

NEW DELHI INSTITUTE
OF MANAGEMENT

NURTURING BUSINESS LEADERS

SINCE 1992

PGDM • PGDM (Marketing) • PGDM (Financial Management)
www.ndimdelhi.org

MOST RESPECTED LEADERS @ NDIM

We are indeed very happy to know the recognition which is accorded to this institution by important agencies including CII, ASSOCHAM and others for its excellence and competence in bringing out qualified graduates for several years now, who have proven to be an asset to the country.

Bharat Ratna Pranab Mukherjee
Hon'ble Former President of India

Positivism, patience and perseverance are prerequisites for sustained success. I am happy that NDIM has been helping its students & alumni absorb these qualities and nurture them for success in their careers. Vigorous and continuous Institution-Industry Interface goes a long way in improving this teaching learning process. I am very happy to know that NDIM has been declared the Best Industry-Linked Management Institution in surveys conducted by the AICTE & CII.

Dr. Manmohan Singh
Hon'ble Former Prime Minister of India

Shri Naidu, congratulated NDIM and expressed happiness that majority of the awardees were females from diverse parts of India and how important this was for the new inclusive India. He called for Business schools to take a cue from NDIM and design educational strategies with futuristic approach so that the graduates are fully employable or become job providers to take the PM's vision of Atmanirbhar Bharat to the next level.

Shri M. Venkaiah Naidu
Hon'ble Former Vice President of India

BEST INDUSTRY-LINKED MANAGEMENT INSTITUTE BY AICTE-CII 3 YEARS IN A ROW

INDIA'S 1st & ONLY MENTOR B-SCHOOL

By virtue of winning the coveted title for 3 years in a row, NDIM was elevated to the status of a 'Mentor' B-School. NDIM has continued to deliver on the responsibility attached with this award. Besides hosting regular learning and mentoring forums, even during the 2 years most impacted by covid-19, NDIM regularly organized and hosted dozens of high profile webinars with the biggest of Industry stalwarts and Renowned Global Academicians inviting lakhs of students, faculty, professionals and businessmen across the country.

NDIM received the prestigious AICTE-CII award based on the following parameters: Number of Industry members on Board of Governors & Advisory Council, Curriculum review with Industry experts, Faculty giving training to Industry, Training given by Industry to faculty members, Student Internships, Summer Internships, Guest Lectures by the Industry, Students Industry Visits, Visiting faculty from the Industry, Number of faculty on the Board of Industry, Skill development programmes with Industry participation, Placements - number of students offered jobs in Industry, Student Start-ups and Projects done for social responsibility and community development with Industry participation.

BEST INDUSTRY CONNECT & PLACEMENTS

BEST INDUSTRY LINKED B-SCHOOL

NDIM has been declared 'Best in India for Industry Linkages' and under all the 19 parameters of the Government of India related to Employment by the AICTE & CII for three years continuously. Most importantly, this is the only ranking in India by the Government of India and the Industry together relating to placements & employment parameters.

Industry Interface is one of the most critical differentiators for management institutions worldwide. High quality and regular industry connect tremendously helps in grooming students for leadership roles in the corporate sector and managing own business ventures. NDIM gives due recognition to this fact and ensures its students get the Best Industry Interface. Students regularly connect with high profile CEOs and Chairmen through Guest Lectures, pursue not just one but multiple internships and live projects with top MNCs, have 1-on-1 access to top leaders through the NDIM mentoring programme, visit different industries during plant visits, organize & attend national/international seminars and conferences. Additionally, NDIM students are also sent to various TV shows of NDTV, CNBC, Aaj Tak, Zee and to the conferences of FICCI, ASSOCHAM, CII, PHDCCI, IIC, IHC at NDIM's cost so they may directly learn from industry stalwarts. The institute also strongly believes in establishing a firm foundation for corporate interface through innovative practices including Joint research projects with the industry, field studies, high level Management & Executive development programmes and consulting projects taken up by our faculty.

We believe in making corporates our knowledge partners who would instil good management practices, processes and execution skills in our students. The course curriculum is periodically reviewed and updated by a team of leaders from the Industry & Academia to keep pace with new technology and the changing requirements of the Industry. NDIM teaching pedagogy is also constantly reviewed to accommodate better learning practices as guided through our active association with the industry. Our focus on further enhancing our Industry connect is also reflected in the constitution of our Board of Governors which includes eminent leaders from the industry. The institute has also started a practice of recognizing outstanding achievements of professionals and corporations by honouring them with NDIM Business Excellence Awards each year.

100% placements each year is not by chance. Our high quality & frequent industry interface supplements our modern class room education and helps our students in being Industry ready. Our unique approach that combines theoretical knowledge with first-hand corporate experience & mentoring, helps NDIM students stand out among their peers and be sought after by recruiters.

Steve, thank you for being a mentor and a friend. Thank you for showing that what you build can change the world. I will miss you.

Mark Zuckerberg

354 CORPORATE MENTORS

We believe in holistic development of every student that decides to build their future with us. It thus becomes our constant endeavour to create an eco-system for students to interact with industry stalwarts on a frequent basis. For this, we've instituted the Corporate Mentoring Programme. All mentors are highly committed, experienced and accomplished professionals. On joining NDIM, each student is assigned to an industry Mentor, who acts as their guide, coach and counsellor. Mentors groom students according to industry specific expectations and provide hands-on learning of corporate culture and new-age skills through regular interaction. They take active interest in developing the student's functional, personality and professional competencies to nurture them for leadership roles.

Avijit Dutt

Corporate Mentor
Filmmaker, Actor, Theatre Director and
Communications Consultant

'Having participated in the mentoring program, we continued to learn and become strong and gain more focus in our career. It was a privilege for us that we were being mentored by one of the most successful people both in the field of corporate as well in Bollywood, Mr. Avijit Dutt. He guided us through various programs and also helped us in different tough situations which we faced in our earlier days. We are really honoured and hope that NDIM continues its mentoring program as it helped us a lot in various aspects and surely it acts as bridge in between the campus and the corporates.' – **Student Mentees: Mirza Haque, Shamita Singh, Shashwat Singh and Shilpa Shukla**

'At NDIM we got an opportunity to experience mentoring sessions with Mr. K.S. Bakshi. We were open to ask questions and queries regarding any kind of information like corporate grooming, how market works, what all do we need to inculcate in ourselves in order to be corporate ready etc. Mr Bakshi was always ready to meet us despite his busy schedule and he helped us improve at every step. It is NDIM who we think takes all the pain and works day and night to give their students such kind of exposure which we don't think any other institute does.' – **Student Mentees: Himanshi vij, Priya Singh, Sushmita Saxena, Barsha Rani Gogoi and Vriti Dhawan**

K.S. Bakshi

Corporate Mentor
Group Head, HR, (Indigo Airlines)
InterGlobe Enterprises

Seema Bangia

Corporate Mentor
Head HR, Mahindra Defence Systems
Ex-Head HR, Carlsberg

'We are thankful to New Delhi Institute of Management and the mentoring department for providing us with such an illustrious and informative mentor, Ms. Seema. We had elaborative and detailed discussions with one of the best mentors in the industry. Ms. Seema Bangia, Head-HR at Mahindra Defence Systems Ltd., who has previously mentored many students and is an expert in her field, was our mentor. She has practical experience of working with different sectors. She explained us the importance of soft skills, smart work and visualization. With her inputs we paved our way to achieve the kind of jobs we needed.' – **Student Mentees: Rachna Mishra, Swati Sardar, Madhumita Ghosh and Nitish Goswami**

"NDIM gave us the opportunity to attend mentoring sessions with Mr. Gaurav Sabarwal. In our sessions sir has been a great inspiration to work and perform better every day to take bold individual steps in life to build a bright future. The mentoring sessions have been informative for the selection of industry and profile we opted and even skill development. We are thankful to Gaurav sir for his constant support and guidance to help us achieve the goals we have set for ourselves." – **Student Mentees: Ananya Srivastava, Vaneet Vashisht, Suruchi Bhatia and Abhishek Panda**

Gaurav Sabharwal

CEO - India & South Asia
Kantar Public

Debashish Ghosh

VP & Country Head HR,
Berkadia

"NDIM Corporate Mentoring program is a good way to gain insight into specific careers by someone who is actually in the profession. It helped us in understanding what it is like when you are actually out of university and in the workforce. Our mentor was always accessible for a face to face meeting or a phone call, and we could ask him anything. He also prompted us to think on a broader level when presenting ourselves to anyone. We are very grateful for his support and look forward to a continued valuable relationship." – **Student Mentees: Riddhi Agarwal, Jyoti Saroj, Rupinder Kaur, Atakshi Lamba and Bhavna Kumari**

"Our mentoring experience has been great. We met with our mentor Mr. Santosh Muddaih once a week and discussed the problems we were facing and the confusions we were having in our mind. He handled our queries with open arms. We have been able to honestly express our anxieties and problems without worrying. We also talked about the learning which we have received from our SIP." **Student Mentees: Dipankar Jugran, Ridhi Sharma, Aakriti Singh, Ayushi Joshi, Ritika Pratihari and Swagat Kumar Bal**

Santosh Muddaiah

CORPORATE RESOURCE CENTRE

Facilitating Top Corporate Connect and 100% Excellent Placements since Inception

Placements define the market reputation of any good educational institution. NDIM has always believed in developing and nurturing top quality managerial talent that can be groomed for leadership roles in the most prestigious organizations in India & abroad.

The Corporate Resource Centre (CRC) is a Full time team that works dedicatedly throughout the year to ensure Best Corporate Interface and 100% finest Placements for each of our Students.

The CRC plays an active role in constantly connecting with the most senior professionals and inviting them to campus to ensure there is no Industry-Academia gap and our students are Industry ready from the beginning of the Second year itself. Their achievement is reflected in the fact that for the last many years, Full Time Campus Placement starts just at the beginning of the 3rd semester with the biggest MNCs in the Industry offering Full Time placements to majority of the Batch even before the start of the final semester.

The industry continues to be very supportive to NDIM and frequently grooms our students through Seminars, Conferences, Symposiums, Guest Lectures, 1-1 Mentoring, Guided Factory Visits, Live projects, Internships and many networking events.

The CRC regularly plans career guidance, counseling and training programs in partnership with the Corporate sector to effectively groom and prepare our students towards a bright career in their chosen domains and Industry. Additionally, Sector and Company specific training modules are also organized by the CRC to ensure our students leave no stone unturned in their preparation.

The Corporate Resource Centre maintains close contact with the recruiters throughout the year to understand the ever evolving requirements of the Industry and ensuring our students are prepared for the emerging job roles. The CRC also conducts workshops on Resume Writing, Personal Branding through LinkedIn, Group Discussions and Mock Interviews.

250+ Top Recruiters each year

NDIM students receiving their PGDM Awards from Shri M. Venkaiah Naidu, Hon'ble Former Vice President of India

The CRC team is headed by the Director, Corporate Relations, Quality and IT, Ms. Bhumika Bansal, who is supported by a team of 8 highly professional General Managers drawn from the industry and 45 management students. NDIM Board, 345 Corporate mentors, 133 members of the Academic Advisory Council, Faculty connected with 310 companies and 7500+ highly placed PGDM (MBA) Alumni, all dedicatedly support the CRC team to make sure each of our students writes their success story through the NDIM platform.

EXCELLENT CORPORATE CONNECT

We provide our students high quality and frequent connect with the corporate sector to ensure they can easily and effectively make the transition from classroom to the corporate world. The college organises Internships and Live projects with the most prestigious organisations to give our students practical exposure and learning to effectively prepare them for their dream careers. Visits to the Manufacturing facilities of leading enterprises also helps our students directly learn about production processes, operations and the overall functioning of Corporates.

Coca-Cola

Internships

Internships provide an excellent opportunity to students to apply their classroom learning to actual business situations, enhance their competencies, network with experienced professionals in their domain, be more informed about their interests and better prepare for a full-time opportunity in their chosen fields.

NDIM recognises the importance of Industry internships in shaping its students' career prospects and offers all its students multiple Internships. After each internship students submit detailed reports, which are evaluated through viva by a panel comprising of faculty and industry professionals. The whole process ensures students' deriving maximum value and learning from their internships and getting prepared for their final jobs through internship evaluation by recruiters.

Live Projects

Live Projects have been an important part of the learning pedagogy at NDIM. The objective of live projects is to expose students to hands-on practices of management theories that they learn in classrooms. NDIM has been providing live project opportunities to students within and outside the country in order to give them an exposure to real corporate work environment. Live projects play a vital role in enhancing the overall skill set of students with respect to improving their employability skills to match the industry expectations.

More than 1600 Live Projects have been offered to NDIM students in the last 3 years including the recent ones by Imgi; Bajaj Corp; Colgate; Dabur; DLF; Ernst & Young; Fab Hotels; Flipkart; Future Group; Glenmark Pharma; Hero MotoCorp; Internshala; Jaguar Steel; JW Marriott; Kantar IMRB; Karvy; Khadi Naturals; MG Motor; Naukri.com; Oyo; PhonePe; Pladis; Shriram Life; TCNS Clothing; UAS International; URS Asia One; Wipro; etc.

EXCELLENT CORPORATE CONNECT

Plant Visits

NDIM provides its students regular opportunities to visit manufacturing and service facilities of various industries to understand the intricacies and management practices of different businesses. Such visits help students learn technological advancements & recent management trends in the industry. These visits expose and acquaint students with various processes involved in manufacturing of products and operations of service industries, in addition to a direct exposure about the functioning of the corporate sector.

Recent Industry hosts include : Amul, Bisleri, Coca Cola, Daikin, DS Group, Lenskart, Maruti Suzuki, Moon Beverages, Mother Dairy, Parle G, Yakult, Parliament House, Kent RO, GAIL, DMRC, International Airport, Hotel Leela, Amazon, Dabur, Replica, Suez Water Treatment Plant, etc.

CORPORATE SKILLS DEVELOPMENT AT NDIM

Majority of the Recruiters also give importance to Soft Skills in addition to Technical Knowledge and Managerial Acumen, while recruiting for important roles across the Globe. That's why 'Corporate Skills Development' at NDIM, with 7 Full-Time Senior Faculty, Industry Trainers and Defense services officials, is a Full-Fledged Department that works dedicatedly on this important aspect.

400+

hours of Corporate Skills
Grooming for each Student

Whether it's the confidence to take on any project, effortlessly communicate with seniors, persuade even the most rigid stakeholders and clients, the Corporate Skills Development Programme within the Full Time PGDM at NDIM has got you covered. The Department's dedicated efforts in the 2-year journey using a variety of student-centric techniques to address individual gaps, confidence building, attitude alignment, fear fighting, business etiquettes and personal grooming helps turn the students into future-ready Business Leaders.

The students have a competitive edge in the corporate world since we provide experiential learning including critical analysis of student-delivery videos, which is a regular practice in the class to help the students identify their gaps, solutions and provide opportunities to improve on the same. The training is not restricted to classroom-activities. Performing creative skits, role-playing, team building & leadership building exercises, extempore speeches, debates across the campus support the students in their holistic personality development.

NDIM has been investing time, effort and resources extensively so that students outshine not only in their final placements, but are groomed as strong, well-rounded personalities for success throughout their Professional Careers.

The Teaching Pedagogy involves:

- 24*7 Accessibility to Experts
- Unique & Proven Evaluation Methods
- Step-by-Step Tracking & Analysis
- Unparalleled Pedagogy
- Focus on Critical Thinking Skills
- Unique Study Plans, Progression Charts & Grooming
- Meet Ups with Dream Companies & Business Legends
- Refining Communication & Presentation Skills

87%

Improved Time Management

90%

Enhanced Critical Thinking &
Decision-Making Skills

PLACEMENT REPORT

EXCELLENT PLACEMENTS

Each member of NDIM works with complete dedication towards ensuring the Finest placements for its Students in the Companies of their choice. While on one hand focussed efforts are made from day one to nurture and develop our student's potential towards better employment in leadership roles, simultaneously year-round diligent effort is made to add more renowned MNCs to our recruiter's list and invite existing recruiters with higher packages and bigger roles.

Despite the Pandemic, Lockdowns and Economic Slowdown, our students secured 100% Excellent Internships and 100% Full Time placements even in the 2 years worst effected by Covid-19.

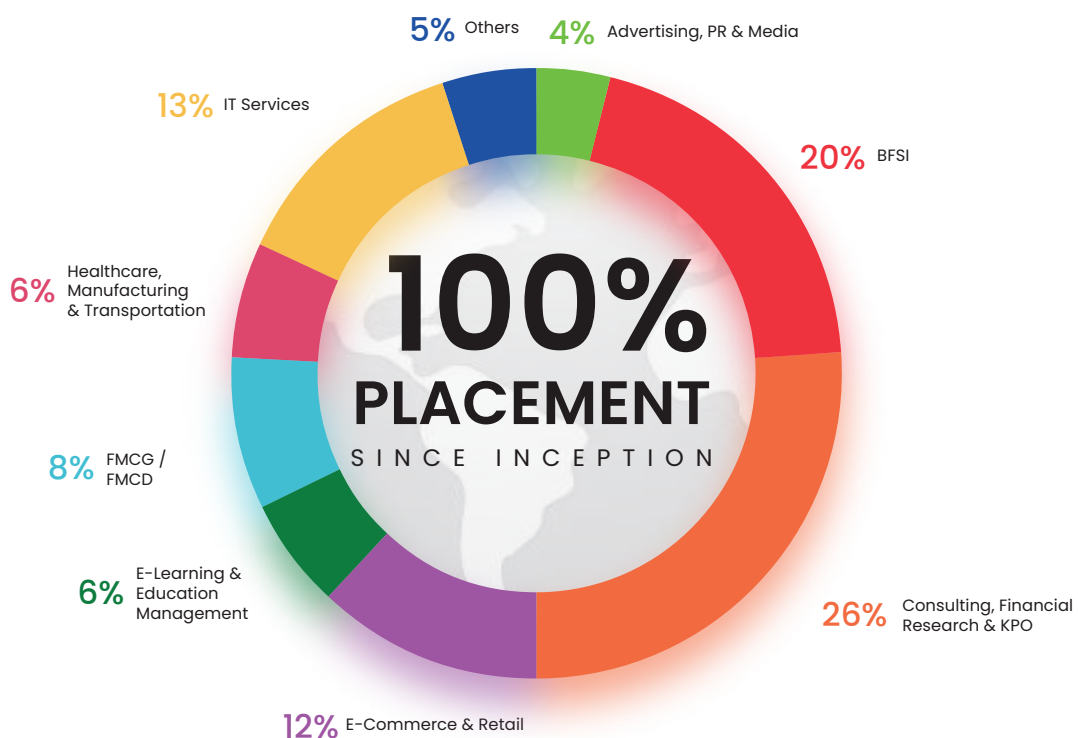

The Placement season for the 2020-22 Batch saw a further positive movement resulting in higher salaries, more offers and complete placement much before course completion. Like each year many of our students got multiple job offers across industries.

We are happy to share that the final placement process for the 2021-23 Batch started in September 2022 itself (ie 10 months before course completion) and is proceeding brilliantly with majority of the students receiving job offers from the biggest MNCs even before the start of their 4th semester. We are confident that this year too our students will achieve 100% placement much before course completion.

As we continue our legacy of 100% excellent placements for over 2.5 decades, our students and alumni through their hard work and dedication continue to make us proud. The placement statistics in the recent years along with the AICTE-CII Award of 'Best Corporate Linked B-School' for three years in a row, has further strengthened our position as one of the leading B-Schools in India. The same has also been recognised in the recent years by each of the biggest Business Chambers of the Country, ASSOCHAM, FICCI & CII with their awards for Finest Placements & Most Preferred B-School in North India, Excellence in Employability through Industry Engagement and Best Industry Linked B-School respectively.

ONLINE COURSES

We at New Delhi Institute of Management offer specially curated Online Certificate Programmes and Management Development Programmes (MDPs) for Professionals with an aim to give their career the winning edge. We provide the highest quality learning in flexible environments to master new skills to help professionals move up the corporate ladder. Our immersive learning sessions led by 74 globally acknowledged faculty members promises to enhance the learner's ability to formulate and execute strategy with the support of our wide range of latest tools and techniques. With decades of Industry experience and our focus on building innovative learning experiences, we have become the trusted choice of Top Businesses in the Country across sectors.

NDIM OFFERS 50+ EXPERTLY-CURATED TRAINING PROGRAMMES:

Certificate Programme on PoSH & Train the Trainer Programme on PoSH

This programme will help professionals understand the dynamics of Prevention of Sexual Harassment (PoSH), 2013 at workplaces. Make your organisation PoSH compliant, ensure gender-equality at workplace, & enable zero-tolerance policy for sexual harassment. We also help them become an expert in conducting trainings for organisations, leverage their PoSH expertise in order to ensure regular compliance with the PoSH law and create a safe & positive environment for all the employees.

MDP on Digital Marketing

The main aim of this programme is to help participants gain a deeper understanding of the digital marketing practices used to reach and connect with today's customers. We help build strategies to deliver a higher ROI and quality leads using AI tools. Learners leverage insights from the digital marketing funnel to reach customers and enhance engagement. The programme is a stepping stone towards becoming a digital marketing specialist and accelerating career growth.

Certificate Programme on Japanese Language

This programme is specially designed for individuals who aspire to work in Japanese organisations. We help open doors to more opportunities, explore the latest technology in Japan and gain broader perspectives & skills in this globalised world. Out of 10,000+ approved AICTE colleges, NDIM is the only one privileged to host a Japanese native professor as well, courtesy the support of Japan International Cooperation Agency (JICA). One of our other Japanese language experts brings in more than 30 years of rich teaching experience. In addition to teaching Japanese to Indians, our expert is highly-rated among the Japanese corporate professionals for teaching them the English language.

Certificate Programme on Finance for Non-Finance

The Finance for Non-Finance MDP enables managers, professionals and entrepreneurs, from different fields like Production, Operation, Human Resource, Information Technology, Research, Data Analytics, Media, Marketing etc., to understand the basics of finance and accounting. Through this programme, participants gain knowledge of the key concepts in finance which directly or indirectly impact all other departments and their working in an organisation in short-term and long-term scenarios. This in turn helps non-finance professionals to make critical business decisions, keeping in mind the financial aspect of the same.

Certificate Programme on Mutual Funds

This programme is designed to help personal-finance enthusiasts understand how mutual funds are the best investment avenues, how they work and how they can choose the best mutual fund for themselves and give advice to others. Expertly curated by deeply understanding the exact needs of prospective mutual funds investors, we deliver on our promise with easy-to-understand modules that help participants protect themselves against inflation, learn to invest smartly, leverage tax benefits and reach their financial goals.

Certificate Programme on Cyber Security

The best industry experts have designed this programme to help participants leverage safe internet practices to identify potential threats and find solutions to them in your organisations. The programme focuses on one of the biggest priorities of this generation for today's professionals and helps them understand how to protect confidential data from day-to-day cyber-attacks. The sessions are filled with hands-on learning experiences that can prevent fraud emails, unapproved software, implement and facilitate data protection and privacy policies in your organisations.

Certificate Programme on Developing an Innovative, Creative & Design Thinking Mindset

Design thinkers play a pivotal role in any organisation by defining a clear structure of producing and implementing novel solutions for innovation problems. Through this programme, our focus is to walk our participants through all the Design Thinking phases, guided & coached by our renowned experts. Learn to expertly address uncertainty, work within constraints and even create human-centered solutions with empathy and humility. Stimulate new ideas, processes and strategies to approach innovation via Design Thinking frameworks.

Certificate Programme on Lean Six Sigma

Lead and manage projects using Lean and Six Sigma methodologies. Lean Six Sigma is an evergreen skill that is useful in management, leadership, risk-assessment and team building. Grab this immersive learning opportunity and get a hands-on practical experience by learning through case studies that went on to win the International Coveted Team Excellence Awards in ASQ USA. Learn to build and start an innovation practice in your organisation. Drive organisational growth and performance through disruptive strategy.

Certificate Programme on Business Analytics

Through this programme, we focus on introducing various types of uncertainties involved in the decision-making problems to the participants and how to make effective decisions under such situations by leveraging the power of Business Analytics. Participants learn how to leverage AI/ML capabilities to make better decisions and explore predictive analytics, sentiment analysis to better their customers' experience.

Certificate Programme on Financial Analytics

This programme is based on the latest advanced module on Financial Analytics and its application in different sectors. During the programme, learning revolves around the most effective Financial Analytics concepts including their utility in valuation models, analysis of reports, forecasts, logical business decision making and more by using powerful analytical tools like EViews and R. Participants become equipped with the understanding of impactful parameters used in a Business model and understand how to use analytical software for handling and managing business data to derive business solutions.

CUSTOM TRAINING SOLUTIONS

NDIM also offers customised certificate programmes, based on specific requirements for teams and companies, in-house or off-site. These customised programmes are designed as per the organisation's training needs with the help of Training Need Analysis done by our team and are curated to help you meet your organisation's goals by our globally acknowledged faculty carefully selected for their subject matter expertise for such high-impact training programmes. For all Corporate Training enquiries please email deantraining@ndimdelhi.org

WORLD CLASS CONTEMPORARY INFRASTRUCTURE

A City Campus par Excellence

At NDIM, we have crafted the perfect environment for students to nurture their talent and build their professional careers. From state-of-the-art cyber labs & international standard classrooms to modern incubation centers, corporate networking offices and recreational zones, we provide a stimulating, conducive and collaborative learning environment. Our location in the heart of South Delhi helps our students network with the who's who of Corporate India and gives them a distinctive advantage in terms of outreach and growth.

The entire campus is air-conditioned and wi-fi enabled. Built on Government allotted land, the campus is surrounded by lush green Jahanpanah city forest and offers a safe and secure environment adjoining the Air Force Station, BSF and ITBP installations. 500 bedded multidisciplinary Batra Hospital and Rotary Blood Bank are also located next door.

IT Centre : Official Centre for CAT exams

Highly Equipped Classrooms

Well designed, fully equipped, modern and spacious classrooms mark NDIM's contemporary culture. The Institute's Class Room Complex has large Lecture Halls and Multimedia Halls. There are 15 air-conditioned classrooms, with different seating capacity.

To enhance and energize the quality of lectures, tutorials, seminars and other academic exercises and to break the monotony of sessions, the classrooms have the latest audio-visual tools enhancing students learning experience.

New Block

IT Center

NDIM has established a fully air-conditioned, state-of-the-art Computer Research Centre (NCRC) which is linked to the rest of the world with its high-speed leased lines for net based research and data Mining. The entire campus is Wi-Fi enabled.

The 300+ seater, modern IT Lab at NDIM is also an Approved Test Centre for the CAT, MAT and ATMA entrance tests.

The infrastructure consists of various networked computer labs interconnected with Local Area Networks (LAN) having servers operating on Windows Based Advanced Server & LINUX. NCRC is equipped with useful management related Software such as SPSS which support research by students and faculty. The Centre also has NAS Storage, Firewall, Network Printer and Scanners which are integrated in LAN to optimize the utilization of the available resources.

Modern Classrooms

Only B-School in North chosen to conduct Govt. of India's 'Smart India Hackathon' for 4 years. SIH-World's Biggest Digital & Startup Movement

Host for Govt. of India's "Smart India Hackathons" for 4 years: Digital, AR-VR Labs

Being Chosen as the only B-School besides one in Mumbai, 4 times in a row, is a great acknowledgment of the faculty and the digital strengths and futuristic infrastructure of NDIM.

Hon'ble Prime Minister connected and interacted with participants at SIH via Live Video Conferencing. SIH is govt. of India's Digital Revolution & World's Biggest Digital & Startup Movement to create more than 25000 start-ups. It is one of the dream projects of the Hon'ble Prime Minister, proudly mentioned by him at the 'Howdy Modi' event in USA.

Library

For the knowledge thirsty minds, NDIM has an air-conditioned and fully computerized Library. Our widely stocked library has a collection of latest books, journals, periodicals and a host of reading materials including industry studies, annual reports of various companies, company profiles, project reports and reference materials received from industry and international agencies. The Library with its modern collection of information resources and innovative information services plays a vital role in the intellectual pursuits of NDIM's academic community. Apart from books on management and non-management related areas, the various sections in library also cover the following: General readings, In-house journals, Past Examination Papers, Suggested Readings and the Online Library Section.

World Class Library

The library has a fully integrated library management system LsEase which is an off shoot of Libsys, the most popular and widely used library software in the country, with the help of which the students & faculty can search for books and journals by the Author name, title of the books, etc. thereby easing the search in the library. All the library staff is fully trained to use the software and meet the research and reference requests of the students. The Library has subscribed to an online database 'Emerald' for the use of students and faculty. It consists of 150 full text journals along with case study collection, interview collection, book review & literature review collection. The library has subscribed to 129 magazines/ journals and 14 newspapers; Additionally, the library gets 101 journals in exchange from other management institutions. The Library also has 73 online journals for its students & faculty and is connected with LAN & WAN. The library is linked to Developing Library Network (DELNET) which gives an access to 1412 (1393 National & 19 International) Libraries and offers approximately 62 lakh books, journals, articles, video records, etc.

The library is maintained by a team of qualified and experienced professional staff which provides full assistance to the students and also helps them to find the relevant information through a vast collection of reading materials as well as a multitude of remote databases and electronic resources.

Collaborative Learning Environment

INTERNATIONAL IMMERSION

UNPARALLELED INTERNATIONAL EXPOSURE

In line with our objective of nurturing Global Business Leaders, NDIM stresses extensively on adding an International perspective to its students' management education. Our department of International relations is guided by senior Diplomats and former Ambassadors. Leveraging on our strong Global connect, we provide frequent opportunities for International exposure to our students at various platforms.

Geneva School of Diplomacy & International Relations

Study Abroad Programmes

NDIM offers its students the option to pursue International study tours. Students can choose to study in International universities for a specified time. The students learn directly from the foreign faculty of the University they are visiting, attend classroom lectures, visit top companies of the host country, interact with senior executives and also enjoy through various recreational activities. The Programme is custom designed to suit our students, enhance their learning and experience businesses in other countries.

Our recent study tour to four European countries helped our students understand and appreciate the Global business environment. The trip was a blend of learning, plant visits and cultural integration across Netherlands, Belgium, France & Switzerland. In this study tour, the Students visited the United Nations office in Geneva and UNESCO in Paris to understand the functioning of these major organizations and the important role that they play in maintaining peace, promoting dialogues between countries and their impact on Global economy and business.

Students also visited the European Parliament in Brussels and attended a lecture on the functioning of different verticals of the European Union. A detail discussion was done on Brexit and its impact on Britain and the rest of the European Union. During the visit to the Coca-Cola plant at Antwerp, the students understood the nitty-gritty of manufacturing and bottling of one of the world's most popular soft drinks. Class-room learning at the Geneva School of Diplomacy & International Relations was also much appreciated.

Student's understanding of the European cultural heritage and industry was further enhanced by their visits to Dutch villages, Chocolate manufacturing facility in Brussels, the world's largest art museum Louvre in Paris, Heineken corporate center in Amsterdam, Eiffel tower and Euro Disney.

Many other academically enriching study tours have also been organized by NDIM for its students across UAE, Germany, Czech Republic, UK, Singapore and Malaysia.

Design Thinking Certification at Etisalat Academy, Dubai, UAE

Students at Oxford, UK

1 month internship for 12 Students at AIT Thailand

Students at the European Parliament in Brussels, Belgium

International Live Projects

NDIM offered over 200 International Live Projects and trainings to its students across 20 countries including Russia, China, Germany, Malaysia, Egypt, Kenya, Mauritius, Philippines, Vietnam, South Africa, Indonesia, Malaysia, Italy, Turkey, Greece. These projects involve a mix of Business roles and Social Responsibility and are typically for 5-7 weeks.

Student Exchange Programmes

NDIM offers its students a unique opportunity to pursue short term exchange programmes with top International Universities. These programmes augment our student's experiential learning from face-to-face class interactions with foreign faculties, the globally diverse environment at International campuses and direct interaction with leading MNCs internationally.

NDIM Students at FOM Germany

Guest Lectures and Conferences by International Faculty at NDIM

We provide our students with frequent opportunities to attend lectures, seminars and workshops conducted by senior faculty from leading International Universities at our campus. In the recent past Professors and Professionals from the following Universities have interacted with our students at the NDIM platform, New York University, USA; Carnegie Mellon University, USA; Rice University, USA; Northwestern University, USA; University of Maryland, USA; Marquette University, USA; Pepperdine University, USA; Disney Institute, USA; San Jose University, USA; Adelphi University, USA; University of Cleveland, USA; State Stark College, USA; Central Michigan University, USA; University of Florida, USA; Oxford University, UK; University of Kent, UK; HS University, Germany; Insead, France; University of Applied Sciences, Austria; HW University, Scotland; AIT, Thailand; University of Prishtina, Kosovo.

Annual Global Conference @ NDIM in Association with Pepperdine University, USA

International Accreditation

NDIM has been Accredited by ASIC, UK since 2014 with a 'premier' college status. ASIC is a British Govt. approved Accreditation body in UK which Accredits Institutions of Higher Learning across the world on various Internationally benchmarked parameters. This International Accreditation further strengthens the NDIM brand globally and opens a wider range of possibilities for our students.

Membership of International Forums & Associations

NDIM is a member of various International forums and associations such as India Republic of Korea Friendship Society, BRICS-CCI, Kiwani International, IIC, IHC, etc and the frequent events organized by them give a regular opportunity to our Faculty and students to interact with professionals & academicians from different countries. Students are nominated to volunteer in the organising committees in addition to attending such events of Global impact and interact with renowned International experts.

JAPAN CENTRE OF EXCELLENCE

The journey that started 30 years ago with the vision of making NDIM a Global learning hub, a unique gurukul to nurture courageous Global change leaders, ameliorated when NDIM became the 1st and only B-School in India, to establish a Japan Centre of Excellence.

One of the finest Japan centres in India; it has been blessed by the Ambassador of Japan to India, Kenji Hiramatsu and inaugurated in the presence of Bharat Ratna Pranab Mukherjee-Hon'ble Former President of India, the CEO of NSDC, the Chief of Japan International Cooperation Agency and a large number of Japanese CEOs. Our Japan Centre is guided by our Board of Director Mr TKA Nair, decorated with the prestigious 'Order of the Rising Sun' award by the Govt. of Japan.

NDIM is licensed by NSDC, Govt. of India to train and send manpower to Japan. NDIM opened its office in Japan in 2018 to put its Japan Centre in the top league of quality manpower. Our teams have visited 50+ reputed Japanese organizations in Japan and have hosted more than 60 Japanese CEOs at the campus. We are perhaps the only MBA institute privileged to host a Japanese native professor at our campus. NDIM students are provided opportunities to be a part of the 'Indo-Japan Student Exchange Programme' and can benefit from the Japanese language courses (verified by Japan Foundation) designed and delivered at the Campus.

Through positive collaborations, the Japan Centre has brought renowned Japanese organisations like Yamaha Motor, Asahi Kasei, Hakuodo, Uniqlo, Daikin, Ichibanya, Pasona, Sony, Dentsu X and Mitsui at NDIM Campus for Internships and Final Placements.

NDIM was graced by the Japan International Training Cooperation (JITCO). Students at NDIM had a great Interaction with Mr. Masaaki & Ms. Ayumi of JITCO

Meeting with Mr. Satoshi Yonemaru, First Secretary Embassy of Japan in Delhi with a large Japanese Delegation all the way from the land of the rising sun

KOREA CENTRE OF EXCELLENCE

Based on the success of our Japan Centre of Excellence, NDIM recently launched its Korea Centre of Excellence. His Excellency Mr. Jinhwa Song, the Minister Counselor of the Embassy of the Republic of Korea, inaugurated the Centre at our campus and highlighted 'Future Prospects of Working' in the Korean Industry.

The huge demand for MBAs in the Korean industry in India has led NDIM to specially curate its curriculum to focus not just on Spoken Korean Language Skills but also on Korean Culture and Business Etiquettes to match the Korean Industry standards.

The students of NDIM are members of the India Republic of Korea Friendship Society (IRKFS). The IRKFS actively engages with the Embassy of Korea in India and South Korea and comprises of former Ambassadors and Industry leaders along with the Chairman of NDIM.

Our focused efforts through the Korea Centre of Excellence have enabled us to open new avenues of Summer Internship as well as final placements for NDIM students with leading Korean organisations.

Inauguration of NDIM Korean Centre of Excellence by Minister Counsellor, Mr Jinhwa Song from Embassy of the Republic of Korea along with Chairman, NDIM and Prof. Nikhil Singh, CEO- KCOE

NDIM Chairman and the Sr. Vice President of IRKFS (India-Republic of Korea Friendship Society), Dr Vishwa Mohan Bansal set up the Korean Centre of Excellence at NDIM. A first-of-its-kind centre in the country that is supported by his Excellency Mr Chang Jae-bok, Ambassador of Republic of Korea to India

NDIM Students and Faculty Celebrated 49th Anniversary of the establishment of diplomatic relations between India and the Republic of Korea, the India-Republic of Korea Friendship Day

ASIAN CENTRE FOR GLOBAL RISK POLICY NETWORK

NDIM collaborated with the Australian Risk Policy Institute (ARPI) to establish the 1st ever Risk Policy Institute of India, 'Asian Centre for Global Risk Policy Network' (ACGRPN) to deliver Strategic Risk Policy educational programmes in the Indo-Pacific region.

This prestigious partnership in the areas of Risk Management, Risk Assessment, Strategies and Training in India and the Indo-Pacific would multiply our Industry connect and generate new possibilities for our students in the Risk sector and Australia.

Trilateral launch event of the Centre was held at the NDIM campus in Oct 2022 with senior guests from ARPI team Australia and the EIS Council team from Israel. This Leadership Forum held widespread discussions around Global Risk - Critical Infrastructure, Cybersecurity and Strategic Risk Policy.

MOST RESPECTED ACADEMIC LEADERS @ NDIM

The quality of teaching at the New Delhi Institute of Management is extremely competitive. And not just that, the recruiters who visit the campus to recruit students holistically engage with them and help them refine as business professionals. Some of the top industry leaders participate in mentoring the students. This kind of transformative experience that the institute is creating for the students is praiseworthy.

Dr. Anil Sahasrabudhe
Former Chairman AICTE
Chairman NETF

Chairman UGC Prof. M. Jagadesh Kumar praised the students for achieving great heights and setting an example for the upcoming batches. He appreciated the New Delhi Institute of Management for proactively revisiting the courses, curriculum and education structure to match the new-age roles and demands of the corporates and appreciated the faculty members for creating an ecosystem that has enabled students to become innovators and problem solvers.

Prof. M. Jagadesh Kumar
Chairman UGC

Dr. K. Kasturirangan, Chairman of National Education Policy, lauded the New Delhi Institute of Management for carving a name for itself. He said the students of NDIM have a legacy and a name to carry forward, which is a huge responsibility. The Chairman NEP noted that in a short time, NDIM had made a mark for itself in the domain of management education and was highly unique in its course and curriculum offerings. The kind of people who have come forward to extend support and partnership to NDIM speaks volumes about the institute's strong leadership and academic approach.

Dr. K. Kasturirangan
Chairman NEP

ACADEMIC ADVISORY COUNCIL

NDIM has an Advisory Council of senior professionals from the Industry, Corporate World and the Government of India. Members of the Academic Advisory Council are chosen for their knowledge, expertise and experience in providing valuable counsel and guidance to the students and faculty in designing and better delivery of the curriculum. These senior members of the industry and academia regularly interact with students and serve as NDIM's "Think Tank" and also lend quality support to the 100% placements we've been able to achieve since our inception in 1996.

With 354 corporate mentors and 133 highly qualified professionals in the Academic Advisory Council, we, at NDIM provide a holistic, industry oriented learning experience to our students even before they step into the corporate world

FULL TIME PROGRAMMES-2 YEARS

PGDM

The prestigious PGDM programme at NDIM provides an in depth understanding of key functional areas of Business and nurtures overall personality and managerial excellence thereby preparing our students to right away manage and eventually lead large organisations across diverse sectors.

The 2 years at NDIM are meant to prepare the students in every possible way; be it self-development, nurturing managerial and leadership potential, personality grooming, negotiation skills, public speaking, entrepreneurship, family businesses, functional specialization skills, cultural or artistic growth – the aim is to inculcate the spirit and skills essential for overall success in the Corporate and Business World.

PGDM (MARKETING)

PGDM (Marketing) at NDIM is one of the oldest and most popular fields in Business Management. The Programme equips its participants with fundamental marketing management concepts and latest tools for analysis, review, planning and execution of marketing strategies. This discipline offers career choices in a wide variety of industry verticals like Consumer Marketing, Business to Business Marketing, Marketing Research, Direct Marketing, Public Relations, Services Marketing, Branding, Dealer Sales, Product Management, Advertising, Event Management, Social Media Marketing, Digital Marketing and innumerable other verticals.

PGDM (FINANCIAL MANAGEMENT)

PGDM (Financial Management) at NDIM is a highly sought after course which enables its students to build deep expertise across diverse financial verticals and prepare themselves for high profile roles with Big Four Financial Consulting Firms, Banks, Brokerage Firms, KPOs, Financial Planning & Asset Management Companies, Wealth & Investment Advisory Service Providers, etc. Key Recruiters in the Finance sector include HDFC Bank, RBS, Citibank, Axis Bank, ING Vysya, Standard Chartered Bank, Deutsche Bank, Black Rock, South Indian Bank, Yes Bank, ICICI, India Bulls, XL Dynamics, Deloitte, Ernst & Young, PwC, WNS Global, Capital IQ, Evalueserve, Genpact, Grail Research, Moody's, KPMG, Kotak Life, Bajaj Allianz, Aviva, Max Life and many more.

DUAL SPECIALISATION MULTIPLYING CAREER OPPORTUNITIES

Our students have the unique advantage of Graduating with not just one, but Dual Specializations (chosen by them out of the 8 futuristic specialisations) which multiply their career opportunities manifold. Our two-year full time programmes comprise of four semesters. The first semester focuses purely on building a solid foundation in all fundamental areas of business management. The second semester has a mix of core papers as well as electives from the chosen specializations. The last two semesters completely focus on Specializations and Integration with global developments in different areas of management.

Along with high quality class room education and amazing on campus activities, students also receive top class Industry connect throughout the four semesters. They regularly attend guest lectures, conferences, seminars, workshops, simulation exercises with the Industry specialists. Several modules are fully taught by the recruiters at the campus. All NDIM students also undergo continuous corporate skilling and grooming from day one to ensure they excel not only in academics but are also Industry ready before course completion.

During the semester breaks, the students pursue Internships as well as Live projects with the Industry. Full Time Campus Placements start just at the beginning of the third semester with the biggest MNCs in the Industry offering full time jobs to majority of the Batch even before start of final semester. Each year our students have been achieving 100% excellent placements with the most renowned brands before course completion.

CUTTING EDGE SPECIALIZATIONS

Marketing

Marketing has always been one of the extremely popular career destinations for Management Students. This discipline offers career choices in a wide variety of industry verticals like Consumer Marketing, Business to Business Marketing, Marketing Research, Direct Marketing, Public Relations, Services Marketing, Branding, Dealer Sales, Product Management, Advertising, Event Management, Social Media Marketing, Digital Marketing and innumerable other verticals. Arguably the key to success behind every activity, product and service lies in its marketing plan, marketing strategy and marketing manpower.

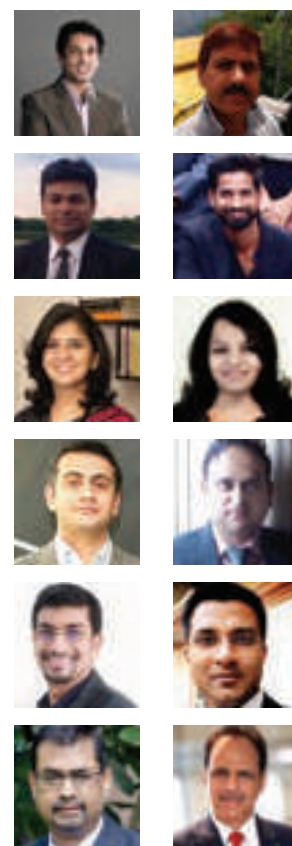

The Programme equips its participants with fundamental marketing management skills and in-depth knowledge of building customer-centric organizations. Based on the way the marketing functions are evolving and keeping in view the need for ever changing strategies, the programme covers core marketing courses and a choice of contemporary elective courses. The programme is challenging as a large part of the learning is based on applied research, live projects and internships, class-room conceptualization, case studies and quizzes.

The Marketing electives also have a futuristic blend of high-end digital tools and data analytics technologies. The Marketing Department additionally offers the following certifications to make our students most sought after in the industry: Certification in Marketing Plan, Certification in Personal Selling, Certification in Customer Journey Mapping, Designing E-Commerce Store with Shopify Merchandize Planning Certificate, etc.

Besides studying core marketing, functional area & strategy courses, participants study innovative PGDM courses in Digital Marketing, Event Marketing, Rural Marketing, Green Marketing, Marketing of Financial Products, Luxury Marketing and Media & Communication. The Academic advisory council comprising of 133 professionals from top brands and the academic world regularly update the industry focused curriculum and pedagogy to prepare our students for managerial and leadership roles.

CUTTING EDGE SPECIALIZATIONS

Finance

The Finance Specialisation at NDIM is an intensely structured, industry vetted programme where the students have the option to pursue up to 14 contemporary electives and build deep expertise across diverse financial verticals. India's financial sector is poised for a high growth trajectory, opening up multiple opportunities in almost every field and NDIM students are rigorously prepared for managerial and leadership roles in this growing field.

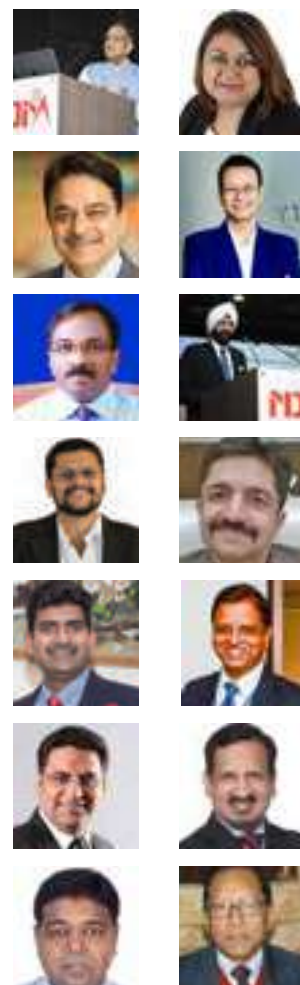

Our Finance Graduates are the favourite choice of Big Fours, Bankers, Brokerage Firms, KPOs, Financial Planning & Asset Management Companies and Wealth & Investment Advisory Service Providers. Key Recruiters in the Finance sector include HDFC Bank, RBS, Citibank, Axis Bank, ING Vysya, Standard Chartered Bank, Deutsche Bank, Black Rock, South Indian Bank, Yes Bank, ICICI, India Bulls, XL Dynamics, Deloitte, Ernst & Young, PwC, WNS Global, Capital IQ, Evalueserve, Genpact, Grail Research, Moody's, KPMG, Kotak Life, Bajaj Allianz, Aviva, Max Life and many more.

In addition to a specialized, industry oriented curriculum, highly acclaimed Finance faculty and best academic support, the students are also offered additional joint certification courses from National Stock Exchange, Bombay Stock Exchange, ICICI Securities, etc. Students also become active members of the Finance Club which connects them to 100's of industrial establishments. It regularly organizes seminars, workshops and publishes an e-Magazine. Stock trading simulation game show 'Bulls and Bears' and several other contests and discussions on emerging issues relating to the world of finance are organized with renowned companies supporting them.

The modern classroom education is supplemented with industry-specific Live projects, internships, corporate mentoring, guest lectures, national/ international seminars, workshops and trainings with Senior Finance Professionals, which helps students gain real-world skills directly applicable in the Financial industry. The faculty also conducts regular consultancy and research for both the public and the private financial sectors, which keep the teachers in sync with Industry trends and helps them impart industry-relevant financial skills. Recent projects were undertaken with PwC Egypt, National Stock Exchange, ICICI Securities, SEBI, India Infoline, RBI, IRDA and Kotak Mahindra Bank.

Human Resource Management

‘Our assets walk out of the door each evening. We have to make sure that they come back the next morning’, this quote by NR Narayana Murthy, Co-founder Infosys aptly signifies the importance of the one resource that can’t be replicated or easily replaced, humans. Thus, Human Resource Management becomes, one of the most important pillars in the success of any corporation.

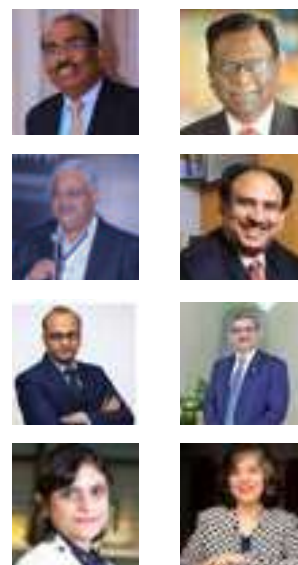

NDIM covers the entire gamut of Human Resource Management at both macro and micro levels. It aims to adequately equip the future HR leaders in dealing with a wide variety of human resource issues with cutting-edge knowledge and tools acquired through learning contemporary and futuristic Human Resource practices and enhanced sensitivity for cross-cultural issues.

Some of the modules studied in detail under this specialisation include Organizational Behaviour, Principles and Practices of Management, Human Resource Management, Organizational Sustainability, Talent Acquisition, Performance Management, Psychometric Testing, Competency Mapping, Advanced HR Analytics, Learning and Development, Employee Relations & Labour Laws, Compensation and Rewards Management, SAP Success Factors, Organizational Transformation, International HRM and Organization Culture, Diversity and Inclusion.

Interactive pedagogy is used at NDIM with extensive professor-student interaction. It fosters open discussions and active exchange of ideas. Experiential approach is used in teaching through group work, role plays, behavioural games, simulations, workshops and in-basket exercises. HRM focused Advisory Council (in addition to the General Advisory Council) comprising of the most renowned names in the HR Industry helps keep the curriculum and pedagogy modern and effectively linked to industry trends. Case studies, fieldwork, project-based assignments, self-assessment activities, hands-on experience through live projects & internships, supplementary classes by active industry professionals all go a long way in ensuring NDIM students are industry-ready and fully prepared for the challenges of the real HR world.

CUTTING EDGE SPECIALIZATIONS

AI-ML Data Science

Data is the new Oil and the new Gold. Prime Minister Shri Narendra Modi, while addressing a crowd of more than 50,000 people at the grand 'Howdy, Modi!' event in Houston, USA, used these words and reiterated that India was in a strong position to lead the world in the Industry 4.0 revolution, which relies on big data analytics and digital technology.

Data is growing faster than ever before and multiplying in every business and every aspect of life at a phenomenal rate. Our ability to analyze this data must keep pace with the speed of data generation. Businesses of all sizes, large and small, will soon have to use some or the other form of 'data analytics' to sustain and grow their organizations.

Since the business leaders will need to work in a future where AI is the reality, it is important that they learn the usage and application of these technologies as a part of their management skills. Keeping in view the International industry trends, NDIM was one of the first B-Schools in India to introduce Business Analytics as a full specialization in 2016, with focus on Artificial Intelligence and Machine Learning Technologies. The programme adopts a practical hands-on based approach for teaching concepts and tools needed to critically analyze business problems and devise data driven solutions.

Some of the modules covered under this specialization include Machine Learning Using Knime and Python, Database Management using SQLite, SAS, Deep Learning using Tensor Flow and Keras, Machine Learning using Azure Cloud Platform, Robotic Process Automation using UiPath followed by Capstone Project to show applications of the learned concepts. The department is run by academically strong, result oriented faculty members with over 25 years of combined expertise and training in latest tools like R, Knime, Tableau, Python, SAS, UiPath, RapidMiner, TensorFlow and Blockchain Technologies.

The programme is developed in consultation with senior Industry experts from McKinsey, Barclays, KPMG, Deloitte etc. to ensure a high degree of relevance in accordance with the needs and demands of the industry. The programme highlights include an experiential and outcome based learning approach focusing on integrating the theoretical concepts with their real time applications to ensure global readiness and industry acceptability, incorporation of various Artificial Intelligence and Machine Learning techniques across Finance/ HR/ Marketing/ SCM/ Manufacturing verticals using real world business use case studies.

Hon'ble Former Prime Minister of India, CMDs & VPs: DT Cinema, Willey India, SAGE Publishing, Sukam, Get my parking, DLF, ICICI Foundation, Toyota Kirloskar, Satya Paul, Ambassador of Canada to India, AIIMS, Cleveland Clinic USA at NDIM

Ltd.; Surender Singh Certified Ethical Hacker & Cyber Security Expert; Radha Chauhan, President and CEO, National e-Governance Division, MeitY; Aman Singh, Founder, R2 Robotronics; Rajeev Karwal, Founder Director, Milagrow; Bharat Nagpal, Founder and Chief Editor, iGyaan Networks; Jyotsna Sharma, CFO and Head of IT, Bridgestone; Charu Bhargava, VP (IT), Sheela Foam; Deepak Talwar, National Security Officer, Microsoft; Vivek Ahuja, Director-IT, MEA & India, IDEMIA; Piyush Dhyani, Vice President IT, Trident Group; Abhishek Gupta, VP IT, Dish TV India Limited

CUTTING EDGE SPECIALIZATIONS

Operations & Supply Chain Management

Operations & Supply Chain Management is at the heart of wealth creation for businesses, value for customers and improvement in the living standards of citizens of every country. Operations managers are responsible for production and services in an ethical and environmentally responsible manner while being responsive to volatile market conditions. Supply chain experts manage movement of materials, information and transfer of funds to every nook and corner of the world. Organizations need to have efficient internal processes and it is critical for them to be able to link their processes to their customers and suppliers to have highly competitive supply chains.

Covid-19 and recent Global events have brought to the fore the highest importance of SCM across the world.

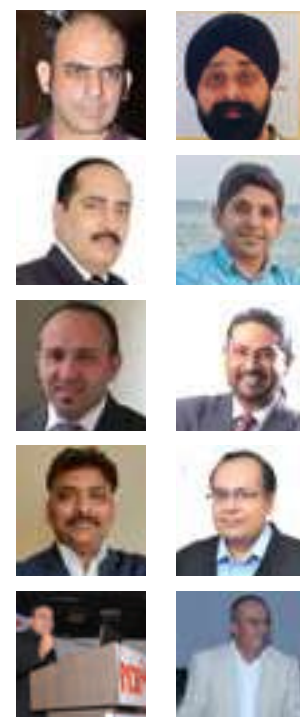

This specialization is unique at NDIM as it builds the concepts of a supply chain from the ground up. It starts with analysis of business processes and how these relate to the overall operational goals of an organization. It then proceeds to illustrate as to how these processes are integrated to form supply chains and how they can be managed to obtain efficient flow of materials, information and funds, thus reinforcing the concept that supply chains are only as good as the processes within and across each organization.

Some of the courses studied in detail under this specialization include Production & Operations Management, Supply Chain Management, Management of Service Operations, Total Quality Management, Productivity & Performance Management, Warehousing & Inventory Management, Operations Research Techniques & Applications, Supply Chain Analytics and Project Management & Entrepreneurship.

The curriculum is designed and regularly updated by peer academic faculties from Global B-schools, Industry veterans and Corporate experts with focus on real world application of concepts. The topics covered in the course include both strategy and pragmatic applications. Sustainability is a common thread across all courses. The courses are delivered using lectures, cases, videos, simulations and other exercises. In addition, the department focuses on experiential and project-based learning approaches including certification programmes in six sigma, warehouse and inventory management.

Industry Leaders from Max India; McGraw-Hill Education; S. Chand Group; Aviva Life Insurance; Genpact; HCL; Hero MotoCorp; Jubilant; Macmillan Education; NHRDN; Oriental Bank of Commerce; Paharpur Business Centre; People Arena; Rensol Technologies; Sage; Salvatore Ferragamo; SAP India; Shri Balaji Group; Subros; TCNS Clothing; EXL; Times Group; Ceekr; BCCL; BIS at NDIM

Digital Marketing

Digital Marketing is an essential tool for every business operating in any part of the world. In a large and culturally diverse country like India, increasing popularity of internet enabled smart phones and government programmes like Digital India have put digitization on fast track even in villages. The overall impact of these government initiatives plus social trends are resulting in a rapid growth of e-commerce as well as manifold increase in employment opportunities of digitally skilled workforce.

NDIM is among the pioneers in launching a full specialization in Digital Marketing in its PGDM (MBA) programme way back in 2016. The curriculum has been developed by industry experts and uses skill-based pedagogy for delivery. Faculty members are senior professionals from the digital marketing industry and are known for their expertise in the sub-domains of digital marketing. Good grasp of digital tools and their applications has become the basic expectation of every recruiter and is a must for every entrepreneur.

Digital Marketing and Analytics provide an end-to-end understanding of the current digital marketing landscape, in-demand tools, best practices and a future roadmap.

Skill based learning and experiential pedagogy is given a lot of importance. More than three fourth of the class time is spent on practical exercises including content development, social media campaign management, PPC campaigns, blog writing with SEOs, conversion rate optimization etc. It also includes comprehensive Digital Marketing Training Tools, Technologies, Techniques & Analytics (spread across 10+ certifications).

Some of the elective modules offered under the Digital Marketing specialisation include Website Analysis, SEO, Data Visualization & Analytics, Content Marketing, Strategic Social Media Marketing, PPC Campaign Management, Advanced Digital Marketing concepts, Video Creation & Optimization and Online Reputation Management in addition to several other essential digital skills.

CUTTING EDGE SPECIALIZATIONS

International Business

International Business is a highly popular specialization that trains students to lead diverse business functions beyond national boundaries. The course at NDIM equips students to analyze developments taking place across international markets, understand industry's global best practices, develop international business strategies, gain knowledge of tools for formulating investment decisions, identify methods of hedging risks associated with market volatility, formulate trade strategies & execute export-import operations, proactively address real life business situations and achieve milestones against set objectives.

Students pursuing International Business as a Specialization choose from a wide range of elective modules including International Marketing & Logistics, Managing Cross Cultural Challenges & Business Negotiations, Global Business Management, Risk and Insurance in Foreign Trade, Foreign Exchange Management, Export Import Management and International Taxation.

The course content is highly dynamic and industry oriented. NDIM has a MOU with India China Trade Centre, BRICS Chamber of Commerce & Industry and is on the Board of 'India Republic of Korea Friendship Society', thus providing the right environment & support for this programme. New modules are added as and when new international openings are envisaged in emerging areas.

Teaching pedagogy comprises an optimal blend of theoretical knowledge and practical assignments with students mandatorily required to undertake live projects and internship assignments with companies engaged in International Business operations. Case studies, practical assignments and projects, role plays, quizzes, group presentations help students better understand complex global issues. Focus is on experiential learning through work on live documents, Govt. of India portals, websites of International organizations & various trade databases. This gives students the confidence and analytical skills to understand the practical handling of international trade and real-world situations.

NDIM Journal

Review of Professional Management: A Journal of Management ISSN 2455-064. Bi-Annual peer reviewed journal is published in June and December.

Vision of the Journal

Recognizing the need for exploring new business models in the changing business scenario as well as for developing new pedagogy in management and for creating influence on the academics as well as corporate thinkers, the institute embarked upon publication of its journal, Review of Professional Management, way back in 2003 and has been publishing the same regularly ever since. The journal provides a platform to academics, researchers, practitioners, and professionals from public, private and government sectors to share their original research, innovative practices and articles with Indian and international perspective that shape policy or governance or functioning of an organisation. The journal publishes conceptual, analytical, empirical and perspective articles that significantly contribute to theory, practice or policy in all the functional areas of management and allied subjects.

The journal has carved a niche amongst research scholars, academics and professionals. The submissions to the journal go through a double-blind review process for quality, novelty, research contribution, methodology, and presentation. The peer-review is done by domain specialists from various universities and business schools from India and abroad. The Editorial Advisory Board of the journal comprises of eminent academics/scholars from universities and business schools from across the globe.

Indexing of the Journal

It is indexed in:

• UGC Care list • Ulrich Periodical Dictionary published by Pro Quest, USA • EBSCO and EBSCO host • i-scholar • Google scholar • Indian Citation Index • J-Gate

India Centre of QS ranked Asian Institute of Technology Thailand (international university since 1959) for DBA

BEYOND THE CLASSROOM

Life at NDIM is an eclectic mix of professional education and events that create a lifetime of memories. Our students organize themselves into multiple clubs and regular events keep the campus buzzing at all times during the year

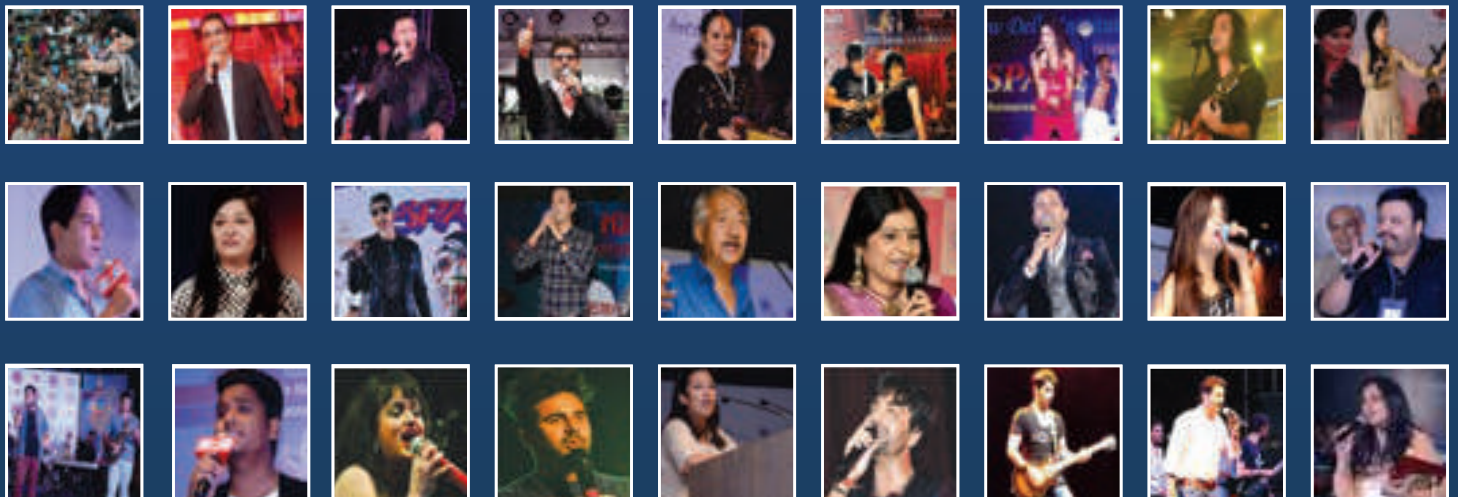

SPANDAN: OUR ANNUAL FESTIVAL

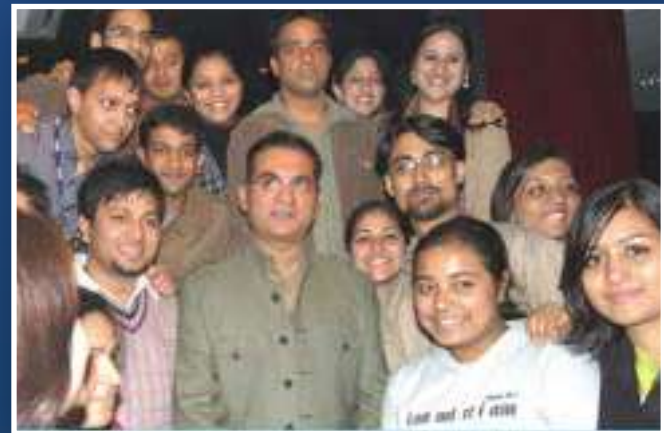

Spandan, our 3 day Annual Cultural festival is one of the most awaited events, organized and hosted entirely by our students with a lot of enthusiasm and team spirit. This festival witnesses participation from colleges across the country and thrilling performances by students and Artists of National & International fame. Some of the competitions in the festival include Fashion Show, Debate, Drama, Rock Band Competition, Solo Dance, Beat boxing, Group Dance, Singing, Mr & Ms Spandan, Business Quiz, Face Painting, Bulls & Bears, Ad-Mad Show, Business Plan, Theme plays, CSR events etc. Senior Artists and entertainers are invited to judge various performances.

The grand finale concludes with Singers and Bands of Bollywood fame performing to jam packed audiences at the NDIM platform. Some of the top artists who have performed at our platform are mentioned below.

The 3 day mega extravaganza of art and culture not only rejuvenates the students but also gives them tremendous exposure and experience of managing and leading teams under stressful situations.

Entertaining @ NDIM: Mika Singh, Abhijeet, Ash King, Jasbir Jassi, Sonal Mansingh, Euphoria, Anushka Manchanda, Nikhil D'souza, Harshdeep Kaur, Gaurav Gera, RJ Ginnie, Suraj Jagan, Sidharth Mohan, Avijit Dutt, Malini Awasthi, Javed Ali, Shibani Kashyap, RJ Nitin, Raeth Band, Kamal Khan, Aditi Singh, RJ Yuvi, RJ Divya, Akhil Sachdeva, Jal Band, Harbhajan Mann, Richa Anirudh

SPORTS AT NDIM

The sports centre caters to the recreational needs of the students by providing a host of indoor games at the campus such as Pool, Table Tennis, Foosball, Chess & Carrom.

The Institute also arranges for outdoor sports facilities at various clubs in the vicinity. Spardha, our annual inter college sports festival gets participation from dozens of colleges in Delhi NCR competing in a wide range of sports including Cricket, Football, Badminton, Basketball, Volleyball, Table Tennis, Pool & Chess.

CELEBRATING THE SPIRIT OF INDIA

Students at NDIM represent almost all States & Union Territories of India ranging from J&K to Kerala and Arunachal Pradesh to Gujarat, making it a multi-regional, multi-cultural, multi-lingual and multi-religion inclusive institution for higher learning with students drawn from diverse disciplines. The male to female student ratio is typically 55:45.

Diversity at the college campus enriches the experience of students in various ways. It brings into the forefront an expanded knowledge base, self-awareness and informed decision-making ability. It further promotes creative and cohesive thinking and lays the foundation for appreciating diversity, inclusiveness and developing a broader national & global perspective to management.

All festivals of the country are celebrated with lots of enthusiasm and team spirit.

STUDENT CLUBS

At NDIM, there is more to college life than just striking academic and professional outcomes. The 25+ student clubs provide the perfect platform where students get to conceptualise and execute diverse activities in their chosen fields of interest. Every month each club organizes different events and all students get a chance to be part of these events.

As a new student enters the campus, he/she is spoilt with the choice of activities on offer. With a working day full of classes and learning, the evenings are typically taken up by multiple events throughout the campus. On any given day, you may encounter a theatrical performance in the amphitheatre, a band playing in the practice room or the preparations of a grand debate on the canteen steps. These activities not only help the students unwind but also help them hone essential skills like peer learning, socializing, networking, creative thinking, problem solving, lateral thinking, managing and leading teams.

The wide range of clubs at NDIM include:

Marketing Club

Finance Club

HR Club

Digital Marketing Club

Operations & SCM Club

AI/ML Club

Decision Sciences Club

Economics Club

Sports Club

Foodiez Club

Movies Club

BEYOND THE CAMPUS

Our emphasis on top quality education is not confined to class-rooms only. We understand that learning in all forms and forums plays a crucial role in preparing our students for the Business World.

We actively provide our students the opportunities to participate and sometimes even organize high profile events/conferences/talk shows at external forums. All of these efforts result in a vastly enhanced level of exposure, confidence, leadership skills and knowledge.

Additionally, NDIM students are also sent to various TV shows of NDTV, CNBC, Aaj Tak, Zee and to the conferences of FICCI, ASSOCHAM, CII, PHDCCI, IIC, IHC at NDIM's cost so they may directly learn from Industry stalwarts. Many such opportunities are presented to our students on a regular basis.

NDIM Students at the 17th National Convention on Sustainable Development Goals by UN Global Compact Network India

Our Students attending a Conference on 'Women in Power & Decision Making' organized by PHD Chamber of Commerce and Industry

NDIM Students with Senior CHROs at NHRDN's 'Transformational People Practices Conclave'

NDIM Students at the National Telecom Summit – '5G – Enable, Elevate and Emerge' organized by Confederation of Indian Industry (CII)

Students attending a National Conclave on 'Future Role of Urban Cooperative Credit Sector'

NDIM students at the Women Development Conference organized by Delhi Management Association

Our students attending the Union Budget Viewing Session at PhD Chamber of Commerce and Industry

NDIM students attending a workshop on Cloud Computing at FICCI

NDIM students attending a National HR Conclave on Employees Wellness
