law Commission, Attorney General of India. To conduct the Legal Proceedings, law graduates are also recruited through Judges Advocate General (JAG) for Indian Army.

4. ACADEMICS

Law Post Graduates who have a flair for teaching,

may, after qualifying National Eligibility Test (NET) / State Eligibility Test (SET) may become Assistant Professors and start with their professional Journey as an Academician.

5. LEGAL JOURNALISM

This is another challenging career option for a law graduate having flair for writing and reading. The various newspapers of National and International repute are extensively dealing with legal issues of country and state on a day to day basis through publishing various Articles, Precedents of Courts, Opinion of Expert etc. A law graduate can contribute immensely in presenting these issues amongst masses through Newspaper, magazines, Blogs etc. and can act as a torch bearer for the society at large.

6. LAW FIRM

These firms provide the opportunity to work on a wide range of problems that may or may not be restricted to a particular area of the law. Benefits associated, include a very high salary; large, diverse client base; extensive firm resources; luxurious offices, global prospective, prestige and networking opportunities.

7. LAW RESEARCHER

A law graduate with a good flair for research is best suited for this job. The various High Courts of India and the Supreme court of India recruits Law

Researcher in order to assist the Hon'ble Judges in Judgment writing, case briefing, case analysis etc. The remuneration which this career provides is attractive and the experience gained by working with Hon'ble Judges will always enhance the profile of individual as it provides an extra edge over others.

8. IN-HOUSE – COUNSEL

Due to the modern trend of business world contract drafting is a flourishing all over in each and every industry. Keeping this in mind now a days almost each and every Company requires an In-house Legal Counsel who can readily draft their agreements, contracts, Memorandum of Understanding, Petitions, Replies to legal notices etc. The job profile of an In-house Counsel is very challenging and demands a lot of hard work but at the same time the handsome monetary benefits is making it a hot cake profession in the modern Legal world.

9. LEGAL ADVISOR WITH NGO

In the modern welfare state the Non Government organizations are playing a pivotal role in bringing the burning issues to the courts by filing the various public interest Litigation (PIL). The role and responsibilities of NGO's have increased manifold and now they are equally keeping a track of law and order in the society and addressing the problems of the masses to judiciary at proper forum through proper mechanism. Due to the extended role of NGO's the Career prospects of Lawyers have also increased by leaps and bounds. A large number of NGO's keep their legal department equipped with Lawyers who are readily available to advise them on complex legal and social issues and provide the best possible protection to the victims within the ambit of our legal Framework.

10. JUDICIARY

Witnessing the number of pending cases in the Indian Courts a noble step taken by the Government of India was to abate with the requirement of three years mandatory court practice of a fresh law graduate or Post graduate, for becoming a Judge. The removal of the restriction of 3 years of Court practice has made Judiciary as the first choice of career options amongst law students and graduates.

11. CORPORATE FIRMS

The modern corporate houses have to go through rigorous provisions of Law in order to do their business smoothly. They induct a large number of Lawyers who are entrusted with different legal responsibilities. The legal issues of such corporate house are dealt extensively with the Lawyers by providing the corporate houses the best possible legal solution.

12. CITY GAS DISTRIBUTION COMPANIES

With the passage of time the role of private players in the CNG industry is increasing and many new private players are emerging in this field. The "Go Green" initiative of the Government of India is being implemented by supporting the private players in the field of Compressed Natural Gas (CNG). There are plethora of rules and regulations, compliances, Acts which are to be taken care in the field of CNG Industry. The apex body governing the industry is Petroleum and Natural Gas Regulatory Board (PNGRB). The Legal complexities involved in the business of CNG has paved way for Legal Advisors who are entrusted with all the legal issues involved in CNG Industry.

Housing

BOY'S HOSTEL

Hostel for ALC students is situated at a short distance from the institute. The infrastructure provided in the residential blocks ensures an all-round and balanced development of students' personality. We provide hygienic living conditions with modern amenities for healthcare and recreation. Our hostel is equipped with wellness and facilities like television sets, indoor games, internet access, and other recreation facilities. It is virtually a home away from home.

Boarders learn to live like an extended family in perfect harmony with the others. A host of co-curricular activities are organized to give expression to students' creative skills like debate, declamation, essay writing, quiz, and public speaking, in addition to the curriculum of the college. The dining hall provides a range of cuisines to cater to student's varied tastes. A professionally managed mess takes care of the balanced diet as we firmly believe in the principle of "a healthy mind in a healthy body".

Excellent medical facilities are available round the clock in Noida. Several super-specialty hospitals of New Delhi are located at a short distance from the hostel.

There are separate wings of hostel for the boys and girls.

GIRL'S HOSTEL
