MBA PROGRAMS

SHAPING VALUE-DRIVEN
GLOBAL BUSINESS LEADERS

TWO YEARS: A WORLD OF DIFFERENCE

CU MBA: Tailored for You

Enhancer

Are you aiming to climb the corporate ladder?

Whether you are aspiring to take on leadership responsibilities, aiming for a promotion, or seeking to expand your influence in your organisation, our MBA program is designed to amplify your success.

Explorer

Are you a fresh graduate with a keenness to explore new career paths?

An MBA is ideal for those who are curious and eager to dive into new fields and seize exciting opportunities in emerging fields.

Evolver

Are you ready for a career pivot but unsure of how to make the leap?

If you are planning to move from one industry to another or seeking a complete career overhaul, we offer the flexibility and personalized guidance to help you navigate your transition and achieve your career goals.

Entrepreneur

Do you dream of starting your own business or taking your existing venture to the next level?

Our MBA is the entrepreneurial toolkit you need to turn your vision into reality.

MBA

Your Global Leadership Starts Here

At Chandigarh University, we don't just educate—we empower future leaders. Our MBA programs are designed to nurture your potential and turn your aspirations into achievements.

Entrepreneurial Drive

Our programs encourage you to think creatively, develop new ideas, and bring them to life. With access to incubators, mentorship, and resources, you'll have the tools to launch your own venture.

Experiential Learning

True knowledge comes from experience. Through capstone projects, leadership programs and field trips, you will gain real-world insights that prepare you to tackle complex business challenges.

Value-Driven Learning

Going beyond the conventional curriculum, we inculcate value-driven education that combines ethical leadership, personal growth, sustainability, and global business principles, teaching you how to balance profitability with environmental and social responsibility.

International Network

Experience business on a global scale by traveling to leading business hubs, attending global conferences, and participating in exchange programs with our more than 500 partner universities in 95 countries.

State-of-the-Art Infrastructure

Stay ahead of the curve with our state-of-the-art campus featuring modern classrooms, advanced research labs, industry-collaborated centres of excellence, and collaborative spaces that enhance your learning experience.

ROI-Centric Degree

World-class education should be both accessible and affordable. Our programs provide an unparalleled return on your investment, combining rigorous academic training, practical industry insights, and global exposure—all at an affordable fee structure.

Globally Acclaimed Academic Model

Experience excellence with MBA programs that have garnered recognition on the global stage, positioning us among the top in prestigious rankings by the Quacquarelli Symonds, National Institutional Ranking Framework and accreditation by the National Board of Accreditation.

Extensive Corporate Network

Gain knowledge in real business settings, guided by mentorship from more than 980 industry experts at international conferences, conclaves, workshops and seminars.

MBA Business Analytics

in association with IBM

This specialized MBA equips students with the skills and knowledge to leverage data and analytics for effective business decision-making. Offered in collaboration with IBM, the curriculum covers key areas such as predictive analytics, descriptive analytics, big data analytics, machine learning, and data mining. With the exponential growth in data and its increasing importance across industries, the demand for skilled business analytics professionals is soaring.

- Industry-driven curriculum powered by IBM's advanced analytics tools
- Hands-on training with real-world data to develop predictive analytics skills
- Exposure to AI, machine learning, and big data technologies
- Collaboration with IBM experts for cutting-edge business insights

MBA Banking & Financial Engineering

in association with SBI & TALLY

Offered in collaboration with SBI and Tally, the program integrates finance with technology. This program emphasizes hands-on training in banking operations and accounting software, preparing graduates for dynamic roles in the financial sector by covering areas like investment analysis and risk management.

- Tailored program with real-world banking and finance exposure via SBI
- Advanced financial modeling and risk management techniques
- Expertise in financial engineering with Tally-powered practical training
- Industry-relevant skills for high-impact roles in finance and banking

MBA Strategic HR

in association with AON Consulting

Developed in partnership with AON Consulting, a global consulting and software leader, this program focuses on aligning human resource strategies with business objectives. It equips students with essential skills in talent management, organizational development, and strategic planning, preparing them for leadership roles in HR.

- Strategic HR curriculum designed with insights from AON Consulting
- Focus on leadership, talent management, and organizational development
- Practical training in HR analytics and strategic decision-making
- Networking opportunities with top HR professionals and industry leaders

MBA Fintech

in association with NSE Academy

The MBA in Fintech, in collaboration with NSE Academy, combines finance and technology to prepare students for the evolving financial landscape. The program covers topics such as blockchain, digital payments, and financial regulations, equipping graduates with the skills needed to innovate in the fintech sector.

- Cutting-edge fintech program powered by NSE Academy expertise
- Focus on blockchain, cryptocurrencies, and financial innovations
- Immersive training in fintech applications and digital finance
- Industry insights through NSE collaborations and live projects

MBA Data Science and Artificial Intelligence

in association with SAS

The MBA in Data Science and Artificial Intelligence, partnered with SAS, offers a comprehensive curriculum that blends business acumen with technical expertise. Students learn to harness data analytics and AI technologies to drive business decisions, preparing them for roles in data-driven organizations.

- SAS-powered curriculum integrating data science and AI technologies
- Advanced training in predictive modeling, machine learning, and AI
- Real-world projects with SAS tools to solve complex business problems
- Opportunities to collaborate with AI and data science experts

MBA Logistics and Supply Chain Management

in association with CII Institute of Logistics

The MBA in Digital Marketing prepares students to navigate the digital landscape and leverage online marketing strategies. The program covers key areas such as SEO, social media marketing, and data analytics, equipping graduates with the skills to drive digital marketing initiatives effectively.

- Industry-aligned program with CII Institute of Logistics
- Focus on global supply chain management and logistics strategies
- Hands-on experience in SCM software and tools
- Opportunities for industry internships and live projects

MBA Tourism & Hospitality Management

This program equips you with the expertise to lead in one of the world's most dynamic industries - hospitality. It combines business acumen with specialized knowledge in tourism, hotel management, and event planning, empowering you to create exceptional customer experiences and drive success in global tourism and hospitality enterprises.

- Specialized curriculum designed for the global tourism and hospitality industry
- Industry-aligned training with field-based learning in top hotels and resorts
- Focus on sustainable tourism practices and innovative hospitality solutions
- Opportunity to learn from industry experts and pursue international internships and exchange programs

MBA Digital Marketing

The MBA in Digital Marketing prepares students to navigate the digital landscape and leverage online marketing strategies. The program covers key areas such as SEO, social media marketing, and data analytics, equipping graduates with the skills to drive digital marketing initiatives effectively.

- Comprehensive digital marketing curriculum covering SEO, SEM, and social media
- Hands-on training with the latest digital tools and platforms
- Focus on data-driven marketing strategies and consumer insights
- Industry connections for internships and real-world marketing projects

MBA Healthcare & Hospital Management

The MBA in Healthcare and Hospital Management addresses the unique challenges of the healthcare sector. This program prepares students for leadership roles by covering healthcare policies, hospital administration, and healthcare operations, ensuring they are equipped to improve patient care and operational efficiency.

- Specialized program focused on healthcare management and life sciences
- Curriculum designed for leadership roles in healthcare and biotech industries
- Practical training in healthcare analytics and policy development
- Industry partnerships for internships and real-world healthcare experience
