A Foreign Affair that Founded Symbiosis

The journey of a thousand miles begins with a single step. But, it is the first step that involves deliberation and much hesitation. The Symbiosis journey however began with a surge of enthusiasm spurred on by an incident that, in itself, makes a poignant tale.

“It was an afternoon on a hot day. I was standing near the window of my house overlooking the first hostel block, of which I was the rector. A strange thing happened. A girl walked up to the window of the boys’ hostel room, quickly handed over something and disappeared. My curiosity was aroused and I kept watching the girl walking up to the window day after day and suspected, like any other rector would, that an affair was afoot. So one day, I made up my mind and walked up to the door and knocked. When the door opened, I saw a Mauritian student lying in bed. His face was pale and his eyes seemed to have sunken low. I was puzzled.” “When I turned to the boy for an explanation, he said, ‘Sir, I have an attack of jaundice & I’m feeling extremely weak. I cannot stand up, nor walk a few steps. A girl from my country brings me food. However, since ladies are not allowed to enter the boys’ hostel, she hands over the tiffin box through the window.’ I was stunned. After all, it wasn’t the type of ‘affair’ I had expected. I was very much pained & decided something had to be done about this. That was the instance, the golden moment that Symbiosis was born. “Symbiosis is a term in life science, meaning ‘living together of two different organisms, for the benefit of each other’. Dr. Mujumdar, himself a professor of botany, thought this name apt for the institution. Thus the institution was founded to alleviate the problems faced by foreign students coming to India. At the time, these problems included - accommodation, meals, medical care, guidance, coaching, information about the city, etc.

Symbiosis has come a long way since then. Today it is home to students from more than 85 different countries. These students are offered the best learning resources, industry exposure, a strong international students’ alumni network, a global recognition, and above all, a truly enriching Indian experience.

Chancellor's Message

I am delighted to welcome you to the Symbiosis International (Deemed University). The University, founded on the guiding ideal of international understanding and excellence in education, is a proud member of the larger Symbiosis family.

I have no doubt that as you become more familiar with the University, you will find yourself presented with an abundance of possibilities in academics and more. The University is firm in its belief that academics is but one segment of education. You will discover the most progressive choices in teaching-learning, extra-curricular activities, wellness-recreation facilities, and all round infrastructural support. We take tremendous pride in our talented teaching staff, many members of which are academics of international standing. I am confident that as you begin to settle down, you will find your experience at Symbiosis to be rewarding and to be equal to the expectations you might have of an international institution.

Our end goal is to meet and exceed your higher education goals, of course, but also to prepare you to be leaders as you join the workforce, and, most importantly, to be responsible members of global citizenry. As you embark on your journey of higher education at Symbiosis, you will find yourself in the company of students from over eighty-five countries and from all over India.

I do hope that your association with Symbiosis will provide you with endless opportunities to harness your capabilities and put them to good use.

May God bless you!

Prof. Dr. S. B. Mujumdar

Chancellor

Pro Chancellor's Message

Symbiosis upholds its motto "Vasudhaiva Kutumbakam" the world is one family in all its pursuits. The diverse backgrounds of the students who come here from 85 countries from all across the world, contribute to an international environment. The wide milieu of ideas that are brought to the table through the interactions and collaborations among students both inside and outside the classroom are contributive in enhancing the students' intellectual acuity.

The classrooms at the Symbiosis campus encourage an innovative and futuristic approach for management, academia and the administrative staff. As one of the largest Universities in India, Symbiosis has strong global linkages and an educational portfolio that boasts of excellent infrastructure, well- equipped classrooms, accommodation and an environment that assists students in realizing their potential while embracing diversity. The eclectic environment here enables students to think critically and emerge as responsible citizens with high moral values, ethics and good social conduct.

We aim to create globally valued graduates and have framed policies and procedures to expose students and faculty to international, intercultural and comparative aspects. This is ensured by encouraging student mobility on exchange and summer schools to international partners. The interdisciplinary studies allow students to choose from across multiple disciplines thus broadening their perspective and helping them gain knowledge of various domains, which makes them more adaptable to a global environment.

The Programmes offered at Symbiosis are innovative and designed according to the needs of the industry, thus creating the needed academia-industry interface. The Incubation Centre at Symbiosis has been created with the aim of supporting and nurturing the innovative spirit of the students and developing their entrepreneurial abilities.

On behalf of the University, I welcome you to the Symbiosis family! I wish you success in the Programme that you have chosen to study with us.

Dr. Vidya Yeravdekar

Pro Chancellor, Symbiosis International (Deemed University) Principal Director, Symbiosis

Vice Chancellor's Message

It gives me great joy to welcome you as we step into another exciting academic year, 2026–27, at Symbiosis International (Deemed University).

Symbiosis has always stood for fostering international understanding through quality education, and we remain deeply committed to that mission. Today, our university is home to nine distinguished faculties – spanning Law, Management, Computer Studies, Medical and Health Sciences, Media and Communication, Humanities and Social Sciences, Engineering, Architecture and Design, and Education. Each of these programs is carefully curated to meet the evolving needs of society and to prepare our students to excel in a rapidly changing world.

At Symbiosis, we don't just educate – we nurture. We encourage our students to think beyond borders, embrace diversity, and become leaders who drive meaningful change. Our faculty, known for their expertise and passion, guide students with dedication and inspire them to make an impact both in India and across the globe. Our graduates are a true reflection of our ethos, living by the timeless principle of Vasudhaiva Kutumbakam – “The World is One Family.”

This year, we are particularly proud to introduce a groundbreaking initiative – the Symbiosis Artificial Intelligence Institute (SAII). As one of the pioneering institutes of its kind in India, SAII reflects our commitment to innovation and to preparing students for the opportunities and challenges of the AI-driven future. It is a step forward in equipping our learners with skills that will define industries of tomorrow.

Our postgraduate programs continue to be in high demand, thanks to their strong industry alignment, global relevance, and holistic design. We take pride in our rigorous selection process, which ensures that students who join us are not only academically strong but also eager to grow through co-curricular and extracurricular engagement. With vibrant campuses in Pune, Noida, Nashik, Bangalore, Hyderabad, Nagpur, and Dubai, Symbiosis offers a truly global experience, enabling students to learn, collaborate, and thrive in diverse environments.

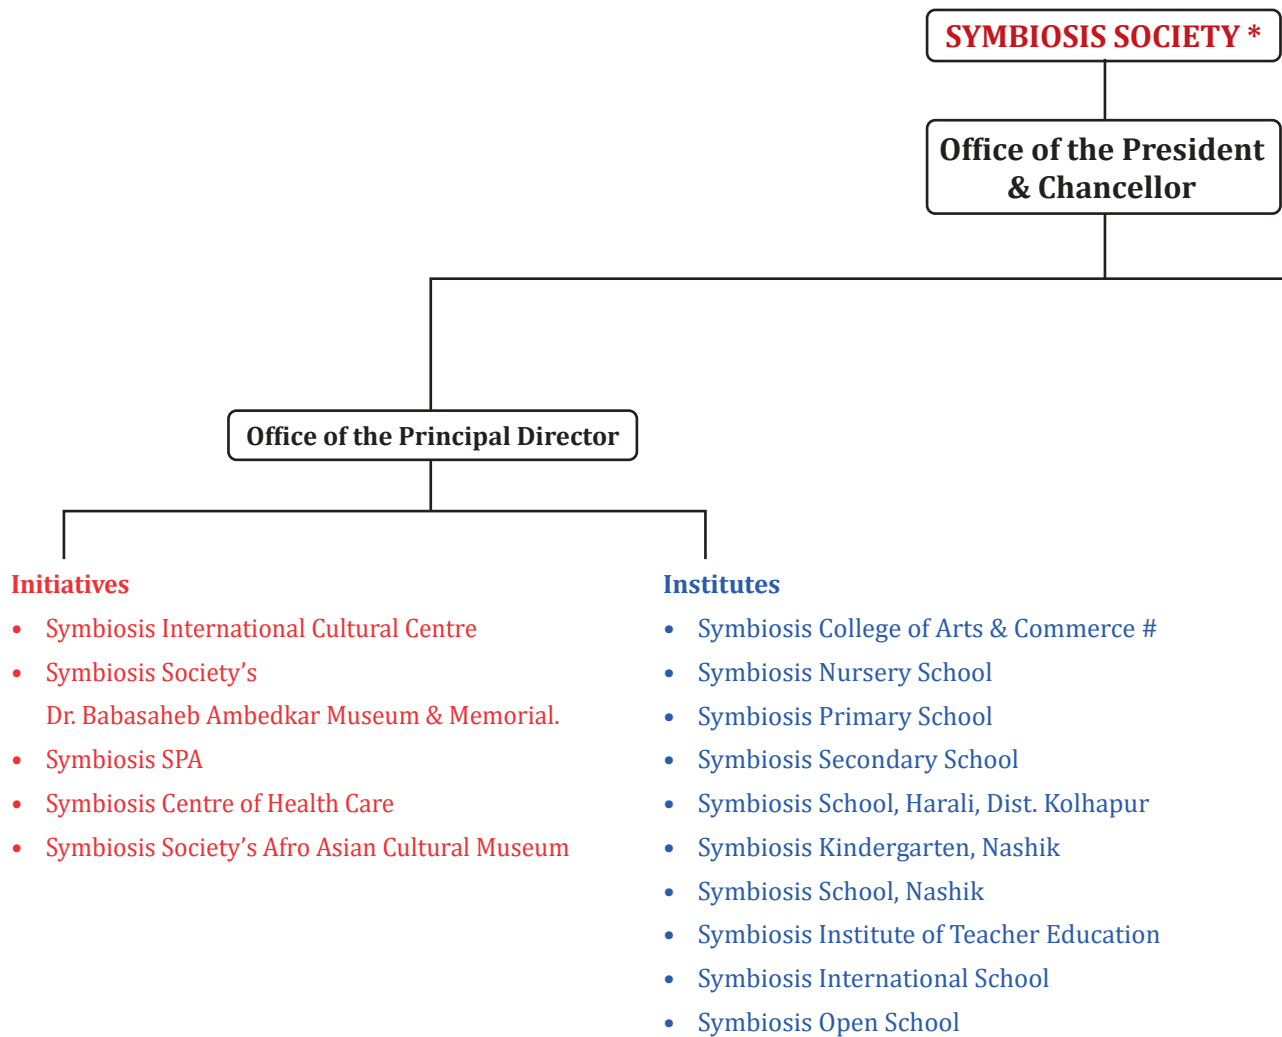

As you explore your aspirations, I encourage you to consider Symbiosis as the place where your academic journey can transform into a journey of purpose. I extend my warmest wishes to all aspirants and hope you find a home for your dreams at the Symbiosis campus of your choice.

With best wishes,

Dr. Ramakrishnan Raman

Vice Chancellor - Symbiosis International (Deemed University)

Global Representation at Symbiosis

INTERNATIONALISATION IS IN THE DNA OF SYMBIOSIS

We have students from more than 85 countries

The University

Symbiosis International (Deemed University) was established in 2002. Its beautiful campus is nestled on 400 acres of land at Lavale on the outskirts of the city of Pune, Maharashtra, India. The University's name captures the quintessence of the relationship with international students, a mutually beneficial bond between Indian and International student communities. Today, the University has students from all States of India and over 85 countries across the globe. The University has established 45 Constituents, 9 Departments of Skills and Continuing Education, 13 Research Centers, and 13 Support Departments. The University offers programs at Undergraduate, Postgraduate and Doctoral levels under the Faculties of Law, Management, Computer Sciences, Health Sciences, Media Communication, Humanities & Social Sciences, Engineering, Architecture & Design and Education.

SIU attracts students from all Indian states and international students from over 85 countries. The university's qualified and dedicated faculty are committed to disseminating knowledge and transforming students into qualified, skilled, and responsible global citizens. SIU's strong academic reputation has led to its selection as a participating institution in the Government of India's "Study in India" Program. With nearly 100% placements, the university has become a preferred destination for learners from across India and abroad.

The Symbiosis International (Deemed University) SIU has consistently excelled in national and international rankings. It has been ranked 31st in India by the National Institutional Ranking Framework (NIRF) 2024. Internationally, the University has made a significant impact. Times Higher Education (THE) World University Rankings 2025 has ranked the university in the 601–800 band globally and 4th in India, and the University is ranked 251–300 band by Times Higher Education Asia University rankings 2025. Times Higher Education Impact Rankings 2024 has ranked the University 601–800 Overall, 201–300 in gender equality, 301–400 in reducing inequalities, 201–300 in partnerships for the goals, 401–406 in good health and well-being and 72 in responsible consumption and production. Times Higher Education World University Rankings 2025 by Subject has ranked the university among 301–400 in Computer Science, 301–400 in Social Sciences, 501–600 in Business and Economics, 601–800 in Engineering, and 601–800 in Medical and Health. Symbiosis International (Deemed University) has also been ranked 12th for International Outlook with in India, 351–400 Band in Asia, 22nd position among Indian Institutions, 65th for Teaching in India, 64th for Industry in India, 32nd for Research Quality in India, 49th for Research Environment in India by Times Higher Education World University Rankings 2024.

QS World University Rankings 2025 has ranked the University 31st globally and 1st in India for Employer Reputation. The University is ranked 216 in Asia, 42nd in Southern Asia, and 23rd in India in the QS World University Rankings (Asia) 2025. QS World University Rankings by Subject 2025 has ranked the university among the top universities, it has been ranked 253rd Globally in Social Sciences and Management, in the 151-200 band Globally in Business & Management Studies, in the 301-375 band Globally in Accounting & Finance, among 551-700 Globally in Economics & Econometrics and among 451-500 Globally in Computer Science & Information Systems.

SIU's research credentials are robust, with numerous Ph.D. students, publications, patents, and R&D projects funded by government and non-government organizations. The Symbiosis Centre for Research and Innovation (SCRI) spearheads research initiatives, fostering a vibrant research culture through well-equipped laboratories and research centers in fields like applied artificial intelligence, medical imaging, behavioral science, stem cell research, urban studies, climate change and sustainability, waste management, and nanotechnology. International collaborations further enhance SIU's research capabilities. To foster entrepreneurship and innovation, SIU has established the Symbiosis Centre of Entrepreneurship and Innovation (SCEI), funded by the Department of Science & Technology, Government of India. The university also promotes women's entrepreneurship through a collaboration with NITI Aayog.

SIU's commitment to social responsibility is evident in its Symbiosis Community Outreach Programme and Extension (SCOPE) Centre. SCOPE has adopted 35 villages, providing healthcare, sanitation, waste resource management, finance & banking, digital literacy, legal counseling, and scholarships. Family Doctor Clinics, Mobile Medical Units, and Mobile Digital Literacy Vans cater to these communities. As a Health Promoting University, SIU has established the Symbiosis Medical College for Women (SMCW), the Symbiosis University and Hospital Research Centre (SUHRC), and centers like the Symbiosis Centre for Emotional Wellbeing (SCEW). In addition to its academic and social contributions, SIU houses the Dr. Ambedkar Museum and Memorial, preserving the legacy of the architect of the Indian Constitution, and the Afro-Asian Cultural Museum, celebrating cultural diversity.

Symbiosis International (Deemed University) has evolved into a global hub of education and innovation, embodying the principles of international understanding, quality education, and social responsibility. With its diverse programs, world-class faculty, and unwavering commitment to research and community engagement, SIU continues to shape the lives of students and contribute to the betterment of society.

SYMBIOSIS CENTRE FOR RESEARCH AND INNOVATION (SCRI):

Symbiosis Centre for Research and Innovation (SCRI), a Research and Development Cell (RDC) of the Symbiosis International (Deemed University) (SIU), was established in 2009 with the objective to facilitate and enhance high standards of research at SIU that will result in quality contribution to the knowledge base in the broad disciplines of the University. The functions of SCRI are aligned with the University's commitment to stay connected with the community by the way of understanding its major issues and problems and to suggest relevant and flexible means to resolve them. In accordance with the University's endeavor to make meaningful contributions to the dialogue around the development of knowledge and policies for society, SCRI facilitates the research journey of the SIU's academic fraternity. The department provides intellectual, academic, and administrative support to the research endeavors to the members of the Faculties and students. The department acts as a nodal unit for enabling the research activities of the SIU fraternity.

SCRI's activities revolve around the Research and Development (R&D) mandate of SIU, which states the following:

- The R&D must be socially relevant, locally need-based, nationally important and globally significant.
- The focus of R&D in the University is aligned with the national priorities of the Government, reflected through various schemes and grants.
- The R&D must be applied, leading to innovation and translational.
- To create R&D hub comprising of medical facilities, diverse research centers, and constituent institutes that promotes interdisciplinary, multidisciplinary, and transdisciplinary research significant to society, and The University's R&D must lead to the

development of the capable and responsible human resource.

SCRI is responsible for research programmes leading to the award of Doctor of Philosophy (Ph.D.) in the following Faculty of Studies: Law, Management, Computer Studies, Medical and Medical & Health Sciences, Media and Communication, Humanities and Social Sciences and Engineering in more than 25 sub-streams (subject areas). The doctoral programme is offered in accordance with UGC (Minimum Standards and Procedures for Award of Ph D Degree), 2022. The University has identified qualified supervisors, has state-of-the-art infrastructure and resources to support the doctoral students. A few postdoctoral fellowships are also offered in dedicated Research Centres: Symbiosis Centre for Nanoscience and Nanotechnology (SCNN), Symbiosis Centre for Stem Cell Research (SCSCR), Symbiosis Centre for Medical Image Analysis (SCMIA) and Symbiosis Centre for Applied Artificial Intelligence (SCAAI).

Besides research programmes and fellowships, SCRI takes care of seed money, support for extramural funding, publications, intellectual property, and research collaborations of the researchers of the University. The department undertakes activities related to protection of intellectual property rights (IPR) and facilitates technology transfer for products and processes developed by SIU along with the collaborators. Statistical support to researchers through a dedicated statistician. This enables quality publications of non-doctrinal, social, ecological, psychosocial, organizational, experimental and observational driven empirical type of studies across all the faculties. Continuous improvement in the quality of research at SIU is facilitated by the University's research collaboration with the organizations such as the Indian Council for Medical Research (ICMR), L&T, Society for Development Studies, Lupin Research Park, Serum Institute of India Pvt. Ltd., KEM Hospital

Research Centre and many more.

The collective research experience at SCRI has supported Faculty Members of SIU for attracting prestigious research grants from the Government under various schemes (such as DST-PURSE, SPARC, DST- SERB, DBT, NABARD, ICSSR) and Non - Government agencies (such as ABTL, Huvepharma SEA Belgium and India, IBM, TCS). In addition to this, internal funds (Minor Research projects and Major Research projects) are also provided to the Faculty and students by SIU. The department's support through hands-on, sensitization, and FDPs has contributed towards rapid increase in the research publications, (both quantitatively and qualitatively), patents, the registration of designs and copyrights, and new collaborative opportunities and recognitions. SIU is an empaneled research agency for conducting evaluation studies for the Government of Maharashtra. Doctoral research of SIU's 1000+ Ph.D. Scholars in different disciplines are facilitated by SCRI. With commitment, focus, and determination, SCRI is tirelessly contributing to the enhancement of research activities at SIU and strengthening its culture of good- quality research.

Main focus of SCRI

- To develop institutional research agenda and formulate policies to reflect a conscious effort for creating a congenial and scholarly climate that nurtures the quality research culture in the University.
- To establish the minimum standards for research activities at SIU that lead to good quality contributions to the existing knowledge.
- To set up a systematic procedure for the administration of research programs and execute them.
- To enrich research capacity and mentor the researchers to translate their effort into high-quality research outcomes.
- To facilitate the research endeavors of the various research centres and the researchers at SIU
- To monitor and evaluate the research output/ performance of the University from micro- to macro-level on concurrent basis

Please may visit <https://scri.siu.edu.in/> for details of the doctoral programmes.

RESEARCH CENTRES

Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR)

Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR). It has been established to facilitate advanced legal studies and research.

SCALSAR facilitates and provides:

- The means including idea architecture and resources for advanced legal studies for post graduate, including LLM students and PhD Students.
- Infrastructure and resources for advanced legal research to the faculty, researchers and post graduate students promoting and facilitating publications in SCOPUS, Web of Science and UGC recognised journals
- To collaborate with institutes under the faculty and departments within SIU, National and International Universities and Agencies for research, consultation, training and extension
- Research, training and consultancy in selected areas of 4 excellence centres aligned with SIU clusters, other research centres and contemporary areas of national and global importance
- Interdisciplinary and multidisciplinary studies and research while interlinking with SIU research clusters
- To act as a think-tank to the Government, hosts Scholars in residence, undertake interdisciplinary

legal studies and research projects, train teachers and design training modules.

- Collaboration with institutes under the faculty and departments within SIU, National and International Universities and Agencies for research, consultation, training and extension
- To disseminate and ensure the outcome of research, training, advocacy and consultation to stakeholders including businesses, law makers, government and non-governmental entities, people of India and the world
- Positive and measurable impact on the society and justice system through inclusive research and training

Since 2012 SCALSAR has been organizing an Annual Research Conference. It grew drawing international participation by 2015. The conference has been drawing on Symbiosis International (Deemed University)'s new impetus to thrust areas, excellence centers and innovation and is titled as SYMROLIC representing an interdisciplinary conference in relation to Rule of Law. The conference also includes a research skills workshop. SCALSAR undertakes Minor and Major Research and Consultancy Projects. In addition to the completed projects including 2 ICSSR Impress Major Projects, there are 4 Major International Projects that are going on. SCALSAR also collaborates with Government bodies and undertakes Law reform initiatives such as Transformation of Criminal Justice System in India submitted to Ministry of Home Affairs, Initiative with Supreme Court of India on Digital Courts Vision & Roadmap: Phase III of the E- Court project, Regional consultation on Review of Criminal law- Improvement in Status of Women organized in collaboration with National Commission for Women etc. The research agenda of SCALSAR will be further strengthened by the recently received Jean Monnet Chair on EU Climate change Law Policy and Governance as well as the Jean Monnet Module. The Community Legal Care Centre, which is a part of SCALSAR, carries

out legal aid as well as community-based projects for various disadvantaged sections of society. Some of the legal aid activities are carried out in collaboration with Pune District Legal Services Authority, Yerwada Central Prison, Criminal Investigation Department Maharashtra and various NGOs. The Centre has adopted Sus village, Tal. Mulshi, Dist. Pune as a part of community outreach programme.

Symbiosis Centre for Stem Cell Research (SCSCR)

Symbiosis Centre for Stem Cell Research (SCSCR) was established as a new initiative of Symbiosis International (Deemed University) on 29th July 2016. The centre is a unique research centre in Pune that performs research exclusively on stem cells. SCSCR was established to initiate both fundamental and translational research in various aspects of stem cell biology. The centre has initiated several research projects on hematopoietic stem cells (HSCs), mesenchymal stem/stromal cells (MSCs), human pluripotent stem cells (hESCs), endometrial organoids, and bone and cartilage specific stem cells. SCSCR has state-of-art equipment to facilitate research of internationally accepted standards.

Symbiosis Centre for Behavioural Studies (SCBS)

Keeping in mind that experimental research methods have a rich academic tradition both in psychology and marketing, Symbiosis Centre for Behavioral Studies has been established with an aim to conduct experimental research in order to publish quality research papers in reputed journals. It's allied agenda of providing consultancy to organizations has also been kept in mind while marshaling the centre amongst industry and academia.

Symbiosis Centre for Medical Image Analysis (SCMIA)

An increased thrust to understand and quantify the complex information conveyed by medical images is at the core of what we do at SCMIA. Developing modern computational techniques that offer the potential for extracting diverse and complex information from imaging data and applying these to a plethora of clinical studies is crucial. These techniques not only support precise quantification but also overcome the limitations of subjective visual interpretation. Furthermore, these methods can facilitate finding specific markers that relate to pathologies as well as aid in treatment planning.

Building on this background, the objectives of this center are as follows:

1. Development of novel computer-based image analysis methods and their application to a wide variety of clinical research studies.
2. Translating the techniques to the clinic, thereby aiding early diagnosis and understanding of the underlying pathology, its management, and clinical decision making.
3. Incorporating the advances in medical imaging and other technologies to develop and steer fundamental research in medical imaging sciences. Currently, the center focuses on neuroimaging (MRI), neuromusculoskeletal disorders (joints, bones, and soft tissues), and breast imaging (ultrasound). Image analysis methodologies include volumetric analysis, diffusion MRI processing and analysis, structural and functional connectomics, statistical learning in imaging, radiomics, population-based analysis, and deep neural networks for image classification. The center plans to diversify research to image analysis of various organs and include multiple modalities in imaging. Development of novel computer-based image analysis methods and their application to a wide variety of clinical research studies Translating

the techniques to the clinic thereby aiding early diagnosis and understanding of the underlying pathology.

Currently, the center focuses on neuroimaging (MRI) and breast imaging (ultrasound). Image analysis methodologies include volumetric analysis, diffusion MRI processing and analysis, structural and functional connectomics, statistical learning in imaging, radiomics, population-based analysis and deep neural networks for image classification. In future, the center plans to diversify research to image analysis of various organs and include multiple modalities in imaging.

Symbiosis Centre for Research in Vaccines and Biologicals (SCRVB)

in collaboration with Serum Institute of India Pvt. Ltd: The Symbiosis Centre for Research in Vaccines and Biologicals (SCRVB) in collaboration with Serum Institute of India Pvt. Ltd., under the Faculty of Medical and Health Sciences shall be established which has been approved in principle. The Symbiosis Centre for Research in Vaccines and Biologicals (SCRVB) shall be monitored by Symbiosis Center for Research and Innovation (SCRI), like all other Research Centres of SIU.

Symbiosis Centre for Research in Media and Creative Industries (SCRMCI)

The Symbiosis Centre for Research in Media and Creative Industries (SCRMCI) has been established under the Faculty of Media and Communication, Symbiosis International (Deemed University), Pune, India.

Objectives

- Conducting high quality and collaborative research in media and creative industries.
- Creating a network of scholars and practitioners in

media and creative industries research.

- Building partnerships and collaborations with academia, industry, government and other agencies and contributing to research and scholarship for the development of more diverse, equitable and inclusive media and creative industries in practice and policy.
- Disseminating research findings through publications and seminars.

Symbiosis Center for Climate Change and Sustainability (SCCCS)

SCCCS was established to develop environmental professionals with strong scientific knowledge who can provide solutions concerning the various environmental challenges that we encounter. SCCCSCS conducts innovative research and currently offers Ph.D. and post-doctoral programs in life sciences, climate change studies, and sustainable development.

One important aspect of our research focuses on the role of microbes, which are often not acknowledged, in climate change mitigation and their important functions in ecosystem services. The Centre is trying to harness the potential of these tiny creatures to abate the impact of climate change and promote sustainability. SCCCSCS is involved in organizing workshops and lectures, taking up restoration projects, Park/Devrai conservations, and DST-funded projects.

SCCCSCS also develops educational courses in Climate Change and Sustainability Studies for UG & PG institutions. In addition to the academic responsibilities, the Centre also engages in collaborative works and conducts social outreach programs involving international and local bodies such as UNICEF, and Pune Climate Warriors for issues relating to climate change, environmental health, and water conservation. Another focus of the work is nurturing the biodiversity of the campus. This work involves documenting, cataloguing and monitoring the flora and fauna species.

SCCCSCS organises eco- tours on the University campus, recreational as well as ecosystem and environment awareness programs for staff and students. The thematic areas, future vision, and expansion plan of the Centre are depicted below.

Symbiosis Center for Urban Studies (SCUS)

The Symbiosis Centre for Urban Studies has been established under the Faculty of Humanities and Social Sciences in Year 2022-23. The Centre focusses on activities related to Capacity Building and Research reorientation concentrating on the vectors of research such as Poverty, Employment and Informalization.

Symbiosis Centre for Ambedkar Studies (SCAS)

The Centre for Ambedkar Studies has been established under the Faculty of Humanities & Social Sciences and is located at Symbiosis Ambedkar Museum and Memorial, Senapati Bapat Road, Pune to undertake studies and research with the intention to understand, assess and disseminate the ideas and thoughts of Dr. B.R. Ambedkar, particularly on subjects like Economics, Political Science, Religion, Philosophy, Constitutional Studies, Education, Social Work, Human Rights as well as other disciplines considered relevant for the attainment of our National Goal of Social Justice.

Symbiosis Centre for Higher Education Research and Policy Advocacy (SCHERPA) :

SCHERPA serves as a multidisciplinary research hub and a policy observatory dedicated to higher education research through diverse lenses. Scholars from various fields collaborate on a wide range of topics, including the internationalization of higher education, economics and financing of higher education, sociology, philosophy, politics, and the management of higher education in India. The Centre maintains a strong emphasis on policy studies, aiming to influence and inform policy making in the sector.

Symbiosis Centre for Nanoscience and Nanotechnology (SCNN)

The Symbiosis Centre for Nanoscience and Nanotechnology (SCNN) has been established to carry out interdisciplinary research in nanotechnology domain. The mission is to push the boundaries of nanotechnology by conducting cutting-edge research, fostering interdisciplinary collaboration, and translating scientific discoveries into practical solutions. Through a commitment to excellence, ethical practices, and societal benefit, it is aimed to pioneer breakthroughs that address critical challenges, empower industries, and contribute to sustainable development.

SCNN conducts pioneering research in nanomaterials, nanodevices, and nano-systems that advances scientific understanding and leads to practical applications. SCNN has completed 6 years of successful journey with establishment of five state-of-the-art laboratories dedicated to advanced functional nanomaterial synthesis, characterization, bioprocess, point-of-care diagnosis and photonics lab.

The leading area of SCNN includes low-cost energy production and storage, affordable healthcare and development of optical sensors. We build a collaborative ecosystem that encourages partnerships

with academia, industry, and government, fostering innovation and technology transfer, raising awareness about nanotechnology and its societal implications.

Symbiosis Centre for Waste Resource Management (SCWRM)

Symbiosis International (Deemed University) in the year 2015, established Symbiosis Centre for Waste Resource Management (SCWRM) to be a pioneer in building knowledge, disseminating awareness and improving practices in the area of sustainable waste management. The centre promotes inter and multi-disciplinary approach for basic and need-based, applied research and efforts in bridging the gap between lab and society with respect to solid and liquid waste management. The current research at SCWRM involves novel technology and process development for solid waste and wastewater treatment, waste valorisation and resource recovery for circular economy and entrepreneurship development, microbiological and biotechnological investigations for development of value products/formulations for industrial applications. The centre is also involved in conducting workshops, training, and awareness programs to promote national agenda of 'Swachh Bharat Mission', and work towards

addressing key issues and challenges pertaining to waste management and sustainability.

A key activity of SCWRM involves providing professional technical consultancy to various stakeholders in the field of solid waste management. SCWRM has consultancy projects with Pune Municipal Corporation (PMC), APMC Mumbai, Lonavala Municipal Corporation, district council of four districts, etc. on diverse aspects of municipal solid waste management. The centre is also an empaneled technical agency with the Government of Maharashtra to implement the national GOBAR-DHAN scheme at district and state levels under Swachh Bharat Mission (G)-II. The centre has several national and international research collaborations with a network of researchers across the globe to address various aspects of waste management, pollution

remediation, resource utilization, waste valorization, climate change and sustainability.

Symbiosis Centre for Applied Artificial Intelligence (SCAAI)

Symbiosis Centre for Applied AI (SCAAI) was established in May 2019. The primary aim of this centre is to spearhead the advancement and novel developments in various application areas and promotion of the advanced research and education in the field of AI. Along with this SCAAI engages in interdisciplinary research to address pertinent issues that could involve a huge spectrum such as finance and banking to healthcare.

LEARNING RESOURCES:

LIBRARY

Symbiosis International (Deemed University) (SIU) is one of India's premier University and a renowned educational hub, comprising multiple institutions across various campuses. It offers quality higher education in diverse fields, including Management, Information Technology, Biomedical Sciences, Engineering, Liberal Arts, Health Sciences, Media and Communication, Architecture and Design, and Legal Education. Each institution has a dedicated library, serving as a vital resource center that supports students and faculty members by fostering teaching, learning, research, and innovation.

With the rapidly evolving digital landscape, e-resources have become an essential component of academic and research activities. SIU libraries are well-equipped with modern facilities and cutting-edge technology to seamlessly integrate both print and digital resources. The growing collection includes books, journals, periodicals, and databases, ensuring that the entire Symbiosis community has access to high-quality academic content.

To enhance accessibility and efficiency, KOHA Integrated Library Management Software has been implemented across all constituent libraries. Online Public Access Catalogue (OPAC) (<http://symbiosis-koha.informindia.co.in>) provides remote access to the book collection and other reading materials from any location.

SIU Central Library, located at the Lavale campus, is housed in a spacious, state-of-the-art building with high-quality amenities and a beautifully landscaped environment. This well-furnished facility offers a serene and inspiring atmosphere, encouraging students to learn, conduct research, and expand their knowledge. The library has embraced emerging technologies to ensure efficient information retrieval, providing seamless access to academic resources.

SIU Central Library subscribes to a diverse range of databases to support faculty members, students, and researchers. These resources are strategically categorized to cater to various academic and research needs. The Full-Text Databases, including ScienceDirect, Emerald Insight, ProQuest, JSTOR, etc., provide access to a vast collection of scholarly articles and research papers. For indexing and citation tracking, Indexing & Abstracting Databases such as Scopus with AI and Web of Science are available. To assess research performance, the library offers SciVal, a powerful Research Performance Assessment Tool. Additionally, Statistical & Business Research Databases like Statista, Harvard Business Review (HBR), Factiva, and QuestionPro provide essential data-driven insights. To maintain academic integrity, the library provides Writing & Academic Integrity Tools, including Grammarly for writing assistance and Turnitin with AI for plagiarism detection. Moreover, Remote Access is facilitated through RemoteX, enabling the SIU community to access digital resources 24/7 from anywhere, along with a dedicated SIU Library Mobile App that offers seamless access to e-resources, account management, and library services on the go.

Central Library is an active member of INFLIBNET, Gandhinagar, playing a key role in submitting research theses to Shodhganga. It is also a member of DELNET and the National Digital Library of India (NDLI), further strengthening its commitment to knowledge sharing and academic excellence.

SIU Library at a Glance

Print Book Collection: 442,297+

Ph.D. Theses: 572+

Print Journals: 764+

E-Journals: 84,490+

E-Books: 3,13,361+

Database: 180+

CDs/DVDs: 14,033+

Library Portal: Provides seamless access to e-resources 24/7 from anywhere for all members – (<https://elibrary.siu.edu.in/home/>)

With its world-class resources, cutting-edge

technology, and commitment to academic excellence, SIU's libraries continue to be an integral pillar of research, learning, and innovation at the university.

Support Departments

SYMBIOSIS TEACHING LEARNING RESOURCE CENTRE (STLRC):

The Symbiosis Teaching Learning Resource Centre i.e. STLRC is established in November 2011, with the aim to help raise the effectiveness and productivity of the Symbiosis faculty in terms of teaching - learning as well as research.

The Symbiosis Teaching Learning Resource Centre (here after referred as STLRC) is Symbiosis International University's catalyst to inspire and mentor the faculty in their roles as Teachers, Researchers and more so as Educational parents. STLRC strives to complement the academic mission of the university by improving the teaching effectiveness and enhancing research ability of the faculty.

STLRC always strives to:

- Improve the Teaching Effectiveness of faculty.
- Sensitize faculty members in the areas of diversity and inclusion, in the teaching learning environments.
- Enable faculty to design innovative assessments.
- Facilitate increased research output.
- Coordinate Domain specific interventions to improve discipline knowledge of the faculty members.

There are various Activities of STLRC which are as follows:

- Planning and execution of various Faculty Development Programmes under the verticals of Teaching, Learning, Evaluation, Research, and domain specific areas for all the eight faculties of the University. 527 Faculty development programmes have been conducted by STLRC. (May

2011 till May 2023)

- MOOC Development Activity: SIU started various interventions such as encouraging learning through online courses, face-to-face workshops, and face-to-face meetings to familiarize SIU faculty members about learner-centric MOOCs. As a result of which four MOOC proposals have been submitted to CEC i.e. Consortium for Educational Communication. These proposals will now be scrutinized by CEC and we will be informed about the acceptance of the proposals. Ten other MOOC proposals are in the pipeline, which will be submitted to CEC.
- Symbiosis International (Deemed University) in association with Maharashtra State Faculty Development Academy (MSFDA) organized a Faculty Development Programme on Techno-pedagogy and Andragogy for Active Learning (TAAL). The TAAL is a '8 days programme' conducted by Symbiosis Teaching Learning Resource Centre (STLRC), in three phases: Phase I – 5 days Residential programme, Phase II – 2 days Online Workshop and Phase III – 1day Refresher. In 2022, two batches of TAAL were conducted in which faculty members from higher education institutions across the State of Maharashtra from varied disciplines had participated.

SYMBIOSIS CENTRE FOR EMOTIONAL WELLBEING (SCEW)

Mental health encompasses our emotional, social and psychological wellbeing and is an essential part of ensuring overall health and wellness. It has a widespread impact on the different facets of one's life. Recognizing the importance of good mental health, the Symbiosis Centre for Emotional Well-being (SCEW) was established in August 2018. SCEW aims to provide promotive, preventive, and curative mental health care services within the Symbiosis community

and emphasizes a model of collaborative care.

Our team comprises of diverse and skilled Mental Health Professionals, deputed to various campuses of SIU and led by their Head, Dr. Girija Mahale, and Deputy Head, Dr. Rahul Bagale. We offer counselling, psychotherapy, and psychiatric consultation services to students, staff, and faculty members across SIU while emphasizing privacy, confidentiality, comfort, and a sense of security for our clients. To ensure extensive outreach and impact, the team undertakes various initiatives and conducts awareness drives, workshops, training programs, and webinars for all stakeholders.

Under the aegis of SIHS, a full-time Undergraduate Degree Program, B.Sc. in Mental Health is been recently launched by SCEW with due consideration to bringing mental health into education and reducing the stigma.

SYMBIOSIS CENTRE FOR INTERNATIONAL EDUCATION (SCIE):

SCIE is a department of the University that provides leadership and support for the University's efforts to internationalize the campus and the curricula. The mandate given to Symbiosis Centre for International Education (SCIE) is to streamline the processes related to international collaborations, participation in international conferences and seminars, international student mobility, setting up of Area Study Centres, etc.

At Symbiosis, there are international students from over 85 countries who undertake undergraduate and postgraduate studies. Students and faculty are repeatedly provided with opportunities to pursue their international academic interests to the fullest, be it through academic exchanges, or exposure to international conferences, seminars, workshops, etc.

Internationalisation at Symbiosis works on multiple tracks, hence, the five divisions in the Symbiosis Centre for International Education include:

1. International Admissions and International Promotions
2. International Student Relations and Events
3. International Collaborations
4. Symbiosis Centre for European Studies (SCES)
5. Symbiosis Centre for India Australia Studies (SCIAS)
6. The Symbiosis Centre for Engagement with Africa (SCEA)

1. International Admissions and International Promotions

Admissions for international students are centralized across all the constituent institutes of Symbiosis International (Deemed University) and are routed through the Symbiosis Centre for International Education (SCIE). The procedure for applying to SCIE is designed, taking into consideration the requirements and difficulties faced by international students. The online admission process has made it accessible for every student to apply from various parts of the world and from the comfort of their homes. Students only need to come to India when they are shortlisted for a specific program of their choice. Software has been tailor-made to suit the admission procedure. The admission process is simplified into easy steps, starting from meeting basic eligibility criteria and verifying the necessary documents to finalizing the payment and confirming the admission. Through the online admission system, students can also make all their payments online and check their admission status online.

SCIE has also taken the initiative of planning promotional campaigns in Africa and Asia. This involves participation in educational exhibitions/ fairs and visiting schools and educational counselors.

2. International Student Relations and Events

This department has the goal of ensuring student comfort at Symbiosis International (Deemed University) and also communicating with foreign students in their home countries. Understanding the importance of ensuring a fulfilling experience, both academic and social, this department focuses totally on assisting foreign students to adapt to their new home. The students are encouraged to contact this department when faced with problems – academic, administrative, and even issues that are not directly related to the University, such as dealing with formalities at the Foreigners' Registration Office (FRO).

We have “buddy” system, which refers to the practice of assigning a mentor to each international student. The “buddy” will be a domestic Indian student, who is familiar with the city of Pune. The “buddy” will be encouraged to help the student overcome challenges big and small – that are related to the institute and the University, as well as everyday problems related to settling down in India.

The department conducts periodic meetings with international students in their individual institutes. The informal meetings are aimed at providing an opportunity to the students to share their experiences, both good and bad, giving them an opportunity to solve these by initiating changes either in policy or regular activities.

SCIE organizes a variety of activities where international students of Pune city are able to meet on a common platform and display their many talents. As a part of enriching students' international experience, SCIE organizes the International Food Festival, the Flag Hoisting Ceremony, NGO visits, Blood Donation Camps, Tree Plantation, Iftar Party, Christmas Party, Diwali Party, Dance Competitions and Sports activities like football tournaments and many more.

SCIE also organizes the International Students'

Convocation Ceremony. The convocation ceremony is an important landmark in a student's life. It is normally organized by universities in India during the month of December. But since most foreign students have already left India by this time, they are deprived of this wonderful memory. SCIE aims to fulfil a students' dream of walking down the aisle with a robe and cap by organizing the International Students Convocation Ceremony.

SCIE is assisted in such activities by the International Students' Council. The International Students' Council is an elected body for the smooth functioning of the activities and events of international students. This department conducts need based workshops for these council members to name a few team building, financial literacy, communication & soft skills, digital marketing, etc. which covers a diverse range of essential skills.

Working in the council provides an opportunity to showcase their leadership skills and community involvement, get the opportunity to explore a range of interests and passions that they might not have discovered otherwise, improve the self-confidence.

3. International Collaborations

At SIU our every endeavor is to look at ways to promote international understanding through quality education. The university believes that internationalisation broadens students' knowledge and understanding of diverse nations, cultures, and global issues, while also strengthening the research capabilities and knowledge creation of faculty and staff. This, in turn, fosters innovative pedagogies and enriches the overall teaching-learning process. To achieve these objectives, the university has international collaborations across the globe. Structured policies for encouraging student and faculty mobility help students to undertake these programs for increasing and ensuring sustainability.

Student Programmes:

Global Immersion Programme:

Under this initiative, SIU students get an opportunity to experience semester abroad/exchange program, attend summer/winter schools, and undertake different international opportunities like internships and participate in international competitions and conference. The university accepts the credits earned by students from partner universities towards their degree completion. Study tours, which provide insights into the academic and cultural offerings of a foreign country, are also encouraged to give students valuable international exposure.

SIU encourages the collaborating universities to send their students for a semester at any of its institutes and transfers the credits earned by these students. The students have the flexibility to choose courses across disciplines.

Collaborative Programmes or International Academic Programmes

SCIE's International Academic Programmes division has initiated Dual Degree, Joint Degree and Pathway programmes, and Progression agreements at undergraduate, postgraduate and doctoral levels with highly ranked partner Universities across various countries, including Australia, the USA, the UK and Russia to name a few.

- a) Dual Degree Programs are jointly designed and offered by SIU and Foreign Higher Educational Institutions in the same disciplines/subject areas and in the same level. The degrees shall be conferred by SIU and Foreign Higher Educational Institutions, separately and simultaneously, upon completion of degree requirements of both institutions.
- b) Dual PhD Programs are a unique opportunity where PhD scholars will have one Supervisor at each institute and will spend at least one semester at each institute during the program. The student will submit only one thesis as per the framework

designed by/ agreed upon by SIU and the partner HEI. The student shall be awarded two separate PhD degrees by both universities.

- c) Joint Degrees are collaborative programs where the curriculum is designed jointly by SIU and Foreign Higher Educational Institutions and, upon completion of the program, the Degree will be awarded by SIU and the collaborating Foreign Higher Educational Institution with a single Certificate.
- d) Pathway Program is an arrangement where the students complete a major portion of their academic requirement of a lower degree program (for instance a Bachelor's degree) at SIU and then seamlessly ladder up to the partner university to complete their program requirement and enter into a Higher Degree (for instance a Master's degree).
- e) Progression arrangements are where the students complete a degree at SIU and proceed to pursue a higher degree at partner HEI. Progression arrangements ensure merit-based scholarships and fee concessions to eligible students.

Study India Programme:

SCIE offers short duration, customized programs imparting international students an unparalleled opportunity to experience a combination of academic content and cultural activities paired with experiential learning. Students get an understanding of the socio-economic, cultural, political, technological aspects of India along with hands-on experience through visits to NGO's, cultural heritage sites, industry visits to name a few, in this program.

Faculty Programs:

SIU believes giving international exposure for students, faculty and staff to develop a global outlook. As part of Internationalization at home, SIU has many programs

where international faculty is invited on campus.

Scholar-In-Residence:

This program encourages faculty to share best academic practices, developing in house global competencies and international links. Faculty who visit SIU on short/long term engagement, conduct guest lecturers/ workshops / Symposia, teaching, reviewing and internationalizing the curriculum, conducting faculty development programs / seminar, conceptualizing, contributing and editing research journals, joint paper presentations in international conferences.

Distinguished Visiting Professor:

Distinguished academicians/ personalities are invited to SIU for short term period to teach courses in their area of expertise, conducting special course / expert workshops, developing grant projects.

Faculty Exchange:

SIU is actively involved in sending its own faculty to foreign universities on short term. This encourages the faculty to get an opportunity to teach students at partner universities. The faculty gets an opportunity to learn new methods of teaching, conducting joint research with faculty having similar research interests and imparting knowledge to the international students while focusing on the Indian or comparative perspectives.

Lecture Series:

SCIE organizes lectures by eminent faculty, industry experts and eminent personalities at different institutes of Symbiosis.

4. Symbiosis Centre for European Studies (SCES)

SCES is a multidisciplinary support department within Symbiosis Centre for International Education launched at the hands of the former Prime Minister of Czech Republic, Mr. Andrej Babiš in January 2019.

SCES lays emphasis on facilitating people-to-people, organisation-to-organisation and institute-to-institute connections with Europe, bringing the best of scholarly expertise to India and encouraging Symbiosis students, faculty and staff mobility to Europe for research projects, engaging with Training & Consultancy projects with European companies and learning through partnerships. SCES is envisioned to be an umbrella support system for all academic/ scholarly/ generic activities with European nations, institutes and companies. Its purview includes all European countries and the European Union.

SCES has actively forged partnerships with European universities through various consortiums under the Erasmus+ Programmes, aiming to foster collaboration in student and faculty mobility, as well as strategic partnerships. These endeavors contribute to capacity building and the exchange of best practices in higher education. Notable collaborations include partnerships with German universities through the DAAD-DIES and DAAD-A New Passage to India programs, facilitating mobility and workshops to promote the internationalisation of higher education.

In addition to these collaborative efforts, SCES has organised the Annual Leadership Series & Conferences, focusing on contemporary issues related to the European Union and its global relationships. Think tanks, diplomats, and ambassadors have shared valuable insights with SCES students and faculty during these forums.

SCES continues to actively engage with European partners through exchanges, E-Academies, E-Symposiums, Remote Internships, Study in India Programmes, and Erasmus+ projects. SCES offers

various activities and programmes, including:

1. Internationalisation @ Home Initiatives: These initiatives aim to enhance global perspectives within the campus environment.

2. Exclusive Opportunities for SCES Students:

- **E-Academies on Internationalisation:** Weekend programs focusing on developing intercultural competencies, with students collaborating with peers from around the world.
- **Your Gateway to Europe:** Bi-annual programs providing in-depth insights into higher education in Europe, featuring illustrious speakers and European student mentors.

Both E-Academies combine learning with cultural, language, and food exchanges, culminating in the annual release of “The World Kitchen,” a culinary book featuring recipes from Indian and international students.

- **Beyond Borders Work from Home Internships:** Offering remote internships for Indian and European students in research, graphic designing, corporate relations (Europe), and social media management. SCES students gain international exposure and work on global projects. The calls are open for all SIU students. Follow this link for more information and application procedure.

3. SCES Student Think Tank: SCES students are invited to participate in the student-led think tank under the Symbiosis Centre for European Studies, also serving as the First Indian Chapter of European Horizons, a global student-led policy incubator founded at Yale University. Email us at sces@scie.ac.in to learn more.

Other initiatives include student and faculty exchanges, credit transfer arrangements, Summer and Winter Schools (Study India Programmes & Bespoke), as well as E-Symposiums, webinars, master classes, and

various opportunities for engagement with Europe. These diverse programs contribute to a comprehensive and dynamic internationalisation strategy at SCES. For more information and engagement, please reach out to us at sces@scie.ac.in.

5. Symbiosis Centre for India Australia Studies (SCIAS)

The Symbiosis Centre for India Australia Studies (SCIAS) envisions serving as a pivotal platform for fostering and strengthening academic, research, and cultural ties between Symbiosis and Australian universities. Established as a strategic initiative of Symbiosis International (Deemed University), SCIAS was formally inaugurated by Mr. Peter Truswell, Consul-General at the Australian Consulate in Mumbai, representing the Department of Foreign Affairs and Trade (DFAT), Government of Australia.

SCIAS functions as an umbrella organization for all collaborative engagements with Australian higher education institutions. Its key activities encompass the facilitation of dual and joint degree programs, academic pathways to master’s degrees, collaborative research initiatives through institutional research centres, and dynamic student and faculty exchange programs. Additionally, the Centre plays a vital role in enabling cross-border internships and experiential learning opportunities for both Indian and Australian students, driven by strategic partnerships with industry stakeholders.

With its multidisciplinary orientation, SCIAS institutionalizes international academic and research efforts, promoting a sustained dialogue in the field of higher education between the two nations. It particularly emphasizes research in the domain of the internationalisation of higher education, with a focus on interregional cooperation, knowledge diplomacy, and policy-driven frameworks. Furthermore, the Centre actively encourages the inclusion of Australian-

focused elective courses at Symbiosis, covering diverse areas such as Literature, History, Society, Culture, Art, Politics, and Indigenous Studies, thereby enriching the global perspective of students. For more information and engagement, please reach out to us at anupama@scie.ac.in.

6. The Symbiosis Centre For Engagement with Africa (SCEA)

Based on its strong past connection with the continent and its people, Symbiosis believes it can positively assist in the capacity building of the African nations by offering world-class education to African students. These students will be future Ambassadors of Goodwill.

Under our 'Engage with Africa initiative' we offer the following with a view to strengthening relations between India and Africa.

1. Golden Jubilee Scholarships where we are offering 80% fee concession in academic fees as well as 50% concession in the hostel and mess fees.
2. Golden Jubilee Free-ships
3. Connecting African students studying at SIU with Indian school students and staff: Positive exchange of cultures and desired change in perception
4. Capacity Building: Teacher Training and Development for African Schools.
5. Representation on International Student Bodies/ Councils.
6. Student Development Workshops

Foreigners' Registration:

Every foreigner coming to India must have a valid Passport and Visa to enter and to continue his /her stay in India.

The foreigner should always carry identification documents, namely:

1. Passport with an endorsed visa
2. Certificate of Residence issued by the concerned authority
3. Residential Permit issued by FRRO/FRO

The foreigner is under obligation to produce the above documents to any Police Officer on demand for inspection.

Foreigners entering India on a long-term visa i.e. for a period more than 180 days, on a Student Visa, Employment Visa, Research Visa, Medical Visa and Missionary Visa are required to get themselves registered within 14 days of their arrival with the concerned FRRO/FRO. Students arriving on short term Provisional Student Visa (Valid for 180 days or less) must also register and confirm their admission within the stipulated visa period to avoid deportation. Upon confirmation of admissions, the students on short term Provisional Student Visa should approach the concerned FRRO/FRO for registration and extension.

The above rules will not be applicable to Pakistani, Bangladeshi and Afghani nationals.

- Pakistani Nationals must report within 24 hours of their arrival
- Afghan Nationals must report within 7 days of their arrival
- Bangladesh Nationals on Student Visa must report within 7 days of their arrival, and within 24 hours of their arrival for other visas

7. Symbiosis Centre for Entrepreneurship and Innovation (SCEI)

Symbiosis Centre for Entrepreneurship & Innovation (SCEI) is a Technology Business Incubator (TBI) promoted by Symbiosis International (Deemed University) and supported by DST Govt. of India. SCEI is a special purpose vehicle (Section 8 Company) established in the year 2016 by the university to promote

entrepreneurship and nurture innovative start-up ideas. SCEI is primarily established with funding from Symbiosis International (Deemed University). SCEI is also on boarded a incubation and mentoring partner on NITI Aayog- Women Entrepreneurship Platform (WEP). SCEI is a Not for Profit Company with a mission of contributing to socio-economic development in the region by promoting and nurturing entrepreneurship. SCEI also supports women entrepreneurs through a dedicated Women Entrepreneurship Wing (WeW). Technical and Business Mentoring is the core strength of SCEI to enable startups to build and commercialize innovative solutions. SCEI also leverages University research and innovation capabilities, and resources to support entrepreneurs in their start-up journey.

Being a part of the Symbiosis family, SCEI is well connected to innovation and Entrepreneurship ecosystem in India. SCEI provides office space, innovation lab access, mentoring support, company registration support, investor access to the start-ups which get incubated at SCEI and even student start-ups across the Symbiosis International (Deemed University)

8. Symbiosis Centre For Alumni Engagement (SCAE)

Symbiosis Centre for Alumni Engagement (SCAE) was established on 10th of November, 2017. SIU established SCAE to work as a central body for alumni related matters. It has created a strategic blueprint to facilitate structured and long-term engagement with alumni. SCAE conducts online surveys to understand their ideas for contributing to initiatives such as career counselling, mentoring, guest lectures, reviewing of programs and events, and the possible establishment of endowments, sponsorships and scholarships.

SCAE communicates regularly with alumni (emails/ newsletters) on achievements and updates concerning SIU and its constituents. Senior leadership reaches

out to alumni through SCAE. It continuously engages with alumni in meaningful dialogue through personal meetings / virtual meetings and webinars. Symbiosis Alumni can support students and fellow alumni through mentoring, career guidance, internship provision and/ or recruitment opportunities. Alumni can gain a sense of fulfilment by 3 E's: Experience, Effort and Endowment.

Symbiosis Centre for Alumni Engagement (SCAE) aims:

1. To nurture and strengthen a symbiotic and long-lasting relationship between Symbiosis and its worldwide alumni community.
2. To create a range of appealing and rewarding programs, meaningful dialogue and exchange of ideas.
3. To achieve excellence in the academic, intellectual and philanthropic pursuits of Symbiosis through continuous engagement with its alumni.
4. To set up a centralized Alumni information and engagement platform to ensure efficient and effective data management, relevant to the needs of Symbiosis for its development.

9. Symbiosis Community Outreach Programme and Extension (SCOPE)

Universities have recognized the enormous potential of higher education to positively impact the health and well-being of students, staff, and the wider community through education, research, knowledge exchange, and institutional practice. With this view, Symbiosis launched Symbiosis Community Outreach Programme and Extension (SCOPE) on 02nd July 2012. The objective is to positively impact the community around. SCOPE works towards achieving sustainable, comprehensive, and integrated development of the 32 identified villages in Mulshi taluka of the Pune district.

SCOPE through its Mobile Medical Units (MMUs) and Rural Digital Literacy Labs offers doorstep delivery of healthcare and digital literacy services in several access compromised and service deficient villages.

Initiatives:

SCOPE undertakes various Health and Community development initiatives in and around the university campus associated with Primary Health Care, Health Awareness and Promotion, and Personal – Social Development. SCOPE also celebrates various health days in our area by conducting health education, general health check-up camps, and other activities in the community. These initiatives are also part of the activities pertaining to Institutional Social Responsibility, Creation of a Healthy Environment, Developing Links with the Community, and Academic and Action Research in the Community. Additionally, students take up community research projects for Master's and Ph.D. programs in the villages. MMUs visit the identified villages per the fixed weekly schedule and covers 32 such villages located in Mulshi taluka catering to a population of 40836 individuals. Since 2012, MMU has delivered preventive, promotive, and curative healthcare services to more than 339953 beneficiaries from villages and also during mega events such as Pandharpur Wari and Bhima Koregaon. We also partner with SUHRC for various activity conduction like the inauguration of the extension center at Kondhwe – Dhavde (Haveli block), Specialist visits at various PHCs of Mulshi and Vadgaon Mawal blocks, Key Opinion Leaders (KOL) visits, Speciality Camps, etc. The Rural Digital Literacy Labs currently offers services in 9 villages and reaches over 200 learners.

Way forward:

We firmly believe that our role as a university goes beyond imparting knowledge and skills to our students and as active agents of change and nation-building.

Service Learning -Credit based course

Service learning is a method of teaching, learning and reflecting that combines academic classroom curriculum with meaningful service throughout the community. As a teaching methodology, it falls under the philosophy of experiential education. Service learning is the engagement of students in activities, which address or meet a community need. Students learn how service makes a difference in them and in the lives of others. It is linked to course/ discipline of students.

Participation of Students in Service Learning:

Service Learning is one of the components, offered to under graduate students under Floating Credits Program. The course is of 4 credits and students have to put in 120 hrs. for community service related to their discipline.

Benefits of Service Learning to Students:

- Increase of self-esteem, analytical skills and social development.
- Sense of empowerment by participating in community service where they are needed, valued, and respected.
- Improved citizenship as a result of active engagement in community life.
- Heightening the student's desire to learn through one's experience.
- Inculcation of leadership skills and values.
- Directly or indirectly application of concepts from the classrooms to the service.

Admission Process for Indian Students:

A candidate aspiring to join a Master of Business Administration (MBA) programme(s) offered by any Institute of SIU has to appear for the common, mandatory Symbiosis National Aptitude (SNAP) Computer Based Test (CBT) which will be conducted at Test Centres.

The candidate needs to:

- [A] Register for SNAP Test(s),
- [B] Pay the registration fee for SNAP Test(s),
- [C] Register for her/his choice of programme(s) offered by various Institutes of SIU,
- [D] Pay the registration fee, separately for each programme.

If shortlisted for a programme applied to, the candidate would then need to participate in the further admission process (GE-PI) of that particular programme.

The registration process (including the payment of the registration fee) for SNAP and Institutes is integrated. A candidate can complete the SNAP as well as programme registration and payment on the same portal (snaptest.org).

All communications with candidate will be done through the official email address info@snaptest.org / no-reply@snaptest.org only. Please ensure that these email addresses are whitelisted in your registered email. If you do not receive the registration/payment confirmation mail, within 24 hours, please check your spam/junk folder just in case these emails got delivered there instead of your inbox.

The structure of the Bulletin is as follows:

Section 1: SNAP Test Registration

Section 2: SNAP Test(s)

Section 3: Shortlisting and Admission Process

Section 4: Merit List Declaration and Admission

Section 1: SNAP Test Registration

- a. SNAP Test registration process
- b. SNAP Test registration fee payment process
- c. Programmes (and the Institute offering them) for which SNAP Test is mandatory
- d. Programmes (and the Institute offering them) for which SNAP Test is not mandatory
- e. Programme registration fee payment process
- f. Cities where SNAP Test will be conducted
- g. Programme Eligibility
- h. Reservation Policy of SIU
- i. Reservation of seats for Nagpur Domicile (SIBM, Nagpur)
- j. International Candidates admission process

Section 2: SNAP Entrance Test

- SNAP Test structure
- Important instructions regarding Admit Card
- Important guidelines regarding SNAP Test

Section 3: Shortlisting and Admission Process

Section 4: Merit List Declaration and Admission

Section 1

SNAP Test Registration

(1) SNAP Test registration process

SNAP Test 2025 will be conducted on three different dates. Please note these dates carefully:

SNAP Test	Date
SNAP 01	December 06, 2025 (Saturday)
SNAP 02	December 14, 2025 (Sunday)
SNAP 03	December 20, 2025 (Saturday)

Timings of the tests will be communicated to the candidates via their Admit Card

A candidate can appear for upto three tests for SNAP 2025. If a candidate appears for more than one test, the higher score will be considered for the final percentile calculation and there will be no normalization. A rigorous process that has been statistically tested will be administered to ensure that unique types of questions are framed under a specific topic across the question papers. The normal spread will ensure that there is no unfair advantage to candidates who opt for any specific test / multiple tests. This will ensure normalisation of the spread of questions across sections. Furthermore, the question papers will be normalised for the level of difficulty across all three tests. No correspondence regarding this will be entertained.

The registration process is as follows:

- i] Click on 'Register'.
- ii] Read all the Instructions carefully and then click on the 'Continue' button to accept the Terms and Conditions.
- iii] Fill in the details requested on the page displayed.
- iv] Click on 'Save & Continue'. An OTP will be sent to the mobile number and email id that you have

entered.

- v] Enter the 'OTP' and submit.
- vi] After successful registration, you will get an e-mail & SMS containing your SNAP ID and password. Use this SNAP ID for all communications regarding the SNAP 2025 entrance test / admission procedure.
- vii] Pay the SNAP entrance test registration fee of INR 2250 per test [government taxes would be additional as and when applicable] non-transferable and non-refundable as per the instructions mentioned on the Registration Portal.
- viii] In addition to that, you are also expected to pay the non-refundable and non-transferable programme registration fee of INR 1000/- [government taxes would be additional as and when applicable] (government taxes would be additional as and when applicable) for each programme that you wish to apply for.
- ix] Please note that payment of only the SNAP entrance test registration fee will not make you eligible for shortlisting in any programme, regardless of your SNAP score. Both fees must be paid as per the instructions provided on the registration portal. Failure to pay the programme registration fee will result in your application not being considered for that programme. No communication will be entertained in this regard.
- x] If you have any queries, please log in to your SNAP ID and click on "Raise A Query" and generate a ticket. Generating a ticket is essential to resolve your query.
- xi] The modes of payment for the programme(s) registration fee is same as that for SNAP.
- xii] Candidate must declare and maintain a valid and unique email account and a mobile phone number throughout the admission process.

xiii] A candidate is required to fill in the correct information in the online registration form which corresponds to her/his credentials.

xiv] Register online on the website www.snaptest.org (upto November 20, 2025 (Thursday)).

Note: No changes shall be permitted after the registration under any circumstances.

xv] A candidate can appear for SNAP on all the dates December 06, 2025 (Saturday), December 14, 2025 (Sunday) and December 20, 2025 (Saturday). If a candidate appears for more than one test, the higher score will be considered for the final percentile calculation.

xvi] Please also note that if any information provided by a candidate is found to be incorrect, the University shall have right to cancel the candidature of that candidate.

3. Note: All communications with candidate will be done through the official email address info@snaptest.org / no-reply@snaptest.org only. Please ensure that these email addresses are whitelisted in your registered email. If you do not receive the registration/payment confirmation mail, within 24 hours, please check your spam/junk folder just in case these emails got delivered there instead of your inbox.

4. Candidate should note that SNAP 2025 is only the first step. Each Symbiosis institute has its subsequent independent admission process post shortlisting.

5. SNAP Test registration fee and programme registration fee of the Institute is non-refundable and non-transferable.

General Terms & Conditions:

1. Upload your latest scanned colour passport size photo at the time of Online Registration. (Your photograph should not be more than 06 months old).

2. Ensure that the information you have filled is accurate. No changes shall be permitted after the registration under any circumstances. Candidates are fully and solely responsible to provide correct information during the application process. If it is found that any information provided by the candidate at the time of filling / submitting the application form is not true, SIU has the right to cancel the application or admission, at any stage, in accordance with its rules and regulations. Any direct or indirect attempt to influence the management and employees of the University / Institute will lead to automatic disqualification of the candidate.

(2) SNAP Test registration fee payment process

A candidate may pay through

- Billdesk Payment Gateway
- Easebuzz Payment Gateway
- Demand Draft.

Pay the SNAP Test registration fee of INR 2250 per test (government taxes would be additional as and when applicable) upto November 20, 2025 (Thursday) as per the instructions mentioned on the website (www.snaptest.org) for Payment of SNAP Test registration fee.

In addition to that, you are also expected to pay the non-refundable and non-transferable programme registration fee of INR 1000/- (government taxes would be additional as and when applicable) for each programme that you wish to apply for.

Note- SNAP Test registration fee and programme registration fee of the Institute is non-refundable and

non-transferable.

Payment Through Demand Draft:

Submit a Demand Draft (DD) of INR 2250 per test (government taxes would be additional as and when applicable) from any Nationalized Bank in favour of "Symbiosis Test Secretariat" payable at Pune.

Choose the mode of Payment as 'DD Payment' in 'Make Payment' Tab. Take a print of the payment advice form, fill in the DD Details, sign and send it along with the DD to the Symbiosis Test Secretariat only at,

Symbiosis Test Secretariat

Symbiosis International (Deemed University)

Gram: Lavale, Tal: Mulshi, Dist: Pune - 412115

Phone Number: 020-61936226/ 020-61936227

The DD should reach Symbiosis Test Secretariat (STS) by 3:00 pm on November 20, 2025 (Thursday). If the DD reaches after this, it will not be considered and will be returned to the candidate. STS will not be responsible for non-delivery or any delay on the part of courier / postal services.

The Symbiosis Test Secretariat (STS) will authenticate the details of the Demand Draft and will send you an email confirming the payment. Only after the realisation of payment, would you be able to view your Admit Card.

All communications with candidate will be done through the official email address info@snaptest.org / no-reply@snaptest.org only. Please ensure that these email addresses are whitelisted in your registered email. If you do not receive the registration/payment confirmation mail, within 24 hours, please check your spam/junk folder just in case these emails got delivered there instead of your inbox.

Candidates must declare and maintain a valid and unique email account and a mobile phone number throughout the Admission process.

The earlier you pay, the higher are your chances to obtain a test date and test city of your choice.

For all SNAP 2025 updates, join our Official Telegram Channel: <https://t.me/SNAP2025Official>

(If telegram is not installed on your device, kindly install it from Google Play Store/Apple AppStore. After installing telegram, please click on the link to join "SNAP 2025 (Official) " Channel)

Instructions:

1. It is also mandatory to pay the registration fee of the desired programme(s) before the closing date of the programme registration fee payment of that/those programme(s). The said fee must be paid through the SNAP website only (snaptest.org).
2. For disputes between the candidate and the Symbiosis Test Secretariat, the candidate should first send an email to registrar@siu.edu.in with details about his/her grievance. If the candidate is not satisfied with the decision of the Registrar, he/she can appeal to the Ombudsman of the University. Information regarding the same is available in <https://siu.edu.in/student-affairs.php>. All disputes between the candidate and Symbiosis Test Secretariat in this regard are subject to the legal jurisdiction of Pune.
3. Any attempt to impersonate or indulge in any malpractice, identified at any stage of the admission process would disqualify the candidate from the admission processes to all PG programmes of Symbiosis International (Deemed University) and may also lead to appropriate legal action as deemed fit.

4. Engaging in any form of malpractice or unfair means will lead to immediate disqualification from the SIU admission process. Providing false information or breaching the prescribed procedures at any stage will result in cancellation of the candidature and disqualification from all future SIU entrance tests. If such misconduct is identified after admission or during the course of study, the disqualification will be enforced retrospectively. Furthermore, tampering with the registration form, admit card, or scorecard, or submitting incorrect information, will be considered a serious offense. In such cases, SIU reserves the right to cancel the candidature and take legal action in accordance with applicable laws.
5. A candidate can appear for upto three tests for SNAP 2025. If a candidate appears for more than one test, the higher score will be considered for the final percentile calculation and there will be no normalization.
6. SNAP Test 2025 Score will be valid only for admission to selected programmes of Symbiosis International (Deemed University) (SIU) for the academic year 2026-27. Admissions to the select programmes at SIU are strictly based on merit, assessment of individual performance in SNAP and other processes prescribed by the University.
7. SNAP 2025 result will be declared on January 09, 2026 (Friday), on snaptest.org and will be available till February 09, 2026 (Monday).

C. Programmes (and the Institute offering them) for which SNAP Test is mandatory:

Sr.	Name of the Institute	Programmes
1	Symbiosis Institute of Business Management (SIBM, Pune)	Master of Business Administration
		Master of Business Administration (Innovation & Entrepreneurship)
2	Symbiosis Institute of Computer Studies & Research (SICSR)	Master of Business Administration (Information Technology)
		Master of Business Administration (Digital Transformation)
3	Symbiosis Centre for Management & Human Resource Development (SCMHRD)	Master of Business Administration
		Master of Business Administration (Infrastructure Development & Management)
		Master of Business Administration (Business Analytics)
4	Symbiosis Institute of International Business (SIIB)	Master of Business Administration (International Business)
		Master of Business Administration (Agri Business)
		Master of Business Administration (Sustainability Management)
5	Symbiosis Institute of Digital & Telecom Management (SIDTM) formerly Symbiosis Institute of Telecom Management	Master of Business Administration (Digital & Telecom Management)
6	Symbiosis Institute of Management Studies (SIMS)	Master of Business Administration
7	Symbiosis Institute of Media & Communication, Pune (SIMC)	Master of Business Administration (Communication Management)
8	Symbiosis Institute of Operations Management (SIOM), Nashik	Master of Business Administration (Operations Management) - M.B.A. (Operations Management)
		Master of Business Administration (Agri Operations Management) - M.B.A. (Agri Operations Management)
		Master of Business Administration (Operations Management) (Dual Degree Programme with Durham University, UK)
9	Symbiosis Centre for Information Technology (SCIT)	Master of Business Administration (Information Technology Business Management)
		Master of Business Administration (Data Science & Data Analytics)

10	Symbiosis Institute of Health Sciences (SIHS)	Master of Business Administration (Hospital & Healthcare Management)
11	Symbiosis Institute of Business Management, Bengaluru (SIBM, Bengaluru)	Master of Business Administration
		Master of Business Administration (Business Analytics)
12	Symbiosis School of Banking & Finance (SSBF) formerly Symbiosis School of Banking Management	Master of Business Administration (Banking & Finance)
		Master of Business Administration (Banking and Finance) (Dual Degree, with Aston University, UK)
		Master of Business Administration (Banking and Finance) (Dual Degree, with Macquarie University, Australia)
13	Symbiosis Institute of Business Management, Hyderabad (SIBM, Hyderabad)	Master of Business Administration
14	Symbiosis School of Sports Sciences (SSSS)	Master of Business Administration (Sports Management)
15	Symbiosis Institute of Business Management, Nagpur (SIBM, Nagpur)	Master of Business Administration
		Master of Business Administration (Food & Agri - Business Management)
16	Symbiosis Institute of Business Management, NOIDA (SIBM, NOIDA)	Master of Business Administration
17	Symbiosis School of Culinary Arts and Nutritional Sciences (SSCANS)	Master of Business Administration (Food Technology and Food Enterprise Management)

D. Programmes (and the Institute offering them) for which SNAP test is not mandatory:

Sr.	Name of the Institute	Name of the Programmes
1	Symbiosis Law School (SLS-Pune)	Masters of Laws
2	Symbiosis Law School (SLS-Noida)	Masters of Laws
3	Symbiosis Law School (SLS-Hyderabad)	Masters of Laws
4	Symbiosis Law School (SLS-Nagpur)	Masters of Laws
5	Symbiosis Institute of Computer Studies & Research (SICSR)	Master of Science (Computer Applications)
6	Symbiosis Institute of Health Sciences (SIHS)	Master of Science (Paramedical Technology)
		Master of Public Health
		Master of Science (Assisted Reproduction Technology and Embryology)
		Master of Science (Behavioural Health Sciences)
7	Symbiosis College of Nursing (SCON)	Master of Science (Nursing)
		Nurse Practitioner in Critical Care Post Graduate Residency
8	Symbiosis School of Biomedical Sciences (SSBS)	Master of Science (Biotechnology)
		Master of Science (Biochemistry)
		Master of Science (Biotechnology) Dual Degree
9	Symbiosis Institute of Media & Communication (SIMC)	Master of Arts (Film, Television & Digital Production)
		Master of Arts (Journalism & Media Industries)
10	Symbiosis School of Economics (SSE)	Master of Science (Economics)
		Master of Technology (Artificial Intelligence and Machine Learning)
		Master of Technology (Robotics and Automation)
		Master of Technology (Engineering Design)
		Master of Technology (Geoinformatics)
		Master of Technology (Automotive Technology)
		Master of Technology (Embedded Systems)
12	Symbiosis School of International Studies (SSIS)	Master of Arts (International Studies)
13	Symbiosis Institute of Geoinformatics (SIG)	Master of Science (Geo-informatics)
		Master of Science (Data Science & Spatial Analytics)
		Master of Science (Data Science & Spatial Analytics) - Dual Degree
14	Symbiosis Statistical Institute (SSI)	Master of Science (Applied Statistics)
15	Symbiosis School of Culinary Arts and Nutritional Sciences (SSCANS)	Master of Science (Nutrition & Dietetics)

E. Programme registration fee payment process

A candidate aspiring to join a Master of Business Administration (MBA) programme(s) offered by any Institute of SIU is also required to register as well as pay the registration fee of her/his desired programme(s) before the closing date of programme registration fee payment of that/those programme(s). The fee must be paid only through the SNAP website (snaptest.org). This is in addition to registering for and paying the registration fee for the SNAP Test.

The programme registration fee is INR 1000 for each programme (government taxes would be additional as and when applicable). If a candidate wishes to apply to more than one programme, s/he will have to pay an additional INR 1000 for each additional programme applied to (government taxes would be additional as and when applicable).

Note - Institute programme registration fee is non-refundable and non-transferable.

If a candidate wants to pay the programme registration fee through Demand Draft, s/he should make a Demand Draft of INR 1000 for each programme (government taxes would be additional as and when applicable). The rest of the process is the same as that for SNAP Test 2025 (Payment Through Demand Draft).

Note -Even after the closing date of SNAP test registration fee payment, a candidate may still pay the programme(s) registration fee through SNAP website till the closing date of the respective programme(s).

An Institute may offer more than one programme. Candidate should ensure that the preferred programme(s) is / are selected and the programme registration fee is paid for before the closing date.

Different programmes may have different closing date for programme registration fee payment. A candidate should visit the website of the concerned Institute(s) to check the same.

F. Cities* where SNAP Test 2025 will be conducted:

SNAP Test 2025 will be conducted in 79 cities all over India.

Sr No	City	Sr No	City	Sr No	City
1	Agra	28	Guwahati	55	Nagpur
2	Ahmedabad	29	Gwalior	56	Nashik
3	Ajmer	30	Hubballi	57	New Delhi - Gurugram
4	Aligarh	31	Hyderabad	58	Noida
5	Ambala	32	Indore	59	Panjim - Mapusa
6	Amravati	33	Jabalpur	60	Patiala
7	Amritsar	34	Jaipur	61	Patna
8	Asansol	35	Jalandhar	62	Prayagraj
9	Bareilly	36	Jammu	63	Pune
10	Belagavi	37	Jamshedpur	64	Raipur
11	Bengaluru	38	Jodhpur	65	Rajkot
12	Bhilai	39	Kakinada	66	Ranchi
13	Bhopal	40	Kalyani - Hooghly	67	Roorkee
14	Bhubaneswar	41	Kanpur	68	Rourkela
15	Chandigarh - Mohali	42	Kolhapur	69	Shillong
16	Chennai	43	Kolkata	70	Shimla
17	Chhatrapati Sambhaji Nagar (Aurangabad)	44	Kota	71	Siliguri
18	Coimbatore	45	Kottayam	72	Surat
19	Dehradun	46	Kozhikode	73	Thiruvananthapuram
20	Dhanbad	47	Kurnool	74	Thrissur
21	Dibrugarh	48	Lucknow	75	Udaipur
22	Ernakulam - Kochi	49	Madurai	76	Vadodara/Anand
23	Faridabad	50	Mangaluru	77	Varanasi
24	Gandhinagar	51	Meerut	78	Vijayawada
25	Ghaziabad	52	Moradabad	79	Visakhapatnam
26	Greater Noida	53	Mumbai - Navi Mumbai - Thane		
27	Guntur	54	Mysuru		

***SIU reserves the right to add/delete/change the test cities due to unavoidable circumstances without prior intimation.**

No request for a change of test date or test city will be entertained once a candidate has paid the SNAP Test registration fee. Test City and Test Date are allocated on a first come, first serve basis. **The earlier you pay, the higher are your chances to obtain a test date and test city of your choice.** The Test Timing, Test Centre and its address will be printed on the Admit Card. (The Admit Card will be live on the SNAP website snaptest.org).

It is advisable that candidate decides prior to registration, which test(s) he/she wants to appear for as in a computer-based test, the test Centre capacities are limited.

SIU reserves the right to change or allot a city other than the one requested by the candidate if the requested city is not available for any reason.

While all efforts will be made to ensure that a candidate gets a test city as per her/his preferences, however, in some exceptional circumstances, a different test city in a nearby area may be allotted.

Computer-based testing is a proven and reliable process administered to tens of millions of people yearly. As with paper and pencil testing, or virtually every other human endeavour, many problems could occur that might prevent a test from being delivered and/or a result from being generated. In the unlikely event this does occur, every effort will be made to correct the problem, up to and including the administration of another test.

Honourable Sir's birthday

G. Programme Eligibility:

Name of the Institute	Name of the Programme	Eligibility Criteria
SIBM, Pune SCMHRD SIBM, Bengaluru SIBM, Hyderabad SIBM, Nagpur SIBM, Noida	Master of Business Administration	Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Castes/ Scheduled Tribes).

Disclaimer:

The candidate is advised to check the eligibility criteria for the desired programme(s). SIU / Institute will not be responsible, if the candidate applies for programme(s) for which s/he is not eligible.

H. Reservation Policy of SIU

Following will be the reservation policy for admission to any programme (offered by any Institute) of SIU (except Symbiosis Institute of Management Studies, which has a separate policy#)

[A] Within Sanctioned Intake:

i) **Scheduled Castes Candidates:** (15% of seats within the sanctioned intake)

The University has provided for reservation to the extent of 15 % for all its academic programmes to Scheduled Castes Candidates, as defined under Article 341 of the Constitution.

ii) **Scheduled Tribes Candidates:** (7.5% of seats within the sanctioned intake)

The University has provided for reservation to the extent of 7.5 % for all its academic programmes to Scheduled Tribes Candidates, as defined under Article 342 of the Constitution.

iii) **Persons with Disabilities (PwD) at SIU: (3% of seats within the sanctioned intake)**

In compliance to the Government directives on Disability Guidelines issued by the Office of the Chief Commissioner for persons with disabilities vide Ministry of Social Justice and Empowerment, New Delhi notification no. 16-18/97 on 1st June 2001, The Rights of Persons with Disabilities Act, 2016 dated 27th December 2016 and University Grants Commission Notification No.F.6-1/2006 (CPP-II/SCT) dated 30/09/2009, the University has made provision of reserving 3% seats for Persons with Disabilities (PwD) candidates in all its Constituents.

The types of disabilities covered are: -

Physical Disability

- Locomotor Disability
- Leprosy Cured Person
- Cerebral Palsy
- Dwarfism
- Muscular Dystrophy
- Acid Attack Victims
- Visual Impairment
- Blindness
- Low Vision
- Hearing Impairment
- Deaf
- Hard of Hearing
- Speech and Language Disability

Intellectual Disability

- Specific Learning Disabilities
- Autism Spectrum Disorder

Mental Behaviour (Mental Illness)

Disability caused due to -

- Chronic Neurological Conditions such as:
 - o Multiple Sclerosis
 - o Parkinson's Disease
- Blood Disorder:
 - o Haemophilia
 - o Thalassemia
 - o Sickle Cell Disease

iv) Children/ Wards of Defence personnel / Defence Special Category: Children / Wards of Defence personnel means children/ wards of those Defence Personnel who are serving / retired Defence personnel from Army, Navy, Air Force. Retired Defence personnel are those who fall in the category of ex-servicemen as laid down in Ministry of Defence letter no. 36035/5/85- Est (SCT) dated 14 April 1987. It also includes children of Defence personnel, who died while in service or after retirement

The University in terms of the provisions of Memorandum of Association (MoA) between Symbiosis and Ministry of Defence, Govt. of India dated 10th July, 2000 provides for reservations up to the extent of 90% for Master of Business Administration programme of Symbiosis Institute of Management Studies (SIMS), comprising of 80 % for Children/ Wards of Defence personnel and 10 % for Special Defence Category.

*** The definition for Defence Personnel is:**

The term Defence Personnel would mean only those serving / retired Defence personnel from Army, Navy, Air Force. Retired defence personnel are those who fall in the category of ex-servicemen as laid down in Ministry of Defence letter no 36035/5/85- Estt (SCT) dated 14 April 1987. It includes defence personnel who died while in service or after retirement.

The University also provides 5 % reservation within the sanctioned intake for Children/ Wards of Defence Personnel in Institutes as listed below: -

(i) Master of Business Administration (International Business) programme conducted by Symbiosis Institute of International Business (SIIB), Pune

(ii) Master of Business Administration (Digital and Telecom Management) programme conducted by Symbiosis Institute of Digital & Telecom Management (SIDTM), Pune

(iii) Master of Business Administration (Information Technology Business Management) programme conducted by Symbiosis Centre for Information Technology (SCIT), Pune

(iv) Master of Business Administration (Information Technology) programme conducted by Symbiosis Institute of Computer Studies & Research (SICSR), Pune

Note: Candidates applying for Children/wards of Defence Personnel other than above mentioned four programmes will be considered as candidates in the OPEN Category.

Note: A candidate who is interested to apply under the category "Children/ Wards of Defence Personnel" for any of the above-mentioned programmes, should select the category "Children/ Wards of Defence Personnel" for each programme separately.

For Symbiosis Institute of Management Studies (SIMS): As per MoU with Ministry of Defence clause no. 13 sub clause (d) The term Defence Personnel would mean only those serving / retired Defence Personnel from the Army, Navy and Air Force who fall in the category of ex-serviceman as laid down vide Ministry of Defence Letter no. 36034/5/85 -Estt (SCT) dated 14th April, 1987.

Reservation of Seats within the intake is:

- **Defence Open:** 80% seats for Defence personnel and their dependents (Children / Ward / Spouse) of Defence personnel (as per merit).
- **Defence Special:** 10% seats for Defence personnel and their dependents (Children / Ward / Spouse) in consultation with Headquarters, Southern Command should cater for
 - Killed in action (war, counter insurgency or war like operation)
 - Disabled in action (war, counter insurgency or war like operation) with more than 50% disability
 - Next of kin of service personnel who have died while in service, death being attributable to military service (as per merit)
- **Open / Industry Category:** 10% seats are in open category to civilian candidates under open or sponsored / recommended by the Industry (as per merit).

Reservation of Seats over and above intake:

Of Officers of Armed Forces on Study Leave as authorized by respective Services HQs are granted automatic admission subject to meeting eligibility criteria.

[B] Supernumerary Quota (Over and above the sanctioned intake):

In addition to the above reservations, the University also admits candidates under Supernumerary Quota, as follows:

- (1) Kashmiri Migrants and Kashmiri Pandits/ Kashmiri Hindu Families (Non-Migrants) living in Kashmir valley: 02 (two) seats per programme.

- (2) International candidates: a maximum of 20% of the approved sanctioned intake [International candidates includes viz. Foreign National (FN), Persons of Indian Origin (PIO), Overseas Citizen of India (OCI) & Non-Resident Indian (NRI)].

The percentage of reservations and the existence of the categories in the reservations are subjected to vary from time to time.

A candidate applying under any of the reserved category (Scheduled Caste / Scheduled Tribes / Persons with Disabilities (PwD) / Kashmiri Migrants & Kashmiri Pandits / Kashmiri Hindu Families (Non- Migrants) living in Kashmir Valley) are mandatorily required to submit relevant document issued by competent authority. Any participation at any stage of admission process by such candidate is purely provisional and will always be subject to verification and authentication of such relevant document.

In case a candidate falls under more than one of the above categories (e.g. Scheduled Caste as well as Persons with Disabilities (PwD) or any other combination), s/he would need to select any one Category (i.e. either Scheduled Caste OR Persons with Disabilities (PwD) in the case of example mentioned above) at the time of filling up the SNAP registration form. The category selected by the candidate at the time of filling the registration form will be considered to be her/his category for the entire admission process and her/his benefits and entitlements shall be according to such selected category. S/he will not be able to claim benefit under the other category/ies at any stage of admission on any account whatsoever.

A candidate belonging to any reserved category should note the eligibility requirements carefully before applying. While it is the endeavour of SIU that a candidate belonging to SC/ST/PwD category joins a programme as per the SIU norms, s/he has to meet the minimum eligibility criteria. A certain minimum level of

performance in SNAP test is required to be considered for the subsequent admission process.

Please also note that if any information provided by the candidate in respect of her/his category is found to be incorrect, the University shall have the right to cancel the candidature of the candidate at any stage of the admission process. Instances of any incorrect information or process violation detected at any stage of the Admission process will lead to immediate disqualification of the candidate from the Admission process and he/she will not be allowed to appear for SNAP in the future. If such instances go undetected during the current Admission process but are detected in subsequent years, such disqualification will take place with retrospective effect.

*** Persons with Disabilities (PwD) at SIU**

In compliance to Government directives on disability guidelines issued by the office of the Chief Commissioner for Persons with Disabilities vide Ministry of Social Justice & Empowerment, New Delhi notification no. 16-18/97 dated 01st June 2001 and University Grants Commission Notification No. F.6-1/2006 (CPP-II/SCT) dated 30/09/2009, SIU has made provision of reserving 3% seats for Persons with Disabilities (PwD) candidates in all the programmes offered by all the Institutes of SIU.

The types of disabilities covered are: -

Physical Disability

- Locomotor Disability
- Leprosy Cured Person
- Cerebral Palsy
- Dwarfism
- Muscular Dystrophy
- Acid Attack Victims

- Visual Impairment
- Blindness
- Low Vision
- Hearing Impairment
- Deaf
- Hard of Hearing
- Speech and Language Disability

Intellectual Disability

- Specific Learning Disabilities
- Autism Spectrum Disorder

Mental Behaviour (Mental Illness)

Disability caused due to -

- Chronic Neurological Conditions such as:
 - Multiple Sclerosis
 - Parkinson's Disease
- Blood Disorder:
 - Haemophilia
 - Thalassemia
 - Sickle Cell Disease

* Persons with Disabilities (PwD) candidate means a candidate having any of the disabilities in accordance with the Persons with Disabilities Act – 1995 and as per revised Gazette of India Registered no: DL – (N)04/0007/2003-16 dated December 28, 2016.

Process to be followed for Persons with Disabilities (PwD):

- The candidate applying for the entrance tests / admission in the Persons with Disabilities (PwD), selects the type of disability available in the PwD options on the portal.
- A Persons with Disabilities (PwD) candidate is required to upload his/her copy of Disability Certificate issued by Competent Government Medical Authority the AND Unique Disability ID (UD ID) Card at the time of registration for entrance/admission of SIU to ascertain percentage and the type of the disability.
- The Medical Superintendent, SUHRC through Medical Board shall ascertain the genuineness of the said documents. Once the documents are found authentic and correct by the Medical Board, SUHRC, his/her eligibility will be certified under the PwD category.
- Note-If a candidate selects Persons with Disabilities (PwD) in the Registration form and s/he requires scribe/writer facility please note SIU will not be providing scribe/writer. The candidate has to make her/his own arrangement for scribe/writer. The scribe/writer should not have completed studies beyond the Class XII. Request for approval for scribe/writer should be sent to info@snaptest.org. The approval email and supporting documents should be carried at the time of appearing for the SNAP Test.

As per SIU norms, a Persons with Disabilities (PwD) is provided with 20 minutes of compensatory time for every 60 minutes of test.

A. Reservation of seats for Nagpur Domicile (SIBM, Nagpur)

Domiciled: (25% of seats within the sanctioned intake- Only in case of Constituents at Off-Campus center, Nagpur)

In accordance with Clause A of Schedule C of the Lease Deed signed between Nagpur Municipal Corporation, Nagpur and Symbiosis, Pune on 4th September, 2017, the University has reserved 25% seats against the approved intake in each programme offered at the Off-campus Centre of the University at Nagpur for Nagpur Domiciled candidates.

The definition for Nagpur Domicile is:

Nagpur **Domiciled'** means candidates, who are domiciled in Nagpur for a period of 5(five) years as on the date of commencement of the academic year and who (a) are or will be graduates or students of Nagpur University, and/ or (b) are recipients of school certificates from the Maharashtra State Board of Secondary and Higher Secondary Education, the Council of Indian School Certificate Examinations, and/ or the Central Board of Secondary Education (CBSE)/ ICSE Board.

While giving admission under the Nagpur domicile category-

- **Residence Criterion:** Resident of Nagpur Urban (five continuous or intermittent years) is mandatory,
- **Educational Criterion:** The candidate should fulfil one of the following criteria

(a) graduate or pursuing graduation from Nagpur University

- OR -

(b) school certificates (10th and 12th) from (i) Maharashtra Board, (ii) CISCE (iii) CBSE, (iv) ICSE (It simply means 10th and 12th passed certificates from other State Boards and foreign school boards are NOT accepted)

B. International Candidates admission process

The Symbiosis Centre for International Education (SCIE)

The Symbiosis Centre for International Education (SCIE) is a department of the University, providing leadership & support for the University's efforts to internationalise the campus and the curricula. The admissions are centralized for all the Institutes of Symbiosis International University (SIU) and routed through SCIE. The online admission facility has made it possible for a candidate to apply from any part of the world from the comfort of his/her home.

Foreign National (FN):

A candidate is eligible to apply as a Foreign National (FN) if she/he is a citizen of any country other than India and holds a foreign passport.

Overseas Citizenship of India (OCI):

A candidate is eligible to apply as OCI if she/he is granted with Overseas Citizenship of India and has an OCI card.

Person of Indian Origin (PIO):

A candidate is eligible to apply as a Person of Indian Origin (PIO) if she/he has a PIO card, and is a citizen of a country other than India.

[As per the Government of India Notification dated 9th January 2015, the existing Persons of Indian Origin card holder registered as such shall be deemed to be Overseas Citizens of India card holders (OCI).]

Non-Resident Indian (NRI):

A candidate is eligible to apply as a Non-Resident Indian (NRI) if she/he is an Indian National and has appeared

for the 12th examination (equivalent to the Indian 12th) or graduation outside India. It is mandatory for one of the two qualifying examinations to be taken outside India.

If the candidate is applying under International category as NRI entrance exam is not mandatory, candidate will have to register and apply through Symbiosis Centre for International Education. Please visit www.scie.ac.in

Important:

- 1) Foreign National candidate have to apply through SCIE
- 2) Foreign National / Overseas Citizenship of India (OCI)/ Person of Indian Origin (PIO) candidate exempted from the entrance test. Candidate has to appear for English Proficiency Test.

To assist a candidate with her/his application to SIU a detailed stepwise procedure is available on <https://scie.ac.in/> The candidate can apply online through the user-friendly online application portal.

Every candidate is urged to note that no donation or capitation fee is required to be paid for admission to any of the Symbiosis institutes. Parents and students are cautioned against falling prey to any such assurance/ offer by any individual or outside agency.

Inauguration of SAI

Section 2

SNAP Entrance Test

A. SNAP Test 2025 Structure

Nature of Question Paper / Topics and Marks Allotted

Section	Questions	Marks Per Correct Answer	Total Marks
General English: Reading Comprehension, Verbal Reasoning, Verbal Ability	15	1	15
Analytical & Logical Reasoning	25	1	25
Quantitative, Data Interpretation & Data Sufficiency	20	1	20
Total	60		60

***Note: Depending on any unavoidable circumstances, the schedules as well as the nature/structure of the test can change, and all tests can be conducted entirely online or entirely offline or in a combination of both modes at the discretion of SIU.**

- ✓ Please note that the SNAP Test 2025 will be conducted in Computer Based Test (CBT) mode.
- ✓ SNAP 2025 Test duration is of 60 minutes.
- ✓ SNAP 2025 Dates are as follows:
 1. December 06, 2025 (Saturday)
 2. December 14, 2025 (Sunday)
 3. December 20, 2025 (Sunday)
- ✓ SNAP TEST 2025 timing's will be available on the Admit Card
- ✓ SNAP Test is an objective test. Each question has four responses. The candidate should choose an appropriate response.
- ✓ Each wrong answer attracts 25% negative marks.
- ✓ Utmost care is taken to prepare an error free question paper. However, if an error is detected in the question paper, the Scrutiny Committee shall take an appropriate decision after the tests, which shall be final.
- ✓ A candidate can appear for upto three tests for SNAP. If a candidate appears for more than one test, the higher score will be considered for the final percentile calculation and there will be no normalization. A rigorous process that has been statistically tested will be administered to ensure that unique types of questions are framed under a specific topic across the question papers. Normal spread will ensure that there is no unfair advantage to candidates who opt for any specific test / multiple tests. This will ensure normalisation of the spread of questions

across sections. Furthermore, the question papers will be normalised for the level of difficulty across all three tests. No correspondence regarding this will be entertained.

- ✓ Any malpractice / use of unfair means will lead to your disqualification from the admission process of SIU. Instances of any incorrect information or process violation detected at any stage of the Admission process will lead to immediate disqualification of the candidate from the Admission process and he/she will not be allowed to appear for SNAP in the future. If such instances go undetected during the current Admission process but are detected in subsequent years, such disqualification will take place with retrospective effect.

B. Important Instructions regarding Admit Card

1. The SNAP Test Admit Card must be downloaded and printed from the official SNAP website [snaptest.org]. Admit Cards will be available from November 28, 2025 (Friday) for SNAP Test 01, December 08, 2025 (Monday) for SNAP Test 02, and December 15, 2025 (Monday) for SNAP Test 03. Black and white printouts will not be accepted.
 2. Please ensure that your latest passport size, colour photograph is pasted on the Admit Card at the place provided for before appearing for the test (Your photograph should not be more than six months old).
 3. Admit Card along with Original Photo Identity proof should be carried to the Test Centre at the time of the test. An acceptable photo identity is any one of the following:
 - Passport.
 - Driving license.
 - Voter ID Card.
 - Pan Card
 - AADHAR Card (UID)
- Note:** Soft copy of identity proof will not be accepted.
4. An authorized person will verify and authenticate your Admit Card against the Original photo ID on the day of the test. Please preserve this authenticated Admit Card for further admission processes (GE-PI).
 5. The candidate should note that an authenticated Admit Card is an important document without which the s/he will not be permitted to appear for further Admission processes of SIU. If the Authenticated Admit card is lost, a duplicate Admit Card will not be issued. It should be retained till the admission process is over.
 6. Cell phones, calculators, watch calculators, alarm clocks, digital watches with built-in calculators/memory, or any electronic gadgets—including smart devices such as smartwatches, fitness bands, Meta Glass, or similar wearable technology—will not be allowed in the test hall.
 7. Candidates will not be allowed to leave the test hall till the test is completed. After submission of the test, candidate will not be allowed to re-enter the test hall.
 8. Candidates are advised to locate allocated test Centre at least a day in advance to avoid any issue on the day of the test. Candidates who reach the test centre late due to any reason, will not be allowed to enter the same under any circumstances after the gates are closed.
 9. Travel and staying (if applicable) arrangements will need to be done by the candidate.
 10. The scores published by the SIU shall be final and shall not be subject to any appeal or revaluation.
 11. Persons with Disabilities (PwD) / Scheduled Caste/ Scheduled Tribes / Kashmiri Migrants and Kashmiri Pandits/Kashmiri Hindu Families (Non-Migrants) living in Kashmiri Valley category candidates are requested to upload their relevant document (s)

while registering for the SNAP.

12. Any attempt to impersonate or indulge in any malpractice, identified at any stage of the admission process would disqualify the candidate from the admission processes to all postgraduate programmes of Symbiosis International (Deemed University) and may also lead to appropriate legal action as deemed fit.
13. If it is discovered that you have consumed any prohibited substances, entry to the test center will be denied.
14. Engaging in any form of malpractice or unfair means will lead to immediate disqualification from the SIU admission process. Providing false information or breaching the prescribed procedures at any stage will result in cancellation of the candidature and disqualification from all future SIU entrance tests. If such misconduct is identified after admission or during the course of study, the disqualification will be enforced retrospectively. Furthermore, tampering with the registration form, admit card, or scorecard, or submitting incorrect information, will be considered a serious offense. In such cases, SIU reserves the right to cancel the candidature and take legal action in accordance with applicable laws.

undergo security process as well as admit card and ID proof verification.

2. Candidates will not be allowed to enter the test centre premises after the start of the test.
3. Duration of the test is 60 minutes. (excluding Persons with Disabilities (PwD), compensatory time is 20 minutes per hour).
4. The Test Invigilator will check your Admit Card and Original ID proof and authenticate the same.
5. The candidate may attempt any section in any order.
6. The candidate found using any unfair means will forfeit her/his chance of being considered for admission and will be debarred from receiving SNAP Test scores.
7. Only candidates who have taken the SNAP Test 2025 (SNAP) are entitled to receive the SNAP Test 2025 score card. Candidates are advised to take printout of this score card which shall be candidate's official result. A candidate should note that the SNAP Test 2025 score card is an important document, without which the candidate will not be permitted to appear for the further selection process of institute(s). The score card should be retained until the completion of the programme, if admitted.

C. Important guidelines regarding SNAP Test 2025

1. The candidate is required to report at the Test Centre two hours prior to the start of the test to

Section 3

Shortlisting and Admission Process

Shortlisting for Group Exercise and Personal Interaction (GE-PI):

A candidate will be shortlisted for further admission process (GE-PI) based on her/his overall SNAP Percentile. Please check the respective Institute website for information and dates of GE-PI.

The further admission process is conducted separately for each programme by each Institute. The cut-off for shortlisting is also calculated separately for each programme. Based on her/his overall SNAP percentile, a particular candidate may get shortlisted for more than one programme. In such a scenario the candidate is expected to participate in the GE-PI for each programme separately.

****Disclaimer:**

It is mandatory to attend all components/tests of GE-PI to be eligible for admission to any PG programme. Only the candidate who attends all components/tests of the Admission process (GE-PI) shall be considered as eligible for the generation of merit/wait/reject list. The candidate who remains absent for any one of the components/tests will be considered as ineligible for the Admission process of any of the Master of Business Administrations (MBA) programmes of SIU.

Section 4

Merit List Declaration and Admission

Merit list will be based on the following parameters:

SNAP Score (out of 60, scaled down to 50 marks)	Group Exercise (GE)	Personal Interaction (PI)	Total
50	10	40	100

Category-wise cut off for Merit List and Wait List will be displayed on the website of the respective Institutes. Wait list movement will depend upon the vacant seats available.

SNAP Test 2025 Score will be valid only for admission to selected programmes of SIU for the academic year 2026-27.

Please note that this admission is provisional and will be confirmed on payment of fees on or before the due date and subject to fulfilment of eligibility conditions of the respective programme(s) and in accordance with the rules of the SIU.

Every candidate is urged to note that no donation or capitation fee is required to be paid for admission to any of the Symbiosis institutes. Parents and students are cautioned against falling prey to any such assurance/offer by any individual or outside agency.

Admission Process for International Students

To assist students with their application to Symbiosis International (Deemed University), a detailed stepwise procedure is available on www.scie.ac.in where students can avail the user-friendly online application process.

Category

- **Foreign National (FN):**

Foreign National shall mean citizens of all countries other than India, who are not of Indian origin as defined under the expression PIO/OCI. Such Foreign Nationals are eligible to apply as Foreign Nationals.

Provided that any subsequent changes in the definition as may be notified by the Govt. of India shall have the same latest meaning respectively assigned to them. The other expressions not defined herein shall have the meaning as may be assigned any subsequent notification of Govt. of India.

- **Overseas Citizenship of India (OCI):**

A student is eligible to apply as OCI if he/she is granted with Overseas Citizenship of India and has an OCI card.

- **Person of Indian Origin (PIO):**

A student is eligible to apply as a Person of Indian Origin (PIO) if he/she has a PIO card, and is a citizen of a country other than India.

[As per the Government of India Notification dated 9th January 2015, the existing Persons of Indian Origin card holder registered as such shall be deemed to be Overseas Citizens of India card holders (OCI).]

English Proficiency Test is mandatory for the foreign nationals / OCI / PIO students. Student has an option to either appear for IELTS (conducted by British Council) or IELEA (conducted by Symbiosis). The minimum score

required for IELTS is 6 and for IELEA band 4.

- **Non-Resident Indian (NRI):**

A Non-Resident Indian (NRI) shall mean an Indian citizen (with Indian passport) person who has not been in India for a period of 730 days or more during the preceding seven years. A student is eligible to apply as a Non-Resident Indian (NRI) if he/she is an Indian National and has appeared for the 12th examination (equivalent to the Indian 12th) or graduation from outside India. It is mandatory for one of the two qualifying examinations to be given outside India.

Recognition of Board and University

Admissions are in conformity with the guidelines set by the Association of Indian Universities and the Statutory Bodies of India like the Indian Nursing Council, All India Council for Technical Education, Bar Council of India, etc. Only candidates who have the requisite qualification from foreign universities or Boards of Higher Education accredited and recognized by the Association of Indian Universities (AIU), Govt. of India, New Delhi are eligible to apply at Symbiosis institutes for admission. If required, candidates will be asked to obtain the 'eligibility certificate/equivalency certificate' from the Equivalence branch, Association of Indian Universities (AIU), New Delhi on the given below address: Association of Indian Universities

AIU House, 16 Kotla Marg, New Delhi – 110 002

Tel No: +91 – 11 – 23230059

Fax No: +91 – 11 – 23232131

Email: info@aiuweb.org Website: <http://www.aiuweb.org>

Eligibility

Prospective students must have completed full time 3- or 4-years Bachelor Degree program from any statutory University with minimum 50% marks at graduate level.

In case of Engineering Stream, the prospective students must have completed full time 4 years Bachelor Degree program from any statutory University with minimum 50% marks at graduate level.

Students appearing for their final year can apply but their admission will be subject to obtaining a minimum of 50% marks at the qualifying examination.

Note:

- Students having backlogs / fail in their final results are not eligible for admission.
- Each program has specific eligibility criteria; please check the respective institute information for the same on the website.
- The admission to the program is subject to fulfillment of the specific eligibility criteria.
- It is the responsibility of the student to ascertain whether they possess the requisite qualifications for admission.
- Having completed the application and paid the application fee does not mean acceptance of eligibility.
- Final eligibility for admission will be decided by Symbiosis International (Deemed University) after submission of all the required documents.

Documents to upload at the time of online application

- 10+2 or equivalent Mark sheet
- Bachelor Degree Mark sheets (Semester wise / Year wise).

- Photocopy of Valid Passport
- Statement of Purpose
- 2 Letters of Recommendation in soft copy
- IELTS Score Card / Proof of IELTS registration (Not applicable to NRI students)
- Work Experience (If applicable)

Selection Process

Admission is based on merit and the eligibility norms of the program. The Admissions Committee carefully reviews each application and the supporting documents.

When online application reaches SCIE along with the payment of Application fee and all the required documents, SCIE will verify uploaded documents and check the requisite qualifications for admission. Application will be forwarded to the Admission Committee (Composition of ACM) for Evaluation.

The Admission Committee Consists of 3 to 4 members who could be Directors or Deputy Directors of any constituent institute of Symbiosis International University.

The Admission Committee will shortlist the applications based on the following criteria:

[A] Graduation Transcripts - 90% weightage

[B] Statement of Purpose - 5% weightage

[C] 2 Letters of Recommendation - 5% weightage

There are 3 possible outcomes for the application, the student will either get the offer/waitlist/ regret letter depending on the merit.

- Offer Letter: Students will receive an offer letter if their application is shortlisted for admission to the program applied.

- **Waitlist Letter:** Students will receive a waitlist letter if the Admissions Committee has kept their application on hold for the program applied.
- **Regret Letter:** Students will receive a letter of regret if the Admissions Committee has not found their application suitable for admission to Symbiosis International University. On receipt of the offer letter, students have to pay the administration fee and part of the academic fee as an acceptance and confirm their intention of joining the program.

The Admission Committee shortlists the applications based on the previous academic track record, English Proficiency Test (if applicable), Statement of Purpose, Letters of Recommendation, CV (Curriculum Vitae).

Weightage for admission for NRI Students:

- (i) Graduation Transcripts - 90%
- (ii) Statement of Purpose - 5%
- (iii) Two Letters of Recommendation - 5%

Students applying under the NRI category are NOT required to appear for the English Proficiency Test (IELA/IELTS Examination).

Weightage for admission for FN/PIO/OCI Students:

- (1) Graduation Transcripts - 90%
- (2) Statement of Purpose - 5%
- (3) Two Letters of Recommendation - 5%

Students applying as FN/PIO/OCI are required to appear for the English Proficiency Test (IELTS/IELA examination)

A final verification of original documents will be done at the time of joining.

Please Note:

Foreign National students will pay the application fee along with the administrative fee after the receipt of pre-offer letter.

Merit List

After evaluation by Admission Committee, SCIE will send an email informing about the status of your admission. You will receive an offer letter through email. Once you receive an offer letter, you need to confirm your intention of joining the said program by making a payment of administrative fee and part payment of annual academic fee within stipulated period mentioned in the offer letter.

Administrative & Part Payment of Annual Academic Fee:

Fees for NRI /PIO/ OCI students

USD 550 towards administrative fee (Non-refundable). This includes eligibility, medical, insurance, admin and processing charges.

USD 540 towards part payment of annual academic fee

Fees for Foreign National students

USD 275 towards administrative fee (Non-refundable). This includes eligibility, medical, insurance, admin and processing charges.

USD 815 towards part payment of annual academic fee

USD 275 towards institute deposit (Refundable) (Applicable to NRI /PIO/ OCI/ FN students)

To make this payment, you will have to log on to <https://scieaccounts.ishinfo.com/PG> Student Admission with your 'SCIE ID' and 'Password'. Accordingly follow Payment instructions mentioned in the link. Kindly ensure that this payment is to be made within the stipulated date mentioned in the offer letter. The balance payment of annual academic fee is to be paid on or before the date of reporting. Applicants who fail to make the payment within stipulated date will not be able to secure a provisional admission to 'Symbiosis International (Deemed University)' and their seat will be offered to the next applicant in the waitlist.

Provisional Admission Letter

SCIE will issue a “Provisional Admission Letter” to the foreign national students who require Student Visa, only after receipt of administrative and part payment of academic fee. Applicant can use this letter as a supporting document while applying for his/her student visa at the Indian Mission in his/her country.

Note:

- The Visa should be a ‘Student Visa’ and should mention the name of “Symbiosis International (Deemed University)”. Any other type of visa is invalid and final admission will not be granted to students who do not have a valid visa.
- For the interview at the Indian Embassy make sure that you carry relevant documents to prove how you intend to finance your education in India.

Reporting Mail

On confirmation of the receipt of administrative fee and part payment of academic fee, applicant will be considered as ‘Provisionally Admitted’ to Symbiosis International (Deemed University). Subsequently, SCIE will send a reporting email regarding the formalities to be completed at the time of reporting.

The student provisionally admitted to Pune campus have to report to SCIE and the student provisionally admitted to out of Pune campus will have to report to their respective institutes on the dates mentioned in the prospectus or on the institute website to complete the reporting formalities. Kindly check the respective institute information in the prospectus or SCIE website for specific reporting date to SCIE and the respective institute.

Reporting Formalities

• Medical Test

International students will have to undergo a medical examination. Medical check-up will be conducted at Symbiosis Centre for Health Care (SCHC) within the Campus.

• Payment Confirmation

Take the confirmation of Fee details from Accounts Department. Pay the balance amount or short fall if any.

• Eligibility Formalities

The clearance of the eligibility is an essential factor for admission to any program of Symbiosis International (Deemed University) (SIU). The admission will be provisional till the clearance of the same. The student is liable to fill the online eligibility form and submit all the necessary documents mentioned above as per the category. Few documents which are not possible to be submitted at the time of reporting must reach at SCIE latest by 31st August. Students who fail to submit the documents within the stipulated date will not be allowed to appear for the semester I examination. They may have to forfeit the academic fee and may lose an academic year or face cancellation of admission (as per SIU rules)

4. Submission & Verification of all the required documents with originals

The students are advised to carry all original documents along with 2 sets of self-attested photocopies.

Documents required from Foreign Nationals/ PIO/ OCI:

- Mark sheet of 12th Std./equivalent
- Semester wise/ Year wise Bachelor Degree Mark sheet

- Passing/ Provisional/Degree Certificate of the university
- English Proficiency Test Result (IELA/IELTS)
- Migration certificate in original (in case graduation from an Indian University)
- Transfer certificate in original (in case graduation from an Indian University)
- Change of Name Certificate by Govt. Gazette (if applicable)
- Equivalence Certificate (if applicable)
- Experience Certificate (if applicable)
- Passport
- PIO card (only for PIO students)
- OCI Card (only for OCI students)
- Citizen card (only in case of Nepali nationals)
- Valid VISA (applicable for Foreign National except Nepal & Bhutan students)
- Valid Residential Permit (applicable for Foreign National except Nepal & Bhutan students)
- Gap certificate (applicable for students with the gap of one year or more) *
- Medical Undertaking*
- Anti-Ragging Affidavit by Student*
- Anti-Ragging Affidavit by Parent*
- Indemnification Undertaking by Student*
- Indemnification Undertaking by Parent*
- SIU-Eligibility Form* (This should be on 500-rupee stamp paper)

(Note: *You can download documents from Payment Login link <http://scieaccounts.ishinfo.com> / PG Student Admission)

Documents required from NRI:

- Mark sheet of 12th Std. /equivalent
- Semester wise/ Year wise Bachelor Degree Mark sheet
- Passing/ Provisional/Degree Certificate of the University
- Migration certificate in original (in case graduation from an Indian University)
- Transfer certificate in original (in case graduation from an Indian University)
- Change of Name Certificate by Govt. Gazette (if applicable)
- Equivalence Certificate (if applicable)
- Experience Certificate (if applicable)
- Passport
- Gap certificate (applicable for students with the gap of one year or more)*
- Medical Undertaking*
- Anti-Ragging Affidavit by Student*
- Anti-Ragging Affidavit by Parent*
- Indemnification Undertaking by Student*
- Indemnification Undertaking by Parent*
- SIU-Eligibility Form* (This should be on 500 rupee stamp paper)

(Note: *You can download documents from Payment Login link

<https://scieaccounts.ishinfo.com/>
PGStudentAdmission)

Please ensure you carry all original documents for verification including passport

5. Joining Letter to respective institutes (Applicable to Pune Campus)

Before you proceed to your respective institute ensure that you have collected the Joining Letter duly signed and stamped. Submit your 'Joining Letter' to the International Students' Coordinator of your institute and complete the remaining formalities at the institute like payment of hostel fee, mess fee, uniform fee, etc. which are not included in annual academic fee.

Payment Information Important Points to be noted

- Except students from Nepal and Bhutan, it is mandatory for all the students to make all the transactions in USD currency.
- Authentication of all the payments will be made only after its realization in SCIE account.
- Incomplete details of the payment (either through SWIFT/ RTGS/ NEFT) will not be entertained.
- The application fee, IELA fee and administrative fee is not refundable.
- Kindly note that currency exchange rate for all the transactions will be at actuals and student will have to bear all applicable transaction charges or card payment charges.
- The applicant must upload the SWIFT/NEFT/ RTGS transaction copy and fill the transaction details in the payment window of online registration portal.
- The bank details are available in the payment window of online registration portal.
- For more information about payment, you can contact us on +91 020 25671905.
- Application Fee (Non-Refundable):
 - ★ Foreign National (FN): USD 65 (As per SIU internationalization mission)
 - ★ Non-Resident Indian (NRI): USD 120

★ Overseas Citizen of India (OCI): USD 120

★ Person of Indian Origin (PIO): USD 120

- International English Language Assessment (IELA) Examination:

USD 50 (Non-Refundable)-Students enrolling for the 'International English Language Assessment' exam will have to pay the 'IELA examination fee'. During the Online Application, the system will prompt you about IELA details and accordingly, at the time of payment this fee will be added along with your 'Application fee'. Note - Your application will be considered and authenticated only after SCIE receives full payment.

- 1st Installment (Administrative and part payment of Annual Academic fee):

*USD 550 towards the Administrative fees (Non-refundable) and USD 815 towards the Part Payment of Annual Academic fee which includes institute deposit (refundable).

*50% concession has been given to the Foreign National Students on Administrative Fees

- After assessing and evaluating the application, SCIE will send an offer letter to selected candidates. Once the candidate receives the offer letter, he/she will need to confirm his/her intention of joining the said program by making a payment of 1st installment (Administrative and part payment of Annual Academic fees). In case of Foreign National students, SCIE will issue a Provisional Admission Letter (PAL) only after receiving this payment to enable candidates to apply for a visa.

Please Note – Pre-Induction Charges (if any) and 'Administrative fee' are non-refundable.

Modes of payment:

Once you complete your Online Application, the system will prompt you to select the mode of payment and accordingly it will guide you through the procedure.

1. Online Payment:

You can make your payment by using an International Credit / Debit Card.

2. Offline Payment:

A. NEFT/RTGS Transfer: (Only for Nepalese and Bhutanese Students)

Students who wish to make any of their payments through NEFT/RTGS transfer must approach a bank and request for a NEFT/RTGS transfer. Please mention Student's Name and SCIE ID while making the transaction.

Please ensure the student upload the bank transaction copy and fill the transaction details in the payment window of online registration portal along with the UTR number.

Students who wish to make any of their payments through Swift transfer must approach a bank in their home country and request for a Swift transfer. Please mention Student's name and SCIE ID while making the transaction. Students to ensure that they upload the bank transaction copy and fill the transaction details in the payment window of online registration portal.

SIU scholarship:

The Chancellor of SIU, Dr. S.B. Mujumdar believes that education is the only way of bringing about international peace and understanding. Set up in 1971, 'Symbiosis' was created to offer a home away from

home for foreign students from Africa, Asia and the Middle East.

Symbiosis is keen to offer scholarships to foreign students to give them the opportunity to take advantage of the educational programs available at Symbiosis. The scholarships are offered preferably in conjunction with the education ministries / embassies of participating countries. Close cooperation with these foreign governments will assist in ensuring that scholarships are awarded to the most deserving candidates.

The Symbiosis International Scholarships are funded by the Symbiosis Society Foundation and are offered to deserving and meritorious foreign students from various African, Asian and Middle Eastern countries. All scholarships are administered by the Symbiosis Centre for International Education (SCIE) Office in conjunction with the office of the Symbiosis Society Foundation. The Scholarship Committee shall endeavor to maintain gender balance and include students from diverse backgrounds while selecting candidates.

Golden Jubilee Scholarship

Symbiosis has announced the Golden Jubilee Scholarship in celebration of 50 glorious years of offering quality education to International students. This scholarship covers only the academic fee and it is applicable only for Foreign Nationals from academic year 2023-24 onwards.

The fees applicable under this scholarship

- All Undergraduate Programs (Except MBBS) - USD \$ 1300 per year
- All MBA Programs - USD \$ 2600 per year
- All Other Post Graduate programs: USD \$ 1950 Per year

All other fees are payable by students:

One-time Application fees USD \$ 65

Symbiosis English Test Fees (if Applicable) USD \$ 50

One-time Administrative fees USD \$ 275

Annual Hostel Fees USD \$650 per year (if applicable)

Annual Meal Plan USD \$ 560 per year (if applicable)

Hostel Deposit USD \$200 (one time - refundable)

Applicant Eligibility:

International Scholarships are only for Foreign Nationals.

Applicant Must:

- Hold a valid foreign passport.
- Have obtained more than 50% as a qualifying grade in Graduation (in case of Postgraduate programs).
- Have appeared for an English Proficiency Test conducted by British Council (IELTS) with a minimum score of 6 or the IELEA Test with a minimum band of 3.
- Fulfill the specific eligibility criteria (if any) of the desired program. (Please log on to <https://www.scie.ac.in/admissions/post-graduate/PG-basic-eligibility>)

Exceptions:

This policy does not cover the following categories:

- Indian, NRI, OCI and PIO students
- International Students on short term programs
- Doctoral programs
- Part time programs

Selection criteria:

The following criteria will be applicable for evaluating applications:

- Academic Transcripts to support the record of sustained academic excellence.

Department of Student Welfare (DSW)

The Department of Student Welfare (DSW) was established by the University which acts as a bridge between the University and the students. With an intention to create a home away from home, the DSW works with a holistic approach towards students' concerns. The Department of Student Welfare provides services and support to students. It extends all possible help to students in order to create a conducive environment, imbuing values, ethics and morals. The rules are framed in consonance with the University* Grants Commission.

The Department of Student Welfare facilitates the orientation program during the induction of the new batch of students. The department is also responsible for dealing with disciplinary matters related to students of all constituents of the University.

Activities of the DSW

- The SymbiCare
- Scholarships & Awards @ Symbiosis
- National, State, and Private Scholarships
- Code of Conduct
- Committees under SIU
- Rules & Regulations
- Student Events (Aarambh Annual Cultural Event)
- Compliance of UGC activities.

Various Committees under Dept of Student Welfare

- Campus Student Grievance Redressal Committee
- University Student Grievance Redressal Committee
- Campus Disciplinary Committee
- Disciplinary Appeals Committee

- Scrutiny Cum Approval Committee
- Internal Committee
- Gender Sensitization Cell
- 'Samvedana' Committee (Gender Sensitivity committee Against Sexual Harassment)
- Internal Committee for Differently-abled
- Anti-discrimination cell
- SC/ST Cell
- Minority Cell
- Anti-ragging Committee
- Anti-ragging Squad
- Nasha Mukta Hostel Committee
- Monitoring Cell
- Mentoring Cell

Code of Conduct

The Code of Conduct helps the University to maintain an appropriate sense of order that allows the pursuit of the University's objectives in a safe and free environment. It adheres to the rules and regulations laid down by the University to mark the boundaries of this needed order. The Head of the Department of Student Welfare shall disseminate awareness about the Code of Conduct applicable to the students of the university. The Code of Conduct of the University is published on the University website on the link: <https://www.siu.edu.in/siteassets/pdf/Code-of-Conduct-for-Teaching-Non-Teaching-Staff.pdf>

Grievance redressal:

- The University has created a robust mechanism to facilitate grievance redressal in case a student is aggrieved. The details of the Grievance redressal mechanism is published on the University website

on the link: <https://www.siu.edu.in/siteassets/pdf/Grievance-Redressal-Mechanism.pdf> Several other committees like the University Monitoring Cell, Campus Wise Anti-Ragging Committee, \ Campus wise Anti-Ragging Squad, Mentoring Cells are constituted at all the Campuses/ University level for ensuring a safe environment for students. Details of these committees are found at <https://www.siu.edu.in/about-us/why-us/student-wellbeing>

Anti-ragging Mechanism:

To maintain the physical and psychological health of its students Symbiosis International (Deemed University) has set an anti-ragging mechanism as per UGC guidelines. It includes dealing with undisciplined acts that cause or are likely to cause annoyance, hardship, psychological harm, and fear or apprehension in any fresher or any other student (s). For the Rules for Curbing the Menace of Ragging, click <https://www.siu.edu.in/about-us/why-us/student-wellbeing>

The Anti-ragging helpline of the University is: +919552525725

International Students Convocation

Symbiosis Hostels

It is mandatory for the student admitted for residential programs to stay in the campus hostel. Several institutes of Symbiosis offer hostel facilities even to students admitted to non-residential programmes. The hostel accommodation for these students is not guaranteed. It is only available against vacancies, wherein the decision of the Director/Principal of the institute is final and binding.

The hostels have prepared a few hostel rooms for the differently abled with facilities like Ramps with railings at various places for movement & access to all places, and Disabled friendly toilets /wash rooms.

Independence Day 2025 - 1

HEALTH, RECREATION AND WELLNESS

Symbiosis Centre for Health Care (SCHC)

The Symbiosis Centre of Health Care (SCHC) was established on 14th June 1997 as an 'In-house Health Care Unit' of Symbiosis. Under the Health Promoting University (HPU) initiative of the Symbiosis International (Deemed University), SCHC undertakes a host of preventive, promotive & curative healthcare services for the students and staff of the Symbiosis family. The vision of SCHC is 'Envisioning a state of positive health in the community' and its mission statement is 'To promote health & wellness amongst students, staff, and community.'

It is operational at all the campuses of Symbiosis across India.

Promotive health care facilities:

1. Health Promotion Program: With an aim to spread health awareness and promote positive health amongst students, interactive sessions are organized by subject experts on various healthcare-related issues.
2. Advice on best practices for Environmental Assessment & Modification to ensure creation & maintenance of environments that promote good health through
 - a. Inspection of Campus
 - b. Inspection of eating establishments thrice a year- of Canteen, Mess & Food counters (e.g. Coffee shops, juice centers, ice cream parlors)
 - c. Guidance for water testing for the availability of potable water on campus

Preventive health care facilities:

1. Annual Health Checkup (AHC) of the students/ staff of Symbiosis is conducted and health records are maintained electronically. The comprehensive health check-up comprises clinical examination from different disciplines (Physician, Ophthalmologist, ENT specialist & Dentist) & basic Lab investigations (Haemogram, Blood group & Urine examination).
2. Pre-employment Health Check-up: Before joining Symbiosis, every prospective candidate is required to complete the process of Pre-Employment health check-up at the Symbiosis Centre of Health Care.
3. Health Check-up of food handlers working at catering establishments of Symbiosis is conducted annually and before joining the catering establishments.

Curative health care facilities:

- Out Patient Department (OPD): Primary care is provided by medical officers. Patients/ students/ staff can be referred to a specialist/ consultant for treatment as per their condition.
- Campus Medical Officer is available on call 24 X 7. Patients are also referred to multi-specialty hospitals if required. Contact numbers of campus medical officers are:

DEPARTMENT OF SPORTS, RECREATION AND WELLNESS (DSRW)

Sports and Games are essential components of human resource development, helping to promote good health, comradeship and the spirit of healthy competition. This in turn has positive impact on the holistic development of personality of the youth who is the potential source of energy, enthusiasm and inspiration for development, progress and prosperity of a Nation. Symbiosis International (Deemed University) established its University Sports Board in 2010 and the Department of Sports, Recreation & Wellness (DSRW) was established in 2019. The DSRW particularly is responsible for the development of sports infrastructure, participation in sports at grass-root level, fitness testing for students and staff as well as excelling in National Sports Tournaments. The emphasis is on Physical Literacy of the students, faculty and staff for lifelong improvement in their quality of life. The Department provides access to state of art playfields and Gymnasiums at all campuses, fitness and wellness programs, multiple group classes, sports competitions and counselling.

Objectives of the University Sports Board

1. To promote and provide extensive opportunities for participation in Inter Institute and Inter University sports competitions.
2. To provide equal opportunities and encouragement to all students for participation in sports at all levels
3. To strive for Regional, National and International excellence and prominence in Sports
4. Offer a range of programs to advocate and promote Health and Wellbeing among all stakeholders
5. To develop maintain and optimally utilize sporting infrastructure and gymnasiums across all campuses

6. To recognize, felicitate and award individuals excelling in sports.

Activities at the Department of Sports, Recreation & Wellness

Infrastructure and facilities

On campus sports and recreation facilities are some of the best and offer many outdoor recreation options for all. We boast of 13 indoor and outdoor fitness centers, Tennis Courts, Basketball courts, Volleyball Courts, Futsal Courts, Football Field, Cricket Field, Indoor Badminton Hall, Squash Courts, Gymnasiums, Swimming Pools, Yoga and Aerobic studios, meditation center and offer many group classes, Coaching facilities, Yoga for rejuvenation and stress management and options to participate in outbound programs and competitions at all levels.

Inter Institute Championships and Participation in Inter Varsity Competitions

Inter Institute Competitions are conducted in 19 sport disciplines and from amongst them teams are selected and coaching imparted so as to represent Symbiosis International University at the Inter Varsity Competitions. Tournaments for staff are also organized annually.

Assessment of Physical Fitness

Standard Fitness tests are conducted every year to have a base level understanding of Physical Fitness standards of all students, faculty and staff, analyze data, suggest interventions and offer free counselling and personal training.

Mass Sporting and Physical Activity events

Emphasis is given to large scale one-of its kind Mass

Sporting and Physical Activity events which are Live events, highly visual and very inspiring. These are accessible and welcoming for all ages, shapes and paces. They work towards personal wellness rather than fitness and build confidence rather than competitiveness. Some examples are Happy Healthy campus (a 3 hour activity taking you back to school, Rhythmic activity, fitness challenges and adventure sport with 500 to 1200 participants), International day of Yoga (at all 13 campuses), Symbi- Fit (Competition to showcase your fitness with 400-500 participants) Institutional Social Responsibility (Fitness challenge for children from underprivileged schools), Fitness for Freedom Run (a run to celebrate the Independence day) and several Fitness challenges that are held at our gyms located in every campus.

Innovative activities:

These activities provide the variation and challenge that everyone is looking for and include - Sports dating (Exercising with a person of your choice), Activity breaks (Short Rhythmic activities 5-7mins in academic meetings, conferences in offices etc.), Yoga Pop ups on the screen, Stair Snacking (using the stairs to improve fitness), 10,000 steps challenge and the 108 days Yoga challenge.

Symbithon

Symbithon is a run/walk event organized to raise public awareness of NCDs, with particular emphasis

on exercise and fitness as a component of preventing and managing these diseases. It aims to create healthy working, learning and living environments for students, staff and the community at large, encourage, inspire and motivate youth from varied backgrounds to improve their health through running and exercise. Symbithon had participation of more than 5700 students and staff in each of its five editions covering 21 countries.

Credit Courses

Courses in Physical fitness, Wellness are offered as floating credit courses and value-added courses in the existing Post Graduate and Under Graduate programs.

Health & Wellness – Module II: Sports, Fitness & Yoga course is a 30 hours mandatory course for full-time Undergraduate / Postgraduates students to be completed once in the academic life cycle of their program.

Refund Rules of the University

1] Preamble

The UGC vide its Notification dated October 2018 has issued an elaborative guideline on 'Refund of Fees and Non-Retention of Original Certificates'. Accordingly, the University notified Rules for Refund of Fees and Non-Retention of Original Certificates vide Notification No. 798 dated 16th January, 2019.

The university has consistently followed the provisions set forth in the UGC Notification on Refund of Fees & Non-Retention of Original Certificates, 2018, as well as the Fee Refund Policies/Guidelines/ Circulars issued from time to time.

Due to the COVID-19 pandemic, starting from the Academic Year 2020-21, the UGC issued annual guidelines/ circulars mandating the full refund of fees within specific timelines, while the other rules from the 2018 notification remained unchanged.

The University Grants Commission (UGC) has issued a policy on June 12, 2024, through letter D.O.No.F.2-71/2022(CPP-II)(C-114546), detailing the procedures for the refund of fees due to admission cancellations or student migration for the Academic Year 2024-25.

In view of this, the University issued Circular 6 of 2024 dated June 26, 2024 regarding Fee Refund Policy for the Academic Year 2024-25.

The University has now revised the refund policy by consolidating clauses of Circular 6 of 2024 and the other rules from the 2018 notification. The said UGC Letter dated June 12, 2024, further states that these refund rules will remain in force for subsequent academic sessions until the issuance of a revised policy by the UGC.

2] Applicability and Enforcement:

- i) It shall be applicable to Undergraduate, Postgraduate, Doctoral Degrees, Diploma and

Certificate Programmes offered by Symbiosis International (Deemed University).

- ii) It is in force for the Academic Year 2024-25 and shall be in force for the subsequent academic years until UGC issues a revised refund policy/ guideline.

3] Verification and Non-Retention of Students' Academic and Personal Testimonials:

- i) Constituent / Department shall not insist a student to submit the original academic and personal certificates and testimonials like Mark Sheets, School Leaving Certificates and all other such documents at the time of submitting application form.
- ii) Students shall be allowed to submit self-attested documents such as Mark Sheets, Birth Certificates etc. for all purposes of administrative requirements.
- iii) The office shall verify the original certificates and testimonials before the finalization of the process of admission of the students in his / her presence and return them immediately after satisfying about their authenticity and veracity, keeping the attested copies for office records.
- iv) At any stage, if there is a need of any other kind of documents the self-attested copies be accepted and physical verification of originals be undertaken in the presence of student. Such verified originals certificates and testimonials shall be immediately returned to the student.
- v) Constituent / Department shall not keep certificates and testimonials of any student into institutional custody under any circumstances or pretexts, as it is strictly prohibited for it is a coercive tactic which can be misused for black mailing students who wish to withdraw admission

from the Institute for better prospects or other compulsions.

- vi) In case of any suspicion over the authenticity or genuineness of the testimonials, the reference may be made to the University or the Board which issued certificates to the students and the admission be subjected to the authentication, but original certificates shall not be retained under any circumstances.

4] Rules for Refund of Fees:

- i) The university has been adhering to the provisions outlined in the UGC Notification on Refund of Fees & Non-Retention of Original Certificates, 2018, and Fee Refund Policies/ Guidelines issued from time to time. In accordance with these provisions, the university has been refunding the fees to students who cancelled their admissions.
 - ii) Due to the COVID-19 pandemic, starting from the Academic Year 2020-21, the UGC issued annual guidelines/ circulars regarding full refund of fees within specific timelines, while the other rules from the 2018 notification remained unchanged.
 - iii) The University Grants Commission (UGC) has issued a policy regarding the Fee Refund for the Academic year 2024-25 on June 12, 2024, vide letter D.O.No.F.2-71/2022(CPP-II) (C-114546), outlining the procedures for the refund of fees due to cancellations of admissions/ migration of students for the Academic Year 2024-25.
 - iv) In line with the above mentioned UGC policy, the University issued Circular 6 of 2024 dated June 26, 2024 regarding Fee Refund Policy for the Academic Year 2024-25.
- 5] The University has now revised the refund policy by consolidating clauses of Circular 6 of 2024 and the other rules from the 2018 notification.

On the basis of the UGC letter dated 12th June, 2024, these refund rules will remain in force for subsequent academic years until UGC issues a revised refund policy/ guideline.

- 6] Procedure: Cancellation/ Withdrawal of Admission:
- i) A student shall apply for cancellation of admission in the prescribed format to the Constituent / Department.
 - ii) The Constituent/ Department after following due procedure will cancel the admission of the applicant and shall refund fees to the student within 15 days from the date of his / her application.
 - iii) The Constituent/ Department shall cancel the admission of the student in the following situations:
 -
 - a) Non-payment of fees for more than 1 semester.
 - b) Non-reporting to the institute for more than 30 days,
 - without prior intimation in writing to the concern authority.

PART A:

1. Refund of Fees (Academic and Non-Tuition including Hostel and Mess):

A1: The University will refund fees according to the provisions stated in the UGC refund policy dated 12th June, 2024 from the Academic Year 2024-25 onwards until the issuance of a revised policy by the UGC as mentioned below

Sr. No.	Particulars	Deduction	Refund
1	Cancellation of admission up to 30th September	No deduction of fees	100% refund of academic fees and refundable deposits*
2	Cancellation of admission from 01st October to 31st October.	Rs. 1000/- for Processing Charges	Refund of academic and refundable deposits after deduction of Rs. 1,000/-*
3	Cancellation of admission from 01st November onwards	100% deduction as per UGC Notification issued in Oct 2018	No Refund of academic fees only refundable deposits will be paid.

*** NOTE:**

- The university will refund the amount after a proportionate deduction of hostel and mess fees for the duration of the hostel and mess facilities availed by the student till the date of cancellation of admission.
- Deduction of the insurance premium will be made from the refund amount if applicable since the University has paid an insurance premium on behalf of the student to a third-party insurance company. This amount is non-refundable. However, students can avail themselves of the benefits of the insurance scheme until the end of the valid period.
- Deduction of the non-refundable portion of fees, i.e. Administrative Fees for International students (Symbiosis Centre for International Education) and Registration Fee for the Ph.D. programme (Symbiosis Centre for Research & Innovation).

- The refund will be transferred to the same bank account that was provided during the online application for admission cancellation. The University is not liable for any delays or errors due to inaccurate information provided by the student.

- A2: For any admission schedule extending/commencing beyond/after 31st October,** the provisions contained in the UGC Notification issued in October 2018 on Refund of Fees and Non-Retention of Original certificates shall apply (reproduced below for ready reference)

S. No.	Percentage of Refund of fees #	Point of time when notice of withdrawal of admission is received in the HEI
(1)	100%	15 days or more before the formally-notified last date of admission
(2)	90%	Less than 15 days before the formally-notified last date of
(3)	80%	15 days or less after the formally- notified last date of admission
(4)	50%	30 days or less, but more than 15 days, after formally-notified last date of admission
(5)	00%	More than 30 days after formally-notified last date of admission

NOTE: #

1. In case of (1) in the table above, the University shall deduct an amount not more than 5% of the fees paid by the student, subject to a maximum of Rs. 5,000/- as processing charges from the refundable amount.
2. Fees shall be refunded by the University to an eligible student within fifteen days from the date of receiving a written application from him/her in this regard.

3. Last Date of Admission:

For the purpose of refund of Fees, the last date of admission will be considered as one day prior to the date of commencement of the programme.

4. Medical Insurance:

Medical Insurance premium of the student is deposited to the Insurance Company, immediately after the student obtains provisional admission. Hence, this amount is NON-REFUNDABLE.

In case the student's admission is cancelled for reasons what so ever, he/she will continue to draw all benefits under the said insurance scheme for the period insured (policy year). Students may contact Symbiosis Centre of Health Care (SCHC) at 9552525015 (24 X 7) for any query/ assistance.

5. Refund of Deposit:

- i) Refund of Institution deposits shall be subject to such deductions as may be necessary on account of any damage to the property of the Institution concerned such as breakages to laboratory equipment, assets such as computers, gadgets etc., loss of library books for which the student would be responsible.
6. Refund of the Hostel deposit shall be subject to

such deductions as may be necessary on account of any damage to the property of the Institution concerned such as fans, cupboards, glass panes, tables, chairs etc. for which the student would be responsible. Refund of Fees in other Cases:

- i) In case, admission of student is cancelled on account of disciplinary action or violation of Anti Ragging Regulations or Substance Abuse or breach of Code of Conduct or any other Rules & Regulations of the University, No Refund of fees is permissible. Only the respective deposits would be refunded to the student.
- ii) In case, admission of student is cancelled on account of ineligibility, the refund of fees (academic and non-tuition including hostel and mess) will be on prorata basis.
- iii) In any other case which is not covered in these rules, the decision would be taken by the Vice Chancellor.

PART B:

7. Non-Refundable Fees

- i) Insurance Premium
- ii) International English Language Assessment (IELA) Test fees (Applicable to Foreign Nationals only)
- iii) Registration/ Administrative Fees

8. Grievance Redressal Mechanism (GRM):

- i. The Constituents / Departments shall follow "Symbiosis International (Deemed University) [Redressal of Grievances of Students] Rules, 2023 prepared in accordance to University Grants Commission (Redressal of Grievances of Students) Regulations, 2023, as amended from time to time, to address and effectively resolve

complaints, representations and grievances related to any of the issues mentioned in this Notification.

- ii. The GRM shall be available on university website.
- iii. The University shall ensure that all grievances received are addressed as deemed fit within 30 days.
- iv. PART C: RULES OF THE UNIVERSITY FOR TRANSFER OF ADMISSION

9. Transfer of Fees in Case of Transfer of Admission

to another Constituent/ Department of SIU:

- i) In case student applies for transfer of admission from one constituent of SIU to another constituent of SIU, the transfer application shall be processed and if approved by the University; the transfer of fees shall be as under:
 - a. If the student applies for transfer of admission to another Constituent/ Department of the University before commencement of the programme, then 100% fees shall be transferred to the other Constituent Institute/ Department. In case, the programme fees are different, then the student will have to pay the difference in the fees or else the amount will be adjusted in the next instalment/ refunded to the student.
 - b. If the student applies for transfer of admission to another Constituent / Department of the University, after commencement of the programme, then the proportionate amount of academic, hostel and mess fees shall be deducted and remaining amount after deductions shall be transferred to the other Constituent Institute/ Department. In case, the programme fees are different, then the student will have to pay the difference in the fees or else the amount will be

adjusted in the next instalment/ refunded to the student.

- ii) If the student applies for transfer of admission to another constituent of the University and his/ her transfer is approved by the University then the first constituent from where the student has been transferred will hand over certificates/ documents to the student, to enable him/ her to submit the documents /certificates in the other constituent.

10. Miscellaneous:

- i) The students shall not be insisted to purchase the institutional prospectus any time during the programme of study, as purchasing prospectus shall be the personal choice of the student. Student can access information from institutional website, if he/ she so desires. It shall be mandatory for all Constituents / Departments to update their website covering all details.
- ii) Constituents / Departments shall charge fees in advance only for the semester/ year in which a student is to engage in academic activities. Collecting advance fees for entire programme of study or for more than one semester/ year in which a student is enrolled is restricted

Dr. Shirang Altekar
Director

Director Profile:

Prof. (Dr.) Shirang Altekar holds a Ph.D. in Consumer Behaviour. He is an alumnus of Symbiosis Institute of Business Management (SIBM) Pune, from where he obtained MBA degree with Marketing as his area of specialization. He has extensive knowledge of technical and non-technical areas of business and has been involved in running businesses at the strategic level. He brings over 41 years of total experience, including 23 years in industry and more than 18 years in academia, with over 14 years in directorial roles. He has held consulting, advisory, and learning and development roles with several corporates in the FMCG, Insurance, Manufacturing, Chemical, Pharmaceutical and Aviation sectors. His love for academics and a desire to give back to his Alma Mater coincided with a planned shift to academics in 2006.

Prof. Altekar also holds a degree in Law, and is a member of the All-India Management Association, New Delhi. He was the Chairman of the Curriculum Evaluation Committee and the Academic Audit Committee of the Symbiosis International (Deemed University) (SIU) for 2 years and has served on several other committees. He is a member of the Academic Council as well as the Board of Studies of the University, member of the Board of University Development, SIU. He chairs the Board of Studies Sub – committees on General Management and Strategy of the Faculty of Management of SIU. In the past, he was nominated on the Departmental Promotions Committee and the Post Membership Academic Committee of the Institute of Company Secretaries of India, a statutory body formed under an Act of Parliament. He was also nominated on a Task Force Committee by the Ministry of Youth Affairs and Sports for driving Excellence in Sports Universities. Prof. Altekar has been a member of the Higher Education Committee of the Indo - French Chamber of Commerce and Industry for a few years, and was the Vice Chairman of the Committee. In 2020, he was awarded the Academic Leader of Ideas and Innovation award by ASSOCHAM. He has been invited to lecture at prestigious institutions such as the Higher Command Wing, Army War College, MHOW; the UGC Academic Staff College, Jawaharlal Nehru University, New Delhi; and the PHD Chamber of Commerce and Industry, New Delhi. Additionally, he has served as a panelist and keynote speaker for various organizations including the Dainik Bhaskar Group, The Times of India Group, and IFCCI. Renowned as a teacher and learning and development expert, he has been instrumental in integrating industry best practices into his students' academic experience, significantly enhancing their education.

He was the Director of SCMS Noida for 8 years, and is widely credited with having brought it up to feature in the top 25 BBA Institutes in India in 2018. He has founded and headed Symbiosis Institute of Business Management, the flagship brand of Symbiosis, in Nagpur. Currently, he also holds charge of Symbiosis Centre for Corporate Education, Nagpur, and has founded, and held charge of Symbiosis Centre for Skill Development, Nagpur, from April 2019 to June 2021. From April, 2019, till 31st March, 2021, he was also entrusted the additional responsibility of

founding and establishing Symbiosis Centre for Management Studies, Nagpur. Recently he has been invited to join the National Committee for Total Cost Management by the Confederation of Indian Industry (CII) for the year 2025-26

As a proven campus and institution builder, he is now back with his Alma Mater as the Director, SIBM Pune.

Institute Profile:

Established in 1978, Symbiosis Institute of Business Management (SIBM Pune) is the flagship institute under the Faculty of Management and a constituent of Symbiosis International University (SIU), Pune. Starting modestly 47 years ago, it has since grown into one of India's leading B-Schools, consistently ranked among the top ten.

Today, the institute boasts a sprawling green campus in a picturesque setting atop a hill in Lavale, Pune. It offers a highly sought-after two-year full-time MBA program, attracting over 75,000 applications for its 240 seats, and a uniquely designed MBA (Innovation and Entrepreneurship) aimed at nurturing future job creators. The institute is not just about the full-time MBA program. It also offers weekend courses for working professionals, including a full-length MBA (Executive) programme.

A distinctive feature of the institute is its student-driven approach. Operations are managed through student councils responsible for various activities. All major events are designed and implemented by students, providing multifaceted opportunities to learn about business as well as social issues and concerns.

Over the years, the institute has carved a niche in the holistic development of its students. Constantly seeking input from the industry, its dynamic course structure is regularly updated to align with corporate requirements in terms of knowledge, skills, and abilities. Students choose their specialization within 45 days of the course commencement, and specialization classes begin well before summer placements, equipping them with the necessary knowledge for their internships.

The institute has maintained an outstanding placement record for several years, with numerous alumni proving their credentials as top business leaders in organizations worldwide. Its multidisciplinary faculty, drawn from the cream of academia and industry, bring diverse backgrounds and immense experience, providing valuable insights into the world of business.

Equipped with top-class infrastructure, the campus offers state-of-the-art audio-visual equipment to facilitate student learning. Amphitheatre-style classrooms are equipped with smart boards, and there are ample opportunities for sports enthusiasts, including a cricket ground, swimming pool, basketball court, gym, yoga/fitness center, and indoor badminton courts.

Programme Profile:

● Master of Business Administration (M.B.A.)

The two-year full-time residential MBA is SIBM Pune's flagship programme, spread across four semesters and offering specialisations in Marketing, Human Resource, Finance, Operations and Supply Chain Management and Data Analytics. The structure of the programme is designed to give students the best in industry exposure and a nurturing classroom environment, to help them become the leaders of tomorrow, in the specialisation of their choice.

Specialization Offered: Marketing, Human Resource, Finance, Operations and Supply Chain Management and Data Analytics.

1. Marketing

A focused course structure equips those interested in this field with the skill set needed to understand, interpret and apply marketing concepts in live corporate scenarios. The students learn the practical applications of marketing principles through case studies, seminars, workshops, guest lectures and research projects.

2. Human Resource

This specialisation provides students with the skills required for successful human capital management. It familiarises them with current corporate practices in the line. The course focuses on interpersonal and people management skills, to enable students to transcend the scope of Human Resource Management and become Strategic Business Partners.

3. Finance

This specialisation is designed to provide students with a strong base in applied financial management. It helps them in sound financial decision-making, providing a deep understanding of the financial aspects of the economy and the corporate world. The quantitative and analytic skills of the students are enhanced in the process.

4. Operations and Supply Chain Management

Supply Chain Management, Logistics and Distribution networks have become huge differentiating factors for an organisation as it competes in the market. The course structure at SIBM Pune ensures that technological knowhow in these lines is integrated with current industrial practices to equip students to deliver beyond standard service levels for the businesses to grow further.

5. Data Analytics

Managing large volumes of Data successfully has been identified as a critical skillset for the growth of a business organization. This specialization will equip the students with techno-commercial expertise to analyze Data. The students would also gain the ability to communicate quantitative findings to technical and non-technical business clients.

● Master of Business Administration (Innovation and Entrepreneurship) MBA (I & E)

SIBM Pune has a robust and structured approach for promoting entrepreneurship among students, most notably through its MBA (Innovation and Entrepreneurship) (MBA I & E) programme, launched in 2014. This program has proven to be a success due to its comprehensive blend of academic rigour, practical exposure, and strong ecosystem support.

Key reasons for its success and campus activities that promote entrepreneurship include

1. Dedicated Curriculum for Entrepreneurs

The MBA (I & E) program is tailored specifically for aspiring entrepreneurs. It combines core business fundamentals with specialized courses such as Creativity and Problem Solving, Design Thinking, Lean Start-up, and Entrepreneurial Finance. Every semester consists of a project where students are encouraged to work on live start-up projects, develop prototypes, and participate in entrepreneurial internships, giving them real-world exposure.

2. Incubation Support

The program is supported by the Symbiosis Centre for Entrepreneurship and Innovation (SCEI), our technology incubator supported by Dept. of Science and Technology, Govt. of India, which provides mentorship, seed funding, co-working space, and access to investor networks. Many students have successfully incubated their start-ups here.

3. E-Cell (Earlier known as Innovation Council) Activities

The E-cell dedicated to entrepreneurship development hosts regular events across the year such as business plan competitions, start-up conclaves, such as E-Summit, which bring in leading entrepreneurs, investors, and incubators to engage with students. SIBM is proud to host its own Shark Tank event named The Grand Pitch. The previous year's addition of The Grand Pitch (2024) generated funding of INR 22.5 Crore for different start-ups.

E-cell also connects students with a network of successful entrepreneurs, alumni, and investors for one-on-one mentoring, which significantly enhances venture development and idea validation.

In summary, SIBM Pune's MBA (Innovation and Entrepreneurship) doesn't just teach entrepreneurship — it actively enables and nurtures it. This programme's hands-on, mentor-led, and innovation-driven environment has made it a successful model for fostering entrepreneurial spirit in India's higher education landscape.

● Master of Business Administration (Executive)

The MBA(Executive) programme at Symbiosis Institute of Business Management (SIBM) Pune has been designed specifically for working executives at a more advanced level in their career. This programme has been tailor made for professionals desirous of acquiring a clear advantage in terms of knowledge and skills for their growth and development.

A rigorous curriculum interspersed with cutting edge pedagogy facilitates development of a broader perspective and an enhanced confidence level in participants. This formalizes their knowledge of overcoming real world business challenges through a deeper understanding of general and specialization subjects which help them fine tune their leadership acumen along with technical and behavioural skills. Armed with the knowhow of critical thinking and the insight of questioning business assumptions, the participants are ready to take the next step in their career by the end of this course.

The programme structure is adapted to the needs of the participants to balance work and study. The classes take place on weekends.

Programme Highlights:

- Convenient Design: Offered at the SIBM Pune picturesque Lavale campus on weekends (Sat. & Sun.). No need to take leave from work.
- [Options for Specialisation*]: The programme has major and minor specializations in the following areas:
(* A specialisation may not be offered if the enrolment for a specialisation is less than 10 students of the enrolled students.)

Opportunities for Specializations:

1. Marketing

The focus of marketing specialization is on imparting knowledge and skill set needed to understand, interpret and apply marketing concepts in live corporate scenarios. Students can advance their knowledge and expertise in areas such as Digital Marketing, Services Marketing, Brand Management, Sports & Entertainment Marketing and B2B Marketing. Developing skill sets in these areas has the potential to increase their lifetime earnings, and qualify for positions of greater power and responsibility.

2. Finance

A specialization in Finance is designed to provide students with a foundation in applied financial management. It

equips the student in acquiring knowledge which can help in financial decision-making, deep understanding of the financial aspects of the economy and the corporate world. The quantitative and analytic skills of the students are enhanced with a deep dive into contemporary areas like Derivatives, Financial Modelling and Financial Analytics. The specialization also helps develop financial analysis skills that can be used to guide a company's fiscal operations and policies.

3. Operations & Supply Chain

Operations and Supply Chain Management specialization deals with understanding and integrating business processes within and between organizations. Logistics and Distribution networks have become huge differentiating factors for an organisation when competes in the market. The course structure in this specialization, with subjects like Lean Six Sigma, Operations Analytics, Service Operations Management, Supply Chain Strategy and Enterprise Risk Management ensures that technological knowhow is integrated with current industrial practices to equip students to deliver beyond standard service levels for the businesses to grow further.

4. Analytics & Information Technology

Analytics & Information Technology specialization aims at developing students for IT Businesses and its specialized streams. The program builds Management skills and reinforces IT skills to create Leaders & Entrepreneurs in IT domain. This program enables students to gain in depth knowledge in the niche areas such Machine Learning, IoT, Data Visualization, Mobile Analytics, Social Media Analytics, IT analysis, Security Management, and other areas, where industry has a constant demand for people with such expertise.

Admission Process

- **Master of Business Administration (M.B.A.)**

- **Master of Business Administration (Innovation and Entrepreneurship) MBA (I & E)**

Step - I: SNAP Test

Each student desirous of admission to SIBM Pune's full-time programmes must appear for Symbiosis National Aptitude (SNAP) Test, which is a common written test for the admission to all Symbiosis postgraduate programmes. A candidate can appear for up to three tests for SNAP.

For SNAP Test information log on to <http://www.snaptest.org> and register. Simultaneously, register online for SIBM Pune by paying an additional Rs. 1000/- plus GST. Candidates are advised to preserve the Admit Card of SNAP Test for further selection process at SIBM, Pune. Appearing for SNAP Test does not automatically qualify an applicant for the next step in selection process at SIBM Pune.

Step-II: Selection Process at SIBM Pune

Short-listed applicants based on SNAP scores will be called for the selection process at SIBM, Pune. Short listed candidates are announced via a web-link on SIBM Pune's website as per the scheduled dates. Individual regret letters will not be sent to applicants who are not called for GE-PI. The entire selection process will be held at PUNE only.

This process includes Group Exercise (GE) and Personal Interview (PI).

Caution: Candidates should take due care to enter the correct details while filling the forms. At any point of time during the entrance process or even after securing admission, if details are found incorrect, then candidate will be disqualified or after securing admission, admission will be cancelled without assigning the reason.

Important Instructions

In all correspondence with SIBM Pune, candidates must mention their SNAP ID, legible name, email id, contact telephone number (with STD code) if applicable and address with PIN Code.

1. Applicants are advised to refer to our website for updated information. No separate communication will be sent.
2. Authorized SNAP Admit Card must be produced for appearing in the selection process.
3. Short-listed candidates for Step II (GE-PI) will be announced on SIBM Pune's web site as per the schedule published.
4. Merit list will be published on the SIBM Pune website as per the schedule published.
5. All enquiries related to admission can be made to Landline Number: 020-61936008 /76/77

Email id: admissionsteam@sibmpune.edu.in

● Master of Business Administration (Executive)

- Step 1: Candidates must complete the online registration process.
- Step 2: Candidates who fulfil the eligibility criteria will be shortlisted and called for a Personal Interview.
- Step 3: Final selection will be based on the Personal Interview score.

Orientation and Pedagogy:

SIBM Pune conducts its Orientation Programme in a unique and engaging manner, spanning across 10 days. During this period, a variety of activities are organized, including ice-breaking exercises, cultural performances, team-building outings, and sessions led by industry experts, distinguished alumni, and entrepreneurs.

The pedagogy at the institute integrates multiple methodologies. Beyond the traditional chalk-and-talk approach, there is a deliberate effort to make sessions interactive through the use of case studies and references to the latest developments in the relevant fields. Students are encouraged to undertake multiple projects to enhance their research and analytical skills. Cutting-edge tools and techniques, such as business simulations, are employed

wherever possible.

Additionally, the institute frequently organizes guest lectures by leading corporate executives, particularly from its alumni pool. SIBM Pune has consistently received awards for its outstanding industry interaction. Students are also encouraged to document the success stories of notable alumni, which the college publishes in book form. Field visits are a regular component of the curriculum, and Harvard or Ivey case studies are used in each course for teaching.

The poster for Research Conclave 2024 is set against a dark purple background. At the top left is the RSDT logo, and at the top right is the SIBM Pune logo. The title "RESEARCH CONCLAVE" is in large, bold, yellow and white letters, with "2024" centered below it. A white banner across the middle reads "DATA INTELLIGENCE: UNVEILING INSIGHTS AND EXPLORING THE FUTURE OF INFORMATION". Below this, the "KEYNOTE" section features a circular portrait of Rahul Pandey, Data Science and Applied AI Practice Leader at CSI. To the right, the "PANEL" section lists three speakers: Kaustav Sil (CEO, Rieter), Gurudutt Deshpande (Associate Director, Accenture), and Vikas Gautam (Data & AI Architect, Microsoft), each with a circular portrait. A quote box at the bottom of the panel reads "Managerial Intuition vs Data-Driven Decision Making: Striking the Perfect Balance". The footer contains three yellow boxes with the text "21 DECEMBER", "CONVENTION CENTER", and "9:30 AM ONWARDS".

Research Conclave 2024 was organised by RSDT on 21st December, 2024

Programme Structure:

Master of Business Administration (M.B.A.)

Semester : I

Generic Core Courses

- Microeconomics
- Human Resource Management
- Marketing Management
- Operations Management
- Financial Management
- Business Statistics
- Data Driven Decision Making
- Financial Accounting
- Research Methodology
- Supply Chain Management
- R Programming

Vasudhaiva Kutumbakam *

Generic Elective Course Group (Choose any one course)

- Doing Business in India
- Indian Ethos and Values for Management
- Indian Film Industry: A Business Perspective
- Governance and Corporate Sustainability

Specialisation Core Courses : Marketing

- Sales Force and Channel Management
- Consumer Behaviour and Insights

Specialisation Core Courses : Human Resource

- Labour Laws
- Learning and Development

Specialisation Core Courses : Finance

- Financial Econometrics
- Introduction to Financial Markets and Institutions

Specialisation Core Courses : Operations and Supply Chain Management

- Materials Management
- Quality Management

Specialisation Core Courses : Data Analytics

- Data preparation and Data management
- Programming for Data Sciences

Semester : II

Generic Core Courses

- Organizational Behaviour
- Macroeconomics
- Business Analytics for Marketing
- Legal Aspects of Business
- Management Accounting
- Management Information Systems
- Operations Research
- Project Management
- Cloud and Big Data

Specialisation Core Courses : Marketing

- Integrated Marketing Communication
- Rural Marketing
- Marketing Research

Specialisation Core Courses : Human Resource

- Industrial Relations
- Compensation and Reward Management
- Talent Management

Specialisation Core Courses : Finance

- Corporate Valuation
- Security Analysis and Portfolio Management
- Flexi-Credit Course

Specialisation Core Courses : Operations and Supply Chain Management

- Logistics Management
- Service Operations Management
- Supply Chain Modeling and Design

Specialisation Core Courses : Data Analytics

- Data Mining
- Predictive Analytics
- Machine learning

Semester : III

Generic Core Courses

- Summer Internship
- Strategic Management
- Data Visualization and Modeling
- Design Thinking

Specialisation Core Courses : Marketing

- Brand Management
- Business to Business Marketing

Specialisation Core Courses : Human Resource

- Organizational Development and Change
- Performance Management System

Specialisation Core Courses : Finance

- Derivative Markets
- Fixed Income Markets

Specialisation Core Courses : Operations and Supply Chain Management

- Digital Manufacturing and Analytics
- Lean Six Sigma

Specialisation Core Courses : Data Analytics

- Data Protection and Privacy
- Social Media Analytics

Specialisation Elective Group (Choose any one group)

Specialisation : Marketing

- Customer Relationship Management
- Digital Marketing
- Retail Marketing
- Services Marketing

Specialisation : Human Resource

- Assessment Centres and HRD Instruments
- HR Analytics
- Leadership and Capacity Building

- Technology in HR /SAP HR/ People Soft

Specialisation : Finance

- Financial Engineering and Analytics
- Financial Risk Management
- International Finance
- Mergers and Acquisitions

Specialisation : Operations and Supply Chain Management

- AI and ML for Business Management
- ERP Modules and their Integration
- Outsourcing and IT Delivery Models
- Theory of Constraints

Specialisation : Data Analytics

- Digital Transformation
- Innovation Management
- Internet of Things
- Mobile Analytics

Semester : IV

Generic Core Courses

- Business Simulation
- Business Transformation and Organizational Turnaround
- Conflict and Negotiation
- Corporate Governance and

Ethics

- Dissertation
- Health and Wellness Module I #
- Health and Wellness Module II #
- Health and Wellness *

Specialisation Core Courses : Marketing

- International Marketing

Specialisation Core Courses : Human Resource

- International Human Resource Management

Specialisation Core Courses : Finance

- Investment Banking

Specialisation Core Courses : Operations and Supply Chain Management

- Enterprise Risk Management

Specialisation Core Courses : Data Analytics

- Risk Analytics

Master of Business Administration (Innovation and Entrepreneurship) MBA (I & E)

Semester: I

Generic Core Courses

- Machine learning
- SQL and Spatial Database management
- Flexi-Credit Course
- Data Driven Governance
- Inferential Statistics
- Health and Wellness Module II #

Specialisation Core Courses :

Artificial Intelligence Algorithms

- Data Analysis Using Python
- Computer Vision
- Programming for

computational sciences

- Big Data Analytical Techniques and Practical Applications

Specialisation Core Courses :

Geointelligence

- Advance Python Programming for Spatial Analytics
- Programming for Spatial Sciences
- Geospatial Analytics
- Spatial Big Data and Storage Analytics

Semester: III

Generic Core Courses

- Summer Project
- Deep learning
- Artificial Intelligence
- Spatial Modeling
- Flexi-Credit Course
- Vasudhaiva Kutumbakam *
- Health and Wellness *

Generic Elective Course Group (Choose any one course)

- Data Driven Journalism
- IOT Spatial Analytics
- Spatial User Interface design and Implementation
- System Dynamics Simulation
- Data Driven Banking, Insurance and Finance
- Data Driven Forensics and

Crime Investigation

Specialisation Core Courses :

Artificial Intelligence Algorithms

- Block Chain Technology
- Introduction to Natural Language Processing
- Operations Research and Optimization Techniques

Specialisation Core Courses :

Geointelligence

- Machine Learning for Remote sensing
- Web GIS
- Citizen Science and Geospatial Technology

Semester: IV

Generic Core Courses

- Industry Project

Dr. Madhvi Sethi

Professor and Director, SIBM Bengaluru.
MBA, Ph.D. Post-Doctoral Fellow

Director Profile:

Dr. Madhvi Sethi completed her post-doctoral fellowship from Indian School of Business (ISB), Hyderabad after doing her Doctorate in the area of financial markets. Her research interests lie in the areas of financial markets, financial economics, mergers and acquisitions and capital structure decisions. She has presented papers in several international and national conferences. Her research papers have been published in various peer-reviewed journals in India and abroad. She has co-authored a book titled “Indian Business Groups: Strategy and Performance” which has been published by Cambridge University Press, India. Her co-authored cases are available on Harvard Business Publishing and Ivey Publishing.

Dr. Sethi has been appointed as the Research Mentor for SIBM-Bengaluru by Symbiosis International (Deemed University), Pune. She has been involved in corporate programmes conducted at Wipro and Infosys where she has been teaching executives at different management levels. Dr. Madhvi Sethi has been invited to deliver guest sessions at Nottingham Business School, Nottingham Trent University (UK) and Gabelli School of Business, Fordham University (NY). She has also been an adjunct Faculty with School of International Business and Entrepreneurship, Steinbeis University, Germany.

Institute Profile:

Ever since its inception in 2008, Symbiosis Institute of Business Management, Bengaluru has been striving to achieve excellence in imparting Management Education. The Institute believes that the demand from the corporate is for “techno managers” who embrace technology and analytics while excelling in their domain areas. The dynamic curriculum and rigorous academic practices at SIBM Bengaluru incorporate this industry expectation into a teaching-learning process.

Management education is expected to provide the skills, knowledge and experience to make sound decisions in a complex and ever-changing business environment. SIBM Bengaluru envisions a Management Education with a “Quantitative Difference” by focusing on data analytics across all programmes. At SIBM, Bengaluru the decision-making skills of the students are enhanced with the use of Harvard Business School case studies, simulations and articles. Technology has been further integrated into the curriculum with an all-encompassing learning management system and flipped classroom model. Data driven decision making skills are imparted by including training on software applications like R, Python, Tableau, Power BI and SPSS. The Institute hosts a diverse set of databases like Bloomberg, CMIE Prowess etc to facilitate access to financial and economic data for robust analysis.

Management Education provided at SIBM Bengaluru is based on the SEAT (Sustainability, Ethics, Analytics and Technology) philosophy. Through this philosophy we aim to create managers who not only excel in areas of analytics

and the underlying technology, but at the same time are conscious of both ethical issues and sustainability needs of the planet.

We have a proprietary model called “SC-IE-NCE” that forms the basis of curriculum development. We combine the Student Competence (SC) with Industry Expectations (IE) and arrive at New Courses or Enhancements (NCE). Our curriculum goes through two levels of scrutiny – one through our own internal Board of Studies comprising of Industry Experts, Faculty and Alumni and another through the Board of Studies of the University.

The Institute firmly maintains that learning goes beyond the classroom and organises regular student-industry interaction through guest sessions and corporate events. Industry interface is further strengthened by live projects and Summer Internship Programmes (SIP). Continuous and close interaction between Academia and industry has intensified the trend of getting SIBM-B students industry ready. Incorporation of industry feedback into curriculum and teaching learning process help us in successfully bridging the gap between industry expectations and graduate outcomes. The dividend for successful integration of industry expectations has been paid off in the form of diversified placement profiles and better packages.

Vibrant student committees and clubs complement the programme by providing a platform for the students to nurture their leadership skills. Apart from training the students to acquire the knowledge and skills to excel in their professional lives, the institute also focusses on developing the right values and attitudes among the students through various social responsibility activities.

Erudite and accomplished faculty members at SIBM Bengaluru spearhead the process of transforming students into techno managers. Our faculty team consists of a unique blend of professionals with rich industry experience and research accomplishments. They hail from top B-Schools in the country including IIMs, ISB etc.

Programme Profile:

- **Master of Business Administration (M.B.A.)**

The MBA Program at Symbiosis Institute of Business Management Bengaluru (SIBM-B) is designed to develop and groom future business leaders. The first year is split into two semesters, covering foundational management subjects such as Economics, Accounting, Statistics, Strategy, Marketing, Operations, Organizational Behaviour, Finance, and Human Resource Management. At the end of the first year, students participate in an 8-week Summer Internship Program (SIP), providing valuable exposure to the corporate world and the opportunity to apply their knowledge in real-world settings. In the second year, encompassing the third and fourth semesters, students can specialize in their chosen fields, including Finance, Marketing, Operations, and Human Resource Management. Students are encouraged to select electives beyond their specialization to broaden their expertise and skills. The program’s rigorous curriculum, enhanced with Harvard Business School and Ivey publication cases and simulations, ensures a world-class education. SIBM-B’s experienced faculty and innovative teaching methods prepare students to tackle real-world challenges effectively. Additionally, the institute’s strategic location in Bangalore, a hub for major companies and start-ups, provides ample networking opportunities and exposure to industry leaders, making it an ideal choice for future business leaders.

- **Master of Business Administration (Business Analytics)**

Business Analytics, encompassing big data, machine learning, and generative AI, is pivotal for modern enterprises, yet a significant shortage of skilled analysts is hindering their potential. Industry reports such as from World Economic Forum and McKinsey & Company emphasize a critical gap in the supply of data scientists and analysts, highlighting the urgent need for advanced analytics skills. With the tsunami of data generated daily, executives

must incorporate IT skills into their decision-making arsenal to stay informed and make strategic choices. The MBA programme in Business Analytics (MBA BA) at SIBM Bengaluru is at the forefront of this transformation, empowering managers to make data-driven decisions and steer their businesses toward success. This program combines business management with analytics, an unbeatable combination that enhances competitiveness and streamlines decision-making. MBA(BA) graduates will develop expertise in various data analytics tools, including R, Python, SPSS, and Tableau, all available in the institute's data lab. Additionally, SIBM Bengaluru offers Bloomberg terminals and comprehensive online research databases such as EBSCO, Emerald, JSTOR, and CMIE Prowess. Situated in Bangalore, a major hub for big companies, the institute provides unparalleled opportunities for MBA aspirants to engage with leading firms and gain valuable industry experience, making it an ideal environment for future business leaders.

- **Master of Business Administration (Executive)**

The MBA (Executive) program at SIBM Bengaluru offers an excellent option for working executives seeking to advance their careers. The program structure is thoughtfully designed to help executives meet the challenges and rigor of the modern marketplace. It prepares functional managers for general management roles and addresses gaps in their knowledge of essential management disciplines. This program aims to broaden their management skills through lectures, case studies, experiential learning, and mentoring. The MBA (Executive) program at SIBM Bengaluru focuses on key subjects essential for executive students, such as Strategic Management, Financial Management and Leadership & Capacity Building. These courses equip executives with critical decision-making skills and leadership abilities. Additionally, subjects like Business Analytics and Digital Marketing are emphasized to help executives navigate modern business challenges and stay competitive in today's rapidly evolving marketplace.

Duration of the Programme:

- **Master of Business Administration (M.B.A.)** : 2 years, Full Time, Residential programme
- **Master of Business Administration (Business Analytics)** : 2 years, Full Time, Residential programme
- **Master of Business Administration (Executive)** : 2 years, Part-Time, Non-Residential programme

Intake:

- **Master of Business Administration (M.B.A.)** : 210 Students
- **Master of Business Administration (Business Analytics)** : 30 Students
- **Master of Business Administration (Executive)** : 60 Students

Dr. K. P. Venugopala Rao
Director

Director Profile:

Dr. K P Venugopala Rao is an academician with a wealth of experience in teaching, research, and academic administration. He holds a Doctorate in Commerce from Osmania University and has degrees in Law and Education. His thesis, which explored the area of Commodity Derivatives in India, reflects his deep understanding of the subject matter.

With over two decades of experience in the field, Dr. Venugopala Rao has held various academic and administrative positions in renowned educational institutions. He has taught and conducted research at esteemed universities such as Osmania University and Kakatiya University.

Dr. Venugopala Rao is an accomplished researcher with several publications in various national and international peer-reviewed journals. His interests are mainly in Accounting, Taxation, and Capital Markets.

Dr. Rao actively promotes innovative teaching pedagogy to make learning more effective and engaging for students. He is a member of BoS in Banking and Finance at Symbiosis International (Deemed University). He has held the leadership role as the Director of Symbiosis Centre for Management Studies in NOIDA.

In addition to his academic engagements, Dr. Rao conducts training programs for corporate executives and leaders at prominent organizations like Cogent Ltd, Indian Railways, Bayer Ltd, and L&T.

Dr. Rao is often invited to speak at various academic workshops and National Seminars to share his knowledge and expertise on markets, research and other related topics. As the director for Symbiosis Institute of Business Management Hyderabad, Dr. Rao is committed to nurturing the next generation of business leaders and managers with a focus on innovative teaching pedagogy, research, and academic excellence.

Institute Profile:

SIBM-H with the motto “Shraddhavan Labhate Gyanam” meaning “The earnest aspirant gains supreme wisdom” is poised to make new strides in delivering quality management education with a unique mix of knowledge, skills and ethics, drawing on rich base of SIBM Alumni and stakeholders. Symbiosis Institute of Business Management, Hyderabad (SIBM-H) has positioned itself as a preferred destination for students aspiring to become a seasoned Business Management Professional. SIBM-H provides the right academic environment to learn management in a competitive, conducive and a contemplative setting. Situated amidst the upcoming Educational Hub and in the vicinity of Industrial Corridor, SIBM-H is housed in a sprawling 40-acre Campus at Mamidipalle, Ranga Reddy District, Telangana and is a 30-minute drive from Rajiv Gandhi International Airport, Hyderabad. A fully Residential and Wi-Fi enabled campus; SIBM-H has the state-of-the-art infrastructure and world class facilities for all-round development of the student community. The academic life on this campus is a convergence of curricular, co-

curricular, and extra-curricular activities. The campus has a unique advantage of access to the rich educational, technological expertise along with resources available in Hyderabad with a bouquet of best practices and focus on all-round student development. The value of SIBM-H lies in its legacy of quality and excellence with well-defined personal care and progressive strategy. It is now galloping leadership in academic excellence, in internationalizing of management education, and has become bedrock for showcasing talent in B-School competitions across the country and through its innovation in admission, assessment and pedagogy.

Programme Profile:

- **Master of Business Administration (M.B.A.)**

The two-year full time Master of Business Administration (MBA), offered at Symbiosis Institute of Business Management, Hyderabad, aims at grooming students as socially conscious world-class business leaders. The curriculum of SIBM-H is dynamic and periodically updated by benchmarking with the best of Industry standards. The MBA Programme follows the Semester System pattern and offers Specializations in the area of Finance, Marketing, Human Resource and Operations and is based on Choice Based Credit System. Apart from Classroom learning, Value Added Courses, Extension Programmes focused on relevant skills, and Study Tours are regularly conducted to enhance the student understanding of the real-world situations and practices in the field of Management. Academic Programme is holistic and the pedagogy involves Group Discussions, Case Studies, Simulations, Lab Tutorials, Seminars and Workshops, along with Eight-Week Intensive Summer Internship Programme. The distinctive quality of learning at SIBM-H is its Industry-Academia interface, wherein experts from the Industry / Corporates participate in Curriculum Design, facilitating experiential learning through knowledge sharing as Guest Speakers, which give firsthand account of the ever-changing business environment and prepare the students to become competent, responsible and innovative professionals.

Duration of the Programme:

- **Master of Business Administration (M.B.A.)** : 2 years, Full Time, Residential programme

Intake:

- **Master of Business Administration (M.B.A.): 120 Seats**

Eligibility

- **Master of Business Administration (M.B.A.)**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste / Scheduled Tribes).

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

- Candidates aspiring to join MBA programme offered by Symbiosis Institute of Business Management, Hyderabad have to take the common, mandatory Symbiosis National Aptitude (SNAP) Online Test 2025. A candidate needs to register for SNAP Test & also register for the institute by paying separate programme registration fees.
- If shortlisted, he/she would then need to attend the GE-PI process conducted by the institute individually.
- Merit list will be based on the following parameters: -

Weightage for Merit List

SNAP Score out of 60 scale down to 50	Group Exercise (GE)	Personal Interaction (PI)	Institute Specific Parameters	Total
50	10	30	10	100

- Category-wise cut off for Merit List and Wait List will be displayed on the website of the respective institutes. Wait list movement will depend upon the vacant seats available.
- The admission is provisional and will be confirmed on payment of fees on or before the due date and subject to fulfilment of eligibility conditions of the respective Programme(s) and in accordance with the rules of the Symbiosis International (Deemed University).

Programme	Applicability of Entrance Examination	Fees Amount in Rs.

Dr Shailesh Rastogi
Director

Director Profile:

Dr. Shailesh Rastogi, presently working as Director and Professor at SIBM Nagpur, is no stranger to the world of academia, boasting an impressive 24 years of experience in academic, research, and administrative roles. His forte extends beyond the classroom. He is passionate about faculty development programs, research, and the use of technology to enhance the learning experience.

Before joining SIBM Nagpur, Dr Rastogi worked as a Professor in one of the leading B-Schools of Symbiosis group, SIBM Pune. Before SIBM Pune, he was Dean of the MBA Program at Thiagarajar School of Management, Madurai. He has also served in several prestigious institutions, including Jaipuria Institute of Management, Jaipur, GLA University, Mathura, and Invertis University, Bareilly. He had been the Program Director for PGDM, PGDM (Financial Services), and PGDM (Retail Management) for several years at Jaipuria Institute of Management, Jaipur. During his previous stints in different institutes, he also headed different teams regarding accreditations (International: ACBSP; National: NBA, NAAC) and regulatory compliances (AICTE and AIU).

Dr Rastogi has been instrumental and has headed many sponsored consultancy projects, which include projects at Velammal Medical College & Hospital, Madurai, RUIDP, Government of Rajasthan, Jaipur, IFFCO, Bareilly, and J K Sugar Mills, Bareilly. His expertise includes conducting MDPs on Panel Data Econometrics, Financial Econometrics, Financial Analytics using spreadsheets & VB, and Corporate Valuation. He is a prolific researcher with more than 200 research papers published in national and international journals of repute, which are indexed in Scopus, Web of Science, and ABDC. In addition, Dr Rastogi has more than 12 research scholars who have completed their doctorates under his supervision.

He has a Ph.D. in Management (Finance) from MJP Rohilkhand University, Bareilly. He is a management graduate from the National Institute of Technology, Allahabad (MNNIT). His areas of interest for teaching are Analytics (Financial Econometrics, Financial Modelling using Spreadsheet and VB, Financial Data Analytics using Python) and Valuation (Corporate Valuation and Corporate Finance).

His areas of interest for research are firm and bank performance, inclusive growth, financial materiality of sustainability, market integration and volatility spillover effect, circular economy, intangible assets and valuation, and leadership and spirituality. Beyond his professional accomplishments, Dr Rastogi is an active contributor to social and spiritual causes, adding a unique dimension to his approach to education.

Institute Profile:

Symbiosis Institute of Business Management, Nagpur is a premier B-school under the umbrella of Symbiosis International (Deemed University), Pune, a name synonymous with academic excellence, innovation, and global

engagement. Established in 2019, SIBM Nagpur has swiftly emerged as a distinguished centre for management education in Central India.

Nestled within a 75-acre fully residential campus near MIHAN—Nagpur’s prominent Special Economic Zone and industrial corridor—SIBM Nagpur offers a vibrant, future-oriented learning environment supported by cutting-edge infrastructure and strong industry connect.

The institute offers its flagship MBA program with specializations in Marketing, Finance, Human Resource Management, Operations Management, and Business Analytics. The program is designed to foster strategic thinking, ethical leadership, and industry-aligned skills that prepare students to thrive in dynamic business environments.

In response to the evolving needs of the agri-business sector, SIBM Nagpur launched the MBA in Food and Agri-Business Management (FABM) in 2022, with an annual intake of 60 students. This niche program focuses on agri-value chains, food processing, sustainable agriculture, and rural enterprise management—addressing one of the most vital sectors of the Indian economy.

The institute’s academic approach emphasizes experiential learning, self-directed inquiry, interdisciplinary exposure, and continuous assessment. Students engage with real-world business challenges through case studies, simulations, research projects, and corporate interactions, guided by experienced faculty and industry mentors.

SIBM Nagpur is a constituent of Symbiosis International (Deemed University), which is accredited with an “A++” grade by the National Assessment and Accreditation Council (NAAC). The MBA (General Management) program at SIBM Nagpur is also accredited by the National Board of Accreditation (NBA), a recognition of its academic quality and industry relevance. The university is recognized by the University Grants Commission (UGC), Government of India.

With its contemporary programs, commitment to excellence, and the legacy of Symbiosis, SIBM Nagpur is dedicated to shaping competent, responsible, and future-ready management professionals.

Programme Profile:

- **Master of Business Administration (M.B.A.)**

The MBA at Symbiosis Institute of Business Management, Nagpur is the institute’s flagship two-year full-time residential program, designed to develop dynamic, ethical, and industry-ready leaders. Spread across four semesters and structured over 100 academic credits, the program blends academic depth with real-world exposure, ensuring a well-rounded business education in today’s competitive environment.

One of the unique features of the MBA program at SIBM Nagpur is that specialization courses begin from Semester I itself, allowing students to build domain expertise early in their academic journey. This early immersion helps students align their interests and career goals right from the outset, with structured guidance and mentoring.

Specializations Offered

Marketing

The Marketing specialization equips students with strategic and analytical marketing capabilities. Through a practice-oriented curriculum involving case studies, market research projects, workshops, and industry lectures, students gain insight into consumer behavior, digital marketing, brand management, and sales strategy. The focus is on applying marketing principles to real-time business challenges and building customer-centric thinking.

Human Resource Management

This specialization prepares students to lead in the area of people and talent management. With a focus on

organizational behavior, talent acquisition, industrial relations, performance management, and strategic HR, the course develops future HR leaders who can align people's strategies with business goals. Experiential learning, role plays, and HR analytics further enhance decision-making and interpersonal skills.

Finance

The Finance specialization builds a strong foundation in financial management and analytical decision-making. Students gain knowledge in corporate finance, investment analysis, banking, financial modeling, and risk management, supported by live projects and financial market simulations. The program hones both quantitative and strategic financial skills necessary to navigate a complex economic environment.

Operations and Supply Chain Management

This specialization focuses on enhancing efficiency, quality, and agility in business operations. With courses in sustainable supply chain design, logistics, operations strategy, quality management, and lean systems, students are trained to optimize processes and drive value in manufacturing and service industries. The curriculum integrates case-based discussions with hands-on learning in SCM tools and technology.

Business Analytics

The Business Analytics specialization prepares students for data-driven decision-making roles by building competencies in data mining, predictive modeling, machine learning, data visualization, and business intelligence. Emphasis is placed on blending technical skills with business acumen, ensuring students can translate data insights into strategic actions across business functions.

● **Master of Business Administration (Food and Agri-Business Management) - M.B.A. (F.A.B.M.)**

The MBA (Food and Agri-Business Management) at SIEM Nagpur is a specialized, fully residential, two-year program launched in 2022 to meet the growing demand for management professionals in the rapidly evolving food and agriculture sectors. Structured over 100 academic credits, the program integrates core management principles with domain-specific exposure, preparing students to lead across corporate, entrepreneurial, and development-oriented roles.

Throughout the program, students develop a diverse set of managerial and sector-specific skills that are critical to the modern agri-business landscape. Emphasis is placed on strategic thinking, problem-solving, and decision-making in complex and dynamic environments. Students learn to navigate the intricacies of value chains, optimize resource use, and manage business operations that are sustainable, scalable, and inclusive.

In addition to strong business fundamentals, the program nurtures analytical abilities, leadership qualities, and an understanding of rural economies and stakeholder ecosystems. Students gain experience in applying technology, managing risk, interpreting market trends, and creating business models that drive both profitability and social impact.

The learning experience is enriched through experiential pedagogy including field immersions, industry engagement, simulation exercises, research-driven projects, and interactions with practitioners and experts in the food and agri-business domain. This practical exposure enables students to apply classroom learning to real-world contexts and develop a grounded perspective of the sector.

Graduates emerge with the confidence and competence to work in agribusiness firms, food processing companies, development agencies, cooperatives, rural enterprises, and agripreneurial ventures—equipped not only to manage

but also to innovate and lead transformation in one of the most vital sectors of the economy.

- **Master of Business Administration (Executive)**

Designed for experienced professionals, the MBA (Executive) program at Symbiosis Institute of Business Management, Nagpur equips you with the knowledge and skills to propel your career forward. Through a blend of rigorous academics and innovative teaching methods, you'll gain a broader perspective and increased confidence. The program delves into core business subjects and specialized areas, helping you refine your leadership abilities alongside technical and interpersonal skills. By the program's end, critical thinking and the ability to challenge assumptions will empower you to tackle real-world business challenges and take the next step in your leadership journey.

Duration of the Programme:

- **Master of Business Administration (M.B.A.)** : 2 years, Full Time, Residential programme
- **Master of Business Administration (Food and Agri-Business Management) - M.B.A. (F.A.B.M.)** : 2 years, Full Time, Residential programme
- **Master of Business Administration (Executive)** : 2 years, Part Time, Non-Residential programme

Intake:

- **Master of Business Administration (M.B.A.)** : 180 Students
- **Master of Business Administration (Food and Agri-Business Management) - M.B.A. (F.A.B.M.)** : 60 Students
- **Master of Business Administration (Executive)** : 30 Students

Eligibility

Orientation and Pedagogy:

- **Master of Business Administration (M.B.A.)**
- **Master of Business Administration (Food and Agri-Business Management) - M.B.A. (F.A.B.M.)**

At Symbiosis Institute of Business Management (SIBM) Nagpur, our orientation towards teaching and learning is centered on nurturing future-ready leaders who are agile, ethical, and industry-aligned. Our approach goes beyond imparting knowledge—it is about inspiring transformation.

We believe that effective management education must be experiential, inclusive, and forward-looking. Our academic orientation emphasizes a student-centric and application-oriented model, enabling learners to grow holistically while developing the confidence to lead in complex business environments.

Our pedagogy is carefully designed to bridge theory and practice, encourage independent thinking, and develop a strong foundation in both contemporary business knowledge and emerging trends. The key features of our pedagogical model include:

Blend of Pedagogies

At SIBM Nagpur, no single method dominates. We use a balanced mix of classroom teaching, case-based discussions, simulations, role plays, experiential projects, and flipped classrooms. This diversified approach accommodates different learning styles and promotes active participation, critical thinking, and decision-making.

Integration of Technology

Our technology-enhanced learning environment equips students with tools and platforms that mirror real-world business settings. Smart classrooms, AI-driven learning systems and Business Analytics software are seamlessly integrated into academic delivery to foster digital fluency.

Industry Readiness

Our curriculum is constantly updated to reflect current industry practices. Students engage with live projects, internships, corporate mentoring sessions, and skill-based workshops, gaining first-hand exposure to business realities. Regular interactions with industry leaders ensure our students graduate with practical insights and job-market readiness.

Promotion of Self-Learning

We encourage students to take initiative and ownership of their learning journey. Through research assignments, online courses and independent projects, students develop habits of lifelong learning and intellectual curiosity.

Continuous Assessment

Our evaluation process is designed to support consistent academic and personal development. We implement a system of continuous and comprehensive assessment through presentations, quizzes, projects and reflective assignments. This approach offers timely guidance and promotes steady improvement.

- **Master of Business Administration (Executive)**

Understanding the demands of working professionals, the program offers a flexible weekend schedule to accommodate the candidates' busy life.

@ Hostel fees can be increased up to 15% each year and Mess Fees can be increased up to 10% each year.

Government taxes would be additional as and when applicable.

** Hostel and Mess Fees for the subsequent year would be communicated before commencement of the next academic year.

*Few seats are reserved as Discretionary Quota Seats. Only students with reasonable academic record and with good entrance test scores are considered for Discretionary Quota Seats. The fees for Discretionary Quota seats will be double the academic fees of the open category as approved by the Fee Structure Committee, to be paid to the institute by way of online transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU. Once admission is taken in Discretionary Quota, the fees applicable to Discretionary Quota will have to be paid by the student for the entire duration of the programme.

Generic Elective Course Group (Choose any one course)

- Data Analysis Using Python
- Legal Aspects of Business
- Cybercrimes and Laws

Specialisation Core Courses : Marketing

- Digital Marketing
- Sales Management
- Consumer Behaviour and Insights

Specialisation Core Courses : Human Resource

- Consulting Skills in HR
- Organizational Theory, Design and Structure
- Talent Acquisition

Specialisation Core Courses : Finance

- Financial Econometrics
- Marketing of Financial Services
- Financial Technology

Specialisation Core Courses : Operations and Supply Chain Management

- Quality Management
- Materials Management
- Scrum Project Management

Specialisation Core Courses : Business Analytics

- Business Intelligence I
- Data preparation and Data management
- Business Analytics

Open Elective Course Group (Choose any three courses)

- Social Media Marketing
- Channel Management
- E Commerce and D2C Marketing
- Management of Diverse Work Force
- HRD Instruments
- Labour Laws
- Banking Operations
- Project Feasibility and Financing
- Introduction to Blockchain Technologies
- Digital Manufacturing and Analytics
- Technology and Innovation Management
- Sustainable Manufacturing Operations
- Social Media Analytics
- Programming Tools (Python)
- Data Visualization and Storytelling

Semester: II

Generic Core Courses

- Data Visualization and Modeling
- Project Management
- Strategic Management
- Organization Behaviour and Leadership
- Research Methodology
- Generative AI and use cases
- Health and Wellness Module II #

Generic Elective Course Group (Choose any one course)

- Corporate Governance and Ethics
- Introduction to DBMS and SQL Programming
- Game Theory for Strategic Thinking

Specialisation Core Courses : Marketing

- Marketing Analytics and CRM
- Services Marketing
- Brand Management
- Product Management

Specialisation Core Courses : Human Resource

- Compensation and Reward Management
- HR Analytics
- Performance Management System
- Learning and Development

Specialisation Core Courses : Finance

- Security Analysis and Portfolio Management
- Financial Risk Management

- Corporate Valuation
- Investment Banking and Alternative Asset Management

Specialisation Core Courses : Operations and Supply Chain Management

- Operations Planning and Scheduling
- Logistics Management
- Supply Chain Risk and Reliability Management
- Manufacturing Management

Computer Lab

The lab houses modern desktops loaded with essential analytics, finance, and management software. Designed to enhance hands-on learning, it enables students to work on real-time data, simulations, and industry-relevant tools.

Classroom

At SIBM Nagpur, classrooms are spacious, air-conditioned, and outfitted with advanced audio-visual aids and smart boards, creating a comfortable and modern learning atmosphere. Highly qualified, approachable faculty engage students through case studies, simulations, group projects, and experiential learning, ensuring each concept is deeply understood.

The seminar hall at SIBM Nagpur is a state-of-the-art venue designed to host guest lectures, workshops, conferences, and academic events. Equipped with advanced audio-visual systems, high-quality acoustics, and comfortable seating, it provides an ideal environment for engaging presentations and interactive discussions.

Please visit <https://www.sibmnagpur.edu.in/> for information related to:

- Teaching Faculty including educational qualification(s) and teaching experience
- Learning Resources
- Physical and Academic Infrastructure Facilities
- Co-Curricular and Extra Curricular Activities
- Hostel Accommodation
- Health Care Services

SIBM Nagpur is committed to delivering a future-focused academic experience that blends technology, data, and industry relevance. The institute offers a comprehensive range of learning resources designed to equip MBA students with the tools, platforms, and infrastructure necessary to excel in a competitive business landscape.

The campus is fully Wi-Fi enabled, ensuring seamless digital access across all academic, residential, and common areas. This constant connectivity supports uninterrupted learning, collaboration, and research. A centralized Learning Management System (LMS) forms the backbone of academic delivery, offering students structured access to lecture content, reading material, assessments, and feedback. This platform facilitates flexibility while ensuring consistency in academic engagement.

To promote experiential learning and data-driven decision-making, SIBM Nagpur integrates several leading global platforms into its curriculum. Students have access to Bloomberg Terminals, providing exposure to real-time financial markets, trading environments, and global economic data. Additionally, tools such as CMIE Prowess and Statista enable in-depth industry and market research, enriching academic rigor with practical insights.

The academic environment is further enhanced by advanced analytics and research software. Students work extensively with Stata, R, and Python to develop strong analytical and quantitative capabilities. For specialized research, platforms such as EViews, SPSS, AMOS, SmartPLS, and NVivo are utilized across projects involving statistical modeling, structural equation analysis, and qualitative data interpretation.

SIBM Nagpur places strong emphasis on academic integrity and communication excellence. To this end, platforms like Turnitin and Grammarly are integrated into coursework, ensuring originality, clarity, and professionalism in student submissions. These tools are readily accessible in the institute's fully equipped computer laboratories, which are fitted with updated systems and licensed software to support a wide range of academic tasks and simulations.

The digital library ecosystem includes access to internationally recognized repositories such as ProQuest, Scopus, JSTOR, ScienceDirect, Factiva, Emerald, and Sage Research Methods. These resources support both classroom learning and independent research, and are available through IP-enabled access across the campus.

All classrooms and learning spaces are designed to promote interactivity and engagement. Equipped with smart boards, high-definition projectors, and acoustically optimized layouts, they create a professional learning environment aligned with global standards.

Collectively, these learning resources reflect SIBM Nagpur's commitment to academic excellence, technological integration, and industry relevance. The institution ensures that every MBA student is prepared with the analytical capabilities, research exposure, and practical skills necessary to lead in today's dynamic business environment.

● Physical and Academic Infrastructure Facilities

Computer Lab

The lab houses modern desktops loaded with essential analytics, finance, and management software. Designed to enhance hands-on learning, it enables students to work on real-time data, simulations, and industry-relevant tools.

Classroom

At SIBM Nagpur, classrooms are spacious, air-conditioned, and outfitted with advanced audio-visual aids and smart boards, creating a comfortable and modern learning atmosphere. Highly qualified, approachable faculty engage students through case studies, simulations, group projects, and experiential learning, ensuring each concept is deeply understood.

Seminar Hall

The seminar hall at SIBM Nagpur is a state-of-the-art venue designed to host guest lectures, workshops, conferences, and academic events. Equipped with advanced audio-visual systems, high-quality acoustics, and comfortable seating, it provides an ideal environment for engaging presentations and interactive discussions.

Auditorium

The auditorium at SIBM Nagpur is more than a venue, it is a stage where intellect meets artistry. It is here that industry leaders share insights, students showcase talents, and communities come together in celebration of ideas and creativity. Every occasion in this space leaves a lasting impression, inspiring participants to think bigger, perform better, and embrace the spotlight with confidence.

Leadership Room

The Leadership Room at SIBM Nagpur is a space where vision takes form and strategy finds direction. Designed with elegance and discretion, it offers a serene yet stimulating environment for high-level discussions, brainstorming sessions, and collaborative decision-making.

Nalanda

Nalanda, at SIBM Nagpur is a vibrant hub for dialogue, collaboration, and knowledge exchange. Inspired by the ancient seat of learning, it blends tradition with modernity to create an environment where ideas flow freely and perspectives broaden. Designed for group discussions, case study deliberations, and academic debates, it features flexible seating, advanced presentation tools, and a welcoming ambiance that encourages participation.

Library

The library at SIBM Nagpur offers a rich collection of books, journals, and digital resources, creating a perfect environment for research and learning. With comfortable reading spaces and access to online databases, it supports academic excellence and continuous knowledge growth.

Hostel

SIBM Nagpur's hostel provides comfortable, well-furnished accommodation with modern amenities, ensuring students feel at home on campus. With secure premises, recreational spaces, and a supportive community, it offers the perfect environment for both study and relaxation.

The Symbiosis Centre for Health Care (SCHC) at SIBM Nagpur ensures students have access to quality medical services on campus. With regular health check-ups, emergency care, and wellness initiatives, SCHC prioritizes the well-being and safety of every student.

Campus

The campus of SIBM Nagpur is not just a place, it's an experience that breathes inspiration into every moment. Set amidst serene greenery and open skies, it feels like a retreat where ambition and imagination meet. Architectural elegance meets cutting-edge infrastructure: smart classrooms that spark ideas, collaborative zones that fuel teamwork, and innovation spaces where concepts are born and refined.

Sports

SIBM Nagpur offers a vibrant mix of sports facilities, including volleyball, basketball, futsal, and badminton courts, along with indoor games like table tennis, chess, and carrom. These spaces promote fitness, teamwork, and a lively campus spirit.

Gymnasium

SIBM Nagpur's gym is equipped with modern machines and free weights, providing students with a convenient space to stay fit, relieve stress, and maintain a healthy lifestyle alongside academics.

● Co-Curricular and Extra Curricular Activates

At SIBM Nagpur, student life goes far beyond classrooms and assignments. It's a vibrant, holistic journey that nurtures growth, builds confidence, and brings together students from diverse backgrounds in an environment that encourages learning, leadership, and self-discovery.

The experience begins with Padanyas, a thoughtfully curated two-week induction program. It eases students into the academic structure, campus culture, and values of SIBM Nagpur. Through expert-led sessions, interactive workshops, and peer engagement, students get a strong start and a real sense of belonging.

As the year unfolds, a variety of enriching events bring energy and direction to campus life. Samyoga, the alumni connect initiative, is one such platform where students engage with graduates who share their journeys and professional insights. These connections often become sources of guidance and inspiration. Meanwhile, Unnayan, the institute's flagship leadership conclave, invites industry leaders and thinkers to campus, creating a space where students learn directly from those shaping the future of business.

The campus calendar is filled with opportunities that blend learning with celebration. Events like Phoenix, the Freshers' Day celebration, welcome the new batch with enthusiasm and warmth. Cultural experiences such as Rangisaari, the Garba night during Navratri, and evenings like Sufi Night add color and rhythm to student life. Creative platforms like Open Mic allow students to express themselves through music, poetry, and performance, while the annual Skit Competition offers a chance to explore storytelling and stagecraft.

Academic challenges are woven into the experience as well. Events like HR Quest, Marketing Mania, ChainReaction, and the Make-or-Buy Challenge sharpen students' thinking in real-world contexts. These competitions push participants to apply theory, think critically, and work collaboratively under pressure. Finance-focused events such as Dollar to Dust and the SIP Competition help students analyze company strategies and reflect on internship learnings, encouraging both research and presentation skills.

SIBM Nagpur also takes pride in building awareness beyond business. Campaigns like Brush Against Bias open important conversations about inclusion and perspective. Events like Quizonomics and the World Nature Conservation Quiz encourage students to stay informed about current events and global challenges. The Financial Literacy Programme equips students with practical knowledge in money management, something they carry with them for life.

Entrepreneurial thinking is nurtured through hands-on experiences like Bazaar Boulevard. Students conceptualize, set up, and run business stalls on campus, getting a feel for real-time marketing, sales, pricing, and customer engagement. It is a fun, insightful event that brings innovation and ownership into focus.

At the heart of all celebrations is MANIFEST 3.0, SIBM Nagpur's annual management and cultural fest. Over two days, the campus comes alive with strategy games, sports, dance, fashion, music, and more. It is a moment of pride, talent, and unity across the student body.

As students near the end of their MBA journey, heartfelt events like Scribble Day and Amigos Adiós give them space to celebrate friendships, relive memories, and mark the closing of a meaningful chapter. The year concludes with Annual Management Day (AMD), which honors excellence in academics, leadership, research, and campus contributions.

Through every event and initiative, life at SIBM Nagpur is designed to help students grow into well-rounded professionals. It's an experience that balances ambition with community, and learning with celebration, leaving each student with not just a degree, but a story worth telling.

● Hostel Accommodation

Residential Facility

The Symbiosis Institute of Business Management in Nagpur provides residential accommodation for its Postgraduate students.

Room Types & Furnishings

- The hostel offers air-conditioned triple-sharing rooms.
- Each room includes a bed, wardrobe, chair, writing table, and bookshelf. A mattress and pillow are provided—but students must bring their own covers.
- Rooms feature an easy-dry balcony for laundry.
- Each unit includes an attached toilet and bath, with a mirror located just outside. A bucket and mug are provided in the bathroom.
- Housekeeping is performed daily in every room.
- LAN/Wi-Fi is available in each room and throughout the classrooms.

Mess Services

- The hostel mess serves four meals per day: unlimited breakfast, lunch, and dinner, plus limited evening snacks.
- Non-vegetarian options are available twice a week, and dessert is also included.
- The monthly menu is curated by a Mess Committee comprising student representatives, the Campus Administrator, the mess contractor, and administrative staff.

Rules & Discipline

- All hostels operate under a strict no-smoking policy.
- Consumption of alcohol, intoxicants, or any drug is strictly prohibited on the premises—for students and visitors alike. Violation may result in disciplinary action, including rustication.

● Health Care Services

The healthcare services available to students at Symbiosis International University, Nagpur, as provided by the Symbiosis Centre of Health Care (SCHC) across its campus network in India, including Nagpur:

1. Curative Healthcare (on-campus)

At the Nagpur campus, students benefit from a dedicated on-site health centre, staffed by a full-time medical officer and nurse to handle routine medical and emergency needs.

OPD services operate from 8:00 am to 8:00 pm, and an Emergency Medical Services (EMS) number is provided on student ID cards and hostel boards for assistance beyond these hours.

In emergencies requiring ambulance transfer, SCHC coordinates with state emergency services (108), and arranges prompt referrals to local hospitals as needed.

2. Preventive Healthcare

Annual health check ups are conducted for students including assessments by specialists (physician, dentist, ophthalmologist, ENT), along with lab tests like CBC, urine exam, and others. All records are stored in a cloud-based electronic health record (EHR) system using HIPAA-compliant infrastructure.

SCHC also periodically inspects campus facilities and food outlets to ensure hygiene and safety standards are maintained.

3. Promotive Healthcare & Wellness Programs

Students have access to wellness facilities across Symbiosis campuses—such as gymnasiums, yoga halls, aerobics studios, and swimming pools—supporting physical fitness and stress relief.

The centre organizes health awareness lectures and workshops focusing on mental well being, nutrition, first aid, menstrual health, stress management, and more.

Each campus, including Nagpur, has a Campus Health Advisory Committee (CHAC) that reviews health services, coordinates outreach, and advises on health policy implementation.

4. Insurance & Emergency Support

Every student is covered under a group Medclaim policy and road/rail accident insurance, ensuring financial protection during hospitalization or emergencies.

SCHC's integrated Insurance & EMS cell assists students with claim processes and provides emergency coordination, ensuring rapid support when needed.

5. Mental Health & Counselling Services

Counselling services are available by referral, helping students access support for mental health, emotional wellness, and lifestyle challenges

Dr. Vandana Ahuja
Director

Director Profile:

Dr. Vandana Ahuja is the Director at Symbiosis Institute of Business Management, Noida. She has over two decades of work experience and is a Professor of Marketing. She is the author of the book on Digital Marketing – published by Oxford University Press and is the proud recipient of the ILDC-AMP Women Achiever's award for Excellence in Management Teaching.

She has also published several edited books and several manuscripts in International and National journals and also serves on the Editorial Board of several International Journals. She has organised and chaired several National and International conferences and has guided PhD. students in the domain of Management.

Prior to working at Symbiosis, she has worked with Jaipuria Institute of Management as Dean-Academics, Amity Business School as Professor, IILM Graduate School of Management as Dean-Research and faculty at Jaypee Business School. Her strengths include Teaching, Research, Academic Administration and Institution Building.

Along with her scholars she has received several awards and accolades for her research contributions in the field of Digital Marketing, CRM and Branding.

She has convened several Doctoral Research Conclaves and guest edited several special issues with International Journals. She has been instrumental in signing several MoUs with external stakeholders who will aid the growth of SIBM, Noida. She has conducted several Management Development Programs for organisations across the Hospitality and Retail sectors.

Institute Profile:

Symbiosis Institute of Business Management, Noida is a constituent of Symbiosis International (Deemed University) - SIU. Established in 2023, SIBM Noida hopes to become one of the premier B-Schools in the National Capital Region. The institution focuses on academic excellence, a strong industry connects and internationalisation. Regular guest lectures from Industry stalwarts as well as International experts ensures that the students get adequate exposure to the dynamic industry practices as well as global, academic and cultural happenings.

SIBM, Noida is a part of Symbiosis International University (SIU), which has been ranked 31st among Indian Universities by NIRF 2024, Government of India. The University holds an A++ grade by NAAC (2022) and has been granted Category-I status by the MHRD. SIU is ranked 216 in Asia, 42nd in Southern Asia, and 23rd in India as per QS World University Rankings (Asia) 2025, reflecting its growing global reputation.

The essential strong pillars of SIBM, Noida are its exemplary students, accomplished faculty and numerous visiting faculty members from the industry. SIBM, Noida also has a strong student council, comprising 5 different teams. With a dedicated approach to academic rigour, participative teaching-learning ecosystems

and significant student exposure to the dynamic business world, the institution is preparing to become one of the leading institutions in the National Capital Region.

Programme Profile:

- **Master of Business Administration (M.B.A.)**

The MBA Programme at Symbiosis Institute of Business Management, Noida (SIBM-N), aims to mould and groom future business leaders.

The first year of the MBA programme is divided into two semesters, comprising the foundation subjects of management such as Marketing, Finance, Human Resource Management, Accounting, Statistics, Operations, Analytics, etc. At the end of Semester 1, students can opt for specializations like Marketing, Finance, Human Resource Management, and Data Analytics.

The second year of the programme allows students a chance to opt for one minor specialization. The objective of the MBA programme is to ensure knowledge generation and dissemination, develop global competencies among students, nurture creativity, encourage entrepreneurship, and enhance student employability in the corporate sector.

Duration of the Programme:

- **Master of Business Administration (M.B.A.)** : 2 years, Full Time, Non-Residential programme

Intake:

- **Master of Business Administration (M.B.A.)** : 60 Students

Eligibility

- **Master of Business Administration (M.B.A.)**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste /Scheduled Tribes) at graduation level.

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

A candidate aspiring to join MBA programme offered by Symbiosis Institute of Business Management, Noida has to appear for the common, mandatory Symbiosis National Aptitude (SNAP 2025) Computer Based Test (CBT) which will be conducted at Test Centres.

The candidate needs to:

Step I: SNAP Test

- Register for SNAP 2025 Test,
- Pay the registration fee for SNAP entrance exam,
- Register for PG programme(s) offered by SIBM, Noida, an institute of SIU,

- Pay the registration fee, separately for programme.
- Preserve the Admit Card of SNAP Test for further selection process at SIBM, Noida. Appearing for SNAP
- Test does not automatically qualify an applicant for the next step in selection process at SIBM, Noida.
- If shortlisted for a programme applied to, the candidate would then need to participate in the further admission process (GE-PI) of that particular programme.
- The registration process (including the payment of the registration fee) for SNAP and Institutes is integrated. A candidate can complete the SNAP as well as programme registration and payment on the same portal (snaptest.org).

Step II: Selection Process at SIBM, Noida

- Short-listed Applicants based on SNAP scores will be called for the selection process at SIBM, Noida. The candidate would then need to participate in the further admission process (GE-PI).

Orientation and Pedagogy:

Symbiosis Institute of Business Management, Noida practices Outcome Based Education, where the institution maps the learning outcomes of the students to reflect the achievement of higher order learning. The following pedagogical practices are used-

- **Student Centred Teaching:** Here the focus is not on Teacher centred classroom discourse only, but the focus is on what the students are learning from the sessions.
- **Game Based Teaching:** Game-based teaching uses the power of games to define and support student learning outcomes. This promotes critical thinking and strategic decision-making.

- **Flipped Classroom Method:** This is an instructional strategy and a type of blended learning, which aims to increase student engagement and learning by having them complete readings at home and work on live problem-solving during class time. Student is required to take the lead here and even facilitate groups by taking ownership.
- **Experiential Teaching:** The concept experience is brought into the classroom through a visual aid like a video or a Guest Lecture from an Industry expert or a hands-on experience or an Industry Visit.

Superior quality instructional resources are used and these further add value to the teaching-learning experience. Symbiosis Institute of Business Management - Noida conducted an Induction Program titled 'Excelsior 2025' (Latin word, meaning 'Ever Upward') under the UGC guidelines of 'Deeksharambh' for its MBA batch (2025-27) from June 10-17, 2025. The induction program aimed at giving management students a sense of direction toward setting their goals and working earnestly toward achieving them.

Programme Objectives:

The objectives of the induction programme were-

1. Orientation and Familiarization: Introduce students to the university's culture, facilities, and resources, as well as academic and administrative policies, to ensure a smooth transition into the MBA programme.
2. Building Community and Networking: Facilitate opportunities for students to connect with peers, faculty, alumni, and industry professionals, fostering a supportive network that enhances learning, collaboration, and career development.
3. Professional Development: Provide insights into industry trends, career pathways, and job market expectations while offering career counselling, workshops, and networking events to help students clarify their career goals and develop strategies for success.
4. Personal Growth and Well-being: Support students' holistic development by emphasizing the importance of self-care, time management, stress management, and work-life balance, fostering a healthy and supportive learning environment.
5. Ethical Leadership and Responsible Management: Instill values of integrity, ethics, and social responsibility, preparing students to be ethical leaders and responsible managers who consider the broader societal implications of their decisions and actions.
6. Technology and Innovation: Introduce students to relevant technological tools, platforms, and resources that enhance learning, productivity, and innovation in the business context, preparing them for the digital future of work.

The MBA students also had the privilege of visiting the Mother Dairy, Patparganj, Delhi gaining practical exposure to the functioning of one of India's leading dairy companies. Excelsior 2025 has provided the

MBA 2024-26 & MBA 2025-27 batch at SIBM, Noida with an excellent learning experience, equipping them with industry insights, skills, and knowledge necessary to thrive in the dynamic business landscape.

Case-Based Teaching and Learning:

We believe that learning through real-world business cases offers a dynamic and immersive educational experience that prepares students for the complexities of today's global marketplace. Our students develop critical thinking skills, strategic decision-making abilities, and a deep understanding of business principles by analyzing diverse cases spanning industries and contexts. Our faculty selected an extensive collection of cases from the Ivey Publishing League and Harvard that reflect contemporary business challenges, allowing students to apply theoretical knowledge to practical scenarios. By engaging in lively discussions, debates, and group exercises centred around these cases, students learn to collaborate effectively, communicate persuasively, and think analytically. Case-based learning is integrated across all functional areas, ensuring a consistent application of concepts to real-world challenges. This approach enriches classroom engagement and sharpens students' ability to navigate uncertainty and ambiguity in business decisions.

Research-Based Teaching and Learning

SIBM, Noida strongly advocates for a research-based teaching-learning approach that integrates academic rigor with real-world relevance. Faculty members actively engage in high-quality research and bring contemporary insights, case studies, and empirical findings into the classroom to enrich the learning experience. Students are encouraged to participate in research projects, publish papers, and present at national and international conferences, fostering analytical thinking and academic curiosity. Pedagogical practices such as case-based learning, live business problems, data analytics labs, and research-led assignments are routinely employed to build critical inquiry and evidence-based decision-making. The presence of a dedicated Research and Scholastic Committee further promotes a culture of inquiry, peer learning, and interdisciplinary exploration.

MBA (2025-27) Batch along with esteemed guests at 'Excelsior 2025'

Dr. Netra Ganesh Neelam
Director

Director Profile:

Dr. Netra Neelam is currently the Director of Symbiosis Centre for Management and Human Resource Development (SCMHRD), one of the institutes under the aegis of Faculty of Management under the Symbiosis International (Deemed University). SCMHRD is the only institute in Pune to have an accreditation of the Association to Advance Collegiate Schools of Business (AACSB).

Dr. Netra has an experience of 23 years in the field of higher education. She has done her PhD in Human Resource Management from Symbiosis International University. Before pursuing PhD, she completed her M.Phil. from Brihan Maharashtra College of Commerce (BMCC), Post Graduate Diploma from the Symbiosis Institute of Business Management (SIBM, Pune) and Master of Commerce from Ness Wadia College of Commerce. She is currently a recognized PhD research guide at Symbiosis International University. Two students have successfully completed PhD under her guidance. She is extremely passionate about the field of psychometry and is certified in internationally recognized psychometric instruments like Belbin® MBTI®, FIRO-B®, Strong Interest Inventory® and Saville® Assessment. She works extensively with students and faculty. She is a Certified Emotional Intelligence Coach Practitioner along with being certified in NLP, Hypnosis & Coaching. She is also actively involved in Management Development and Faculty Development Programmes.

In appreciation of the extensive work on the Belbin Psychometric Instrument with students, she was invited to deliver a workshop at the city of Cambridge (UK) to participants from Industry and Academia on "Leveraging Belbin Team Roles" to develop industry Ready Professionals to have global and regional understanding.

She served as a member of the Asia Pacific Advisory Council (APAC) and Indian Business School Directors Leadership Group (IBSDLG) at Association to Advance Collegiate Schools of Business (AACSB). In appreciation of the understanding and contribution in the area of higher education, she was invited to be a part of the Peer Review Team of an AACSB school in Philippines. She was invited to take part as a guest researcher in the DAAD-sponsored Centre for Modern Indian Studies at the University of Cologne (Germany) and has participated in various conferences in India and Internationally on higher education and research.

Dr. Netra Neelam completed a ICSSR Funded project with a focus on Women empowerment through Craft revival.

Dr. Netra Neelam has been actively involved in Management Development Programme for Corporates and has conducted functional and behavioral training programs for executives from organizations like Tata Trusts, Adani Group, HPCL, Burckhardt Compressions, Gudel, IOCL etc.

She has been in the profession of teaching by choice and finds a sense of satisfaction in being able to engage with the young minds in class. Symbiosis International (Deemed University) is based on the principles of the Vedic thought of "World as One Family" and Dr. Netra Neelam firmly believes in contributing toward this principle

through various activities and initiatives at SCMHRD.

Institute Profile:

SYMBIOSIS CENTRE FOR MANAGEMENT & HUMAN RESOURCE DEVELOPMENT (SCMHRD) is a premier institute honing world class leaders and entrepreneurs. Established in 1993, SCMHRD's MBA program is one of the most prestigious programs in India. It is the first B-School in Pune and one amongst the B-Schools in India to have been accorded the prestigious the Association to Advance Collegiate Schools of Business (AACSB) Re-Accreditation. In 2024, SCMHRD was re-accredited by AACSB, a recognition held by only 6% of business schools worldwide. This prestigious accreditation reaffirms SCMHRD's commitment to academic excellence, industry relevance, and global standards in business education.

SCMHRD specializes in producing quality talent in the fields of HR, Marketing, Finance, Operations, Infrastructure Development and Management and Business Analytics. The institute believes that wholesome knowledge can be gained through experience and practical learning. Hence the intense academic curriculum is designed such that it prepares students to deliver their best.

SCMHRD has established itself as a leading institution in management education, earning recognition from prestigious ranking bodies globally and in India for 2024. Its inclusion in the Financial Times Masters in Management 2024 Ranking as the 76th best business school globally and 8th in India places it among the world's elite. This is a significant indicator of its high-quality curriculum, career services, and alumni success.

Adding to this, SCMHRD was also ranked among the top 100 business schools globally by LinkedIn in LinkedIn Top MBA 2024, which assesses a school's ability to help students grow their careers. This dual global recognition highlights the institution's strong professional network and the tangible career progression of its graduates.

In national rankings, SCMHRD's performance is equally impressive. The Fortune India Best B-School Ranking 2024 places it 16th in the Top B-Schools of India, 7th among Top Private B-Schools, 6th in the West Zone, and 2nd in Pune. Furthermore, the GHRDC-CSR B-School Survey 2024 awarded SCMHRD a 1st overall position for 'Placement (Domestic & International), USP, Social Responsibility, Networking and Industry Interface'. The institute also ranked 1st in Private B-schools' Ranking of State Champions and 3rd overall for 'Faculty, Publication, Research, Consultancy, MDP & other programmes,' and 4th among the Top Private B-Schools of India.

Strengthened by a robust alumni network of over 6500 professionals across industries and geographies, SCMHRD continues to build leaders who make an impact worldwide. The institute's stellar placement record further underscores its reputation, with 100% placement assistance year after year.

Apart from academic excellence, the institute also focuses on equipping the students with the latest technical competencies used in the corporate world. It also provides opportunities to develop their leadership and entrepreneurship skills through various student activities and institute initiatives. SCMHRD is a member of CII, NHRD, and SHRM.

Programme Profile:

- **Master of Business Administration (M.B.A.)**

The MBA programme at Symbiosis Centre for Management and Human Resources Development (SCMHRD) reflects its commitment towards quality and excellence. Curated by expert academicians and seasoned industry professionals, the programme represents a forward-looking approach of SCMHRD. The dissemination of business management knowledge and inculcating an applied orientation is primarily done through a three-tier approach in the curriculum. With foundation courses in the first semester, the programme advances to functional and

applied courses in its next two semesters, with the final semester focusing mainly on the strategic aspects of business management. Thus, providing a holistic view of business management to the students. The MBA Programme at SCMHRD is accredited by the National Board of Accreditation (NBA), affirming its commitment to rigorous academic and professional standards. Experiential learning is at the core of the curriculum, with students participating in simulations, case studies, live projects, research papers, and other practical methods that add depth and relevance to their education. This approach is reinforced by the Assurance of Learning (AoL) framework—an essential component of AACSB accreditation—which provides a structured process for continuously monitoring and enhancing the programme's learning goals. By integrating rich experiential opportunities with this internationally recognised quality assurance system, SCMHRD offers a systematic, disciplined, and transformative MBA journey for every student.

Areas of specialization offered:

• Marketing • Finance • Human Resource • Operations • General Management

• Master of Business Administration - Infrastructure Development and Management M.B.A (IDM)

The MBA in Infrastructure Development and Management (M.B.A-IDM) is a 2-year full-time management programme offered under the aegis of Symbiosis Centre for Management and Human Resources Development (SCMHRD). The programme was envisioned in 2010-11 in an environment of increasing government focus on the infrastructure sector. The programme skills students with project execution and management skills, required to fill the lacunae in Indian infrastructure development. The programme was conceptualized with the following programme objectives:

- Structure technically, commercially, financially, socially, and environmentally feasible infrastructure projects within the regulatory framework and governance structure.
- Ensure effective project execution while ensuring efficient management of contractual relationships with different stakeholders along the project life cycle.
- Lead Infrastructure project business development successfully.

Given these objectives, the programme focuses on 5 key competencies namely, project execution, project financing, business development & planning, project risk management, and contracts management. Students also undertake courses that deliver sectoral expertise, namely in the areas of real estate and urban development, transportation, and energy. The programme delivery is based on innovative pedagogical methods, to maximize student learning opportunities which include site visits, industry guest lectures, and case-based teaching. In addition, students and faculty engage in practice research, which makes use of theoretical concepts to solve real business issues.

• Master of Business Administration - Business Analytics M.B.A (BA):

The MBA in Business Analytics program at SCMHRD is a pioneering course, recognized as one of the first of its kind in India. Developed to meet the demand for digital transformation, it combines core business principles with practical analytics. The curriculum, taught by experienced practitioners and academics, focuses on hands-on learning through real-world case studies to ensure students are industry-ready. Graduates of this program have seen significant career growth and high salaries. The program is open to students from all academic backgrounds and builds strong competency in key analytics areas like machine learning, deep learning, and natural language processing. Students gain expertise in various domain-specific fields, from Financial Analytics to Marketing

Analytics, using industry-standard tools like Python, Tableau, and Power BI.

- **Master of Business Administration (Executive)**

Symbiosis Centre for Management and Human Resources Development (SCMHRD's) Master of Business Administration (Executive) Programme is a two-year programme specially designed for working professionals. The candidates who opt for this programme are exposed to the specially designed curriculum through weekend classes at the campus on Saturday and Sunday.

The primary objectives of the programmes are as follows:

1. To provide business education through experiential learning.
2. To enhance continuous employability through exposure to global and regional issues.
3. To develop socially responsibility managers through value-based education.
4. To build a business focus mindset through applied research.

The curriculum is taught by research-oriented academicians and faculty with industry expertise in their respective fields.

Orientation and Pedagogy:

At SCMHRD, our teaching methods are built on a foundation of excellence and innovation, meeting the high standards of AACSB accreditation. We are dedicated to providing a transformative education that equips students with the skills, knowledge, and ethical grounding needed for today's ever-changing business world. Our AACSB-aligned curriculum seamlessly integrates theory with real-world applications and fosters an interactive and engaging classroom environment. The teaching methodology includes lecturing sessions, Case discussions, Live projects analysis, Simulations and use of global online platforms.

We emphasize experiential learning, giving students opportunities to apply what they've learned through internships, consulting projects, and industry partnerships. Our programs also incorporate a global perspective, including international case studies and a focus on cultural sensitivity. We are committed to continuous improvement, regularly updating our curriculum based on feedback from relevant stakeholders to ensure it remains relevant. Ultimately, our goal is to develop ethical, innovative, and globally-minded leaders who are prepared to excel.

Maj Gen Rohit Bakshi (Retd)
Director

Director Profile:

Maj Gen Rohit Bakshi (Retd) is an alumnus of the National Defence Academy Khadakwasla. He has served the Indian Army with distinction for 36 years. He has been an Air Defence Officer handling State of Art weaponry to include Air Defence Guns and missile systems besides radars, anti-drone and satellite communication systems. He has had a short stint with the corporate world as Executive Director and Regional Head Quality and Operations with the Country's premier Security Agency SIS Ltd before joining SIMS as the Director. He has done his PhD in Transformation of Higher Education Sector, MPhil in Management, Masters in Military Science, MSc in Defence and Strategic Studies and a PG Diploma in Healthcare Management. He has received several commendations from the Chief of Army Staff for distinguished service and disaster relief operations saving countless lives during Mumbai Floods 2005.

Institute Profile:

Symbiosis Institute of Management Studies (SIMS) set up in 1993 is a premier Management Institute ranked amongst the top B Schools in India. SIMS is a constituent of the prestigious Symbiosis International (Deemed University) and is the only MBA institute of its kind in India and a shining example of PPP (Public Private Partnership) between Symbiosis and the Government of India - Ministry of Defence since 2002. Its flagship full-time 2-year MBA course is primarily for Defence Personnel and their Dependents with some seats for Civilian candidates. This ideal mix of defence dependents and civilians brings out the best in both and ensures holistic development. SIMS has an ergonomically designed and ideally located campus in the heart of Pune. It provides secure residential accommodation to over 600 students, state-of-the-art facilities and infrastructure. It is truly a "Home away from Home".

SIMS is an ISO 9001:2015 quality-certified management institute. SIMS hosts 8 Bloomberg Terminals which facilitate student learning by enabling them to get live financial and economic data of companies across the globe. SIMS also subscribes to numerous e-learning resources including various journals, online case studies, industry, economics and e-book databases amongst others.

SIMS has academic collaborations with Leeds Beckett University, UK; Hochschule Bremen University of Applied Sciences, Germany; Berlin School of Economics & Law, Germany & IESEG School of Management, France for various academic programmes. SIMS has an association with CFA Institute University Affiliation Programme where 4 SIMS students get scholarships each year from the CFA institute. SIMS also has an MOU with BSE Brokers' forum for visits and lectures. SIMS also runs a 24-month MBA (Executive) program as a part-time programme catering to working professionals and executives seeking to boost their expertise, abilities, and competencies crucial

for organizational leadership and management, while maintaining their current careers. SIMS has conducted customised programmes for Indian Oil Corporation, Military Engineering Service Office, Standard Chartered Bank, Bajaj Allianz, CTS, Indian Navy and John Deere Pvt Ltd.

The latest rankings of SIMS, Pune according to SIMS CSR & GHRDC Ranking 2024 as follows:

GHRDC Rankings 2024:

- 1st among Distinguished B-Schools of India
- 2nd among Top Private B-Schools in Maharashtra
- 2nd among State Champions (Government and Private sectors)
- 6th among Top Private B-Schools in India
- 9th in Faculty, Publications, Research, Consultancy, MDP, and other programs
- 9th in India for Placements (Domestic & International), USP, Commitment to Social Responsibility, Networking, and Industry Interface across Government and Private sectors

CSR Rankings 2024:

- 2nd among Top Private B-Schools in Maharashtra
- 4th among Top B-Schools (Government & Private) in India for Faculty, Publications, Research, Consultancy, MDP, and other programs
- 5th among Top Private Supreme B-Schools in India

SIMS boasts a distinguished faculty known for their expertise and prolific research. Their publications consistently grace top-ranked journals, reflecting the institute's commitment to cutting-edge knowledge. SIMS students have made a mark by winning numerous B School Competitions, presenting papers at various research conferences and publishing research articles and research papers in various research journals. SIMS cultivates a large and active alumni network, fostering lifelong connections and professional support. This network boasts prominent figures who have reached leadership positions as CEOs, CFOs, and successful entrepreneurs.

SIMS graduates consistently land coveted positions at leading global corporations. This placement record translates into an exceptional return on investment for students. Some of the prestigious companies that recruit SIMS graduates include Accenture, Aon, DXC Technologies, Dell, Hero Insurance Broking, Infosys, Gartner, ICICI Bank, Packfora, Marsh, BNY Mellon, Tally Solutions, WNS, etc. SIMS is a B School which creates leaders who "Make a Difference". Come and be a part of SIMS, become a leader and "Make a Difference".

Programme Profile:

• **Master of Business Administration (M.B.A.).**

The specializations in major mode offered include Marketing, Finance, Operations and Supply Chain Management, Human Resource Management and Data Analytics for Business. The basket of Open Elective courses is also been offered to students to enhance their exposure outside their Domain.

Marketing - The curriculum focuses on leadership and executive management development in order to provide students with the skills and qualifications necessary to successfully target market strategies, consumer behaviour, market research and product management.

Finance - The finance specialization is designed to provide a means for students to gain exposure to five major areas in the field of finance namely corporate finance, financial institutions, investments, insurance and personal financial planning including modules on portfolio management, financial analysis, and decision making and international financial management.

Human Resource Management - The program prepares students with skills, knowledge and strategic perspectives that are essential in the effective management of people resources. This program provides the student with an in-depth knowledge of current HR practices and industrial relations.

Operations and Supply Chain Management - The Operations and Supply Chain Management curriculum focuses on the design and management of the processes by which products are manufactured and services are delivered to customers. The core course provides an overview of the field and Critical processes that enable service delivery systems, supply chain, and quality improvement efforts.

Data Analytics for Business - The contribution of Data Analytics in making strategic decisions for an organization's success is growing at a rapid pace. Analysing data and putting it to work for you and your business is an essential skill for executives today. As a decision-maker, it is important to understand analytics and to know how it can be used to derive meaningful insights and make tactical decisions for your organization. Join the new age of leaders and understand how best you can use analytics to grow your business. The Data Analytics for Strategic Decision-Making program will help you understand the essentials of business analytics such as statistics, predictive analytics, prescriptive analytics, machine learning techniques, data visualization, data storytelling, and much more, along with the real-world applications of Analytics across multiple business functions. This will equip you with the skills to apply in various industry domains as per your organization's needs. It will also help you gain a competitive advantage by capturing data-enabled business opportunities and provide you with much-needed data literacy.

Duration of the Programme:

Master of Business Administration (M.B.A.): : 2 years, Full Time, Residential programme

Intake:

• **Master of Business Administration (M.B.A.) : 300 Students**

Eligibility

• **Master of Business Administration (M.B.A.)**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade. Defence category candidates should be son/ daughter/ spouse of Defence personnel.

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

Step I: SNAP Test, each student desirous of admission to SIMS Full time programmes must appear for Symbiosis National Aptitude (SNAP) Test, which is a common test for the admission to all Symbiosis postgraduate programmes. For SNAP Test information log on to <http://www.snaptest.org> and register. Simultaneously, register online to SIMS by paying separate institute payment. Candidates are advised to preserve the Admit Card of SNAP Test for further selection process at SIMS. Appearing for SNAP Test does not automatically qualify an applicant for the next step in selection process at SIMS.

Step II: GEPI, Selection Process at SIMS, Short-listed applicants based on SNAP scores will be called for the selection process at SIMS. Short listed candidates are announced via a web-link on SIMS website as per the scheduled dates. Individual regret letters will not be sent to applicants who are not called for GE-PI. This process includes Group Exercise and Personal Interview (GEPI).

Caution: Candidates should take due care to enter the correct details while filling the form. At any point of time during the entrance process or even after securing admission, if details are found incorrect, then candidate will be disqualified or after securing admission, admission will be cancelled without assigning the reason.

Orientation and Pedagogy:

Orientation is an integral part of SIMS. It is a credit course in the programme structure which is placed as an Experiential Course. It prepares the new MBA students for a life of professional managers & equips them with the strength to deal with the challenges it presents. The duration of the orientation programme is of 2 weeks. The programme starts as soon as students report to the college in June. The overall orientation structure is divided in two parts - academic & extracurricular.

In academics; students attend lectures that cover the basics of subjects for the 1st semester like Accounting, Economics & Business Communication and major topics on Excel and Statistics. The students also attend various guest lectures that range from motivational talks to choosing the right specialization.

The extra-curricular focus is on inculcating good habits. During the orientation, the day starts in the early morning. All the students attend basic exercises followed by activities like yoga, sports, and dance which focus on stamina & importance of good health. It also focuses on the Management Games and also the Musical Programme which is a source of stress buster. It focuses on ISR activity which shows the concern towards the society as an extension programme and also Swachh Bharat as a responsibility towards society.

In the evening students are given assignments to work on. The aim of such assignments is to emphasize self-learning & peer learning.

The orientation, even though hectic; equips SIMS students with leadership capabilities, time management, multi-tasking & importance of goal-setting - all the qualities, that SIMS Alumni are known for in the Industry.

"Note:

ONLY Foreign National Students taking Admission in the year 2026 for the Batch 2026-2028 will be eligible for the Symbiosis Golden Jubilee Scholarships. Designed to celebrate 50 glorious years of Symbiosis being established to offer quality education to foreign national students, these include:

(1) 100 Symbiosis Golden Jubilee full Academic Scholarships with need-based reduced hostel fees for foreign national students from developing African- Asian countries.

(2) 100 Golden Jubilee Free-ships for academically and financially deserving foreign national students from conflict ridden/war affected regions by giving them an opportunity to study at SIU by covering not only the cost of all academic fees but also the hostel and mess/food fees (lodging and boarding).

(3) Concessional Hostel fees are applicable to Foreign National students @ 650\$ per annum.

(4) Concessional Mess fees are applicable to Foreign National students @ \$ 560 Per annum."

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess fees can be increase up to 15% each year. Government taxes would be additional as and when applicable.

50% Concession will be given only to the Foreign National students on Administrative Fees.

Programme Structure:

Master of Business Administration

Semester: 1

Generic Core Courses

- Business Statistics
- Financial Management
- Marketing Management
- Human Resource Management
- Introduction to Operations Management
- Financial Accounting
- Organizational Behaviour
- Research Methodology
- Economics for Managers
- Project I
- Advance Excel
- Legal Aspects of Business
- Project -II
- Business Communication - II
- Project – III

Semester: 2

Generic Core Courses

- Python Basics
- Knowledge Management
- Operations Research
- Management Accounting
- Project IV
- Flexi-Credit Course
- R Programming

Generic Elective Course Group

- Business Analytics
- Emerging Technologies and Applications
- Enterprise Resource Planning
- HR Challenges in Mergers and Acquisitions
- International Finance
- HRD Audit and Scorecard
- Social Media Marketing
- International Marketing
- Banking and Insurance
- Global Business Environment

- Behavioral Finance
- Marketing in Emerging Economies
- Emotional Intelligence at Workplace
- Talent Acquisition
- Introduction to Business Intelligence

Specialization Core Courses: Marketing

- Digital Marketing
- Services Marketing
- Sales Force and Channel Management
- Consumer Behaviour
- Product Management
- Marketing Strategy

Specialization Core Courses: Human Resource Management

- HRD Instruments
- Talent Management
- Industrial Relations
- Compensation and Reward Management
- Performance Management System
- Learning and Development

Specialization Core Courses: Finance

- Financial Modeling
- Fixed Income Markets
- Financial Statement Analysis
- Corporate Accounting
- Introduction to Financial Markets and Institutions
- Application of Machine Learning and Artificial Intelligence in Finance

Specialization Core Courses: Operations and Supply Chain Management

- Operations Planning and Scheduling
- Materials Management
- Project Management
- Quality Management
- Supply Chain Management
- Enterprise Resource Planning

Specialization Core Courses: Data Analytics for Business

- Introduction to data Sciences
- Data preparation and Data management
- Cloud and Big Data
- Data Mining
- Data Visualization and Modeling
- Data Protection and Privacy

Semester: 3

Generic Core Courses

- Strategic Management
- Capstone Project and Defence
- Social Media Analytics
- Integrated Disaster Management

Specialization Core Courses: Marketing

- Customer Relationship Management
- Retail Management
- Business Analytics for Marketing
- Integrated Marketing Communication
- Brand Management
- Business to Business Marketing

Heartiest
CONGRATULATIONS

Abhimanyu Deswal
MBA BATCH 2024-2026

Arpit Pandey
MBA BATCH 2023-2025

Aman Kumar Singh
MBA BATCH 2024-2026

On emerging as the Winners of the prestigious CFA Ethics National Challenge 2024, organized by the CFA Society.

Heartiest
CONGRATULATIONS

Nandini Aggarwal
MBA BATCH 2023-2025

Arpit Pandey
MBA BATCH 2023-2025

Sakshi Rai
MBA BATCH 2023-2025

On Winning the Financial Modeling Case Study, organized by IIPM Bengaluru.

Specialization Core Courses:
Human Resource Management

- Employment Related Laws
- International Human Resource Management
- Leadership and Capacity Building
- Strategic Human Resource Management
- HR Analytics
- Organizational Development and Change

Specialization Core Courses:
Finance

- Derivative Markets
- Security Analysis and Portfolio Management
- Financial Risk Management
- Mergers and Acquisitions Investment Banking
- Financial Analytics
- Corporate Tax Planning

Specialization Core Courses:
Operations and Supply Chain Management

- International Logistics
- Service Operations Management
- Supply Chain Modeling and Design
- Technology and Innovation Management
- Supply Chain Strategy
- Advanced Operations Research

Specialization Core Courses:
Data Analytics for Business

- Predictive Analytics
- Digital Transformation
- Internet of Things
- Web 3.0
- Web Analytics
- Python Programming

- Open Elective Course Group
- Mobile Analytics
- Financial Analytics
- Cloud Management
- CRM Systems
- Marketing of Financial Services
- Marketing Research
- Rural Marketing
- International Market Intelligence
- Technology in HR /SAP HR/ People Soft
- Coaching, Counseling and Mentoring
- Personal Effectiveness and Growth
- Psychological Issues at Work
- Fintech Framework and Governance
- Wealth Management
- Entrepreneurial Finance
- Retail Store Operations Management

Semester: 4
Generic Core Courses

- Corporate Governance and Ethics
- Project - V
- Project VI

Generic Elective
Courses Group - I

- Summer Internship
- Dissertation

Generic Elective
Courses Group - II

- Introduction to Entrepreneurship
- Design Thinking
- Qualitative Research Methods
- Business Leadership
- Case Study Writing and Analysis Method

- Concepts and Applications in Sustainability

Specialization Core Courses:
Marketing

- Sustainable Marketing

Specialization Core Courses:
Human Resource Management

- Conflict and Negotiation

Specialization Core Courses:
Finance

- Project Feasibility and Financing

Specialization Core Courses:
Operations and Supply Chain Management

- e-Retailing

Specialization Core Courses:
Data Analytics for Business

- Introduction to Natural Language Processing

Master of Business Administration (Executive):

Semester: 1

Generic Core Courses

- Cost Accounting
- Essentials of Marketing Management
- Financial Accounting
- Goods and Service Tax (GST) Law
- Human Resource Management
- Legal Aspects of Business
- Management of Operations
- Managerial Economics
- Organizational Behaviour
- Research Methodology

Semester: 2

Generic Core Courses

- Business Statistics
- Business, Government and the Global Political Economy
- Consumer Behaviour
- Introduction to Business Intelligence
- Leadership and Capacity Building
- Management Accounting
- Marketing Research
- Product Management
- Strategic Management
- Supply Chain Management

Semester: 3

Generic Core Courses

- Advanced Business Communication
- Brand Management
- Corporate Governance and Ethics

- Customer Relationship Management
- Financial Management
- International Business and Global Strategy
- Introduction to Financial Markets and Institutions
- Lean Six Sigma
- Learning and Development
- Advanced Excel

Semester: 4

Generic Core Courses

- Project
- Business Analytics
- Entrepreneurship
- Management Information Systems
- Mergers and Acquisitions
- Security Analysis and Portfolio Management

Specialization Core Courses: Marketing

- Business to Business Marketing
- Digital Marketing
- Integrated Marketing Communication
- International Marketing Marketing Strategy

Specialization Core Courses: Human Resource

Prof. Dr. Vandana Sonwaney
Director

Director Profile:

Dr Vandana Sonwaney, Director of Symbiosis Institute of Operations Management (SIOM), shifted to academics 29 years back after 12 years of industry experience in the Electronics, FMCG, and Services sectors. Dr Vandana joined Symbiosis in 2001. Her exemplary research and work in curriculum development focused on continually evolving competency requirements of the industry, culminating in shaping a niche Institute in the field of Operations Management that SIOM stands conceitedly today and speedily evolving into a center of operations excellence. SIOM has been a great game-changer for Nashik's industry and education fraternity. She has been serving as the Director of SIOM since 2008. Under her leadership, SIOM has bagged the "Best Industry Interface" and "Best Industry-Oriented Curriculum" Awards every year since 2009. SIOM also received the Prestigious "Education Excellence Award" from the Confederation of International Accreditation Commission forum in Delhi and the "Pride of Maharashtra Award" from the Maharashtra Industrial and Economic Development Association.

Dr Sonwaney is a recipient of the "Distinguished Service Award" for her contribution to fostering Management Research, the "Outstanding B School Director Award" by AIMS International, and the "Indian Leadership Award" for Education Excellence by All India Achievers Foundation, New Delhi. She was conferred the "Indira Parikh 50 Women in Education Award" by the World Education Congress. She is on the National Advisory Board of the SME Chamber of India. Dr Sonwaney acts as an Independent Director on the Company Boards. She is on the CII Western Region Task Force on Education and the Co-Convener of the Industry-Academia Panel of CII Northwest Maharashtra. She was conferred the Hall of Fame for recognition of Loyalty by Symbiosis International Deemed University in 2025.

Dr Vandana has many research publications to her credit and has steered several research projects. She has a keen drive for competency-building, technology-oriented, and corporate-linked learning systems in education.

Institute Profile:

Empowering Engineers. Leading Operations Excellence.

In an era where business agility and operational precision are non-negotiable, SIOM stands as a premier institution exclusively dedicated to Operations Management education for engineers. With a curriculum rooted in technical rigor and aligned with industry demands, SIOM empowers students to become techno-business leaders capable of driving operational excellence across sectors.

Exclusive Focus on Operations Management

SIOM is among the very few B-Schools in India with an exclusive focus on Operations Management. It is driven by a singular vision: Empowering & Leading Operations Excellence. All students at the SIOM MBA OM come from engineering backgrounds, ensuring a peer group of technically adept professionals. The flagship NBA-accredited MBA in Operations Management, now in its 21st year, is meticulously designed to blend engineering acumen with strategic business insight.

Responding to the evolving needs of the agribusiness sector, SIOM launched its MBA in Agribusiness Operations (AOM) in 2022. With 100% placement across both batches and growing industry recognition, this program brings operations excellence to the agricultural value chain.

SIOM USPs

- **Industry Integration:** Strong corporate linkages ensure real-world exposure, Guest Lectures, Visiting Faculty from Corporate, Alumni mentoring are strategic Industry interfaces apart from Summer Internships and Project-Based Learning Module woven within the curriculum platter. Students engage with partners like Grant Thornton for Lean Six Sigma Black Belt and the SAP University Alliance Program.
- **Live Six Sigma Projects:** SIOM is the only B-School where students complete live Six Sigma projects toward their Black Belt certification—bridging classroom theory with practical impact.
- **Project-based learning (PBL):** SIOM offers PBL to select eligible students to work on a live industry problem in place of elective subjects.
- **Global Certifications:** Students are encouraged to earn globally recognized certifications such as CPIM, CSCP, CPSM, PMI, and SAP. The curriculum is aligned with the bodies of knowledge of these professional organizations.
- **360° Student Development:** From value-added courses and industry summits to B-school competitions and social projects, SIOM focuses on holistic growth. The Spandan initiative nurtures students into socially responsible professionals.
- **Industry Engagement**
- **TATTV:** The 17th edition of this bi-annual Operations Summit witnesses' strong participation from industry leaders sharing cutting-edge strategies.
- **SCOPEX Championship:** A unique platform where corporate teams compete to showcase excellence in operations strategy and execution.
- **HR Summit** attracts the best of HR professionals to delve and deliberate on cutting-edge topics every year in 2 editions, Nashik and Delhi

The SIOM Edge

Whether in core manufacturing, supply chain, project management, technology management, consultancy, or agribusiness operations, SIOM graduates are groomed to start delivering results from day one, shortening corporate gestation periods and enhancing organizational productivity.

For engineers with a passion for processes, precision, and performance, SIOM is more than a B-school—it is a launchpad for leadership in the world of operations.

Programme Profile:

- **Master of Business Administration (Operations Management)**

The SIOM Operations Management specialization empowers each engineer with sharp engineering and scientific capabilities, along with smart business management disciplines. The students are dressed to tackle planning, development, and implementation tribulations that their organization might confront. The curriculum deals with topics such as supply chain management, project management, technology management, modelling dynamic systems, and quality management.

Objective:

MBA (Operations Management) is designed exclusively for Engineers to meet the needs of operations expertise and competencies in diverse sectors of the economy, viz. Manufacturing, Service, IT, FMCG, E-Commerce, and Consulting. The objective is to develop amongst the students, an in-depth strategic understanding of operations systems, their components, contributions, and interactions with other functional areas, and the analytical tools necessary to address both strategic and tactical issues, especially catering to the dynamic global business networks addressing the function of efficient Operations processes and systems elated by the not only manufacturing and services but also the booming e-commerce sector.

The curriculum motivates the students to understand the business environment holistically and tries to impart problem-solving skills concerning the core values and changing times of the market.

- **Master of Business Administration (Agri Operations Management)**

The SIOM MBA in Agri-Operations Management (AOM) deals with Operations management topics with the flavor of Agro-based Industries. Subjects include Agri commodity markets, Processing and Value Chain in Agriculture, Agri Supply Chain Management, Advances in Agriculture, Agri Procurement Management, Warehouse Management and Quality Management for Agro Products, and many more with managerial underpinnings. Impetus on Entrepreneurship is also one of the intents, and hence, project-based learning in each semester is part of the programme structure.

Objective:

- MBA (Agri-Operations Management) is designed exclusively to meet the needs of operations expertise and competencies in the Agri and allied sector that will cater to agro-based processing, Technology, Retailing, e-commerce, and Consulting. The technology revolution, coupled with changing global norms and increased global competitiveness, invites a tremendous need for professional courses in Agri Management. The MBA-Agri-Operations Management Programme could thus be a response to this growing need for professionals who can contribute to, and engineer the Agri revolution.

The objective is

- To develop amongst the students, an in-depth strategic understanding of operations systems, their components, contributions, and interactions with Agro business and other functional areas.
- To provide Business Management knowledge to students with special reference to Agri Operations.
- To address the challenges of rapidly growing and diverse agriculture and allied sectors, the MBA (Agri-Operations Management) Programmes aims to provide updated knowledge in the discipline and with a world view. It will facilitate the acquisition of managerial and technical skills for practicing sustainable agriculture in all sectors of the agricultural economy.

- **Master of Business Administration (Operations Management) (Dual Degree Programme with Durham University, UK)**

SIOM, in collaboration with the Durham University Business School, UK (a Triple Crown-accredited institution), is offering a Dual Degree Programme: Master of Business Administration (Operations Management) and MSc in Management (Supply Chain Logistics). Durham is ranked the world's top 100 University since 2010 and 64th in the world for Employer Reputation.

This initiative marks a strategic step in SIOM's globalisation roadmap, aligned with the vision to nurture globally competent, ethically grounded, and innovation-driven leaders in operations and supply chain domains.

The programme will provide students with global exposure and offer future-ready learning opportunities. It will equip them with the emerging practices in International Operations and SCM, combining an understanding of Indian industry dynamics with a European and global supply chain perspective.

The dual degree programme includes two semesters of study in India and two semesters at Durham. Semesters 1 and 4 will be at SIOM, and Semesters 2 and 3 will be at Durham.

Students get degrees from two prominent institutions. They will possess a global outlook, understanding cross-border supply chain strategies. They gain exposure to a multi-cultural environment, coupled with advanced analytical, digital, and leadership skills.

Objective

SIOM's vision of "Empowering Operations Excellence" is delivered through a programme that builds strategic, analytical, and leadership capabilities in professionals. The dual degree management programme equips professionals with the skills to design, manage, and improve operations and international supply chain systems, while fostering an integrated understanding of their linkages with other business functions. The focus is on learning in global environments and applying advanced tools and interdisciplinary knowledge to solve real-world operational challenges sustainably and effectively through global exposure.

Duration of the Programme

- **Master of Business Administration (Operations Management)** : 2 years, Full Time, Non-Residential programme
- **Master of Business Administration (Agri Operations Management)** : 2 years, Full Time, Non-Residential programme
- **Master of Business Administration (Operations Management) (Dual Degree, with Durham University Business School, United Kingdom)** : 2 Years, Full Time, Non-Residential programme

Intake:

- **Master of Business Administration (Operations Management)** : 120 Students
- **Master of Business Administration (Agri Operations Management)** : 30 Students
- **Master of Business Administration (Operations Management) (Dual Degree, with Durham University Business School, United Kingdom)** : 05 Students

Eligibility

- **Master of Business Administration (Operations Management)**

Engineering Graduate (Bachelor of Engineering/ Technology) from any recognised University / Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

- **Master of Business Administration (Agri Operations Management)**

Graduate from any recognized University / Institution of National Importance with a minimum of 50% marks or equivalent grade (45% or equivalent grade for Scheduled Caste/ Scheduled Tribes).

- **Master of Business Administration (Operations Management) (Dual Degree, with Durham University Business School, United Kingdom)**

Eligibility Requirement at SIU (as per SIU norms)

- Candidate should be an engineering graduate (BE/ B Tech of any stream) from a statutory University with a minimum of 50% marks (45% for SC/ST candidates).
- Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50% marks (45% for SC/ST) in their qualifying examination.
- A candidate who has completed qualification from any foreign University must obtain an equivalence certificate from Association of Indian Universities (AIU).

Eligibility Requirement at Durham University Business School, UK

<https://www.durham.ac.uk/business/courses/management-supply-chain-logistics-n2p909/#entry-requirements>

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

For seeking admission to the Symbiosis Institute of Operations Management, Nashik, the Candidate has to register and pay for the SNAP (Symbiosis National Aptitude Test) test fee. While registering for SNAP, the applicant has to also apply for SIOM Nashik in the same application form. A programme fee of INR.1000 (non-refundable) is to be paid to SIOM Nashik for each programme that the aspirant wishes to apply. Based on the SNAP test scores, short-listed candidates are asked to book slots for the GE (Group Exercise) and PI (Personal Interview) process for the respective programme(s). Post this merit list is declared, and selected candidates are called to complete the admission process by paying fees within the stipulated time window.

Important Dates

Particular	Date
SNAP 2025 Registration and Payment Commence	August 01,2025 (Friday)

Orientation and Pedagogy:

MBA (Operations Management) is designed exclusively for Engineers to meet the needs of diverse sectors of the economy. The course is oriented to fill the void of operations competencies needed to successfully drive businesses through the complex dynamics of the global economies.

Briefly, SIOM is an Institute that is dedicated to the creation of operations managers who are proficient at improving an organization's operational performance by minimizing 'defects' in the manufacturing and service-related processes. Inspired by the motto of the institution 'Empowering and leading Operations excellence for Industry excellence and community wellbeing', engineers who step out of the SIOM portals and stride into the corporate world prove to be prized assets for modern-day organizations. The sectors open for a career in operations are Manufacturing, Consulting Firms, Retail, Financial Institutions, Transportation and Logistics, Construction, Information Technology, and Hospitality. Students are equipped to attract strategic job profiles in Process Improvement and Management, developing, implementing, and forecasting strategies, Supply chain network designing and Optimization, Supplier demand management, Procurement, Demand forecasting, Quality Management, SCM Consulting, Process Improvement, Client Service Manager, and many more, given the capacities and expertise gained during the course. Highly advanced and Industry-relevant state-of-the-art course with a balanced understanding of technical-analytical and organizational aspects of the market makes this program unique.

On-campus academic sessions and pedagogy are as follows:

Regular sessions: These are regular classroom sessions on courses listed in the SIU-approved programme structure for which a fortnightly schedule is communicated to all students through the portal.

Projects: Students are required to do projects in each semester with the Industries based in Nashik. The objective is to inculcate research capability & practical insights, and problem-solving of the subject within the student.

Six Sigma: All students enrolled for this course will undergo Six Sigma training through theory & practical sessions with live projects, which is evaluated by Grant Thornton experts to earn Six Sigma Certification.

The course plan suggests a delivery mechanism of the course along with pre-reads, case studies, and presentations, which students are required to go through beforehand. Absence of this may lead to compulsory library hours for the students

Co-curricular Learning Activities:

Value-added and enrichment courses are offered through various platforms. These form an important supplementary part of mainstream learning. Students are expected to participate in and attend all such sessions.

Workshops: Workshops for skills development or in-depth inputs on subjects that may or may not be a part of the course structure are organized

Guest Lectures / CEO Meets: Heads of Corporate / CEOs of companies are invited to share their experiences with the students to impart practical insights and relevance of subjects

Industry visits: Industry visits are arranged during the Semester. Every student visits at least one company to give them exposure to the processing / Operations / Retail / of Agri Industries in and around Nashik.

MBA (Agri-Operations Management) is designed to meet the needs of the Agro-based and allied sectors of the economy. The course is oriented to fill the void of operations competencies needed to successfully drive Agri Industries through the complex dynamics of the global economies. Students are equipped to manage agro-based Process Improvement and Management, developing, implementing, and forecasting strategies, Procurement, Demand forecasting, Quality Management, SCM Consulting, Process Improvement, and many more, given the capacities and expertise gained during the course. Highly advanced and Industry-relevant state-of-the-art course with a balanced understanding of technical-analytical and organizational-behavioural aspects of the market makes this program unique.

On-campus academic sessions and pedagogy is as follows:

Regular sessions: These are regular classroom sessions on courses listed in the SIU-approved programme structure for which a fortnightly schedule is communicated to all students through the portal.

Project-Based Learning: Live Projects are sought from the Industry for which students register and appear for the selection process. Selected students then complete the project as a module in place of some subjects. Apart from these, students are required to do projects and assignments for certain core and elective subjects, as per the course plan prepared by the respective faculty. Projects are also undertaken as a part of the Consulting Club. The objective is to inculcate research capability & practical insights, and problem-solving of the subject within the student.

Six Sigma: All students undergo Six Sigma training through theory & practical sessions with live projects, which is evaluated by Grant Thornton experts to earn Lean Six Sigma Black Belt Certification.

It is crucial that students equip themselves with prior reading based on the course plan of each course for an effective learning experience. The course plan suggests a delivery mechanism of the course along with pre-reads, case studies, and presentations, which students are required to go through beforehand. Absence of this may lead to compulsory library hours for the students

Dr. Nayana Nimkar
Director

Director Profile:

Dr. Nayana Nimkar is currently the Director at Symbiosis School of Sports Sciences at Symbiosis International University Pune. She holds a Doctorate in Physical Education from Mumbai University and has previously worked as a PhD Guide with Savitribai Phule University of Pune (SPPU). She holds three master's degrees from Pune University in (M.Ed.) Education, (M.Ed.) Physical Education and (M.Phil.) Education. She has also completed 5 credits from Springfield University Massachusetts, in the USA (1981) in 'Psychology of Sports' (under the MS Sports Program).

She has represented the state in several sports at various reputable levels in her earlier times. She has worked on several National committees like the Steering Committee for Sports of the 11th and 12th Planning Commission of the Government of India, she has also worked for NAAC (National Assessment and Accreditation Council) and NCTE (National Council for Teacher Education) as a peer committee member. She has represented India on professional bodies like ACESS (Asian Council for exercise and Sports Science) and NAFESS (National Association for Physical Education and Sport Sciences). She has been a keynote speaker in several conferences and has several publications to her credit.

Her academic and administrative experience is of 48 years, which started with Maharashtriyas Mandal's Chandrasekhar Agashe College in Pune, which she headed for 20+ years. She also held prestigious positions as Director, Board of College and University Development (SPPU) and as founder HOD of the Department of Physical Education (SPPU) where she was awarded the Best Principal's award.

When asked about the source of her energy and enthusiasm, she says "...making fitness and physical education a part of the routine of a common man is my real source of inspiration and my relentless drive towards excellence". This is so much in consonance with the 'Fit India Movement', which was launched a couple of years back by our Prime Minister. The urge to contribute to the field of sports, be it sports management, sports science, sports technology or making sports available for the not-so-privileged is what drives Dr. Nayana Nimkar to run the Symbiosis School of Sports Sciences with the ultimate zeal and definitive purpose.

Institute Profile:

Symbiosis has embarked into a niche area, that of Sports Sciences by establishing the Symbiosis School of Sports Sciences (SSSS) in 2016. SSSS offers a two years full-time MBA programme in Sports Management, the options being specialization in Sports Marketing, Event Management (Sports) and Sports Technology. The objective of Symbiosis School of Sports Sciences is to impart skills and knowledge to create future managers, leaders and entrepreneurs in the Sports Industry. To date, it has already created a force of managers and leaders ready to take

on leading positions in the sporting industry and many of them are making their way wonderfully through this upcoming industry.

The main reasons for so many success stories of students from SSSS within such short span of time are the multitude of unique activities conducted by SSSS which are the key differentiators between SSSS and other education institutions, which include the following –

MBA in Sports Management – Symbiosis School of Sports Sciences

At Symbiosis School of Sports Sciences (SSSS), we believe in shaping the next generation of sports leaders, managers, and entrepreneurs who are ready to excel in a rapidly evolving, technology-driven global sports industry. Our MBA in Sports Management has been carefully designed to combine academic excellence with real-world exposure, giving students the ability to think strategically, act decisively, and adapt to the ever-changing demands of the sports ecosystem. The student will be immersed in an environment that not only builds their knowledge and skills but also nurtures their character, values, and leadership abilities, qualities that last well beyond their career.

One of the defining strengths of SSSS is our deep industry integration. We regularly bring the global sports world into the classroom through guest lectures, masterclasses, and interactive sessions with CEOs, Olympic coaches, entrepreneurs, and innovators from across the world. Alumni share their real-world success stories and challenges, helping students bridge the gap between theory and practice. Industry conclaves and conferences hosted by the institute create invaluable opportunities for students to network with key stakeholders, explore career pathways, and understand the latest trends in fan engagement, sports analytics, and athlete management. It ensures that graduates enter the professional world with both credibility and strong industry connections.

Our commitment to global learning sets us apart. Through collaborations with leading international sports institutions, students participate in exchange programs, specialised workshops, and global events such as the World Football Summit in Spain. These experiences give them first-hand exposure to mature sports economies, diverse cultures, and cutting-edge industry practices. The students will not only receive a world-class education but also develop a truly global outlook, an essential advantage in today's interconnected sports business environment. In today's sports industry, technology is a game-changer, and at SSSS, it is deeply embedded in the learning experience. Students work with over 22 different sports technologies, including advanced wearable devices that capture real-time player performance data. Our Human Performance Lab offers hands-on training with elite athlete testing, biomechanics, and sports analytics tools, enabling students to translate data into actionable strategies. This technological edge ensures that our graduates are equipped with industry-relevant skills from day one.

Programme Profile

• Master of Business Administration (Sports Management)

Specializations – Sports Marketing, Event Management in Sports, Technology in Sports

At Symbiosis School of Sports Sciences (SSSS), we believe in shaping the next generation of sports leaders, managers, and entrepreneurs who are ready to excel in a rapidly evolving, technology-driven global sports industry. Our MBA in Sports Management has been carefully designed to combine academic excellence with real-world exposure, giving students the ability to think strategically, act decisively, and adapt to the ever-changing demands of the sports ecosystem. The student will be immersed in an environment that not only builds their knowledge and skills but also nurtures their character, values, and leadership abilities, qualities that last well beyond their career.

One of the defining strengths of SSSS is our deep industry integration. We regularly bring the global sports world into the classroom through guest lectures, masterclasses, and interactive sessions with CEOs, Olympic coaches, entrepreneurs, and innovators from across the world. Alumni share their real-world success stories and challenges,

helping students bridge the gap between theory and practice. Industry conclaves and conferences hosted by the institute create invaluable opportunities for students to network with key stakeholders, explore career pathways, and understand the latest trends in fan engagement, sports analytics, and athlete management. It ensures that graduates enter the professional world with both credibility and strong industry connections.

Our commitment to global learning sets us apart. Through collaborations with leading international sports institutions, students participate in exchange programs, specialised workshops, and global events such as the World Football Summit in Spain. These experiences give them first-hand exposure to mature sports economies, diverse cultures, and cutting-edge industry practices. The students will not only receive a world-class education but also develop a truly global outlook, an essential advantage in today's interconnected sports business environment. In today's sports industry, technology is a game-changer, and at SSSS, it is deeply embedded in the learning experience. Students work with over 22 different sports technologies, including advanced wearable devices that capture real-time player performance data. Our Human Performance Lab offers hands-on training with elite athlete testing, biomechanics, and sports analytics tools, enabling students to translate data into actionable strategies. This technological edge ensures that our graduates are equipped with industry-relevant skills from day one.

We also place strong emphasis on research and evidence-based thinking. Students are encouraged to critically evaluate contemporary studies, analyse data, and design solutions backed by scientific reasoning. This not only enhances their academic depth but also makes them valuable contributors to the growing field of sports science and sports management.

Practical exposure forms a core part of the programme. Students undertake internships and live projects with renowned organisations such as Khelo India, the Sports Authority of India, FIFA U-17 World Cup, and leading sports technology companies. Our structured mentor-mentee framework helps each student chart a personalised career pathway, aligning internships, certifications, and project work to their professional aspirations. It offers the assurance of a guided and purposeful career-building process.

For students with entrepreneurial ambitions, SSSS offers a complete support ecosystem through the SIU Incubation Centre, Innovation Council, and Tinkering Labs. Here, creative ideas are nurtured, tested, and transformed into viable ventures, allowing students to actively contribute to the sports industry as innovators and business leaders. Our flagship annual event, the SSSS Sports Science Conference, brings together some of the finest minds from academia and the sports industry, giving students direct access to thought leaders and the latest advancements in the field. Alongside academic and industry engagement, we emphasise social responsibility through initiatives in rural sports development, grassroots talent scouting, and community outreach programmes. These activities build empathy, accountability, and a sense of purpose, ensuring that our graduates leave not only as skilled professionals but also as responsible citizens.

Beyond the classroom, life at SSSS is vibrant and holistic. Students participate in university sporting events, mock auctions, and business plan competitions that hone their leadership, strategic thinking, and communication skills. These experiences prepare them equally well for boardroom discussions, stadium negotiations, and entrepreneurial ventures.

Finally, through collaborations with institutions such as Leeds Beckett University (UK) and other global leaders in sports education, we prepare our students to become global citizens, professionals who can navigate the international sports landscape with confidence, while remaining grounded in the values of integrity, discipline, and respect. SSSS offers the reassurance that the student's education will be comprehensive, future-focused, and aligned with the highest global standards in sports management.

Duration of the Programme

- **Master of Business Administration (Sports Management) : 2 years, Full Time, Residential programme**

Intake:

- **Master of Business Administration (Sports Management) : 60 Students**

Orientation and Pedagogy:

At SSSS, we help our students learn how to learn and to think critically about both content and process. For teaching and learning to be relevant and effective, we focus on learning instead of teaching, on the process of learning rather than its product. Further, we include relevant industry experience, and involve participation in the practices of the community of sport management.

Industry immersed faculty expose students to contemporary issues in sport management and allows them to debate and critically examine existing practices within the sports industry. The methods include case studies, simulation exercises, class room presentations, Group discussions, Seminars and experiential learning for developing real-world skills such as critical thinking and analysis. The curriculum is progressive and continuously evolving, and provides the structure for the provision of quality learning, it comprises of high quality, relevant and appropriate 'content' and contributes to the development of competence if the students.

Prof. Dr. Abhijit Chirputkar
Director

Director Profile:

Dr. CA. Abhijit Chirputkar is the Director at Symbiosis Institute of Digital and Telecom Management (SIDTM) which is a constituent of Symbiosis International (Deemed University). He is a Rank holder in M.Com. in University of Pune. He is a Chartered Accountant and before joining Symbiosis, he was a practicing Chartered Accountant and Certified Information Systems Auditor. He furthered his education in finance and completed a program of Masters in Business Finance from ICAI. He has more than 23 years of teaching experience including corporate training. He has written more than 35 articles, papers, case studies and chapters in books and more than 5 patents to his credit. He has presented papers in national and International Conferences including IIM-A. He has received service mark in the area of telecom assurance from the Government of India and also filed five patents. He is a member of The Institute of Chartered Accountants of India and ISACA (USA). He has extensive experience in consulting; which covers diverse fields like accounting, taxation and finance for over more than a decade. He is the Dean of Faculty of Management, Symbiosis International (Deemed University).

Institute Profile:

Symbiosis Institute of Digital and Telecom Management (SIDTM) is the pioneer institute started in 1996 for imparting managerial education in the field of Telecom Management and subsequently added Analytics and ICT considering the requirements in the industry. SIDTM is the leading institute in the entire SAARC region offering management education in this niche domain.

SIDTM got many awards like “Telecom Lead Tech Institute Award 2017”, “National Award for Excellence in Telecom”, “Best B-Schools for Eminence in India” etc. and achieved continuously best rankings since 2012. It is one of the top private business schools. In India, it is 21st rank and in Pune it is 4th as per “The Week” in the year 2024. SIDTM Pune, is ranked at No. 4 All India, in the category- “Best Digital Education Innovation” in the Education World Grand Jury India Higher Education Rankings 2024-25.

At SIDTM, we have committed ourselves to develop world class Telecom and Digital Technology Business leaders, who can effectively handle dynamic and ever-changing technological scenario with absolute ease and authority, individuals who can manage complicated business scenarios with confidence at all levels of the corporate ladder. We integrate a competitive learning environment through a broad curriculum encompassing classroom teaching, lab sessions and practical, simulations, industry focused trainings in latest technologies and trends, valuable industry inputs, research projects, seminars, workshops and a myriad of extracurricular activities. In the pursuit of excellence and to give the curriculum its distinctive flavor, the syllabus is continually revised based on valuable inputs from the corporate sector and academia. SIDTM lays emphasis on an all-round development of the individual,

which includes improving communication skills, nurturing teamwork and inculcating competitive empathy and use of analytics & technology for effectiveness. We ensure that each student from SIDTM is trained to be an effective individual contributor as well as a competent team player. We simulate a competitive and dynamic environment for the students to build endurance and competence, necessary to excel and succeed in the corporate environment or their entrepreneurial ventures and to come out with flying colors. The primary focus lies on understanding the digital industry and the changing dynamics of business, empowering the individual to develop and acquire managerial and technological skills to succeed. SIDTM students have stood the rigorous test of time in the corporate as well as entrepreneurial environments and have differentiated themselves because of their business and technological acumen.

SIDTM has CISCO Lab for networking, IBM Analytics Lab for Analytics, AWS Lab for cloud management, Ui Path for Robotics Process Automation and IDS Lab for Blockchain. The collaboration with IDS aims to establish the Applied Blockchain Centre at SIDTM, focusing on Hedera Hashgraph and the Bharat Blockchain Network (BBN). Last but not the least, we strive to instill human values to make students better citizens with moral courage and zeal to follow their heart, make a difference and help them achieve their goal.

Programme Profile:

- **Master of Business Administration (Digital and Telecom Management)**

Duration of the Programme:

Disclaimer: These dates are tentative and are subject to change. Any changes will be reflected on the institute website www.sidtm.edu.in

Orientation and Pedagogy:

The institute believes in techno-managerial aspects of the business. The learning is student centric and experiential in nature. It includes:

1. **Classroom Training:** The spirit of classroom teaching encompasses the fundamentals of theoretical and conceptual learning. It extends its traditional boundaries into the world of interactive learning through case studies, assignments, quizzes, and mock presentations by the students.
2. **Group Learning:** The students are grouped into syndicates, which encourages a free exchange of ideas. We strongly believe that syndicate learning is vital for creativity. This activity encourages students to understand group dynamics and then perform in groups.
3. **Dynamic Curriculum:** The course structure, academic curriculum, and examination process is continuously upgraded. To address the existing needs of the industry and following the academic portfolio, SIDTM has a "Program Review Committee" consisting of senior management professionals from industry, alumni, and academicians.
4. **Guest Lectures:** Guest Lectures offer students a chance to interact with professionals not only from the IT and Telecom industry but also from various other fields. Their inputs enable our students to get insights into the corporate world.
5. **Simulations:** Simulations are used in a few courses to get overall exposure to various aspects of learning. The simulations include telecom simulation, network simulation, and business simulations. It becomes a part of experiential learning.
6. **Lab Teaching:** The lab is extensively used for a few courses such as network, analytics. SIDTM has an IBM Analytics Lab, CISCO Lab, and Amazon Web Services Lab for cloud, UiPath Lab for robotics process automation and Blockchain Lab from IDS. It is also a part of experiential learning.
7. **Workshops:** The inputs from the speakers in the guest lectures are contributed by the industry leaders on a wide range of topics involving managerial, technical, and personality development which expands the horizon of knowledge. This process yields the much-needed inputs for adding a value proposition to the portfolio of a student at SIDTM.
8. **Summer Projects:** The Summer Internship at SIDTM is for a period of 8 to 10 weeks starting generally in the first week of April after the Second Semester. During the internship, students are required to be with the Industry on a full-time basis. The students prepare a detailed project report which describes the entire gamut of activities covered during their internship with the industry as well as the skills that they acquire while working with them. This is an integral part of the curriculum and the student is evaluated for the same. At SIDTM we cater to majorly seven verticals.

9. **Research Projects:** To inspire thought and initiate the in-depth study in various areas of business and technology, a research project is allotted to each syndicate. This project is conducted for over 10 months. The research project primarily relates to the techno-managerial aspects of the business. It involves studying the technical aspects along with business issues and commercial viability.
10. **Industry Projects:** In a few cases, due to industry-institute collaborations students can undertake live projects under the mentorship of faculty members.
11. **Industrial Visit:** The students are expected to visit industries in the telecom sector as a part of the learning process.
12. **Internationalization:** As a part of internationalization, students are allowed to visit foreign Universities / Institutes as per SIU guidelines. The students are given credit change as per SIU rules* Every year based on the input & feedback; the above-mentioned Pedagogy may change. *

Programme Structure:

Master of Business Administration (Digital and Telecom Management)

Semester: I

Generic Core Courses

- Business Communication
- Business Statistics
- Information Systems for Telecom Business
- Internet of Things
- Network Concepts and Components
- Principles and Practices of Management
- Managerial Economics
- Introduction to Telecom Technologies
- Marketing Management
- Research Methodology
- Python for Data Science
- Vasudhaiva Kutumbakam *
- Health and Wellness Module I #

Specialisation Core Courses:

Finance

- Introduction to Financial Markets and Institutions
- Management Accounting

Semester: II

Generic Core Courses

- Project
- Generative AI Tools
- Supply Chain Management
- Strategic Management
- Managing Pre-Sales
- Macroeconomics for Managers
- Visual Analytics
- Digital Regulations
- Wireless Technologies
- Health and Wellness Module II #

Specialisation Core Courses:

Finance

- Legal and Taxation Aspect
- Financial Management
- Management of Financial Technologies

Specialization Elective: System (Choose any two courses)

- Cloud-based Solution Architecture
- Convergence of Telecom

Networks

- ICT Architectures and Frameworks

Specialization Elective: Marketing (Choose any two courses)

- Marketing Research
- Product Management
- Consumer Behaviour and Insights

Specialization Elective: Analytics (Choose any two courses)

- Cloud-based Solution Architecture
- Advanced Programming in Python
- Data Mining for Decision Making

Semester: III

Generic Core Courses

- Project
- Services and Technology Trends in Telecom (STTT)
- Digital Technology

Tree Plantation
Drive 2025

- Transformation
- Governance Risk and Compliance
- Operation Support Systems and Business Support Systems Framework (OSS/BSS)
- Flexi-Credit Course
- Health and Wellness *

Specialisation Core Courses: Finance

- Business Modeling and Planning
- Financial Risk Management

Specialization Elective: System (Choose any two courses)

- Advanced Cloud-Based Solution Architecture
- Digital Forensics
- Designing Telecom Networks: Wireless and Optical

Specialization Elective: Marketing (Choose any two courses)

- Brand Management
- Digital Marketing
- Services Marketing

Specialization Elective: Analytics (Choose any two courses)

- Advanced Cloud-Based Solution Architecture
- Applications of AI and ML in Telecom
- Social Media Analytics

Semester: IV Generic Core Courses

- Research Project
- Entrepreneurship
- Well for Life
- Applied Nutrition

Generic Elective Courses Group (Choose any one course)

- Project Management
- Block Chain Technology

Specialisation Core Courses: Finance

- Advanced Corporate Finance

Specialisation Elective: System

- ICT Consulting
- Digital Risk Management

Specialisation Elective: Marketing

- Marketing Analytics and CRM
- E Commerce and D2C Marketing

Specialisation Elective: Analytics

- Advanced Big Data Analytics Telecom
- AI and ML for Business Management

Dr. Alka Maurya
Director

Director Profile:

Dr. Alka Maurya is a Computer Science Graduate. She has a Master's in International Business from the Indian Institute of Foreign Trade, New Delhi, India, and her Ph.D. in International Business from Jiwaji University, Gwalior, India.

She has over 29 years of experience in teaching, research and consulting. She worked with Amity International Business School (AIBS), Amity University, Uttar Pradesh, where she was engaged in teaching, research, and consulting in International Business.

Dr. Alka was working in the industry before joining AIBS. She worked with The Plastics Export Promotion Council (Plexconcil) as Deputy Director, where she worked on several projects to promote the export of plastic products from India. She led many delegations of plastic exporters to explore opportunities in the foreign market.

Before Plexconcil, she was working with NCTI (National Centre for Trade Information), A UN-designated Trade Point in India, where she was associated with various projects of the Department of Commerce, Export Promotion Councils, Commodity Boards, etc. She worked with a few export houses and gained hands-on experience in international trade processes and procedures.

Dr. Alka has multiple national and international accolades for her contributions in research and teaching. She has been invited as a keynote speaker for various international/national conferences and seminars in the area of international business. She has published several books and research papers/ case studies in her area of specialization. Teaching and research are her passions, and she also likes to spend time shaping young minds to take up the challenges in this dynamic and competitive environment.

Institute Profile:

Symbiosis Institute of International Business (SIIB), a constituent of Symbiosis International (Deemed University), (SIU) is one of the highly acclaimed business schools in the country. The Symbiosis Institute of International Business was founded in 1992 as Symbiosis Institute of Foreign Trade (SIFT). As the business expanded globally, the founders felt the need to proactively transform the Institute from imparting education not only in 'foreign trade' but also in all aspects of 'International Business'; hence, SIFT metamorphosed into Symbiosis Institute of International Business (SIIB). It was not only the institute's name that changed, but also its aim, which became wider to cover all aspects of global business.

With the launch of its flagship Programme, MBA in International Business in 1992, the institute continued the

trend of keeping itself abreast with the demands of the business world, and this led to the introduction of an MBA in Agri-Business in 2004 and MBA in Energy & Environment in 2009 (renamed as MBA in Sustainability Management in 2025).

With many academic and industry collaborations, SIIB offers a vibrant learning environment for its students. It is not just lectures but experience sharing by industry professionals, real-life case studies, simulations, field visits, live projects, and specialized workshops conducted by industry professionals, which makes classroom studies more engaging and meaningful.

With 33 years of legacy, a state-of-the-art campus, 8000+ alumni base, faculty members with good academic record and sound research credentials, SIIB, is the place where students transform into global leaders with a forward-thinking mindset.

SIIB has International collaborations with leading global business schools and universities; a few are listed below:

- Berlin School of Economics & Law [BSEL], Germany: Global exchange programme
- Hochschule Bremen University of Applied Sciences, Germany: Summer School
- Munich University of Applied Sciences, Germany: Summer School
- The University of British Columbia, Vancouver, Canada: Summer School
- Flensburg University of Applied Science, Germany: Semester exchange programme
- Dauphine University, Paris: Semester Exchange Programme
- Leeds Beckett University, UK: Semester Exchange Programme
- RUDN University, Russia: Semester Exchange Programme
- Leibniz University, Hannover Germany: Semester Exchange Programme
- LISBON School of Economics and Management, Portugal: Semester Exchange Programme

Programme Profile:

- **Master of Business Administration - International Business**

(Specializations: International Business with additional specialization from Marketing, Finance, Supply Chain Management & Human Resource Management)

- **Master of Business Administration – Agri Business**

Agriculture and allied sectors contribute significantly to the GDP and employment creation, and continues to be the mainstay of the Indian economy. The agriculture sector has seen an unprecedented growth in the last few years, with many government and private sector initiatives. The changing global norms and increased global competitiveness has created a huge demand for professionals Agribusiness Management, making it one of the most challenging and exciting sectors to be in, either as a professional or an entrepreneur.

The MBA-Agribusiness program is a response to this growing need for professionals who can contribute to and engineer the agribusiness revolution. SIIB is one of the top institutes that imparts an industry-relevant course in

Agri Business Management in India.

The MBA-Agri Business programme focuses on the relevant and applicable fields of Agri Business like Agriculture and WTO, Agri-export-import and Agricultural Finance, Commodity Trading, Rural Marketing, Microfinance, Supply Chain Management, etc. A student pursuing an MBA in Agri Business possesses a high level of decision-making skills and can go out confidently into the demanding and dynamic world of Agri Business Management.

- **Master of Business Administration – Sustainability Management**

Energy and Environment are the essential resources that foster economic activities in all countries. These resources have been overexploited and are now depleting. Thus, globally, the need of the hour is to explore options for alternate energy sources with due focus on environmental concerns and indulge in economic activities involving sustainable production. There is a growing need for professionals who can understand these concerns and tailor business strategies to address the global sustainability and climate change issues.

The MBA in Sustainability Management is a niche programme that offers a lot of opportunities in the area of Sustainable development. The primary objective of this programme is to equip aspiring global sustainability managers with managerial, economic, legal and technical competences. The programme has been designed to impart general management knowledge and simultaneously covers important concepts like renewable energy, energy efficiency, climate change and sustainable development, green buildings, corporate sustainability, global standards and environmental management, etc.

A student pursuing an MBA in Sustainability Management can deal effectively with energy audits, and can offer solutions in energy conservation and management, ESG Investing, Sustainable Finance, Natural Capital Management, Sustainability Standards, Life Cycle Assessment (LCA), Renewable Energy Business and Finance, etc.

Duration of the Programme:

- **Master of Business Administration - International Business** : 2 years, Full Time, Residential programme
- **Master of Business Administration – Agri Business** : 2 years, Full Time, Residential programme
- **Master of Business Administration – Sustainability Management** : 2 years, Full Time, Residential programme

Intake:

- **Master of Business Administration - International Business** : 120 Students
- **Master of Business Administration – Agri Business** : 60 Students
- **Master of Business Administration – Sustainability Management** : 30 Students

Eligibility

- **Master of Business Administration - International Business**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste /Scheduled Tribes)

- **Master of Business Administration – Agri Business**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes)

- **Master of Business Administration – Sustainability Management**

Bachelor of Engineering/ Technology/ Architecture/ Bachelor of Science (Environmental Science) from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

The Selection process is carried out in two steps.

Step I: Symbiosis National Aptitude (SNAP) Entrance:

- a) Each student desirous of admission to SIIB, Pune must apply and appear for the Symbiosis National Aptitude (SNAP) Test. For SNAP Test information log on to <http://www.snaptest.org> and register. Get your SNAP ID and complete the SNAP registration and payment.
- b) Select the SIIB programme/s in the SNAP form and complete the Institution registration and payment (mandatory).

Step II: Group Evaluation and Personal Interview (GEPI):

- a) Based on SNAP scores/percentile, short-listed candidates are intimated about the next selection process which is GEPI. Results of shortlisted/not shortlisted candidates are announced via a web link on the SIIB website (www.siib.ac.in) as per the scheduled date.
- b) This process includes Group Exercise and Personal Interview (GEPI).

Note: Appearing for the SNAP Test does not automatically qualify an applicant for the next step in the selection process i.e. GEPI.

Candidates should take due care to enter the correct details while filling out the forms. At any point of time during the entrance process or even after securing admission, if the details are found incorrect then the candidate will be disqualified or after securing admission, admission will be cancelled without assigning the reason.

Orientation and Pedagogy:

1. SIIB seeks to empower the students to harness their potential strengths and to emerge as positive, well-informed and confident individuals.
2. The course design is rigorous and requires intensive application of theory learned in the class, which is regularly assessed through continuous evaluation, assignments, numerous group and individual projects and presentations, etc. Strict deadlines for assignments ensure that students learn time management skills
3. There is a fine blend of theoretical and practical inputs through faculty drawn from the industry.
4. Active participation in various club and committee activities ensures that students learn to work in a team, and

acquire leadership skills.

5. Organization of regular guest lectures and workshops by industry practitioners upskills the students and makes them industry-ready.
6. Live projects, group exercises, field visits, simulations, real-life case studies as an internal part of the coursework bring desired relevance to the learning process.
7. Student-driven co-curricular and extra-curricular activities give enormous opportunities for out-of-the-class learning.

SIIB, organized the Induction Programme for the incoming batch. The speaker for the event was Mr. Aditya Bhagat, Co-Founder Affinsys AI.

The 31st Foundation Day of SIIB was celebrated with great pomp on July 15, 2024. The ceremony was graciously honored with the presence and performances of eminent music artistes. The Guest of Honor was Mrs. Anupama Arvind Azad;

Programme Structure:

Master of Business Administration - International Business

Semester: I

Generic Core Courses

- Economics for Managers
- Export Import Management
- Advanced Data Driven Decision Making
- Basics of Financial Management
- Business Communication
- Business Statistics
- Corporate Governance and Ethics
- Essentials of Marketing Management
- Financial Accounting
- Global Business Environment
- Human Resource Management
- Supply Chain Management
- Research Methodology

Vasudhaiva Kutumbakam *

- Health and Wellness Module I #

Generic Elective Courses Group (Choose any one course)

- Basic French I
- Basic Spanish I
- Basic Japanese I
- Basic German I

Semester: II

Generic Core Courses

- Financial Management
- Trade Finance and Forex Risk Management
- Cost Accounting
- ERP-Business Process Integration
- Global Strategic Management
- Operations Research
- Organizational Behaviour

- Project Management
- Sales Force and Channel Management
- Marketing Research
- Flexi-Credit Course
- Trend in India's Export
- Health and Wellness Module II #

Generic Elective Course Group (Choose any one course)

- Basic German II
- Basic French II
- Basic Spanish II
- Basic Japanese II

Specialisation Core Courses: Marketing

- Digital Marketing
- Consumer Behaviour

Specialisation Core Courses : Human Resource

- Talent Acquisition
- Employment Related Laws

Specialisation Core Courses : Supply Chain

- Materials Management
- Advanced Supply Chain Management

Specialisation Core Courses : Finance

- Security Analysis and Portfolio Management
- Financial Risk Management

Semester: III

Generic Core Courses

- Internship

- Advanced Strategic Management
- Business Analytics
- Six Sigma
- Health and Wellness *

Specialisation Core Courses : Marketing

- International Marketing
- Flexi-Credit Course

Specialisation Elective Courses : Marketing (Choose any six courses)

- Integrated Marketing Communication
- Marketing Strategy
- Customer Relationship Management
- Services Marketing
- Brand Management
- Pricing
- Business to Business Marketing
- Retail Marketing
- Product Management
- E Commerce and D2C Marketing

Specialisation Core Courses : Human Resource

- International Human Resource Management
- Flexi-Credit Course

Specialisation Elective Courses: Human Resource (Choose any six courses)

- Compensation and Reward Management
- Cross Cultural Management
- Indian Ethos and Values for

Management

- Talent Management
- Learning and Development
- Performance Management System
- HRD Instruments
- Conflict and Negotiation
- HR Analytics
- Organizational Development and Change

Specialisation Core Courses : Supply Chain

- International Logistics
- Flexi-Credit Course

Specialisation Elective Courses: Supply Chain (Choose any six courses)

- Retail Distribution and Logistics
- Blockchain Technology for Operations and SCM
- Supply Chain Performance Measurement
- Advanced Operations Research
- Management of Operations
- Quality Management
- Advanced Operations Management
- Procurement Management
- Advanced Project Management
- Circular Design Thinking

Specialisation Core Courses :

Finance

- Flexi-Credit Course
- International Finance
- Specialisation Elective Courses: Finance

(Choose any six courses)

- Financial Modeling
- Business Valuation
- Commercial Banking
- Digital Transformation in Financial Services
- Derivative Markets
- Advanced Project Finance Structuring
- Financial Statement Analysis
- Fixed Income Markets
- Wealth Management
- ESG and Sustainable Finance

Semester: IV

Generic Core Courses

- Dissertation
- Managing Business in Emerging Economies

Specialisation Elective Courses: Marketing

(Choose any three courses)

- Marketing Analytics
- Sustainable Marketing
- Marketing Innovation
- Marketing of Financial Services
- Social Media Marketing

Specialisation Elective Courses:

Human Resource

(Choose any three courses)

- Organizational Theory, Design and Structure
- Social Media in Human Resource Management

**Dr. Dhanya Pramod**

Director
Ph.D., M.Sc. (Computer Science),
MBA, PGDIM, SET

Director Profile:

Dr. Dhanya Pramod is currently the Director of Symbiosis Centre for Information Technology and the Dean-Faculty of Computer Studies, Symbiosis International (Deemed University). She is a post graduate in Computer Science from Pondicherry central university and completed her doctoral degree from Symbiosis International University. She has a strong academic foundation and was the First Rank holder of University at undergraduate level and Gold medalist at post graduate level. Dr. Dhanya also holds a Master's Degree in Management. She pursued multiple job portfolios with blend of experience including industry, research, academics and administration. The experience with Wipro Technologies R&D division gave her good exposure to research in the areas of network protocols and security. Her interest in networks, application security and aspect-oriented programming further led to research and award of the doctoral degree for her thesis in web application security. She has published papers in several referred/indexed journals including SCOPUS and conferences of international repute. She is also editorial board member and reviewer of reputed journals. She is an alumnus of the International Visitor Leadership Program (IVLP), the flagship exchange program of the United States Department of State.

Her passion for teaching made her to venture into academics. Her expertise includes Information Security Management and Data science. She has co-authored and published case studies in IT and Management in Case Centre (ECCH) and PMI. She has also received research grants from Pune University, Symbiosis International University and PMI. She was a member of PMI and her current professional association includes ISACA (Academic Advocate-Student chapter) and IACSIT Singapore (senior member).

- Received an award for outstanding contribution to education by CIMA World Education Congress Global Awards 2015
- Received an award for Education Leadership Award by Dewang Mehta National Education Award 2017
- Received an award for Women in Education Leaders Award by World Education Congress 2017
- Received an award for Most Dedicated Teachers of India Award by World Education Congress 2017

Institute Profile:**SCIT is a premier IT Business School nurturing genuine IT talent.**

Symbiosis Centre for Information Technology, a constituent of Symbiosis International University has been a pioneer and a leader in imparting education in the niche area of Information Technology Business Management in India for more than a decade. SCIT nurture genuine IT talent.

To become future leaders in Information Technology arena. SCIT welcomes those who are willing to take on challenges and transform themselves into proactive professionals. The institute supports their transformation

with innovative teaching-learning methodology, state-of-the-art computer labs, a platform for peer learning and opportunities. To learn management in real time. The success of our alumni is proof. To claim that - SCIT ensures overall professional development of students, who are transformed into industry Ready IT professionals.

Programme Profile:

- **Master of Business Administration (Information Technology Business Management)- M.B.A. (ITBM)**

MBA in Information Technology Business Management (ITBM) aims at developing Management professionals for IT Businesses and its specialized streams. The program builds Management skills and reinforces IT skills to create Leaders, Managers & Entrepreneurs in IT products & services domain. This program will also enable students to gain in depth knowledge in any one of the niche areas such as Systems (SYS), Information Security Management (ISM), Digital Transformation (DT), and Data Science (DS).

Systems

The Systems specialization at SCIT offers a unique blend of business and technology to deal with the complex issues that lie at the crossroads of both. SCIT shares a distinctive goal with all the organizations worldwide, of making the business processes technology-enabled through the application of strategies that support innovative business models and processes.

The program aims at creating professionals who understand the business requirements and can deliver technology solutions to execute them. The course content is entirely industry-driven, which facilitates learning of enterprise resource planning, service-oriented architecture, requirements engineering, enterprise performance management, process optimisation using Six Sigma and so on. The students here are trained to lead their future organizations, execute technology, and manage technology projects.

Prospective Profiles

- Functional Consultancy
- Requirements Engineering
- Lean, Six Sigma, Process Consultant
- Process Optimization
- Business Development
- ERP planning and implementation
- Business Analysis
- Quality Management
- Business Process Management

Information Security Management

The Symbiosis Centre for Information Technology's MBA-ITBM (Information Security Management) program becomes the first program in India to get the curriculum approved in alignment with the ISACA Model Curriculum for IS Audit and Control, 3rd Edition.

As organizations grow beyond their traditional spaces and explore new avenues, expansion of their infrastructure in the form of servers, databases, applications and services is inevitable. Today's IT environment consists of a gamut of operating systems, databases, applications, routers and firewalls, etc. the management of risks associated with

these systems is the key challenge for such progressive organizations.

The interconnection between these IT components and business processes further exponentially increases the risk exposure and hence, mitigating these risks at both macro and micro levels is a necessity for the success of any business. The Information Systems and Security specialization is aimed at developing professionals who understand the business processes, information work flows and associated risks and are capable to devise strategies for an information secure organization with subjects ranging from the basics of Information security to a general overview of IT companies, the students are well equipped to provide the appropriate solutions to enterprise needs.

Prospective Profiles

- Information Risk Management
- IT Security Consulting
- Identity and Access Management
- ISO 27001, BS 25999, SOX, HIPAA Auditing and Implementation
- IT Project Advisory
- IT Advisory Services
- Information Security Audit
- BCM and ISMS Implementation
- Compliance and Due Diligence

Digital Transformation

According to industry sources, digital technologies are the predominant factors that are revolutionizing and transforming products, services, operations, and business models. While there is no doubt that digital disruptions are reshaping the business landscape, the main questions remain: How and why now? The digital transformation that is offered as a specialization in the MBA-ITBM program attempts to adequately and justifiably answer the questions stated above. The bouquet of courses in the specialization has been drawn after a careful review by academia and industry experts so as to ensure that the course offering enables learners to stay relevant and competitive for tomorrow.

Prospective Profiles

- Digital Transformation Consultants
- Digital Product Manager
- UX Designers / Consultants
- Consultant/ Sr. Consultant - Digital
- Transformation Strategy
- Manager - Lean Digital Transformation
- Solutions Lead - Digital Transformation
- Cloud Consultant - Digital Products
- Social Network and Sentiment Analysis
- Consumer Behaviour Health Sciences
- Behavioural Analytics
- Business Process Analysis

Data Science

Organizations use their data for decision support and to build data-intensive products and services. The collection of skills required by organizations to support these functions has been grouped under the term Data Science. Data science is the study of the generalizable extraction of knowledge from data. This specialization course will attempt to articulate the expected output of Data Scientists and then equip the students with the ability to deliver against these expectations. The holistic Data Science program designed and delivered by Symbiosis

SCIT aims to train the new generation of data-savvy professionals. This specialization program provides the participants intensive training to develop the necessary and unique set of skills required for a successful career in the world of Big Data and Business Analytics.

The curriculum caters to the various skill requirements of organizations across the world including Banks, Computer Services, Education, Healthcare, Insurance, Manufacturing, Retail and other industries. The core modules and electives taught by the subject matter experts along with hands-on exposure to the various tools like R, Hadoop, MapReduce etc. The students in this specialization course will attain an ability to provide customized solution to contemporary data problems arising in the business world.

Prospective Profiles

- Big Data Analysis
- Business Development
- Business Analytics
- Market Analyst
- Business Process Management
- Social Network and Sentiment Analysis
- Consumer Behaviour Health Sciences
- Behavioural Analytics
- Business Process Analysis

- **Master of Business Administration (Data Sciences and Data Analytics)-M.B.A. (DS and DA)**

MBA in Data Science and Data Analytics aims at developing Management professionals for Data Sciences and Data Analytics stream. Students will gain analytics competencies and use hands on tools in data sciences thereby preparing them for business and techno-functional roles in data sciences and analytics projects.

- To offer a unique combination of strategic, actionable insights and real-time operational intelligence, which are the crux of Data Sciences and Data Analytics, respectively.
- To address and fulfil the long felt need for analytical skills from an end to end information value chain perspective.
- To enable the candidates to gain analytics competencies and hands-on experience with the tools used in data sciences, thereby preparing them for business and techno-functional roles in data sciences and analytics projects.
- To enable students to approach data using scientific methods.

Duration of the Programme:

- **Master of Business Administration (Information Technology Business Management) - M.B.A. (ITBM)** : 2 years, Full Time, Residential programme
- **Master of Business Administration (Data Sciences and Data Analytics)-M.B.A. (DS and DA)** : 2 years, Full Time, Residential programme

Intake:

- **Master of Business Administration (Information Technology Business Management) - M.B.A. (ITBM)** : 180 Students
- **Master of Business Administration (Data Sciences and Data Analytics)-M.B.A. (DS and DA)** : 60 Students

Eligibility

- **Master of Business Administration (Information Technology Business Management)- M.B.A. (ITBM)**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste / Scheduled Tribes).

- **Master of Business Administration (Data Sciences and Data Analytics)-M.B.A. (DS and DA)**

Graduate from any recognized University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

The Selection process is carried out in two steps.

Step I: SNAP Test

- Each student desirous of admission to SCIT must appear for the Symbiosis National Aptitude (SNAP) Test 2025, which is a common written test for admission to all Symbiosis postgraduate institutes.
- The applicant must register and pay online for ONLINE SNAP (Symbiosis National Aptitude Test) Examination, 2025. ONLINE SNAP 2025 test fee is INR 2250/- (+ applicable Payment gateway charges, GST and any other taxes). This is not refundable. For more details please visit: <https://www.snaptest.org/>
- While registering for SNAP, applicant has to also apply for SCIT in the same application form. A registration fee of Rs. 1000/- (+ applicable Payment Gateway Charges, GST and any other taxes) per programme is to be paid to SCIT for each programme that the aspirant wishes to apply. This is mandatory, without which the applicant will

not be considered for short-listing for the GE (Group Exercise) PI (Personal Interview) process for the respective programme(s).

- Preserve the Admit Card of SNAP Test 2025 for further selection process at SCIT. Appearing for the SNAP Test does not automatically qualify an applicant for the next step in the selection process at SCIT.

Step II: Selection Process at SCIT

- Short-listed Applicants based on SNAP scores will be called for the selection process at SCIT, Pune. Short-listed candidates are announced on the SCIT website www.scit.edu as per the scheduled dates. Shortlisted candidates must fill out the Application Form and book a slot for GE-PI. Individual regret letters will not be sent to applicants who are not called for GE-PI. The entire process will be online. This process includes Group Exercise, Personal Interview (GE-PI).

Note: The final merit score will be calculated based on the following:

Parameter	Marks
SNAP score	50 Marks
Group Exercise	10 Marks
Personal Interview	40 Marks*
Total	100 Marks

* Personal Interview score will also include Academic Consistency (marks at 10th, 12th & Graduation level each), Undergraduate degree, Experience and Extra Curricular Achievement.

	SNAP 01: December 06, 2025 (Saturday)
SNAP Computer Base Test (CBT) 2025	SNAP 02: December 14, 2025 (Sunday)
	SNAP 03: December 20, 2025 (Saturday)
Announcement of Result	January 09, 2026 (Friday)
SCIT Registration/Payment closes on	December 19, 2025 (Friday) 23:59 hrs.
Declaration of shortlisting for GE-PI	January 22, 2025 (Thursday)
Dates of GE-PI Process	February 5, 6, 7, 8 & 12, 13, 14, 15, 2026
Declaration of First Merit List	March 03, 2026 (Tuesday)
Programme Commencement	June 3, 2026 (Wednesday)

Disclaimer: These dates are tentative and are subject to change. Any changes will be reflected on the institute website www.scit.edu

Orientation and Pedagogy:

● **Learning Methodology**

SCIT strives to make a paradigm shift from exam orientation to knowledge orientation. SCIT believes in the practice of consolidation where in the core elements of academic rigor and academic discipline are closely knitted by research, student orientation, brand-building, corporate interface and process automation. To realize this shift SCIT has taken several steps on curricula review and development, student and faculty orientation. Faculty members are oriented towards creating evaluation methodologies from concept-building through application development and not necessarily just elaboration on theory.

At SCIT a semester pattern, that is, 2 terms per academic year is followed. At the beginning of the term, the syllabus along with the names of reference books, authors and the evaluation policy is communicated to the students. No text books are prescribed as students are expected to explore and learn by referring to books, implementing concepts in the labs and collecting references from the Internet, analyzing and problem solving through case studies etc. SCIT also has a digital library with a spectrum of e-books and magazines. SCIT's evaluation policy has external as well as internal evaluation. The internal evaluation is carried out continually and consists of any combination of several components to test the writing, critical thinking and analytical capability of the students to ensure holistic development. In order to ensure the same, the pedagogy has a strong blend of Experiential learning, Flexi-credits, and value-added courses.

● **Experiential Learning**

It's a learning process initiated by a concrete experience, which demands reflection, review and perspective taking about the experience; then abstract thinking to reach conclusions and conceptualize the meaning of the experience; leading to a decision to act, engaging in active experimentation or trying out what you've learned.

This cycle is so natural and organic that people engage in it without being aware that they are learning. It happens almost effortlessly all the time and is constantly transforming our lives. Most people have preferences for the way they use this learning cycle, focusing on some modes more than others. At SCIT, each course taught in a semester reflects an element of experiential learning as a part of the pedagogy.

● **Flexi- Credits courses**

In Flexi credit courses, some credits of the programme structure are reserved for Flexi-credit courses. The institute offers a contemporary course based on the emerging needs of the dynamic industry as a flexi credit course.

The students engage in diverse activities thus we aim to have them work without us, but expect that they will bring that work back to their classmates and us. The expectation through offering flexi credits is that the additional work should result in better performance in the classroom and on assignments.

● **Value-Add courses**

Value added courses are offered to the students which are beyond the stipulated program structure in each semester. It is important for higher education institutions to supplement the curriculum to make students better prepared to meet industry demands as well as develop their own interests and aptitudes. Our college offers a

wide variety of value-add courses which are conducted beyond the regular class hours or during semester breaks. Many students have been benefited every year. Value-added courses provide the opportunity for training as well as guidance for the students on the various aspects of building a career and to assist them in exploring new opportunities.

- **Internships**

Internship in the industry is an integral part of the 2-year academic programmes at SCIT. It provides excellent opportunities for SCIT students to get a first-hand experience of business realities. Before working as interns, SCIT students work on pilot projects, a replica of what happens in the industry. This enables them to make a quick start in learning from the “LIVE” environment during an internship project, a new perspective that a classroom cannot generate. In the past, most of the SCIT students have worked with reputed companies and have contributed significantly; some have even travelled abroad for live projects.

Projects

- **Collaborative Projects**

SCIT makes a conscious effort in tracking technology advancements and transformations that businesses are going through. The students as well as the faculty of SCIT undertake various industry projects as well as R & D projects that cover this area of study.

329

Students also engaged in collaborative projects with students from Universities abroad on courses like Design Thinking and Data Science courses as well.

- **Capstone Project**

Capstone projects are generally designed to encourage students to think critically, solve challenging problems, and develop research skills, teamwork, planning, self-sufficiency, or goal setting—i.e., skills that will help prepare them for college, modern careers, and adult life. SCIT offers capstone project to students in collaboration with international universities.

- **Research and Development Projects**

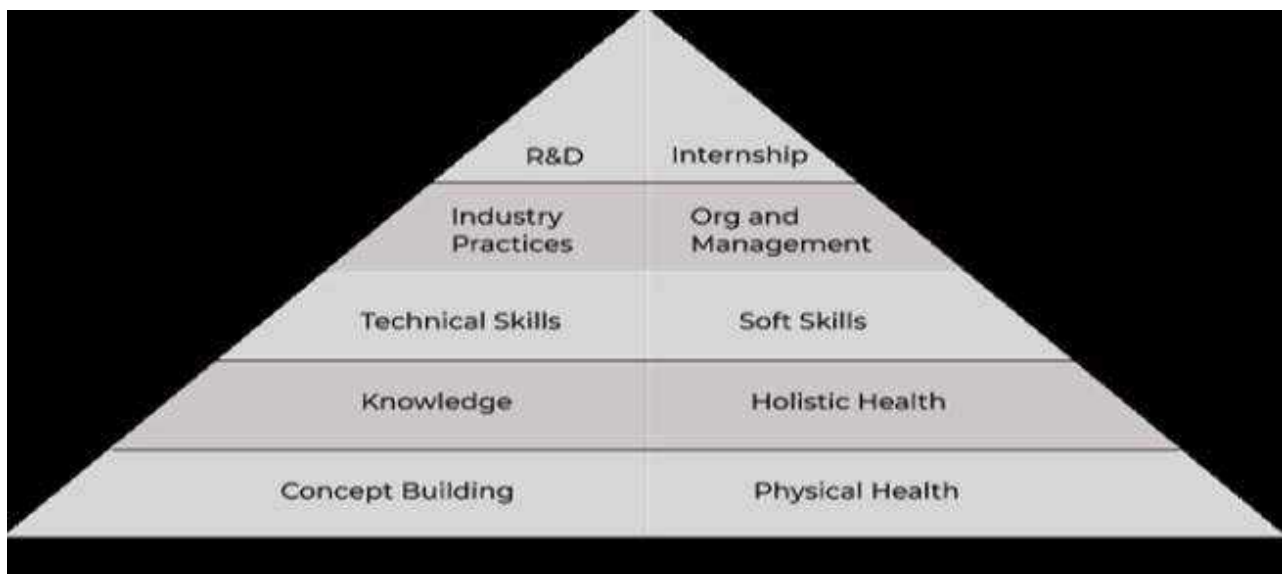

Research orientation is an important part of learning at SCIT. Students need to register and work on a dissertation. SCIT presently works in these broader areas of research.

- **Multi-faceted Learning**

At SCIT we believe in the new realization that exams are only a purpose of learning and true learning is actually a journey to explore knowledge. SCIT looks at postgraduate education with a view to create ‘learnability’ in a student that stays with him life-long and does not wither with a degree in hand. SCIT lays importance on a student’s all-round development with a focus on academics as well in all its residential programmes. The holistic programmes build strength and create a framework to enjoy life as professionals and as individuals. Self-exploration through programmes is encouraged.

- **SCIT's Power Triangle**

At SCIT, students undergo a transformation into empowered proactive professionals through a three-fold learning process: gaining experiential knowledge of technology and practices, mental and physical well-being through a holistic health programme and industry practices. SCIT offers residential and off-campus programmes as well as corporate training programmes.

At SCIT, students undergo a transformation into empowered proactive professionals through a three-fold learning process: gaining experiential knowledge of technology and practices, mental and physical well-being through a holistic health programme and industry practices. SCIT offers residential and off-campus programmes as well as corporate training programmes.

25th National Seminar 2024 – 21 Sept. 2024

SCIT has been organizing a National Seminar since 2000, which provides useful insights into understanding the various dimensions of IT.

DATTANSH – 25 Jan. 2024

Symbiosis Centre for Information Technology (SCIT) is a premier IT-B School offering a two-year full-time MBA in Information Technology Business Management (ITBM) and an MBA in Data Sciences and Data Analytics (DS&DA). Each year, we host Dattansh - An Annual Analytics Conclave that explores emerging technologies and applications within the realm of Data Analytics. The Sixth Edition of Dattansh will be held on 25th January 2024 at SCIT.

The theme for the 6th edition of Dattansh is Data Meraki: Data is Soul. Meraki, a term denoting the act of doing something from the soul, with passion and creativity, serves as a fitting metaphor for our exploration into the world of data. In this age dominated by technology, we recognize that every facet of our existence is shaped by the profound insights and underlying patterns that manifest in data. In our context, we assert that "Data is soul." Our theme, Data Meraki, casts a comprehensive light on the multifaceted aspects of the technology-driven landscape. Symbiosis Centre for Information Technology (SCIT) in the academic year 2017, launched a new course -MBA in Data Sciences & Data Analytics (DS&DA), for gaining competencies in analytics and better data insights using scientific methods for futuristic Data Scientist/Data Analyst. In order to have a fruitful engagement of our MBA (DS&DA) students with external experts -both from Industry and Academia, there was a need to build a platform which can facilitates in the dissemination of evolving knowledge related to Data Science and Data Analytics as well

as Student-Expert interactions.

The platform was visualized as a Flagship Event, “DATTANSH- An Annual Analytics Conclave”. This flagship event was conceptualised by our Director, Dr. Dhanya Parmod. Dattansh (दत्तांश) is a Sanskrit word that means Data/ Information.

Dattansh provides a forum for participants to gain an expert perspective on the exciting world of data science and data analytics. The emphasis is on the trending and upcoming technologies & applications in this domain. The event includes the top-notch speakers from Industry, Academia and Research labs. Student Competitions are also organized for students in India and abroad.

Dattansh is organized every year and to keep up with the rapid evolution in the field of data sciences and analytics, new theme is selected every year. The MBA(DS&DA) Guest Lecture committee, under the guidance of a Faculty Mentor, plans, prepares and executes the new edition of Dattansh every year. The types of speaker's selected and the student's competitions are well tuned with the theme. **The learning is the journey of data in real-life reinforced through industrial use cases and innovative competitions.**

Quality Improvement Initiatives

Quality is the degree to which health services for individuals and populations increase the likelihood of desired outcomes and are consistent with current professional knowledge.

Quality improvement is the framework used to systematically improve care. Quality improvement seeks to standardize processes and structure to reduce variation, achieve predictable results, and improve outcomes for patients, healthcare systems, and organizations. Structure includes things like technology, culture, leadership, and physical capital; process includes knowledge capital (e.g., standard operating procedures) or human capital (e.g., education and training).

At SCIT, under the QIC initiatives we organize IPR workshops and Faculty development programs sessions almost every year to create and encourage a sense of publishing patent and copyrighting among the faculty members.

At SCIT, QIC is committed to guide and propose New Specializations: introducing new courses and specializations in high-demand fields such as Digital Transformation, Data Privacy and Protection, Extended Reality and the Metaverse, and Design Science. Sustainability and Social Impact: conducting activities focused on the UN's Sustainable Development Goals (SDGs) to foster a sense of social responsibility and equip you with the skills to address global challenges. QIC is dedicated to continuously innovating our teaching methods and adopting the latest best practices to ensure a world-class learning experience.

At SCIT, under the QIC, we explore collaborations for joint research, student exchange programs and academic collaboration with foreign universities that are Celonis Centers of Excellence (CoEs)

At SCIT, under the QIC we partner and conduct activities Institutional Social Responsibility (ISR) with local bodies on Digital India Initiatives and contributing to the SDGs for supporting underprivileged children and providing them with books and study materials to support their education. We have developed a relationship with Non-Governmental Organizations (NGOs) to further our social impact

Graffiti 2024 – 11 & 12 Jan. 2025

Graffiti - The Annual Techno-Managerial Fest hosted by Symbiosis Centre for Information Technology. A two-day annual affair serving as a dynamic platform for students to showcase their talents and Innovate, Learn, and Explore, fostering a sense of empowerment and ensuring their efforts are celebrated. It's not just a festival; it's an alloyed effort where every individual, faculty, staff, committee, and student become an integral part of a larger narrative, contributing to the vibrant atmosphere of Graffiti.

Graffiti' 2024 was hosted over the second weekend of January. The theme **"SYLVERA"** honors the beginning of SCIT's 25th year, which indicated a combination of techno-managerial skills and previous tech innovations and showed how to come forward with the tech advancements that have happened over time. Along with this, the theme's aim was to showcase the advancement and growth of Graffiti from its beginning. The motive behind organizing Graffiti'24 was to instill technical intelligence in tomorrow's managers, honing and shaping both aspects to better prepare them for the industry where knowledge and lucid communication are essential attributes of a techno-manager.

TEDx SIU Hinjewadi – 27 Jan. 2025

Aswattha Unfolds: Embracing Roots in Modern Skies

Deeksharambh - Welcoming the batch 2025-27

- Symbiosis Centre for Information Technology (SCIT) recently hosted Deeksharambh 2025, the official induction program for the incoming MBA batch of 2025–27. Spread across three insightful days – June 4th, 7th, and 10th – the program was meticulously crafted to ensure a smooth and inspiring transition for the new students into their academic journey.
- The first day, June 4th, began with a warm Welcome Address by Director Dr. Dhanya Pramod and faculty. This was followed by a detailed Committee Introduction, offering students a glimpse into the various student bodies and their vital roles in SCIT’s vibrant culture. The day concluded with a thorough briefing on Campus Rules and Regulations, setting the tone for discipline and professionalism.
- On June 7th, the students had the privilege of engaging with accomplished Alumni who shared their personal journeys, professional achievements, and tips on navigating life at SCIT. This was followed by a Specialization Introduction session, where students explored the two core paths offered—IT Business Management (ITBM) and Data Sciences and Data Analytics (DSDA). This interactive session helped many begin to envision their career trajectory.
- The highlight of the program was the Main Induction Day on June 10th, graced by distinguished guests. The event featured an empowering address by Ms. Priyanka Raut, Director at PwC, who shared insights into industry expectations and leadership. This was followed by inspiring speeches from Dr. Ramakrishnan Raman, Vice Chancellor, Symbiosis International (Deemed University), and Dr. Vidya Yeravdekar, Pro Vice Chancellor, SIU, both of whom welcomed the new batch and emphasized the importance of holistic growth.
- Deeksharambh 2025 was more than an induction – it was the beginning of new dreams, friendships, and the shaping of future digital leaders. With energy, excitement, and a shared vision, the SCIT family welcomed its newest members with open arms.

Fee Structure

(Annexure I)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INDIAN STUDENTS

Programme Fees For Master of Business Administration (Information Technology Business Management)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 780,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For Master of Business Administration (Data Science and Data Analytics)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 788,000
Institute Deposit (Refundable)	₹ 20,000

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Hinjewadi Campus only)	1st Year Academic Year 2026-27 (Amount in ₹)
Mess Fees (Per Annum) @	₹ 119,600
Hostel Deposit (Refundable)	₹ 20,000
Hostel Fees (Different, subject to Sharing, Per Annum)@	
Three Sharing	₹ 112,500
Four Sharing	₹ 85,400

Installment for For Master of Business Administration (Information Technology Business Management)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 390,000	₹ 390,000	₹ 390,000	₹ 390,000
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Hostel Deposit (Refundable)	₹ 20,000	-	-	-
Hostel Fees (Per Annum)	₹ 112,500	-	**	
Mess Fees (Per Annum)	₹ 59,800	₹ 59,800	**	**
Installment	₹ 602,300	₹ 449,800		
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment for Master of Business Administration (Data Science and Data Analytics)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 394,000	₹ 394,000	₹ 394,000	₹ 394,000
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Hostel Deposit (Refundable)	₹ 20,000	-	-	-
Hostel Fees (Per Annum)	₹ 112,500	-	**	
Mess Fees (Per Annum)	₹ 59,800	₹ 59,800	**	**
Installment	₹ 606,300	₹ 453,800		
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess fees can be increased up to 15% each year. Government taxes would be additional as and when applicable.

*Few seats are reserved as Discretionary Quota Seats. Only students with reasonable academic record and with good entrance test scores are considered for Discretionary Quota Seats. The fees for Discretionary Quota seats will be double the academic fees of the open category as approved by the Fee Structure Committee, to be paid to the institute by way of online transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU. Once admission is taken in Discretionary Quota, the fees applicable to Discretionary Quota will have to be paid by the student for the entire duration of the programme.

Fee Structure

(Annexure II)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INTERNATIONAL STUDENTS

Note : International students are admitted from two categories and the fees for each are as given below

(a) NRI, PIO, OCI Category

(b) Foreign National Category

(a) Fees Payable by the students taking admission in NRI, PIO, OCI Category.

Programme Fees For Master of Business Administration (Information Technology Business Management)	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (per Annum) to be paid (A)	\$14,000
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$14,825

Programme Fees For Master of Business Administration (Data Science and Data Analytics)	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (per Annum) to be paid (A)	\$14,000
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$14,825

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Hinjewadi Campus Only)	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Mess Fees (Per Annum) @	\$1,400
Hostel Deposit (Refundable)	\$250
Hostel Fees (Different, subject to Sharing, Per Annum)@	
Three Sharing	\$1,300
Four Sharing	\$990

Note:

ONLY Foreign National Students taking Admission in the year 2026 for the Batch 2026-2028 will be eligible for the Symbiosis Golden Jubilee Scholarships. Designed to celebrate 50 glorious years of Symbiosis being established to offer quality education to foreign national students, these include:

- (1) 100 Symbiosis Golden Jubilee full Academic Scholarships with need-based reduced hostel fees for foreign national students from developing African- Asian countries.
- (2) 100 Golden Jubilee Free-ships for academically and financially deserving foreign national students from conflict ridden/war affected regions by giving them an opportunity to study at SIU by covering not only the cost of all academic fees but also the hostel and mess/food fees (lodging and boarding).
- (3) Concessional Hostel fees are applicable to Foreign National students @ 650\$ per annum.
- (4) Concessional Mess fees are applicable to Foreign National students @ \$ 560 Per annum." and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

'@Hostel and Mess fees can be increase dup to 15% each year.

Government taxes would be additional as and when applicable.

50% Concession will be given only to the Foreign National students on Administrative Fees.

Connectopia: G20's Digital Renaissance-Corporate Charcha 2023

Programme Structure:

Master of Business Administration (Information Technology Business Management)- M.B.A. (ITBM)

Semester: I

Generic Core Courses

- Business Statistics
- Essentials of Marketing Management
- Financial Statement Analysis
- Principles and Practices of Management
- Research Methodology
- Domain Study (BFSI)
- Business Process Management
- Information Risk Management
- Requirements Management
- IT Infrastructure Essentials
- Generative AI Tools

Open Elective Course Group (Choose any two courses)

- Platform and Network Security
- Database and Application Security
- Multivariate Data Analysis
- Data Management
- Software Development Methodologies
- Business Process Integration in SAP S/4 HANA
- Digital Technology Transformation
- Business Model Innovations

Semester: II

Generic Core Courses

- Basics of Financial Management
- Human Resource Management
- IT Strategy
- Project Management
- Strategic Management
- Managerial Economics
- Pilot Project
- Flexi-Credit Course

- IT Infrastructure Library
- Business Analytics
- Immersive Technologies, Applications and Issues
- Computing Tools
- IT Audit
- Internet-of-Things
- Health and Wellness Module I #

Open Elective Course Group (Choose any two courses)

- GRC and Industry Standards
- Access Control and VAPT
- Financial Analytics
- Machine learning
- Application Portfolio Management
- Enterprise Architecture
- Digital Transformation Frameworks
- Digital Leadership

Semester: III

Generic Core Courses

- Summer Internship
- Entrepreneurship
- Sustainability Standards - Application, Analysis and Reporting
- Flexi-Credit Course
- Industry 4.0
- IT Consulting
- Robotic Process Automation
- Business Process Mining
- Introduction to Block Chain
- Health and Wellness Module II #
- Health and Wellness *

Open Elective Courses Group (Choose any two courses)

- Resilience Management, BCP

and CRM

- Computer Forensics - Detection and Prevention of IT Frauds
- Cloud Security
- Big Data Analytics
- Social Media Analytics
- DevOps Services
- IT Products
- Digital Audit and Quality Control
- Data Privacy and Protection

Semester: IV

Generic Core Courses

- Corporate Governance and Ethics
- Legal Aspects of IT Business
- Flexi-Credit Course
- Services Marketing
- Dissertation

Vasudhaiva Kutumbakam *

Open Elective Course Group (Choose any two courses)

- Cyber Intelligence
- IoT and Hardware Security
- HR Analytics
- Marketing Analytics
- Global IT Delivery Models
- Technology Management
- Total Experience Strategy
- Digital transformation in Health Care

Master of Business Administration (Data Sciences and Data Analytics)-M.B.A. (DS and DA)

Semester: I

Generic Core Courses

- Basics of Financial Management
- Business Statistics
- Principles and Practices of Management
- Research Methodology
- Domain Study (Manufacturing and Logistics)
- Mathematics Foundation
- Python Programming
- Introduction to DBMS and SQL Programming
- Data preparation and Data management

Generic Elective Course Group (Choose any three courses)

- AI Powered Developer Platforms and Tools
- Cloud Computing
- Machine learning
- Text Analytics

Semester: II

Generic Core Courses

- Advance data organization
- Essentials of Marketing Management
- Strategic Management
- Managerial Economics
- Domain Study(BFSI)
- Knowledge Graphs
- Time Series Data, Analysis and Databases

- Responsible and Explainable AI
- Data Visualization and Storytelling
- Operations Research and Optimization Techniques
- Health and Wellness Module I #

Open Elective Course Group (Choose any three courses)

- Cognitive Computing
- Deep learning
- Natural Language Processing and Large Language Models
- Financial Analytics
- Big Data Analytics
- Software analytics
- Marketing Analytics
- Recommender Systems

Semester: III

Generic Core Courses

- Summer Internship
- Data Protection and Privacy
- Design Thinking
- Entrepreneurship
- Human Resource Management
- Domain Study(Retail)
- Health and Wellness Module II #
- Health and Wellness *

Open Elective Courses Group (Choose any three courses)

- Reinforcement Learning
- Human Computer Interaction
- Flexi-Credit Course
- Generative Adversarial

Networks

- Computer Vision
- Social Media and Web Analytics
- Fraud Detection Analytics
- Insurance Analytics
- Supply chain and operations analytics
- Flexi-Credit Course

Semester: IV

Generic Core Courses

- Corporate Governance and Ethics
- Sustainability Standards - Application, Analysis and Reporting

June 12, 2024, marked an exciting beginning for the newest members of our academic community as the induction program for the 2024-26 cohort officially commenced. The event commenced with a warm and engaging welcome speech by Dr. Dhanya Pramod Director, SCIT. Renowned for her captivating storytelling, Dr. Dhanya welcomed the students to SCIT and prepared them for the journey ahead. She shared profound insights into the complexities of today's world, offering practical advice on navigating the challenges and seizing the opportunities that lie ahead.

Dr. Ruchi Kher Jaggi
Director

Director Profile:

Dr. Ruchi Kher Jaggi is Professor and Director of Symbiosis Institute of Media and Communication, and Dean of the Faculty of Media and Communication, Symbiosis International (Deemed University), Pune, India. She completed her PhD at the Department of Media & Communication Studies, University of Pune. She has completed her post-graduation in Mass Communication from Panjab University, Chandigarh. With a professional experience in higher education for over two decades, she works at the intersection of institutional development, curriculum innovation, and critical inquiry. As a media scholar, she researches Television, Streaming Platforms, Children and Media, Korean Dramas, and AI & Media Education. Her research has been presented at national and international communication conferences and published in peer-reviewed international journals.

She was awarded the SPARC research grant by the Ministry of Education, Govt. of India where she is working on a project in collaboration with University of Western Ontario, Canada. Dr. Jaggi is also a recipient of a research grant on a project on Interactive Documentaries in partnership with Salisbury University, Maryland, USA under USIEF's U.S.-India 21st Century Knowledge Initiative. She has also been awarded twice with the 'Woman Leadership Award'. She has significant international experience having travelled for academic conferences and projects to different countries besides being the resource person on media studies for many international students who pursue short courses as part of the international student exchange programme at Symbiosis International (Deemed University), Pune.

Institute Profile:

Founded in 1990 as the Symbiosis Institute of Journalism & Communication (SIJC), the Institute evolved in 1998 into the Symbiosis Institute of Mass Communication (SIMC), expanding its scope beyond Journalism to meet the dynamic needs of the media industry. In 2007, reflecting the sector's rapidly diversifying landscape, it was re-christened as the Symbiosis Institute of Media and Communication. Consistently ranked among India's premier media and communication colleges, SIMC offers MA in Journalism and Media Industries, MA in Film, Television and Digital Production, and MBA in Communication Management. For 35 years, its holistic pedagogy has shaped generations of media professionals whose talent, vision, and impact have propelled the industry to new heights.

The Symbiosis Institute of Media and Communication, India's top-ranked media school, boasts a legacy of over three decades. Its state-of-the-art Symbiosis Studios serve as dynamic, real-world workspaces for students while drawing film industry professionals for their projects. SIMC's alumni lead the media sector in India and abroad, earning prestigious accolades, including an Oscar in 2023.

The Corporate Interface Teams (CIT) are a hallmark of SIMC's academic programmes, serving as a dynamic bridge between industry and academia. Through meticulously curated workshops, talks, and symposia with leading industry experts, CIT equips students with the skills, perspectives, and confidence needed to excel in the professional world. Centred on contemporary, relevant themes, these events foster vibrant platforms for knowledge exchange while playing a strategic role in enhancing employability.

Each academic programme at SIMC has a dedicated Placement Committee that actively facilitates internships and final placements. Year after year, SIMC has achieved the remarkable distinction of securing 100% placements for its students in top communication and media organisations across diverse domains.

Research forms a vital pillar of SIMC's identity. Faculty members are deeply engaged in impactful projects and publications, exploring an impressive spectrum of topics such as Gender and Media, Digital Inequalities, Cultural Studies, Children and Media, Film Studies, Digital Journalism, Artificial Intelligence, and Streaming Platforms.

SIMC is home to the Symbiosis Centre for Research in Media and Communication Industry (SCRMCI) and hosts the biennial International Conference on Media and Communication (ICMAC), fostering meaningful global dialogue on the evolving media landscape.

In 2025, SIMC was ranked the second-best media college in the country by the Outlook-ICARE Rankings. In the same year, India Today placed SIMC 4th nationally and 2nd among private media institutes, while The Week ranked the institute 4th nationally and 2nd among all private media institutes in India.

Further cementing its leadership, SIMC and Symbiosis International (Deemed University) launched the Symbiosis Film Festival (SFF) to showcase emerging cinematic talent. The inaugural 2024 edition, a two-day celebration of filmmaking with a spotlight on screenwriting, brought together a vibrant blend of industry veterans and young creators. SFF 2024 was inaugurated by Shri Amitabh Bachchan, legendary actor and Professor Emeritus, Faculty of Media and Communication, SIU.

Programme Profile:

- **Master of Business Administration (Communication Management)**

SIMC's MBA programme is designed to holistically equip students with expertise in all facets of communication management, offering core courses in marketing strategy, content creation, strategic brand management, social media analytics, Artificial Intelligence, Augmented and Virtual Reality, and social entrepreneurship. Students further have the opportunity to specialize in Brand Communication, Media Management, Public Relations, or Marketing & Media Analytics. Uniquely, these specializations are offered as both major and minor, expanding the scope of learning and empowering students to emerge as versatile, industry-ready professionals.

- **Master of Arts (Journalism and Media Industries)**
- **Master of Arts (Film, Television and Digital Production)**

SIMC now offers two new MA programmes, each delivering a diverse portfolio of courses tailored to the media industry:

MA – Journalism and Media Industries

MA – Film, Television and Digital Production

Duration of the Programme

- **Master of Business Administration (Communication Management)** : 2 years, Full Time, Residential programme
- **Master of Arts (Journalism and Media Industries)** : 2 years, Full Time, Residential programme
- **Master of Arts (Film, Television and Digital Production)** : 2 years, Full Time, Residential programme

Intake:

- **Master of Business Administration (Communication Management)** : 120 Students
- **Master of Arts (Journalism and Media Industries)** : 30 Students
- **Master of Arts (Film, Television and Digital Production)** : 30 Students

Eligibility

- **Master of Business Administration (Communication Management)**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

- **Master of Arts (Journalism and Media Industries)**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% Marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

- **Master of Arts (Film, Television and Digital Production)**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% Marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Orientation and Pedagogy:

- **Master of Business Administration (Communication Management)**

SIMC shapes future-ready media leaders through its Masters of Business Administration (Communication Management) programme, crafted to match the pace and dynamism of the global media and communications industry. In a business defined by constant transformation, learning extends beyond the classroom through live case studies, immersive simulations, and hands-on industry projects, ensuring students graduate with both strategic insight and practical expertise.

The programme evolves in rhythm with the industry, driven by continuous feedback from distinguished faculty, industry stalwarts, and accomplished alumni. Its curriculum reflects the forefront of change integrating emerging platforms, breakthrough technologies, and innovative business practices into every specialization. The digital dimension is seamlessly woven through Brand Communication, Public Relations, Media Management, and Marketing & Media Analytics, empowering graduates to navigate and lead in a media ecosystem where innovation is the currency of success.

- **Master of Arts (Journalism and Media Industries)**

The new programme is crafted in response to the evolving practice of journalism and the emergence of diverse career pathways. It combines a rich blend of theory and practice-based courses tailored to the needs of journalism and media industries. In addition, students may choose from three distinct 'minor' stacks to complement their learning:

- **Media Practice**
- **Media Business**
- **Media Research**

- **Master of Arts (Film, Television and Digital Production)**

The new programme responds to the rapidly transforming landscape of audio-visual production, equipping students with an expansive understanding of its cutting-edge practices. To further sharpen their creative and professional edge, students can select from three distinctive 'minor' stacks:

- **Branded Content**
- **Filmmaking**
- **Television Production**

For both MA programmes, classroom learning is seamlessly enriched with live workshops, industry-driven projects, and immersive internships, aligning with the experiential essence of the courses. Evaluations mirror this approach, incorporating project-based assessments and jury-led examinations. Senior industry leaders and distinguished SIMC alumni are integral to the pedagogy, actively contributing to course refinement, delivering lectures, mentoring students, and sharing expertise through seminars and symposia.

With an accomplished faculty, world-class infrastructure, and robust industry engagement, SIMC ensures that the delivery of its media communication programmes is precise, dynamic, and impactful providing students with both a strong academic foundation and authentic, hands-on insight into the media industry.

- Flexi-Credit Course
-

Generic Elective Courses Group - I (Choose Any One)

- Flexi-Credit Course

Generic Elective Courses Group - II (Choose Any One)

- Customer Relationship Management
- Marketing Strategy

Lavale, Maharashtra, India
Symbiosis Knowledge Village, Lavale, Maharashtra 411042

Master of Arts (Journalism and Media Industries)

Semester : 1

Generic Core Courses

- Media, Culture and Society
- Media Industries Overview
- Film and Television Appreciation
- News Reporting and Editing: Theory and Practice
- Audio Production and Podcasting
- Photography and Digital Technologies
- Vasudhaiva Kutumbakam *
- Health and Wellness Module I #

Semester: II

Generic Core Courses

- Social Responsibility Project
- Media Ethics, Credibility, and Media Laws
- Non-fiction Narrative Writing
- Multi-media News Production
- Beat Reporting: Theory and

Practice

- Online, Social Media, and AI Tools
- Media Research Methods
- Economy and Markets
- Health and Wellness Module II #

Semester: III

Generic Core Courses

- Contemporary India and the World
- Documentary Filmmaking
- Internship
- Project III
- Health and Wellness *

Generic Elective Courses Group (Choose Any One Group)

Group 1: Media Practice

- Business and Data Journalism
- Specialized Reporting

Group 2: Media Business

- Branded Content
- Overview of Strategic Communication

Group 3: Media Research

- Critical Approaches to Media Industries, Technology and Culture
- Critical Media Literacy and Academic Writing

Semester: IV

Generic Core Courses

- Media Economics
- Dissertation

Master of Arts (Film, Television and Digital Production)

Semester: I

Generic Core Courses

- Film, Television, and Content Appreciation
 - Fundamentals of Visual Aesthetics and Photography
 - Fundamentals of Cinematography and Sound
 - Creative Reading, Writing, and Practice
 - Fundamentals of Editing Techniques
- Vasudhaiva Kutumbakam *
- Health and Wellness Module I #

Semester: II

Generic Core Courses

- Social Responsibility Project
- Screenplay Writing and Direction
- Cinematography and Sound Design
- Studio Production

Management

- Advanced Digital Editing and Practice
- Film Aesthetics and Auteur Studies
- Branded Content Creation
- Health and Wellness Module II #

Semester: III

Generic Core Courses

- Internship
- Documentary Film Practices
- Pitching and Producing
- Audio Visual Project
- Health and Wellness *

Generic Elective Courses Group (Choose Any One Group)

Group 1: Branded Content

- Funding, Marketing, and Distribution
- Advertising and Corporate Film Production

Group 2: Film Making

- Writing for OTT and Feature Films
- Filmmaker's Lab

Group 3: Television Production

- Television Genres and Programming
- Writing for Television

Semester: IV

Generic Core Courses

- Project
- Freelancing and Creative Entrepreneurship

*Courses are subject to change

- Hostel Accommodation
- Health Care Services

A photograph of a modern, multi-story building with a curved facade, primarily in shades of orange and red. The building has several windows, some with blue-tinted glass. In the foreground, there is a green lawn, a flower bed with red and yellow flowers, and a paved path where a few people are walking. The sky is blue with scattered white clouds. A large yellow arrow graphic points from the right towards the building.

**Prof. Atul A Gokhale**

Director

Director Profile:

Prof. Atul Gokhale is a distinguished chef, educator, researcher, and academic leader with 35 years of global experience in hospitality and culinary education. He is the Founding Director of Symbiosis School of Culinary Arts and Nutritional Sciences (SSCANS), India's first university-affiliated culinary school. Under his stewardship, SSCANS has become a national leader in culinary education and was awarded India's Best Culinary School in 2022. An alumnus of IHM Bhubaneswar, Prof. Gokhale began his career with ITDC's Ashok Group and has served in leadership positions across India, Bahrain, and Saudi Arabia. He brings 14 years of culinary industry experience and 23+ years in education, contributing to curriculum design, quality frameworks (NSQF), and international culinary standards.

His academic interests lie in food history, regional cuisines, Ayurvedic diets, and recipe research. He is actively involved in research and innovation, with publications in IEEE-indexed journals and presentations at international forums. As a PhD scholar, his doctoral work focuses on developing a maturity model for culinary education in India. Prof. Gokhale is a Certified Hospitality Educator (CHE), a Member of ECAC (AHLEI, USA), and a recognized trainer and life coach. He serves on academic boards of multiple universities and is affiliated with prestigious bodies including Institute of Hospitality (UK), Western India Culinary Association, and Toastmasters International.

His mission is to preserve India's rich culinary heritage while innovating for future food systems aligned with sustainability and public health goals.

Institute Profile:

Symbiosis School of Culinary Arts and Nutritional Sciences (SSCANS) is an institution that seamlessly blends the science of nutrition with the art of culinary practice, fostering a society-wide shift towards holistic wellness. We are committed to creating future leaders who are equipped to address the challenges of food security, public health, and sustainable nutrition.

SSCANS is a specialised school offering a range of skilled programmes in the food, health, nutrition and wellness sector.

Founded in 2016 we are the first school in the country to offer niche qualifications in culinary science and arts.

Over the period, we now have specialised programmes in post graduate, undergraduate and diploma levels in Nutrition and Dietetics, Food Technology and Food Enterprise Management, Culinary Arts and Hospitality Management.

With a state-of-the-art world class campus infrastructure equipped with modern practical learning labs and Asia's largest Studio Kitchen, the institute focuses on providing sustainable education in the areas of culinary arts and

science, food processing and health and nutrition.

Symbiosis believes in industry and academia interaction at all stages of student development and as a part of our curricula, the students undergo well planned and monitored internship in collaboration with leading hotel and food industry organizations.

Innovation in culinary field, adaptability, business ethics and social responsibilities are emphasized to develop students into becoming leaders as well as responsible citizen.

Programme Profile:

- **Master of Business Administration (Food Technology and Food Enterprise Management) MBA-FTFEM**
- **Master of Science (Nutrition & Dietetics) (MSc N& D)**

Duration of the Programme:

- **Master of Business Administration (Food Technology and Food Enterprise Management) MBA-FTFEM** : 2 years, Full Time, Non-Residential programme
- **Master of Science (Nutrition & Dietetics) (MSc N& D)** : 2 years, Full Time, Non-Residential programme

Hostel is available on first come first serve basis.

Intake:

- **Master of Business Administration (Food Technology and Food Enterprise Management) MBA-FTFEM** : 40 Students
- **Master of Science (Nutrition & Dietetics) (MSc N& D)** : 80 Students

Eligibility:

- **Master of Business Administration (Food Technology and Food Enterprise Management) MBA-FTFEM**

Graduate from any recognised University/ Institution of National Importance in Food Technology, Hotel Management, Home Science, Food Science & Quality Control, Culinary Arts, Food Ecology/Sustainability, Packaging Technology, Nutrition, Microbiology, Agriculture, Biotechnology, Food Engineering etc; with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste /Scheduled Tribes) at graduation level.

Orientation and Pedagogy:

- **Master of Business Administration (Food Technology and Food Enterprise Management) MBA-FTFEM**

A wide range of learning environments are available to students, including lectures, tutorials, laboratory and pilot plant practicals, shop floor learning during factory visits, online delivery and individual and/or group presentations. Importantly, a high proportion of time is spent in industry-standard facilities, such as the Culinary Innovation Centre and Business Incubation Centre. This experience provides a practical element to students' learning, encouraging them to develop business management skills.

Foundation knowledge in entrepreneurial management and regulations are part of the curriculum to ensure students are exposed to take up entrepreneurial ventures in food tech business. Strong industry links are demonstrated through Industry Integrated Internships (ICube) experiences. With input from industry partners, a student will also be able to create new products, develop manufacturing processes, or design a food quality assurance plan.

During the final semester the students will apply skills and advanced knowledge to an industry-focused research project. Students are encouraged to complete the research project in industry, when possible. The program is highly interactive and practical oriented.

- **Master of Science (Nutrition & Dietetics) (MSc N& D)**

The teaching-learning process aims at our students' holistic growth and development through academic orientation, leadership and soft skills development to prepare them industry-ready with global competencies. The Nutrition and Dietetics programme faculty members use innovative pedagogies to ensure a seamless teaching-learning process. These include lectures, hands-on practicals at laboratories of the specialized centres, demonstrations, case studies, field visits to different research centres, factories, government and non-government organizations, and experiential learning opportunities in professional settings: journal clubs, group discussions and interactive sessions.

Additionally, research and evidence-based teaching-learning in specialized areas equip students with the latest information and practice protocols to deliver the best in their specified areas and professions. Further, interested students are groomed with the necessary skills for initiating successful entrepreneurship ventures.

Fee Structure

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INDIAN STUDENTS

Programme Fees For Master of Business Administration (Food Technology and Food Enterprise Management)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 472,000

(1) 100 Symbiosis Golden Jubilee full Academic Scholarships with need-based reduced hostel fees for foreign national students from developing African- Asian countries.

(2) 100 Golden Jubilee Free-ships for academically and financially deserving foreign national students from conflict ridden/war affected regions by giving them an opportunity to study at SIU by covering not only the cost of all academic fees but also the hostel and mess/food fees (lodging and boarding).

(3) Concessional Hostel fees are applicable to Foreign National students @ 650\$ per annum.

(4) Concessional Mess fees are applicable to Foreign National students @ \$ 560 Per annum.”

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess fees can be increase up to 15% each year. Government taxes would be additional as and when applicable.

50% Concession will be given only to the Foreign National students on Administrative Fees.

Batch of BSc HCM 2023 engaged in the event management workshop of flower arrangement

Programme Structure:

Master of Business Administration (Food Technology and Food Enterprise Management) MBA-FTFEM

Semester: I

Generic Core Courses

- Introduction to Food Science - (Theory)
- Introduction to Food Science (Practical)
- Principles of Cooking Techniques - (Theory)
- Principles of Cooking Techniques - (Practical)
- Sensory Science and Technology (Theory)
- Sensory Science and Technology (Practical)
- Food Product Development And Consumer Studies
- Introduction to Financial Management
- Human Resource Management
- Essentials of Marketing Management
- Vasudhaiva Kutumbakam *

Semester: II

Generic Core Courses

- Food Fermentation and Beverages Processing Management
- Food Processing and Preservation
- Food Safety And Quality Management
- Statistics and Research Methodology
- Service Operations Management
- Supply Chain Strategy
- Data Driven Decision Making
- Digital Marketing
- Organizational Behaviour
- Health and Wellness Module I #

Semester: III

Generic Core Courses

- Export Potential Analysis for Agri Products
- Food Journalism and Social Marketing

- Cold Chain Management
- Food Laws and Intellectual Property Rights (IPR)- (Theory)
- Food Business Mangement and Entrepreneurship Development (Theory)
- Nutraceuticals and Functional Foods
- Food Analysis and Instrumentation
- Internship
- Health and Wellness Module II #
- Health and Wellness *

Semester: IV

Generic Core Courses

- Conflict and Negotiation
- Food Packaging Operations
- Food Project Management
- Generic Elective Courses Group (Choose any one course)
- Business Analytics
- Global Business Environment

Exclusive Masterclass on Wines being conducted by: Mr. Matthieu Longuère, Master Sommelier

Master of Science (Nutrition & Dietetics) (MSc N& D)

Semester: I

Generic Core Courses

- Biostatistics
- Food Quality and Safety
- Nutrition through Life Cycle and Meal Management
- Nutritional Biochemistry
- Physiology
- Principles of Human Nutrition
- Research Methodology
- Vasudhaiva Kutumbakam *

Semester: II

Generic Core Courses

- Laboratory Techniques - I
- Health and Wellness Module I #

Generic Elective Course Group (Choose any one Course)

- Animal Food Processing
- Entrepreneurship in the Food Industry
- Food Journalism and Social Marketing
- Food System

Specialisation Core Courses: Nutrition and Population Health

- Lifestyle Disease Management
- Nutrition Education and Health Promotion
- Nutritional Epidemiology
- Public Health Nutrition
- Biostatistics - II

Specialisation Core Courses: Personalized Nutrition

- Nutritional Epidemiology
- Cell and Molecular Biology
- Genetics
- Medical Nutrition Therapy - I
- Medical Nutrition Therapy

Practical - I

Specialisation Core Courses: Clinical Nutrition and Dietetics

- Nutritional Epidemiology
- Medical Nutrition Therapy - I
- Medical Nutrition Therapy Practical - I
- Nutrition Care Process
- Nutrition Education and Counselling
- Sports Physiology and Nutrition

Specialisation Core Courses : Food Safety and Quality Management

- Food Legislations and Policies-I
- Food Chemistry and Rheology
- Food Processing and Preservation Practicals
- Food Product Development And Consumer Studies
- Industrial Hygiene and Sanitation Governance
- Epidemiology and food safety

Semester: III

Generic Core Courses

- Health and Wellness Module II #
- Health and Wellness *

Specialisation Core Courses : Nutrition and Population Health

- Global Nutrition
- Maternal and Child Nutrition
- Nutrition during Emergencies and Challenging Conditions
- Nutrition Policy and Advocacy
- Nutrition Program Planning, Monitoring, and Evaluation
- Social Determinants of

Nutrition and Health

- Nutrition and Population Health Field Training
- Research Application in Nutrition and Population Health

Specialisation Core Courses : Personalized Nutrition

- Genomics, Proteomics and Bioinformatics
- Laboratory Techniques - II (Personalized Nutrition)
- Medical Nutrition Therapy - II
- Nutraceuticals and Functional Foods
- Medical Nutrition Therapy Practical - II
- Precision Medicine
- Nutrition Therapy in Critical Care

Specialisation Core Courses : Clinical Nutrition and Dietetics

- Medical Nutrition Therapy - II
- Nutraceuticals and Functional Foods
- Medical Nutrition Therapy Practical - II
- Nutrition Therapy in Critical Care
- Pediatric and Geriatric Nutrition
- Food Service Management and Entrepreneurship
- Nutrition Therapy in Critical Care-Practical
- Research Applications in Clinical Nutrition and Dietetics

Specialisation Core Courses : Food Safety and Quality Management

- Nutraceuticals and Functional

Foods

- Laboratory Techniques - II (Food Safety and Quality Management)
- Food Safety And Quality Management
- Start Ups and Intellectual Property Rights (IPR)
- Food Legislations and Policies-II
- Food security and Food systems approach
- Packaging Technology
- Research Applications in Food Industry

Semester: IV

Specialisation Core Courses : Nutrition and Population Health

- Dissertation
- Internship

Specialisation Core Courses : Personalized Nutrition

- Dissertation
- Internship

Specialisation Core Courses :

Clinical Nutrition and Dietetics

- Dissertation
- Internship

Specialisation Core Courses

: Food Safety and Quality Management

- Dissertation
- Internship

***Courses are subject to change**

Dr. Sanjeevani Ayachit
Director

Director Profile:

Dr. Sanjeevani Ayachit is currently the Director at the Symbiosis Institute of Design and Dean of the Faculty of Architecture and Design at Symbiosis International (Deemed University). She holds a PhD from SIU, a Master's degree in Clothing and Textiles from M. S. University of Baroda and 23 years of experience in the field of apparel design, design education and consultancy.

On completing her Masters' education, she worked at the prestigious men's apparel company Raymond Apparel Ltd. (RAL), Thane, where she oversaw their finishing and quality control department. After spending a few years at RAL, she took up a teaching position at the S. N. D. T. College of Home Science, Pune. This was soon followed by a three-year period of teaching fashion design at a fashion institute. She has also worked as Manager – Quality Control at a Pune based apparel brand, Sleepins Apparel Pvt. Ltd.

Dr. Sanjeevani headed the departments of Fashion Design and Fashion Communication at SID for several years and has also served as Deputy Director. She has recently completed her PhD at Symbiosis International (Deemed University) examining cross-cultural subtleties of costumes of the Peshwas of Pune. Her research interests lie in the areas of heritage Indian textiles and costumes, fashion design process, design thinking and inclusive design. An avid reader and researcher, Sanjeevani has co-authored a book documenting the historic textiles and costumes in the collection of the Kelkar Museum in Pune, India. She has presented research papers at several conferences and published her research in reputed journals. She has been invited as a PhD thesis examiner and is a Board of Studies member at reputed universities. She has also been a reviewer of research papers for several journals.

Institute Profile:

A constituent of Symbiosis International (Deemed University), Symbiosis Institute of Design, Pune is a premier design school in the country. The institute offers Master of Design (M. Des) programme in User Experience Design. The design curriculum at SID generates opportunities to incubate original thoughts and implement design knowledge and skills on a creative platform. The simulative environment galvanizes students to imbibe contemporary skills while exploring non-conventional techniques to achieve design goals. The curriculum aims at creating professionals who with their creative impulse and skillful ability participate and contribute to the highly dynamic and competitive world of design. This is ensured by a team of professional faculty who instruct, inspire and mentor students utilizing their technical and design expertise while also encouraging the development of individual style. The well-stocked library, access to latest research databases, state-of-the-art infrastructure, labs, studios and workshops ensure a conducive learning environment where students can nurture their creative ideas to fruition. This has ensured that SID holds a coveted position among the top design schools in the country. As an added bonus, several courses are

supported by leading industry practitioners and many others have well known visiting lecturers. Internships and design projects are built into the curriculum to ensure industry exposure and field trips and industrial visits add on to the professional experience. An active Industry Interaction Cell ensures a continuous dialogue with the industry and assists students in securing internships and placement opportunities. SID is also a member of several national as well as international professional networks which benefit the students in terms of opportunities for participation in design competitions, design events, conferences and seminars thus enhancing their outlook towards the dynamic nature of the design field.

Programme Profile:

- **Master of Design (M. Des)**

SID offers a 2 years full time Master of Design (M. Des) programme in User Experience Design.

- The first semester of the programme covers a recap of basic design principles, knowledge and skills. Students shall be able to choose an elective of their choice in the area of Innovation and UX/UI followed by their first project.
- The second semester empowers the learners with skills and knowledge in domains like psychology, interaction design and prototyping followed by projects in the areas of information and affordance and user centered research and design.
- Bringing research to the fore, the third semester focuses on methods of usability testing, writing of research papers, electives in the field of user experience and a self-led project aligned with user research and prototyping.
- The final semester is entirely devoted to the application of hereto learned skills and knowledge into a self-initiated or industry-based project oriented to addressing real world challenges in the field of user experience design.

Duration of the Programme

- **Master of Design (M. Des)** : **2 Years, Full Time, Non-Residential programme**

Intake:

- **Master of Design (M. Des)** : **20 Students**

Eligibility

- **Master of Design (M. Des)**

Bachelor's Degree of minimum 4-year duration in any specialization, after 12th standard or equivalent to the 12th standard from any university or institute recognised by law in India.

OR

Full-time Diploma of minimum 4-year duration in Design/Fine Arts/Applied Arts/ Architecture, after 12th standard or equivalent to 12th standard, from any university or institute recognised by law in India.

With a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

Admission to M. Des programme of SID will be according to the following process.

Level 1	Register and appear for Entrance Exam. The result of entrance exam will be put up on the SID website as per the schedule.
Level 2	Share digital portfolio
Level 3	Shortlisting for SID's Studio Test and Personal Interaction (STPI) based on entrance exam score.
Level 4	Appear for the Studio Test and Personal Interview (STPI).

Final selection will be based on the cumulative performance of the candidate in Entrance Exam, Portfolio Review, Studio Test and Personal Interaction as well as on the basis of the information provided by the candidate in the application form.

Important Dates

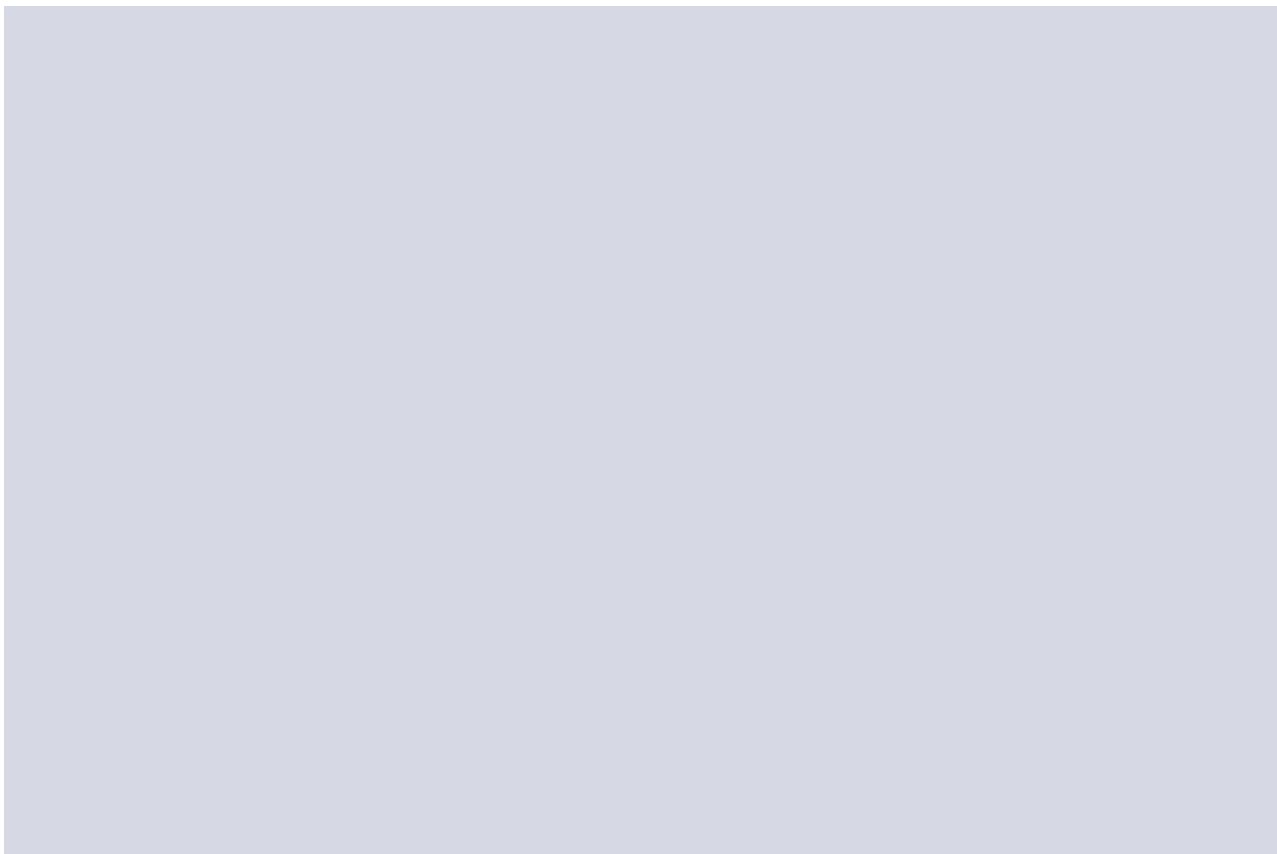

Particular	Date
SID Registration and Payment Commence	January 05, 2026 (Monday)
SID Registration and Payment Closes	April 25, 2026 (Saturday)
Entrance Exam Admit Card (Timings of the tests will be communicated to the candidates via their Admit Cards)	April 29, 2026 (Wednesday)
Entrance Exam	May 03, 2026 (Sunday)
Announcement of Result	May 07, 2026 (Thursday)

Disclaimer: These dates are tentative and are subject to change. Any changes will be reflected on the institute website www.sid.edu.in

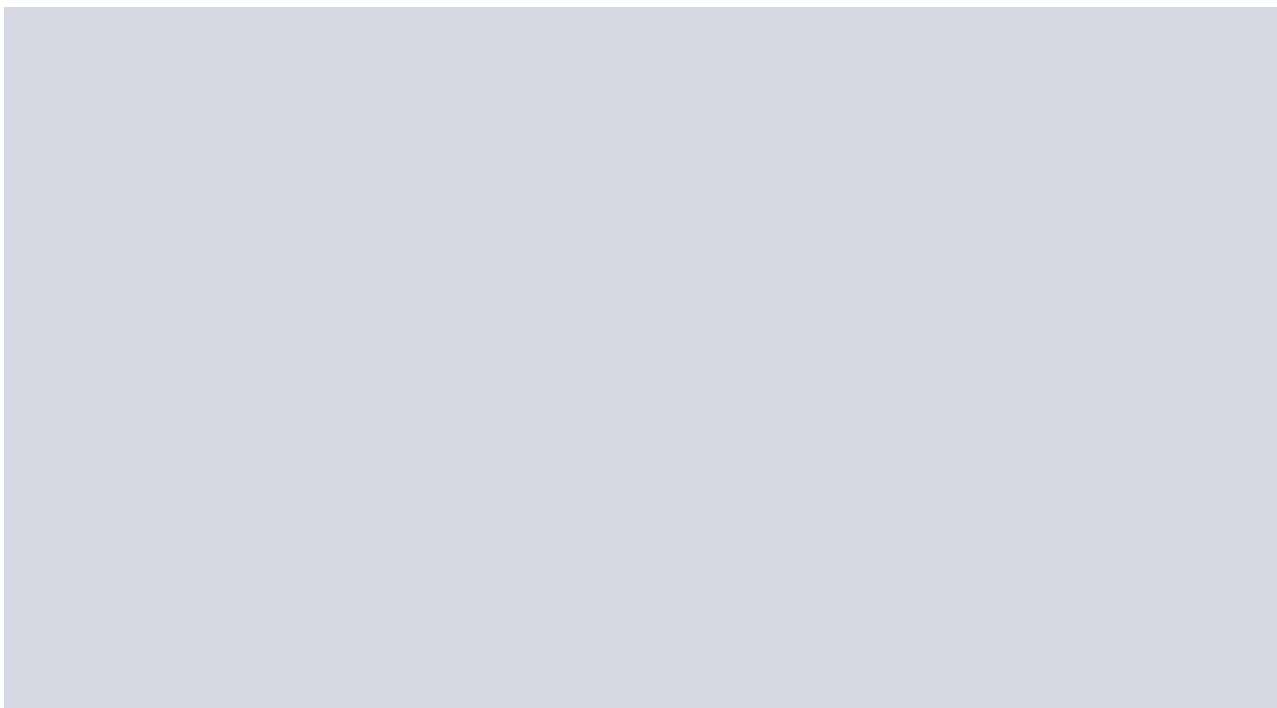

Orientation and Pedagogy:

Design pedagogy or design education may be defined as the set of practices and systems for the training in the field of design; the ways and methods of teaching for the acquisition of necessary knowledge and skills in order to practice the design profession. Design pedagogy at SID follows a combination of techniques entrenched in 'Art and Design' as well as Engineering. The increasing diversification of the design domain and the introduction of specializations related to new technologies have introduced further complexity into the design education landscape.

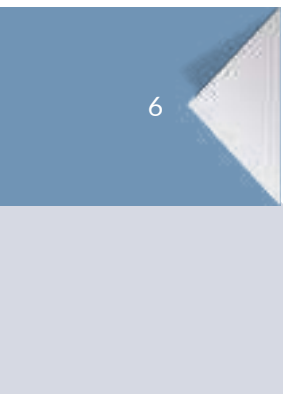

SID uses a combination of Lecture, Studio and Practical sessions in combination with Demonstrations, Film Screenings, Industry Visits, Cultural Visits, Case Studies and Group Discussions. This variety of learning techniques enhances the learning experience of students making them better equipped to undertake design assignments and projects. Student's work and project-based assignments are continuously evaluated on the basis of daily performance as well as semester end juries.

Inauguration of Shilpkatha 2023

Inauguration of Shilpkatha 2023

Student Work 1

Fee Structure

(Annexure II)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INTERNATIONAL STUDENTS

Note : International students are admitted from two categories and the fees for each are as given below

(a) NRI, PIO, OCI Category

(b) Foreign National Category

(a) Fees Payable by the students taking admission in NRI, PIO, OCI Category.

Programme Fees For Master of Design	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (per Annum) to be paid (A)	\$7,160
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$7,985

(a) Installment for Master of Design Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$3,310	\$3,310	\$3,580	\$3,580
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$3,310	\$3,310	\$3,580	\$3,580
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov- 2026	25-Jun- 2027	25-Nov- 2027

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Twin Sharing, Triple Sharing etc) (The fees indicated herein are for Viman Nagar Campus Only)	Student taking Admission in NRI, PIO, OCI Category 1st Year 2026-27 Amount in USD		
	Total Fees	1st Installment	2nd Installment
Mess Fees (Per Annum) @	\$1,400	\$700	\$700
Hostel Deposit (Refundable)	\$250	\$250	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Twin Sharing - Daffodil hostel	\$2,240	\$2,240	-
Three Sharing - Daisy hostel	\$1,870	\$1,870	-
Twin Sharing - Orchid hostel	\$2,470	\$2,470	-
Three Sharing - Orchid hostel	\$2,080	\$2,080	-
Twin Sharing - Tulip hostel	\$2,470	\$2,470	-
Three Sharing - Tulip hostel	\$2,210	\$2,210	-
Three Sharing - Kopou hostel	\$2,210	\$2,210	-
Last date of payment		At the time of acceptance of 'Offer Letter'	25-Nov-2026

(b) Fees Payable by the students taking admission in Foreign National Category.

Program Fees For Master of Design	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$7,160
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$5,210
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

(b)Installment for Master of Design Student taking Admission in Foreign National Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable) # #	\$275	-	-	-	-
Academic Fees (Per Annum)	\$815	\$570	\$565	\$980	\$970

Three Sharing - Kopou hostel	\$650	\$650	-
Last date of payment		At the time of acceptance of 'Offer Letter'	25-Nov-2026

Note:

ONLY Foreign National Students taking Admission in the year 2026 for the Batch 2026-2028 will be eligible for the Symbiosis Golden Jubilee Scholarships. Designed to celebrate 50 glorious years of Symbiosis being established to offer quality education to foreign national students, these include:

(1) 100 Symbiosis Golden Jubilee full Academic Scholarships with need-based reduced hostel fees for foreign national students from developing African- Asian countries.

(2) 100 Golden Jubilee Free-ships for academically and financially deserving foreign national students from conflict ridden/war affected regions by giving them an opportunity to study at SIU by covering not only the cost of all academic fees but also the hostel and mess/food fees (lodging and boarding).

(3) Concessional Hostel fees are applicable to Foreign National students @ 650\$ per annum.

(4) Concessional Mess fees are applicable to Foreign National students @50% as mentioned above.

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess fees can be increased up to 15% each year. Government taxes would be additional as and when applicable.

50% Concession will be given only to the Foreign National students on Administrative Fees.

Design Showcase - Fashion Show

Academic Award Winners - Design Showcase 2024

Programme Structure:

Master of Design (M. Des):

Semester: I

Generic Core Courses

- Design Fundamentals
- Visualization Techniques
- Introduction to User Centric Design
- Design Thinking and Innovation
- Project I - Experience Design
- Vasudhaiva Kutumbakam *
- Health and Wellness Module I #

Generic Elective Courses Group (Choose any one course)

- Game Design
- Sustainable Design
- Advanced Rendering Techniques in Design
- Elements of Design - Advanced
- Experimental Typography and Design
- Innovative Book Design
- Business in UX
- Human Factors in UX

Semester: II

Generic Core Courses

- Research in User Experience Design
- Information Architecture for User Experience
- Interaction Design
- Ergonomics in HCI
- User Interface Design and Prototyping
- Project II - Inclusive Design
- Health and Wellness Module II #

Semester: III

Generic Core Courses

- Evaluating User Experience
- Research Writing and Seminar
- UX Trends
- Design Management
- Project III - Service Design
- Health and Wellness *

Generic Elective Courses Group (Choose any one course)

- Game Design
- Sustainable Design
- Advanced Rendering Techniques in Design
- Elements of Design - Advanced
- Experimental Typography and Design
- Innovative Book Design
- Business in UX
- Human Factors in UX

Semester: IV

Prof. Dr. Sharvari Shukla
Director

Director Profile:

Sharvari Shukla is a Professor and Director at Symbiosis Statistical Institute, India. Sharvari is a thought leader and well-regarded influencer working at the intersection of Medical Statistics and Data Science. In a prior assignment she was leading clinical research and clinical data management programme at the Savitribai Phule Pune University. She has served as a Statistical Consultant to the Pharmaceutical Industry. She has handled various responsibilities as DSMB and Ethics Committee member working on Clinical Trials. Earlier in her career she was also a Visiting Researcher at Exeter Medical School with a young researcher award. Her interest in translating research into practice led her to undergo training in epidemiology, epigenetics and clinical trials. She earned her PhD in Population Statistics and Master's Degree with specialization in Biostatistics from Pune University.

She has been conferred with the following prestigious fellowships and awards:

- Young Researcher Award, EU FP7, UK.
- International Epidemiological Association, Elmer award for
- Young Epidemiologist, UK.
- Developmental Origins of Health and Diseases (DOHaD) award
- for young researcher of developing country, Toronto, Canada.
- Malaysian Asian-Oceania Society for Obesity (MASO), travel
- award, Kuala Lumpur, Malaysia.
- WHO scholarship for International Epidemiological Association
- and WHO scholarship for Health and Demographic Surveillance
- System and Longitudinal data analysis at ICDDR'B, Dhaka,
- Bangladesh.
- Guruvarya Award 2024-25 for Empowering Leadership.
- Hall of Fame Award for Excellence in Research, SIU 2025

She has worked and made significant contributions to industry and academia across geographies in the Healthcare domain. She has championed the dissemination of Data Science & ML practices in the sector. Her teaching and mentoring Post Graduate programs won support in terms of grant from DST under EDA and ICIMPACT India - Canada grant programs. Her publications at the intersection of Medical Statistics & Data Science have figured in high impact journals like Lancet, Nature and Human Molecular Genetics. She has over 80

publications and serves as a reviewer for International journals. She is a recognized PhD supervisor under the Symbiosis International University, India.

Institute Profile:

Symbiosis Statistical Institute (SSI) is recognized as one of the premier institutions and is also among the top B. Sc Applied Statistics and Data Science colleges in India, offering a UG program for enthusiast who want to learn about applied statistics and data science with inter-disciplinary approach for Business Studies as per NEP2020 implementations, along with PG programme focusing on advanced statistical techniques required for industry. In today's world, data science has emerged as one of the most demanding fields hence, the curriculum at SSI has been designed to provide quality education that will equip students with the necessary skills and knowledge to help them tackle real-world problems in diverse inter-disciplinary domains and make informed data driven decisions to succeed in the industry.

B. Sc (Applied Statistics and Data Science with Business Studies as Minor) and MSc (Applied Statistics with Data Science, Industrial Statistics, Bio-statistics and Actuarial Statistics as specializations) programmes are uniquely designed to offer syllabus that facilitates learning of application-oriented modules that focuses on statistical methodologies and best practices in statistical analysis. Its educational standards are exceptional as it focuses developing 20th century skills among students with analytical mind-sets, critical thinking along with data-driven decision-making ability, creative learning with data science related proficiency transforming students into a skilled professional.

As statisticians, data scientists and analysts, the experts at SSI recognise that uncertainty is an inherent aspect and advocate embracing uncertainty as a fundamental element in the quest for knowledge which is getting reflected in tag line #Interpreting Uncertainty.

Programme Profile:

• Master of Science (M.Sc.) in Applied Statistics

Explore the dynamic intersection of theory and its application with our Master of Science in Applied Statistics program at Symbiosis Statistical Institute. This two-year full-time programme is designed to deepen expertise in applied statistical methodologies, equipping students with the skills to excel in diverse fields where data-driven decision-making is paramount. In the world driven by Data Science, this programme trains students to apply various statistical techniques where one needs to understand the importance of statistical sciences along with various available statistical software.

At Symbiosis Statistical Institute, our Master of Science (M.Sc.) in Applied Statistics programme is designed to provide students with advanced knowledge and 21st century skills required for industry in various domains. The program offers the following four distinct specialisations to cater to diverse interests and career aspirations along with the needs of the market.

- Data Science
- Industrial Statistics and Operations Research
- Biostatistics and Data Analysis
- Actuarial Statistics

Programme Objectives

- Equip students with advanced statistical techniques for data analysis in various industries.
- Develop analytical skills to interpret complex data sets.
- Provide hands-on experience with statistical software for practical application.
- Prepare graduates for diverse career opportunities in various domains.
- Foster a research-oriented mindset for innovation and contribution to statistical theory.

Programme Highlights

- Sequential completion of prerequisite courses is mandatory before advancing to subsequent program levels.
- **Semester III and IV Courses:** The curriculum in these semesters is specialization-specific, encompassing core and elective courses and relevant flexi courses.
- **Summer Internship:** All students undertake a 8-10 weeks Summer Internship between May-June and July following Semester II.
- **Industry Project:** An integral part of the program, the Industry Project is completed between January and April in Semester IV.
- **Non-Credit Courses:** In addition to regular credit courses, the institute offers non-credit courses, including tutorials, hands-on workshops, guest lectures, scientific colloquiums, skill development sessions, and value-added courses.
- **Credit Structure:** The allocation of theory and practical credits is contingent on the chosen specialisation.
- **Specialisation Implementation:** Specializations in Data Science, Industrial Statistics and Operations Research, Biostatistics, and Actuarial Statistics are implemented based on students' strengths, area of interests, summer project and academic ranking.
- **Indian Statistical Service (ISS):** Frequent invited sessions on the Indian Statistical Service (ISS) in our curriculum offer insights into the roles, recruitment process, and significance of statistical expertise in policy formulation. Students get exposure and learn about ISS officers' vital role in generating data for evidence-based decision-making across government sectors. These sessions highlight career prospects within the ISS, inspiring students to pursue impactful roles in public service leveraging their statistical skills.
- **Industry visits:** Institute take initiative to visit relevant industry where lot of real-time data in getting generated so that students can also get exposure about data generation and help them in interpreting the results with critical thinking.

The best initiative like 'Industry on Campus' with appeal to industry domain expert to share problem statement before hand help many students to work on the real-time data and perform given activity by providing the preliminary solutions to the shared problem statement.

The programme prepares students for career opportunities in varied domains and industries ranging from IT, finance, marketing, media, retail, banking, medical etc. There are several job options within the Analytics industries like Gaming, Fraud detection, Pattern Recognition, Strategic management, Risk management etc. and many other sectors that will entail market research, forecasting and predictive analysis. It will also provide opportunities for students to be gainfully employed with National and International Research Institutes, Research Laboratory, Academia, Non-Governmental Organizations, Consulting and Doctoral Studies among other opportunities.

Duration of the Programme:

- Master of Science (M.Sc.) in Applied Statistics

: 2 Years, Full Time, Non-Residential programme

Intake:

- Master of Science (M.Sc.) in Applied Statistics

: 60 Students

Eligibility

- Master of Science (M.Sc.) in Applied Statistics

Graduate in Statistics/ Mathematics at principal or subsidiary level from any recognised University/ Institution of National Importance with minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

Candidates are evaluated on their academic performance and a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

Personal Interview: A comprehensive one on one Personal Interview is held with a panel of experts.

The admissions of International students are centralized for all the constituent institutes of Symbiosis International (Deemed University) and routed through Symbiosis Centre for International Education (SCIE)

Important Dates

Details	Date
Programme Registration Begins	18th Oct, 2025
Last date of Online registration	10th June, 2026
Last Date of payment of Registration fees	10th June, 2026
Phase-I	
Entrance Test (Personal Interaction)	12th to 15th May, 2026
Announcement of Merit list	20th May, 2026
Last date for payment of fees for candidates in the merit list	3rd June, 2026
Phase-II	
Entrance Test (Personal Interaction)	9th to 11th June, 2026
Announcement of Merit list	16th June, 2026
Last date for payment of fees for candidates in the merit list	25th June, 2026
Programme Commencement	3rd August, 2026

Disclaimer: These dates are tentative and are subject to change. Any changes will be reflected on the institute website www.ssi.edu.in

Orientation and Pedagogy:

More focus on lab sessions with hands-on training and classroom sessions along with experiential learning.

Fee Structure

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INDIAN STUDENTS

Programme Fees For Master of Science (Applied Statistics)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 265,000
Institute Deposit (Refundable)	₹ 20,000

Installment For Master of Science (Applied Statistics)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Instalment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 132,500	₹ 132,500	₹ 132,500	₹ 132,500
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 152,500	₹ 132,500	₹ 132,500	₹ 132,500
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Senapati Bapat Road Campus only)	Amount in ₹ for 1st year 2026-27		
	Total Fees	1st Installment	2nd Installment
Mess Fees (Per Annum) @	₹ 119,600	₹ 59,800	₹ 59,800
Hostel Deposit (Refundable)	₹ 20,000	₹ 20,000	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Twin Sharing	₹ 188,200	₹ 188,200	-
Three Sharing	₹ 135,500	₹ 135,500	-
Last date of payment		At the time of Admission	25-Nov-2026

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess fees can be increased up to 15% each year. Government taxes would be additional as and when applicable.

*Few seats are reserved as Discretionary Quota Seats. Only students with reasonable academic record and with good entrance test scores are considered for Discretionary Quota Seats. The fees for Discretionary Quota seats will be double the academic fees of the open category as approved by the Fee Structure Committee, to be paid to the institute by way of online transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU. Once admission is taken in Discretionary Quota, the fees applicable to Discretionary Quota will have to be paid by the student for the entire duration of the programme.

Prof Dr Sharvari Shukla has been awarded with Guruvarya Award 2024-25 for Empowering Leadership

Fee Structure

(Annexure II)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INTERNATIONAL STUDENTS

Note : International students are admitted from two categories and the fees for each are as given below

(a) NRI, PIO, OCI Category

(b) Foreign National Category

(a) Fees Payable by the students taking admission in NRI, PIO, OCI Category.

Programme Fees For Master of Science (Applied Statistics)	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (per Annum) to be paid (A)	\$4,850
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$5,675

(a) Installment For Master of Science (Applied Statistics) Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$2,155	\$2,155	\$2,425	\$2,425
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$2,155	\$2,155	\$2,425	\$2,425
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Model Colony Campus Only)	Amount in USD for 1st year 2026-27		
	Student taking Admission in (a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in USD	1st Installment	2nd Installment
Mess Fees (Per Annum) @	\$1,400	\$700	\$700
Hostel Deposit (Refundable)	\$250	\$250	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Twin Sharing	\$2,180	\$2,180	-
Three Sharing	\$1,570	\$1,570	-
Last date of payment		At the time of acceptance of 'Offer Letter'	25-Nov-2026

(b) Fees Payable by the students taking admission in Foreign National Category.

Program Fees For Master of Science (Applied Statistics)	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$4,850
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$2,900
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

(b) Installment for For Master of Science (Applied Statistics) Student taking Admission in Foreign National Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable) # #	\$275	-	-	-	-
Academic Fees (Per Annum)	\$815	\$568	\$567	\$975	\$975
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$568	\$567	\$975	\$975
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Model Colony Campus Only)	Amount in USD for 1st year 2026-27		
	Student taking Admission in (b) Foreign National Category 1st Year 2026-27 Amount in USD	1st Installment	2nd Installment
Mess Fees (Per Annum) @	\$560	\$280	\$280
Hostel Deposit (Refundable)	\$250	\$250	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Twin Sharing	\$650	\$650	-
Three Sharing	\$650	\$650	-
Last date of payment		At the time of acceptance of 'Offer Letter'	25-Nov-2026

Note:

ONLY Foreign National Students taking Admission in the year 2026 for the Batch 2026-2028 will be eligible for the Symbiosis Golden Jubilee Scholarships. Designed to celebrate 50 glorious years of Symbiosis being established to offer quality education to foreign national students, these include:

(1) 100 Symbiosis Golden Jubilee full Academic Scholarships with need-based reduced hostel fees for foreign national students from developing African- Asian countries.

(2) 100 Golden Jubilee Free-ships for academically and financially deserving foreign national students from conflict ridden/war affected regions by giving them an opportunity to study at SIU by covering not only the cost of all academic fees but also the hostel and mess/food fees (lodging and boarding).

(3) Concessional Hostel fees are applicable to Foreign National students @ 650\$ per annum.

(4) Concessional Mess fees are applicable to Foreign National students @ 560\$ Per annum.

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess fees can be increased up to 15% each year. Government taxes would be additional as and when applicable.

50% Concession will be given only to the Foreign National students on Administrative Fees.

Prof Dr Shripad Tuljapurkar, Professor Emeritus from Stanford University delivered a talk on Population Modelling and engaged with PhD scholars for enriching discussions on various research ideas at SSI.

Programme Structure:

Master of Science (Applied Statistics)

Semester: I

Generic Core Courses

- Probability Distributions
- Probability Theory and Applications
- Sampling Theory
- Statistical Computing
- Multivariate Statistics-1
- Scientific Report Writing
- Vasudhaiva Kutumbakam *

Semester: II

Generic Core Courses

- Design of Experiments
- Linear Models
- Multivariate Statistical Analysis-2
- Statistical Inference
- Stochastic Processes
- Time Series Analysis
- Health and Wellness Module I #
- Health and Wellness Module II #

Semester: III

Generic Core Courses

- Statistical Learning and Data Mining
- Computer Intensive Statistical Methods
- Statistical Machine Learning
- Internship
- Health and Wellness *

Generic Elective Course Group (Choose any one course)

- Bayesian Inference
- Optimization Techniques

Specialisation Core Courses : Bio-Statistics and Data Analysis

- Survival Analysis
- Demography and Vital Statistics

Specialisation Core Courses : Data Science

- Statistical Simulation
- SQL and Spatial Database management

Specialisation Core Courses : Industrial Statistics and Operations Research

- Stochastic Models in Finance
- Statistical Quality Control

Specialisation Core Courses : Actuarial Statistics

- Survival Analysis
- Actuarial Mathematics

Semester: IV

Generic Core Courses

- Industry Project in Specialization
- Seminar

* Courses are subject to change

Please visit www.ssi.edu.in for information related to:

- Teaching Faculty including educational qualification(s) and teaching experience
- Learning Resources
- Physical and Academic Infrastructure Facilities
- Co-Curricular and Extra Curricular Activities
- Hostel Accommodation
- Health Care Services

**Ms. Shivali Lawale**

Director

Director Profile:

Prior to joining the Symbiosis School of International Studies, Ms. Lawale, worked for over more than a decade at the United Nations Educational, Scientific Cultural Organisation (UNESCO) Headquarters in Paris, France. She has worked in the capacity of Programme Specialist on two of the UN's priority programmes in education and international development –Education for All and Education for Sustainable Development. These programmes covered a variety of contemporary issues like peace and conflict, human rights, climate change and gender issues, among others. She has also taught the post-graduate programme in French studies at the University of Pune. Ms. Lawale has an M.Phil in International Cooperation in Education and Training from the Sorbonne University and an M.A. in International Relations from the prestigious Sciences Po, Paris. She also has an M.A. and M.Phil in French studies from Pondicherry University. She has authored articles on education and sustainable development that have been published in international journals and publications and has presented papers at prestigious international conferences like the biennial International Conference on Education and Development, UK, and the Human Development and Capability Association (HDCA) annual conferences. She is also member of the HDCA, an association that was established in 2004 by Prof. Amartya Sen and Prof. Martha Nussbaum. Areas of Interest: Indo-French relations, Indo-EU relations; development cooperation; educational cooperation and issues related to Sustainable Development.

Institute Profile:

The Master of Arts (International Studies) programme offered by SSIS seeks to equip students with knowledge and skills pertinent to address the 21st century global challenges. While engaging with topics on peace, conflict, justice, rights, development, global commons, environment, cooperation, governance, diplomacy and so on, the emphasis is on developing critical thinking to come up with tangible alternatives to address the unresolved issues. The holistic nature of courses offered under the Master of Arts (International Studies) programme provides students with the lens to critically examine, analyze and understand contemporary issues based on a multi-disciplinary approach. The specialization offered under the course on Area Studies fosters scholarship of the region informed by a deeper understanding of an interconnected and interdependent world. The choice of regions offered includes –Europe/ U.S.A and Asia. The students are also offered a choice of foreign language as part of the Area Studies course (e.g. French/ Spanish/ Chinese/ Arabic). For the choice of both the region and the foreign language to take off, there has to be a minimum enrolment of ten students. The curriculum includes mandatory internships that prepare students for careers with CSOs, NGOs, international organizations, think tanks, civil services, media, academia, consultancies and financial institutions. Our faculty members are a good blend of prominent academicians, active

researchers and practitioners, attesting to the belief that the best pedagogy comes from a mix of theory and praxis. The students benefit from the contributions of different types of practitioners of international relations, whether they are from diplomacy, the corporates, the think-tanks or international organizations. The diverse background of both the faculty and the postgraduate students makes for a cosmopolitan and enriching environment.

Programme Profile:

- **Master of Arts (International Studies)**

In the contemporary scenario, India's interest in the world as well as the world's interest in India is visibly at its highest. Therefore, it becomes imperative that the Indian scholarship on global issues should respond to the opportunities that this presents. To this end, the Symbiosis School of International Studies (SSIS) endeavours to provide a platform for teaching and research in international relations, with an emphasis on India and its role in global affairs. Set up in consonance with the broader vision of Symbiosis Society, which is "to integrate with the world", SSIS strives to constantly engage in scholarly pursuits in an environment of intellectual fellowship, aimed at the academic enrichment of the entire community.

The discipline of International Studies (IS) positions itself at the cross-roads where the dominant cultural, economic, political and social issues that exercise an influence on the national, regional and international agenda converge. A Master's programme in International Studies encourages students to relate theoretical concepts to specific, relevant world issues and challenges in international affairs today. The holistic nature of courses offered under the Master of Arts (International Studies) programme provides students with the lens to critically examine, analyze and understand contemporary issues based on a multi-disciplinary approach. The specialization offered under the course on Area Studies fosters scholarship of the region informed by a deeper understanding of an interconnected and interdependent world. The choice of regions offered includes - Europe/North America and Asia. The students are also offered a choice of foreign language as part of Area Studies course (Arabic/ French/ Spanish/ Chinese). Our faculty members are a good blend of prominent academicians, active researchers and practitioners, attesting to the belief that the best pedagogy comes from a mix of theory and praxis. Apart from the teaching vertical, we also run the flagship annual International Relations Conference (IRC) and an online research portal - Indian Review of Global Affairs (IRGA).

Duration of the Programme:

- **Master of Arts (International Studies)** **2 Years, Full Time, Non-Residential programme**

Intake:

- **Master of Arts (International Studies)** **: 30 Students**

Eligibility

- **Master of Arts (International Studies) Master of Arts (International Studies)**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

Indian Students: Personal Interaction Good academic record and previous work experience will be given a preference.

International Students: As per procedure prescribed by Symbiosis Centre for International Education (SCIE).

Important Dates

Particular	Date
Symbiosis School of International Studies Registration Commences on	December 15, 2025 – Monday
Symbiosis School of International Studies Registration/ Payment closes on	May 16, 2026 (Saturday), 12 noon
Declaration of shortlisting for PI	April 23, 2026– Thursday (3 p.m.)
Dates of PI Process	April 24th - 25th April, 2026 (Friday- Saturday)
Declaration of First Merit List	April 29, 2026- Wednesday 3.00p.m.
Programme Commencement	June 15, 2026 – Monday

Disclaimer: These dates are tentative and are subject to change. Any changes will be reflected on the institute website www.ssispune.edu.in

Orientation and Pedagogy:

Faculty is encouraged to employ a number of methods of instruction. Consistent with the University's quality assurance and enhancement practices, each method is designed to ensure that the students derive maximum benefit from the lectures and seminars, and that they use the self - study time to its full advantage. The curriculum is mapped to OBE parameters and SDGs.

Given the diversity of the subject, the programme is taught through a mixed pedagogical approach, combining exposure to both IR theory and praxis. Emphasis is laid on hands-on training in the workings of contemporary diplomacy and international negotiations through simulations, case studies and audio visuals. The courses are designed to nurture critical analysis skills (written and oral), soft skills, intercultural skills and e- competencies in the students to enable them to play professional, constructive or leadership roles at the national, regional and international level.

The pedagogy is by lecture/seminar format, small group work, and simulations as appropriate. For each course, the formal lectures are intended to provide students with – right from an introduction to a particular theme or topic, to making them aware of main issues through a structured summary of the current state of debate on a topic, and to provide them with navigation points through the main literature. The seminar format is intended to provide students with the opportunity to engage in discussion with other students and with the course convenor for a structured discussion of substantive issues.

Students are encouraged to work both independently, and as part of a group. Independent study is vital to develop

research skills: for the preparation of essays, book reviews and the final year dissertation. All of this written work is designed to help hone the skills necessary to filter complex arguments and issues to their essential elements, and to express your own critical ideas succinctly, clearly, and in an organised manner. Students are also encouraged to work independently on presentations to develop oral communication skills. This helps to develop the ability to organise and to think quickly about complex issues, and to develop skills necessary for reasoned argumentation. Students are also encouraged to work in groups for simulation projects to develop skills necessary for cooperation in group project work, as well as to develop leadership qualities.

The programme also allows students to manage an online research portal, Indian Review of Global Affairs, which will become a base of mid-to-long range policy- relevant issues and challenges. This will further hone skills and encourage the participation of youth in new age research via the use of new media such as podcasts, photo-essays/ photo- journalism, interviews and video- series.

Fireside Chat with Mr. Mike Hankey-26th Sept 2024

Fee Structure

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INDIAN STUDENTS

**Prof Jyoti Chandiramani**

Director

Director Profile:

Prof Jyoti Chandiramani has over 40 years of experience in teaching, institution building, administration, and research. Presently, she teaches Urban Economic Development and Urban Mobility at the Master's level.

Dr Chandiramani has conducted more than 50 Management Development Programmes (MDP) for the corporate over the years. She has been a core founder member of the Symbiosis Centre for Liberal Arts. In 2007, she was awarded a short-term scholarship at the University of DePauw, Indianapolis – to study Liberal Arts Education. In 2013, she was a part of the Indian delegation to Pakistan for the Tenth South Asian Economic Students Meet (SAESM) at Lahore University of Management Sciences, and she has been conferred with the ICongo instituted Gold Karmaveer Chakra and the Rex Karmaveer Global Fellowship in Delhi, for her contributions to the field of education in 2015. In 2016, she was invited to the 5th ASEM Rectors' Conference as a Mentor for the Students' Forum (ARC5), organized by Charles University in Prague and the Asia-Europe Foundation (ASEF). Prof Jyoti has been a member of the Working Group on "City Governance and Smart Cities" – Niti Aayog in 2017; in 2018 she was invited to Macquarie University to deliver seminar lectures.

Prof. Jyoti Chandiramani's research interests lie in the urban economic development and international economic cooperation. To this effect, she focuses her research in areas such as Urban Infrastructure, Urban Transport, Urban Poverty and is presently working on Pune centric cases. She has a number of research papers to her credit and has worked on research projects funded by National Bank for Agriculture and Rural Development (NABARD) and others. She is also a research guide to a number of PhD scholars. Besides writing a couple of textbooks, and publishing research papers in reputed journals, she has jointly edited a book with Ramanath Jha on 'Perspectives in Urban Development: Issues in Infrastructure, Planning, and Governance.'

Institute Profile:

The growing institution has demonstrated a discernible record of success, offering two programmes:

1. B.Sc. (Economics) Honours / Honours with Research

and

2. M.Sc. (Economics) with specializations in International Trade, Development Studies, Urban Development, Finance and Data Analytics.

SSE has two very active centres to cater to specific needs of the students and faculty members. The Centre for Quantitative Learning and Applications (CQLA) facilitates advanced level data analysis and statistical software training (SAS, SPSS, STATA, R, and other statistical and econometric software) for the students. The Centre for Academic Writing (CAW) supports students in the academic writing of essays, papers and reports of various types.

CAW also publishes an annual journal – *Oeconomica Scriptis* – a compilation of outstanding academic writings of the students.

Research: The school prepares its student community with strong research methods (both quantitative and qualitative), software applications, along with a final semester dissertation, which is mandatory at both, the Bachelor's and Master's programmes. With more than 60 publications, the school has actively engaged on varied research projects with NABARD, Chest Research Foundation, INHAF, Sulochana Thapar Foundation, etc., working closely on rural, urban, trade and development issues.

Placements: Our 1500+ alumni, have been accepted to pursue academics at the leading institutions in India – like Indira Gandhi Institute for Development and Research, Gokhale Institute of Politics and Economics, Delhi School of Economics, Jawaharlal National University, Madras School of Economics, Indian Institute of Technology (Powai, Bombay), Centre for Development Studies (Trivandrum), Indian Institute of Management (Ahmedabad, Bangalore, and Indore), Tata Institute of Social Sciences (Mumbai) and across reputed International Universities such as Johns Hopkins University, Columbia University, Boston University, University of Rochester, National University Singapore, London School of Economics, Warwick University, St Andrew's University, to name a few.

The programmes' rigour equips our students with employable skills in economic analysis, data analytics, market research, economic research and business intelligence, which has helped our students to be recruited by renowned organizations such as Deloitte, Ernst and Young, ZS Associates, CMIE, RIS, IIHS, CRISIL, ICICI Bank, IndusInd Bank, Vodafone, Markets and Markets, Public Affairs Centre (PAC), Research and Development Initiatives (RDI), and many more.

It is evident that through the interdisciplinary flavours, the curricula prepares our students for careers in a wide range of sectors and professions. Despite the demanding environment, there is ample scope for creativity, originality and students' initiatives. The journey of academic pursuits is ever-evolving and will always include different perspectives and recommendations from all our stakeholders – this is the key to making the learning experience increasingly relevant and meaningful.

Internationalization: Symbiosis International (Deemed University) having more than 60 MOUs with leading international universities, has helped SSE facilitate strong linkages with respect to students and faculty exchange, working towards collaborative research and benchmarking our courses and programmes to international requirements.

Enhanced Engagements: SSE is closely associated with Niti Aayog, and other leading think tanks like Research and Information Systems (RIS), ICRIER, UNDP, INHAF, Shyam Chi Aai Foundation, SOFOSH, CII, Cogencis, IDOBRO, TIES, Yunus Centre (Yunus Social Business, Bangalore), Piramal Foundation and many more.

Given the framework, this very niche institute seeks to develop intellectual discipline, critical and analytical bents of mind and a skill-set that makes our students prepared for academia and industry, alike. We at SSE, achieve these goals in an educational environment committed to excellence and academic freedom. While the programmes are rigorous and the pedagogies are designed to make the student learn experientially, as well as, through the traditional techniques, the curricular and co-curricular and extra-curricular inputs, SSE seeks to nurture and develop the intellectual and professional competencies for successful careers that inspire inclusivity, sustainability, innovation, leadership and pragmatism into problem-solving at local and global levels.

Programme Profile:

• Master of Science (Economics)

The M.Sc. Economics programme is interdisciplinary in nature. The programme seeks to develop intellectual discipline, critical and analytical thinking with a view to groom passionate individuals capable of taking up responsibility. We have a highly rigorous and relevant curriculum, catering to the dynamic nature of global markets. We, at SSE, strive hard to create an enabling framework to facilitate the smooth translation of skills to jobs.

- The diverse pool of students is selected through a highly comprehensive screening process across India. The applicants hail from varied academic backgrounds like economics, commerce, mathematics, statistics, management, science, engineering, marketing, etc., and, bring to the table a diversity of thoughts, and perspectives. We look forward to a batch of students every year with proven excellence in academia and in extracurricular activities. The student community, together with the knowledge ethic embedded at SSE, ensures that they are prepared to take on roles as managers, economists, statisticians, analysts and entrepreneurs.
- SSE adopts innovative and proactive teaching pedagogy with emphasis on holistic developments of individuals. The coursework has been designed to acclimatize students to the rigors of a highly competitive workplace. Inherent with the coursework is a system of Continuous Evaluation (CE) that provides critical evaluation of a candidate's performance from time to time. The curricula place a lot of importance on intensive application-based research and analysis. Further, to strengthen the skill set, the students undergo workshops where they are trained to handle and implement data packages and software like SPSS, STATA, R, Python, etc.
- As part of the programme, all students are required to complete a two-month industry internship. The objective of the internship is to give students the opportunity to experience real world applications of theories they have studied. At the end of the two years, students are well prepared to face the challenges of academia, research, business and industry.

Duration of the Programme

- Master of Science (Economics) : 2 Years, Full Time, Non-Residential programme

Intake:

- Master of Science (Economics) : 80 Students

Eligibility

• Master of Science (Economics)

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste / Scheduled Tribes)

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

Through Personal Interaction (PI)

Important Dates

Particulars	Details
Programme Registration Begins	1st December 2025
Last date of Online registration	15th May 2026
Last date of payment of Registration fees	15th May 2026
Announcement of the Shortlist for Personal Interaction	19th May 2026
Personal Interaction	26th & 27th May 2026
Announcement of First Merit list	3rd June 2026
Last date for payment of fees for candidates in the first merit list	13th June 2026
Programme Commencement	9th July 2026

Disclaimer: These dates are tentative and are subject to change. Any changes will be reflected on the institute website www.sse.ac.in

Orientation and Pedagogy:

Other than the standard discourse method, case study and colloquium-oriented methods will also be employed as pedagogical methodology. Apart from this, various workshops, conferences and guest lectures will be organized on a regular basis to enhance the student's understanding and sharpening of the required academic and industrial skill-sets. The students at this level are expected to read related matter and come to class so that each session becomes more interactive. The aim is to create a dynamic learning environment and enhancing the analytical and application capability of the students.

10th STML

Fee Structure

Approved Fee Structure for Batch 2025-2027 in the Academic year 2025-2026 - INDIAN STUDENTS

Programme Fees For Master of Science (Economics)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 281,000
Institute Deposit (Refundable)	₹ 20,000

Installment For Master of Science (Economics)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Instalment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 140,500	₹ 140,500	₹ 140,500	₹ 140,500
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 160,500	₹ 140,500	₹ 140,500	₹ 140,500
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

26th January

Programme Structure:

Master of Science (Economics)

Semester: I

Generic Core Courses

- Advanced Econometrics I
- Advanced Macroeconomics-I
- Advanced Microeconomics-I
- Mathematical Economics
- Environment and Climate Change
- Public Economics
- Research Methodology and Software Application Package I
- Vasudhaiva Kutumbakam *

Semester: II

Generic Core Courses

- Advanced Econometrics II
- Advanced Macroeconomics-II
- Advanced Microeconomics-II
- Growth and Development
- Game Theory
- Research Methodology and Software Application Package II
- Health and Wellness Module I #

Semester: III

Generic Core Courses

- Health and Wellness Module II #
- Health and Wellness *

Specialisation Core Courses :

Urban Development

- Internship
- Dissertation-I
- Urban Finance
- GIS and Problem Solving in the Urban India Context
- Urban Demography
- Urban Governance
- Urban Land Economics
- Urban Planning and Development

Specialisation Core Courses :

Development Studies

- Internship
- Dissertation-I
- Development Experience
- Markets and Institutional Framework of Development
- Urban Economic Development

Specialisation Elective :

Development Studies

(Choose Any One Course)

- Behavioral and Experimental Economics
- Trade, Aid and Development

Specialisation Core Courses :

International Trade

- Internship
- Dissertation-I
- International Trade Policy
- Open Macroeconomics
- Pure Theory of Trade

Specialisation Elective :

International Trade

(Choose Any One Course)

- International Political Economy and Trade
- Trade and Environment

Specialisation Core Courses :

Finance

- Internship
- Dissertation-I
- Financial Economics
- Security Analysis and Portfolio Management
- Derivative Markets
- Financial Modeling

Specialisation Core Courses :

Data Analytics

- Data Science I
- Big Data Analytics
- Python for Data Science
- Data Analysis and Visualization
- Data Mining
- Financial Analytics

Specialisation Elective: Data

Analytics

(Choose any one Course)

- Exploratory Data Analysis Lab
- Maths for Data Science

Semester: IV

Specialisation Core Courses :

Urban Development

- Dissertation-II
- Urban Development Experiences
- Urban Poverty, Migration and Sustainable Livelihoods

Specialisation Elective : Urban

Development

(Choose Any Three Courses)

- Urban Energy and Environment
- Urban Mobility
- Urban Solid Waste Management
- Urban Water and Sanitation

Specialisation Core Courses :

Development Studies

- Dissertation-II
- Human Development
- Rural Development
- Theories and Models of Development and Distribution

Specialisation Core Courses : International Trade

- Dissertation-II
- International Capital Market and Finance
- International Organizations and Regional Cooperation in Trade
- Multinational Trade: Procedures and Laws
- Trade Finance

Specialisation Core Courses : Finance

- Dissertation-II
- Financial Risk Management
- Insurance Management
- Behavioral Finance
- Corporate Valuation

Specialisation Elective : Finance (Choose Any One Course)

- Corporate Finance

- Introduction to Micro Finance

Specialisation Core Courses : Data Analytics

- Dissertation
- Corporate Internship Programme

* Courses are subject to change

Prof. Dr. Jatinderkumar R. Saini
Professor & Director

Director Profile:

Prof. Dr. Jatinderkumar R. Saini. Recipient of DAAD Fellowship (Germany), PhD (Computer Sci.), MCA [State Univ. 1st rank & Gold Medals in all 3 years], BSc (Computer Sci.) [Silver Medal], FIETE, MISTE, MISG, MISCA, MISRS, Joint Secretary and Executive Committee Member, ISRS, Pune Chapter (2021-23) (2023-25), Executive Committee Member, IETE, Pune Centre (2024-26), Joint Treasurer & Executive Committee Member, IETE, Vadodara Centre (2016-18), Joint Secretary & Webmaster & Executive Committee Member, ISG, Vadodara Chapter (2014-19), Managing Committee Member, CSI, Vadodara Chapter (2016-17), IBM Certified Database Associate – DB2, IBM Certified Associate Developer – RAD, BULATS Certified [CEFR/ALTE C1/4], CPT Certified [CEFR/ALTE C1/4], NABET (QCI) Yellow Belt Certified.

A distinguished and established academician, researcher and administrator, Prof. Dr. Jatinderkumar R. Saini was awarded PhD in Computer Science in 2009. He has 300+ research publications including in journals published by Hindawi, Elsevier, Taylor & Francis, ACM, Springer, IEEE and InderScience. He has papers with high Web of Science (WoS) Impact Factor journals, 180+ Scopus/WOS indexed papers, and several best paper awards within India and abroad. with 2500 + citations, h-index of 27 and i10 index of 74, his papers have been cited in 90+ countries by publications included in Elsevier, ACM, Springer, IEEE, Oxford Univ. Press, Cambridge Univ. Press, Sage, Wiley, ACL, IET, IOS Press, World Scientific, Palgrave Macmillan, IOP Publications, PubMed, etc. including by world's top-notch as well as 1st ranked International Journals with very high WoS Impact Factors. His papers have been cited by more than a dozen IITs/IIMs/NITs/IIITs, several theses, and patents worldwide. His papers have also been cited by Wikipedia, WHO, Dept. of Atomic Energy (Govt. of India), DRDO (Govt. of India), Adobe, Microsoft, Oracle, IBM, LinkedIn, Siemens, Samsung, HCL, Nisshin, Handa, and Roche, just to name a few.

Dr. Saini has reviewed more than 1500 papers (200+ papers alone for ACM and IEEE Transactions journals). In the capacity of Editor of different prestigious journals, he has also handled 150+ papers. He has also reviewed for esteemed and high WoS Impact Factor journals published by Elsevier, ACM, IEEE, Springer, Frontiers, Sage, Taylor and Francis, MDPI, Emerald, World Scientific, Oxford Univ. Press, Wiley, Hindawi, De Gruyter, IGI, ActaPress and InderScience, to name a few. He is also acting as an editorial board member for journals with high WoS Impact Factors published by ACM, SAGE, IGI Global, etc. Additionally, he has also reviewed papers and chaired sessions for various conferences, both in and outside India. He has been awarded four times with outstanding reviewer certificate by WoS Impact Factor bearing International Journal. Dr. Saini has been named among top 1% (and also in absolute top 50) Computer Science reviewers in the world by WoS continuously for two years, i.e, 2018 and 2019. 14 candidates have been awarded PhD and 4 more are currently pursuing their doctoral research work under his guidance. He has visited various universities in Asia and Europe.

Prior to joining SICSIR, Dr. Saini was working as a State Government University approved Full Professor (since 2013) and Head of Institution/Director (since 2010). His vast experience comprises of working also as Head of

Department, University Coordinator, Director of AB Innovation Sankul and Zonal Exam Coordinator for entire South Gujarat under the State government's Gujarat Technological University, Ahmedabad. In the year 2005, he secured first position in the written test and later in the interview too at State level and had a distinct opportunity of working with Gujarat Secretariat, Gandhinagar for the ambitious e-governance project of Govt. of Gujarat as well as the privilege of working at one of the only four licensed certifying authorities under Ministry of Information Technology, Govt. of India.

Dr. Saini is included in the Marquis Who's Who in the World, USA since 2012. His lectures have been live broadcasted at national level and available online as part of NCTEL too. He has completed 50+ international MOOC certifications, almost all with distinction, through various universities like Massachusetts Institute of Technology (MIT), University of Texas at Austin, Stanford University, Rice University, Johns Hopkins University, The Pennsylvania State University, Case Western Reserve University, The Ohio State University, University of Rochester, to name a few.

Institute Profile:

Symbiosis Institute of Computer Studies and Research (SICSR), a constituent of Symbiosis International (Deemed University), and established in 1985, aims at building future leaders for the Information Technology (IT) industry worldwide by imparting world class IT education to them. We offer state-of-art information technology education for building leading-edge and innovative IT applications. IT is a rapidly changing field where new concepts and technologies are constantly emerging and are leading to the development of new products and innovative applications. IT also plays a vital role in development of next generation technologies in other disciplines. IT has become a critical tool for economic, business and social development and will play a pivotal and catalytic role in a Nation's progress.

We are on the forefront in realizing the vision of our Founder and Chancellor, Honourable Prof. Dr. S. B. Mujumdar Sir, to be a true International University, promoting diversity with students from various countries in the Under Graduate and Post Graduate Programmes in IT and Management.

We offer a complete portfolio of IT education programs, including undergraduate programmes Bachelor of Business Administration (Information Technology) Honours / Honours with Research and Bachelor of Computer Applications Honours / Honours with Research, full-time post-graduate programmes Master of Business Administration (Information Technology), Master of Business Administration (Digital Transformation) and Master of Science (Computer Applications).

- **Ranked #2** Among Best Colleges of India for BCA (India Today 2025)
- **Ranked #2** For BCA Among Best Colleges of India for BBA (Outlook-I Care Rankings 2025)
- **Ranked #15** Among Best Colleges of India for BBA (India Today Rankings 2025)
- **Ranked #15** For BBA Among Best Colleges of India for BBA (Outlook-I Care Rankings 2025)
- **Ranked #2** Among Top 10, The Best Colleges of India for BCA (Outlook-I Care Rankings 2024)
- **Ranked #27** West - Zone-Wise (Private) Among India's Best B Schools (India Today Rankings 2024)
- **Ranked #10** Pune City-Wise (Private) Among India's Best B Schools (India Today Rankings 2024)
- **Ranked #15** For BBA among India's Top Colleges (Outlook-I Care Rankings 2024)
- **Ranked #78** Among Top 100 India's Best B schools for MBA(IT) ,2024 (India Today 2024)
- **Ranked #3** Among Top 10 BCA Colleges (India Today 2023)

- **Ranked #7** Among Top 10 Emerging Colleges for BBA (India Today 2023)
- **Ranked #11** Among Best Colleges of India for BBA (India Today Rankings 2023)

Programme Profile:

- **Master of Business Administration- Information Technology (MBA-IT)**

Objective-

To prepare students in applications of information technologies to deliver software solutions.

The program focuses on

- Imparting training in latest technologies.
- Exposure to best business practices.
- Building team leadership qualities and management skills

As programme relates to current professional practice and the work place, the students are best suited for entry-level positions as:

- AI-ML Engineer
- Cloud Developer
- Software Architect
- Cloud Security Engineer
- Application Programmer: Using latest methodologies, development tools, languages.
- Business Analyst: Business development, Pre-sales, Selection & Implementation of software solutions.
- Quality Analyst: Implementation of enterprise level quality models, design /implementation of software development processes, testing and technical documentation.
- Research Analyst
- Software Project Management Trainee

- **Master of Business Administration- Digital Transformation (MBA-DT):**

Objective-

- To prepare students to drive and lead digital transformation ideation.
- To equip students in terms of understanding applications and usage of technologies such as Artificial Intelligence, Internet of Things (IoT), Block chain, Cloud, Business Intelligence, and data science.
- To prepare students to design digital business models and strategies to meet challenges of digitization in complex business environments.
- To make students understand best operational and strategic management technology drivers for the business processes.

As programme relates to current professional practice and the work place, the students are best suited for entry-level positions as:

- Business Analyst (Digital Transformation)
 - Digital Transformation Analyst
 - Data Analyst/Data Scientist
 - Digital Change Analyst
 - IT Project Trainee
 - Product Manager (Digital Products)
 - Customer Experience (CX) Trainee
-
- **Master of Science – Computer Applications MSc (CA):**

Objective-

- This programme will equip students with knowledge highly relevant to emerging technologies.
- This programme aims to provide a comprehensive framework for understanding by integrating theoretical foundations with extensive practical working the labs and hands-on experience.

The programme offers following areas of specializations:

a)	Software Development
b)	Data Science
c)	Cyber Security

Graduates will be qualified for roles such as

- Software Developer Engineer
- Devops Engineer
- Full stack Developer
- Cloud Developer
- Software Architect
- Security Analyst
- Security Architect
- Cyber Threat Intelligence Analyst
- Cloud Security Engineer
- Data Scientist

Duration of the Programme:

- **Master of Business Administration- Information Technology (MBA-IT)** : 2 years, Full Time, Non-Residential programme
- **Master of Business Administration- Digital Transformation (MBA-DT)** : 2 years, Full Time, Non-Residential programme
- **Master of Science – Computer Applications MSc (CA)** : 2 years, Full Time, Non-Residential programme

Intake:

- **Master of Business Administration- Information Technology (MBA-IT)** : 60 Students
- **Master of Business Administration- Digital Transformation (MBA-DT)** : 30 Students
- **Master of Science – Computer Applications MSc (CA)** : 30 Students

Eligibility

- **Master of Business Administration- Information Technology (MBA-IT)**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste / Scheduled Tribes).

- **Master of Business Administration- Digital Transformation (MBA-DT):**

Graduate from any recognized University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste / Scheduled Tribes).

- **Master of Science – Computer Applications MSc (CA):**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste / Scheduled Tribes).

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

- **Master of Business Administration- Information Technology (MBA-IT):**
- **Master of Business Administration- Digital Transformation (MBA-DT):**

- 1) Fill the SNAP Application Form
- 2) SNAP Fees payment
- 3) Register for the institute (SICSR)
- 4) Programme-wise fees payment for Online Group Exercise (GE) and Personal Interaction (PI) Process
- 5) Download the SNAP admit card
- 6) Appear for the SNAP exam
- 7) Check the SNAP result
- 8) Book your slot for the Online GE-PI process for SICSR
- 9) Appear for the Online Group Exercise and Personal Interaction Process
- 10) Merit list will be displayed
- 11) Admission will be confirmed after payment is made

- **Master of Science – Computer Applications MSc (CA):**

- 1) Visit website www.sicrs.ac.in
- 2) Register online for MSc (CA) Programme by filling up the online registration form available under Non-SNAP application.
- 3) Payment of Registration Fees
- 4) Book the slot for the Online Group Exercise (GE) process and Personal Interaction (PI)
- 5) Appear for the Online Group Exercise (GE) process and Personal Interaction (PI).
- 6) Merit list will be displayed as per the admission calendar.
- 7) Admission will be confirmed after the payment is made.

SICSR Common Induction Programme for All First year students for the Batch 2025

Important Dates

- **Master of Business Administration- Information Technology (MBA-IT):**
- **Master of Business Administration- Digital Transformation (MBA-DT):**

Particular	Date
SNAP 2025 Registration and Payment Commence	August 01, 2025 (Friday)
SNAP 2025 Registration and Payment Closes	November 20, 2025 (Thursday)
Admit Card Live On (www.snaptest.org)	SNAP 01: November 28, 2025 (Friday)
Timings of the tests will be communicated to the candidates via their Admit Cards	SNAP 02: December 08, 2025 (Monday)
	SNAP 03: December 15, 2025 (Monday)
SNAP Computer Base Test (CBT) 2025	SNAP 01: December 06, 2025 (Saturday)
	SNAP 02: December 14, 2025 (Sunday)
	SNAP 03: December 20, 2025 (Saturday)
Announcement of Result	January 09, 2026 (Friday)
SICSR Registration and Payment closes on	January 15, 2026 (Thursday)
Declaration of shortlisting for Online GE-PI	January 21, 2026 (Wednesday)
Dates of Online GE-PI Process	February 6 to February 9, 2026 and
	February 14 to February 16, 2026
Declaration of First Merit List	February 24, 2026 (Tuesday)
Programme Commencement	June 01, 2026 (Monday)

- **Master of Science – Computer Applications MSc (CA):**

Particulars	Proposed Dates
Registration Starts on	January 06, 2026 Tuesday
Institute Registration and Last Date for Payment	May 18, 2026 Monday
Institute Short List Date	May 20, 2026 Wednesday
Shortlist Call Letter	May 22, 2026 Friday
Online GEPI Date	May 24, 2026 Sunday to
	May 25, 2026 Monday
First Merit List	May 29, 2026 Friday
Last Day of Payment	June 08, 2026 Monday
Programme Commencement	June 15, 2026 Monday

Disclaimer: These dates are tentative and are subject to change. Any changes will be reflected on the institute website www.sicmr.ac.in

Orientation and Pedagogy:

SICSR's approach to teaching includes a combination of lectures, class discussion, group work, and self-study for blended learning evaluation and continuous evaluation of students.

SICSR Common Induction Programme for All First year students for the Batch 2025

SICSR Common Induction Programme for All First year students for the Batch 2025

Fee Structure

(Annexure I)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INDIAN STUDENTS

Programme Fees For Master of Business Administration (Information Technology)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 5,70,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For Master of Business Administration (Digital Transformation)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 6,36,800
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For Master of Science (Computer Applications)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 4,74,600
Institute Deposit (Refundable)	₹ 20,000

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Model colony Campus only)	1st Year Academic Year 2026-27 (Amount in ₹)		
	Total Fees	1st Installment	2nd Installment
Mess Fees (Per Annum) @	₹ 1,19,600	₹ 59,800	₹ 59,800
Hostel Deposit (Refundable)	₹ 20,000	₹ 20,000	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Three Sharing	₹ 1,23,200	₹ 1,23,200	-
Last date of payment		At the time of Admission	25-Nov-2026

Installment For Master of Business Administration (Information Technology)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Instalment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 2,85,000	₹ 2,85,000	₹ 2,85,000	₹ 2,85,000
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 3,05,000	₹ 2,85,000		
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment for Master of Business Administration (Digital Transformation)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Instalment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 3,18,400	₹ 3,18,400	₹ 3,18,400	₹ 3,18,400
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 3,38,400	₹ 3,18,400	-	-
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment for Master of Science (Computer Applications)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Instalment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 2,37,300	₹ 2,37,300	₹ 2,37,300	₹ 2,37,300
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 2,57,300	₹ 2,37,300		
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess fees can be increase up to 15% each year. Government taxes would be additional as and when applicable.

@ Hostel fees can be increased up to 15% each year and Mess Fees can be increased up to 10% each year. Government taxes would be additional as and when applicable.

50% Concession will be given only to the Foreign National students on Administrative Fees.

Programme Structure:

Master of Business Administration- Information Technology (MBA-IT)

Semester: I

Generic Core Courses

- Relational Database Management System
- Software Engineering (Agile Practices)
- Principles and Practice of IT Enabled Management
- Basic Business Statistics for Data Analysis
- Digital Marketing
- Enterprise Resource Planning
- Introduction to Python
- PHP
- Research Methodology
- Web Development Framework

Vasudhaiva Kutumbakam *

Semester : II

Generic Core Courses

- Object Oriented Analysis Design
- Analysis of Business Case using Spreadsheets
- Flexi-Credit Course
- IT Tools and Techniques for Business
- Talent Acquisition
- Health and Wellness Module I #

Generic Elective Course Group (Choose any One course)

- Cloud and Big Data
- AI and ML for Business Management
- IT Business Analysis

Specialisation Core Courses:

Banking and Financial Markets

- Advanced Topics in Corporate Finance
- Asset Liability Management (ALM) in Finance
- Financial Management
- IT Solutions to Banking and Financial Markets I
- Mergers and Acquisitions

Specialisation Core Courses:

Data Analytics

- Business Intelligence I
- Data Analysis Using Python
- Data Management and Visualization
- Data Warehousing Applications and Data Analysis
- Fundamentals of Data Science

Specialisation Core Courses: IT Infrastructure Management

- Introduction to Cloud Computing
- Introduction to Vulnerability Assessment Penetration Testing
- IT Strategy
- IT Infrastructure Essentials
- Network Security Testing

Specialisation Core Courses:

Software Process Management

- Product Management
- Software Quality Process and Assurance I
- Software Quality Standards I
- Software Verification and Validation
- Software Versioning

Semester: III

Generic Core Courses

- Flexi-Credit Course
- Advanced Business Process Integration
- Entrepreneurship
- Internet of Things
- IT-Governance
- Technology in Business
- Generative AI and use cases
- Health and Wellness *
- Health and Wellness Module II #

Specialisation Core Courses:

Banking and Financial Markets

- Credit management
- Financial Accounting using spreadsheets
- Financial Services and Management
- IT solutions to Banking and Financial Markets II
- Mastering Python for Finance
- Financial Risk Management

Specialisation Core Courses:

Data Analytics

- Applied Data Analytics with Python
- Business Intelligence II
- Data Warehousing Architecture and Operations
- Machine learning
- Data Mining and Algorithms
- Mobile Analytics

Specialisation Core Courses: IT Infrastructure Management

- Data Centre Infrastructure Management

- IS Risk Analysis and System Audit
- Understanding LDAP
- Advanced Vulnerability Assessment and Penetration Testing
- DevOps
- Information Security Management

- Infrastructure Security

Specialisation Core Courses:
Software Process Management

- Application Packaging
- IT Strategy
- Requirements Management
- Software Quality Process and Assurance II

- Software Quality Standards II
- Six Sigma

Semester:IV
Generic Core Courses

- Industry Internship

Master of Business Administration- Digital Transformation (MBA-DT)

Semester: I

Generic Core Courses

- Business Analytics
- Financial Management
- Digital Marketing
- Business Agile Practices
- Digital Business Models
- Electronic Customer Relationship Management
- Business Statistics
- Research Methodology
- Business transformation
- Corporate Governance and Ethics
- Operations Research

- Digital transformation in Health Care
- Health and Wellness Module I #

Generic Elective Courses Group
(Choose any one course)

- DevOps Services
- Data Analysis Using Python
- AI Applications in Business
- Cyber Physical System
- Analysis of Business Case using Spreadsheets
- Cloud Computing and Distributed Systems
- IT Platforms and Security

- Internet of Things
- Flexi-Credit Course
- Regulatory Perspectives for Digital Business
- Health and Wellness Module II #
- Health and Wellness *

Generic Elective Course Group
(Choose any one course)

- Big Data Analytics
- Applications of Augmented Reality and Technology Trends
- GRC and Industry Standards
- Entrepreneurship and Global Capitalism
- Creativity and Design Thinking
- Mastering Python for Finance

Vasudhaiva Kutumbakam *

Semester: II

Generic Core Courses

- Flexi-Credit Course
- Enterprise Resource Planning and Supply Chain Management
- Cloud Applications for Business Processes
- Project Management
- Talent Acquisition and Retention
- Smart Industries and Digital Trends
- Introduction to Blockchain Technologies

Semester: III

Generic Core Courses

- Flexi-Credit Course
- Business Intelligence
- Digital Branding and Promotion with Social Media
- Digital Audit and Quality Control
- Digital Transformation Frameworks
- Data Management and Visualization
- International Development and International Business

Semester: IV

Generic Core Courses

- Industry Internship

Master of Science – Computer Applications MSc (CA)

Semester : 1

Generic Core Courses

- Software Engineering (Agile Practices)
- Computer Networks
- Data Structures
- Relational Database Management System
- PHP
- Cyber Security
- Introduction to Operating System
- Introduction to Python
- Research Methodology
- Vasudhaiva Kutumbakam *

Semester: II

Generic Core Courses

- Java SE
- Internet of Things
- Flexi-Credit Course
- Dissertation
- Health and Wellness Module I #

Specialisation Core Courses : Software Development

- Object Oriented Analysis Design
- Software Project Management

Specialisation Elective: Software Development

(Choose any Two courses)

- NOSQL Databases
- Data Warehousing
- R Programming
- Android Technologies
- Cloud Computing and Distributed Systems
- Software Verification and Validation
- Foundation Web Technology
- Entrepreneurship and Global Capitalism

Specialisation Core Courses : Cyber Security

- Cryptography
- Database and Application Security
- Security Standards

Specialisation Elective: Cyber Security

(Choose any Two courses)

- Cloud Computing and Distributed Systems
- Entrepreneurship and Global Capitalism
- Fundamentals of Web Security

- IS Risk Analysis and System Audit
- Cyber Security-A Case Study Approach
- Network Security

Specialisation Core Courses : Data Science

Software Project Management

Computation Methods
Data Analysis Using Python

Specialization Elective : Data Science

(Choose any Two courses)

- NOSQL Databases
- Data Warehousing
- R Programming
- Cloud Computing and Distributed Systems
- Entrepreneurship and Global Capitalism
- Data Analysis and Visualization
- Fuzzy Logic

Semester : 3

Generic Core Courses

- DevOps
- Flexi-Credit Course
- Pilot Project

SICSR Cleanliness Drive at Lohagad Fort 2025

- Health and Wellness Module II #
- Health and Wellness *

**Specialisation Core Courses :
Software Development**

- Software Architectures
- Web UI and Content Management

**Specialization Elective : Software Development
(Choose any Two course)**

- Data Mining and Algorithms
- Software Quality Models
- Flexi-Credit Course
- Advanced Programming in Python
- Systems Programming
- Cloud Programming using Web Services

**Specialisation Core Courses :
Cyber Security
Vulnerability Assessment and
Penetration Testing**

- Security Management Practices
- IT Audit and Risk Management

**Specialization Elective: Cyber Security
(Choose any Two course)**

- Computer Forensics - Detection and Prevention of IT Frauds
- Virtualization and Security
- Identity and Access Management
- Flexi-Credit Course
- Software Defined Networking
- Cyber Physical System

**Specialisation Core Courses :
Data Science**

- Image Processing
- Machine Learning Algorithms

**Specialization Elective : Data Science
(Choose any Two course)**

- Cloud Programming using Web Services
- Text Analytics
- Data Science for IOT
- Artificial Neural Network and Deep Learning
- Natural Language Processing
- Flexi-Credit Course
- Cyber Security Analytics

Semester: IV

Generic Core Courses

- Industry Internship

**Dr. (Mrs.) Shashikala Gurpur, Fulbright Scholar**

B.Sc., LL.B., LL.M., NET, Ph.D.,
PG Diploma in German, RBP (Hindi),
CTM (Competent Toastmaster),
Director, Symbiosis Law School, Pune
Dean, Faculty of Law, Symbiosis International (Deemed University)
Board of Management Member, SIU
Former Member, Law Commission of India

Director Profile:

Prof. (Dr) Shashikala Gurpur, with an illustrious career of over 34 years in teaching, research, and industry, has been the Director of SLS-Pune and Dean, Faculty of Law, SIU, since 2007. Distinguished academican and orator, National Merit Scholar, University topper in LL.M., and a conferred Toastmaster, Dr. Shashikala Gurpur has extensive teaching experience at the National Law School of India University, Bengaluru, Manipal University, and the National University of Ireland. In March 2024, she has received the Distinguished Woman Achiever Award from the Society of Indian Law Firms (SILF). She has been featured amongst the illustrious 100 women personalities in the book "The Phenomenal She" launched by the Indian National Bar Association. She is a member of the Sector Specific Group for "Digital and Creative Economy (DCE) in the Government of India, Ministry of Education, Department of Higher Education. Dr. Shashikala Gurpur is also a member of the Task Force on Governance of Higher Education by the Karnataka State Government. A former member of the Law Commission of India, she has been listed among 100 legal luminaries of India in 2016 by LexisNexis. Additionally, she has been conferred the Annual Kittur Rani Chennamma Award, 2018-19, by the Government of Karnataka for her excellent achievement in the field of education and contribution to women empowerment. She is recipient of "Hall of Fame" Award 2025 by SIU and also appreciated by the Maharashtra Police Academy, Nashik, for her visionary leadership and steadfast commitment to academic excellence. Dr. Shashikala Gurpur has more than 108 publications (37 Scopus and 10 WoS) and presented more than 335 invited lectures, workshops on Gender Literacy, Human Rights, Media Literacy and seminars across India, US, UK, Ireland, Italy, Germany, Sweden, Thailand, Malaysia, UAE, Australia and Canada. She is a pioneer of EU Legal Studies in India. Dr. Shashikala Gurpur is also a Distinguished Visiting Professor at the WBNUJS, a member of the Academic Council at MNLU, Aurangabad, a resource person at NJA, Bhopal, and a Ph.D. referee for several NLUs, JNU, University of Mumbai, and many state universities. She is awarded the most coveted professional achievement, "Jean Monnet Chair Professor for EU Climate Justice Law, Governance, Management and Policy (EUC-LAMP)", co-funded by the Erasmus+ program of the European Union. She is a team member of the global evaluation and accreditation group of IALS, USA. She has guided 16 PhD, 120+ master's theses, and currently she is guiding 5 PhD scholars. She is also the lead in the SPARC project, 1 Erasmus+ Project, 1 DAAD Project, NADFM training, and CII National Committee. She has successfully led Symbiosis Law School, Pune, to rank among the top five law schools in India, fostering robust internationalization, academic excellence, and research, which has led to its replication in NOIDA, Hyderabad, and Nagpur.

Institute Profile:

Symbiosis Law School, Pune (SLS Pune) stands for excellence in legal education and is nestled in the city of Pune (popularly known as the Oxford of the East, with the glorious heritage of being the capital of the Peshwas). SLS Pune endeavors to secure all-round contributions for the betterment of the field of Law, to create world-class professionals, produce committed academicians and law reformers, train justice dispensers and invigorate community crusaders, and create a strong watershed of new and upcoming expertise in law relating to business and corporate matters. Symbiosis Law School, Pune, has received the Best College Award and ranked 1st amongst the top 10 private colleges and ranked 6 amongst the top 10 colleges overall in the India Today MDRA Ranking 2025. Symbiosis Law School, Pune, has also been ranked 5th in 2024 by the National Institution Ranking Framework (NIRF) by the Ministry of Education, Government of India. Symbiosis Law School, Pune, has been awarded All India Rank 1 in the category of 'Top Supreme Law Schools' by the CSR-GHRDC Law Schools Survey 2022, 2023, 2024, and 2025. SLS Pune has been awarded as the Best Law College by CSR in 2022, 2023, 2024, and ranked number 1 in Top 50 Private Law Colleges in India by IIRF 2022, 2023, 2024, and 2nd in 2025 in the Law category. SLS Pune is ranked 6th by MDRA Best Law Colleges Ranking 2025. The BW Legal World Law School Ranking has placed SLS Pune as the Best Private Law College in the West Zone. Symbiosis Law School Pune was conferred the Gold Star Award by the Bar Council of India in 2013.

6.2 Significant Projects/ Courses

SLS, Pune has several impressive active international collaborations across prestigious international universities such as Berlin School of Economics and Law, Leibniz University, Hannover, Germany Brunswick European Law School, Ostfalia University of Applied Sciences, Germany, University College Cork, Ireland, NUI Galway, Ireland, University College Dublin, Ireland, Sofia University, Bulgaria, Jagiellonian University, Poland, Masaryk University, Czech Republic, Penn State University, USA, UNH School of Law, USA, Deakin University, Australia, University of Johannesburg, South Africa, National University of Singapore, Stockholm University, Sweden, the University of Milan, Italy and many others. SLS Pune has proactively engaged with Arizona University, New Hampshire University, Washburn University, Seattle University, Pepperdine University, Waikato University, Bristol University, Vienna University of Economics and Business, and Shastri-Indo-Canadian Institute. The collaboration has facilitated student-faculty mobility, participation in summer schools, and organization of conferences, guest sessions, webinars, and research projects. SLS Pune has showcased a strong research culture along with an internationalisation agenda that has resulted in successful project applications under the Erasmus+ program of the EU. SLS, Pune's foray into EU grants can be traced to 2008, when it became the only Indian partner in the Erasmus Mundus Global Consortium of Law Schools. SLS, Pune has been the recipient of four Erasmus+ CBHE KA2 projects of the EU, namely EURASIA, 21 Teach Skills Training, Climate Change Policy and Law, and International Law and Forced Migration Studies. SLS, Pune is also a recipient of 2 Jean Monnet Grants – JM Module on Legal Environment of Doing Business in India and Jean Monnet Chair for EU Climate Justice Law, Governance, Management and Policy.

Under the EURASIA project, SLS Pune developed 28 courses related to EU studies, which have been incorporated into programme structures of B.A.LL.B. /B.B.A. LL.B. (Hons.) Three-Year LL.B. as electives. The project was instrumental in starting a new LL.M. specialisation in EU Law and International Law.

SLS, Pune, is a consortium partner of the '21st Century Teach Skills Project', which is related to the 'Teacher's Training with specialisation on Life and IT Skills.' As a part of this project, SLS Pune has developed a 10-credit certificate programme on 21st Century Skills. SLS Pune, under the aegis of SIU, has also been a part of DAAD, a New Passage to India with the Berlin School of Economics and Law, Leibniz University Hannover, and Ostfalia

University, Brunswick, Germany, which facilitates faculty and student exchange. The institution is also a project partner in the 'Digital Economy Taxation Network' led by Vienna University of Economics and Business. It has institutional memberships of some of the best international bodies recognized globally, such as the membership of IALS (International Association of Law Schools), ASLI (Asian Law Institute), IUCN, and GAJE.

On the National front, SLS Pune has a SPARC grant of Rs. 1 Crore by the Ministry of Education and has also undertaken the following projects under the Indian Council of Social Science Research related to 'Law Trafficking and Disasters-tracing the interlinkages' & 'Law Gender and Disasters- A case study of Bundelkhand'. SLS Pune has been instrumental in influencing the new transformations in Criminal Justice Systems in India by submitting recommendations to the Ministry of Home Affairs under the Government of India. SLS Pune is also involved in research consultancy for Dr. Veerappa Moily, former Member of Parliament, India. SLS, Pune, under the Nyaya Bandhu Scheme (PRO BONO CLUB) of the Department of Justice, Government of India, was given the grant. Adding to its initiatives with the Government of India and the National Commission for Women, SLS Pune organized the "Regional Consultation on Review of Criminal Law- Improvement in Status of Women" in February 2022 and submitted a detailed report to the National Commission for Women.

6.3 SCALSAR

SLS-P has established the Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR). It is a centre for cutting-edge research, quality publications, government interface, hosting scholars in residence, undertaking interdisciplinary legal studies and research projects, training teachers, and designing training modules.

SCALSAR was informally established in 2007 and was formalised and recognised as an excellence centre in 2013. SCALSAR envisions Ideas of architecture, infrastructure, and resources for advanced legal studies and research. It promotes research, training, and consultancy in excellence centres aligned with SIU clusters, having national and global importance in interdisciplinary and multidisciplinary areas.

It has 3 research clusters: Science, Technology, and Innovation Law, Rule of Law in Context, and Comparative Law. Every year, SCALSAR organizes an International Research Conference, which has become popular as SYMROLIC, representing the Rule of Law with Indian and Global perspectives, aligning it with the SIU's vision of an interdisciplinary engagement by connecting to different fields such as those of Innovation, Science, Technology, Human Behaviour, Global Policy, and Governance.

The purpose of SCALSAR under the Faculty of Law, SIU, Symbiosis Law School Pune, is to promote centre-stage research, encourage quality publications, act as a think-tank to the government, host scholars in residence, undertake interdisciplinary legal studies and research projects, train teachers, and design training modules. SCALSAR contributes through three verticals—Science, Technology and Innovation Law; Rule of Law in Context; and International and Comparative Law, and operates under four centres: the Symbiosis Centre for Alternative Dispute Resolution (SCADR), the Symbiosis Centre for International and Comparative Child Rights (SCICCR), the Symbiosis Centre for Climate Change Policy and Law (SCCCPL), and the Symbiosis Legal Skills Centre (SLSC), along with two labs—the 21st Century Teaching Skills Lab and the Symbiosis Culture, Language, Law and Justice Lab.

In the last year, the Centre has published more than 140 research papers in SCOPUS and WoS-indexed journals, now totalling up to 931 such publications. Balancing the social agenda, the Community Legal Care Centre of SLS Pune is engaged in the Prison Advocacy Programme of Mumbai High Court through Prison Clinic, it collaborates with District Legal Aid Services Authority, and has clinics in villages and the inner city.

2. THE CAREER & PROFESSIONAL DEVELOPMENT CELL

The Career & Professional Development Cell functions as the primary facilitatory body for the process of professional development and constructive employment for our students. The broad objectives of the cell are campus recruitment, training and development, and internship opportunities. The Cell works throughout the year to implement and execute the processes of Campus Recruitments, Internships, Training and Development, Industry & Alumni Relations, and Entrepreneurial Development. With years of experience, the cell has developed a wide array of networks ranging from litigation firms, corporate firms, solicitors, private practitioners, to governmental commissions and agencies. The Career & Professional Development Cell has been tirelessly facilitating the professional development of our students and has been successful in attaining the aforementioned goals by providing our students with the best opportunities.

The LL.M. students are also provided with intensive training and guidance for JAG, NET, Civil Services, Judiciary Examination, etc.

LL.M. students secured reputed placements with high CTC in firms/companies like Cummins India Limited, JM Financial Limited, Indusind Bank, Mercedes Benz, Bajaj Allianz, Indiabulls, Ernst & Young LLP, PwC, Phoenix Mills Limited, Mthree (A Wiley Company), Piaggio Vehicles Pvt Ltd., Integreon, Juris Arena, Legasis, Tech Mahindra, Stakeholders Empowerment Services, AAN Legal, Magma HDI, Atkins Realis, IMC Limited, DWF Legal, Poonawala Housing Finance Limited, and Kotak Mahindra Insurance, and many more in other sectors.

3. THE ALUMNI CELL

The Alumni Cell of Symbiosis Law School, Pune is a student-led initiative working under the esteemed guidance of the Director, Symbiosis Law School, Pune, and the Dean, Faculty of Law, Symbiosis International (Deemed University). The Cell plays an active role in cultivating enduring relationships with our alumni, serving as a bridge between the institution and its vast network of former students.

Symbiosis Law School, Pune, is proud to count among its accomplished alumni several individuals who pursued their LL.M. at the institution and have since excelled in diverse fields across the legal landscape. Notable names include Mr. Rahul Kothari, Co-Founder of Squarely Legal and Distinguished Visiting Professor of Practice; Ms.

Honey Mukesh Patel, Judicial Magistrate First Class and Civil Judge Junior Division; Ms. Henaa Mall, Barrister and Solicitor in Ontario, Canada; Ms. Nistha Pandey, Additional Chief Judicial Magistrate, Rajasthan High Court; Ms. Madhvi Datta, Partner at Kochhar & Co.; Mr. Saurabh Sinha, Research Attorney at Internet Brands; and Mr. Viswesh Sekhar, Advocate for Disability Rights. These individuals, among many others, have made remarkable strides in the judiciary, corporate law, academia, research, and beyond.

From hosting the flagship Alumni-cum-Destination Meet to coordinating impactful guest lectures by our distinguished alumni, the Cell remains committed to fostering academic and professional excellence. It also publishes the Alumni Nexus newsletter and the Alumni Directory. With its unwavering focus on professional development, Symbiosis Law School, Pune continues to shape visionary leaders, be it as legal practitioners, educators, judicial officers, policy influencers, or legal entrepreneurs.

Prof. Dr. Shashikala Gurpur, with our esteemed dignitaries, unveiling the "Alumni Nexus" and "Alumni Directory" at the Garware Club, Mumbai on 7th December, 2024, 8:00 pm.

Programme Profile:

- **Master of Law (LL.M.)**

SLS, Pune, offered a 2-year LL.M. programme from 2003-2013. It is one of the pioneer institutions in the country to initiate the One-Year LL.M. Programme in 2013. The post-graduate programme is offered through the Center for Postgraduate Legal Studies (CPLS), with the objective of creating research-centric intellectuals and academicians. There is an emphasis on an interdisciplinary approach in the study of law and research orientation underlining the relevance of research methodology with utmost technical precision and scientific sophistication. The students have an option of a cafeteria approach in terms of specialization, cross-specialization courses combining innovation, cutting-edge legal acumen, and theoretical insights.

With emphasis on research and publication under the umbrella of SCALSAR (Symbiosis Center for Advanced Legal Studies and Research), faculty and students are engaged in publishing the results of their research. The success is reflected in a large number of students entering the Corporate Sector, Law Firms, Academics, Advanced Research,

the Army, and Judicial Services.

A)	Specializations Offered:
1)	Business and Corporate Law
2)	Constitutional Law and Administrative Law
3)	Innovation, Technology and Intellectual Property Law
4)	Criminal Law and Security Law
5)	Human Rights Law
6)	Law, Policy and Good Governance
7)	Family Law
8)	EU Law and International Law
9)	Telecommunication, Media and Technology Law
10)	Climate Change Law and Policy
11)	AI and Law* (Approval in process)
12)	Transnational Justice and Dispute Resolution* (Approval in process)

Note: A specialization will be offered subject to a minimum 5 admissions in the Specialization Group.

B) Unique Features of the One-Year LL.M. Programme:

- Specialized Centre for Postgraduate Legal Studies (CPGLS) works in a unique association with Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR).
- Experienced & Internationally trained faculty members, including experts from the Bar & Bench and Industry.
- Unique differentiator of legal writing by US faculty.
- Top-class and up-to-date academic content and mentor-faculty (1:10).
- Peer learning with international students from different countries.
- Special emphasis on Research and Publication – in the year 2024 and 2025, around 203 articles are published affiliated to SIU Pune in international and national journals of repute, including 156 in Scopus/WOS journals.
- Institutionalized skill development through the specialized Symbiosis Skill Centre.
- Mapping of courses with skill-centric sessions with a unique blend of theory and skills through mock teaching, dissertation, viva-voce, research methods, etc.
- Comprehensive internationalization and collaborations, including faculty & student exchange.
- Compulsory European Union Law and Human Rights Law courses as an international attribute to the courses, with elaborate career mentoring.
- Unique competencies for a career in the judiciary, industry, academia, and profession.
- State-of-the-art infrastructure.
- ICT-enabled learning resources.
- Comparative curriculum, innovative pedagogy, and eminent visitors.
- Structured career and placement guidance.

Duration of the Programme

- **Master of Law (LL.M.)** : **1 Year, Full Time, Non-Residential programme**

Intake:

- **Master of Law (LL.M.)** : **100 Students**

Eligibility

- **Master of Law (LL.M.)**

Three or Five years LL.B. Degree from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

Step 1: Apply online at www.symbiolaw.ac.in

Step 2: Appear for the All India Admission Test (AIAT) CBT (Centre-Based Test)

Step 3: Appear for Personal Interaction (Online PI)

1.1 Symbiosis All India Admission Test (AIAT):

All Admission to LL.M. (One Year) is offered through Symbiosis All India Admission Test (AIAT), which will take place in a Centre-Based Test (CBT) mode at select test centres across India (The list of test centres may be found in the AIAT Registration Portal). The AIAT consists of:

- Written Test (CBT Mode)** (comprising of objective (multiple choice) and subjective written test to assess the aptitude for teaching, research, legal aptitude, and basic legal knowledge)- Weightage 70%.
Test Duration: 105 minutes.
- Personal Interaction (PI) (Online)** - (Personal Interaction is intended to test the Personal Attributes, Fitment, Work Experience, Publications, and Statement of Purpose)- Weightage 30%.
PI Duration: 10 minutes (approx.).

1.2 Verification of Educational Qualification Documents and Eligibility

Candidates need to furnish their documents of educational qualification as per the directions of SLS Pune/SIU for verification at the time of appearing for the AIAT. If any candidate fails to furnish the documents at the time of appearing for the AIAT for verification, the candidate will not be permitted to appear for the AIAT. Further, the candidates, who are shortlisted in the merit list after the AIAT, need to submit a list of documents to acquire eligibility to be admitted to the LL.M. Programme at Symbiosis Law School, Pune. If the candidate does not submit the document for eligibility purposes, admission of the same candidate stands cancelled.

Note: Candidates are requested to upload a Statement of Purpose (SOP) not more than 250 words and one reference (one page each) from the Head or Supervisor of their Institute on the document upload portal. It will be verified as part of the document verification process.

1.3 Refund Policy

In case of cancellation of admission or non-fulfilment of the eligibility criteria, the candidate may apply online for a refund of tuition fees and deposit. The refund will be made as per the refund policy of SIU.

PREPARATION OF MERIT LIST & ALLOTMENT OF SPECIALISATION FOR LL.M. AT SLS PUNE:

2.1 Steps for preparation of merit list/s:

Step 1: Generic Merit List:

Process of preparation of first merit list:

Preparation of consolidated/generic merit list: A consolidated/generic merit list will be prepared as per the AIAT score and total intake for open and other reserved categories.

Hypothetical Example: If there are a total of 50 seats for the open category, the institute will add around 20% to 30% extra, i.e., $50 + 13 = 63$, and prepare the consolidated/generic merit list of 63 candidates from the open category. These 63 candidates will be selected based on their AIAT score, irrespective of their preferred specialization.

Step 2: Allocation of specialisation:

Allotment of the specialization to the candidates selected in the consolidated/generic merit list: The candidate who is selected in the consolidated/generic merit list, will be allotted a particular specialization depending on:

- (a) The marks scored in AIAT;
- (b) The preferences of specialisations provided by the candidate while filling out the registration form for AIAT.

Allocation of the specialisation will be based upon the cut-off marks of the concerned specialisation as determined from the merit list and the number of seats in each specialization.

*Note: The offering of a specialisation in a particular academic year will be subject to a minimum of 5 admissions in the concerned specialization group.

2.2 Process of allotment of specialization to the candidates selected in the consolidated/generic merit list:

After the preparation of the consolidated/generic merit list, the institute will start allotting the specialisation for each candidate from the consolidated/generic merit list based on their marks in AIAT and preferences selected by the candidates. The Institute will start with the first candidate. He/she/they will be given his/her/their first specialization. In this hypothetical example, the process will go on till the 10 seats for the open category are filled for each specialisation. If a candidate has selected "Business & Corporate Law" as his/her/their first preference and 10 seats are filled in "Business & Corporate Law", the institute will allot him/her/them the second preferred specialization according to his/her/their marks in AIAT. The candidate will not be allotted his/her/their first specialization, i.e., "Business and Corporate Law," because 10 seats allotted to Business and Corporate Law are exhausted. He/she/they will be allotted his/her/their second preference. If the 10 seats for the course selected as 2nd preference are also full, the institute will allot the third or fourth preference provided by the candidate while filling out the registration form.

Kindly note that, in case a candidate does not fall within the merit list of any 4 of his/her/their preferred specializations according to his/her/their AIAT marks, the institute has the discretion to allot an appropriate specialization to the candidate from the remaining available specializations.

After the allotment, a specialisation-wise merit list shall be published, and an offer letter shall be sent to the merit-listed candidates.

The Institution shall provide admissions in all the specialisations as per the merit.

2.3 Process of preparation of the second merit list:

After the last date for admission as per the first merit list, the institute will check the total admitted candidates, and based on the seats available in each specialization, the following process will be followed:

2.3.1 Forfeiture and deemed forfeiture: If a candidate is offered first preference in the first merit list but has not taken the admission:

The candidate who has not taken admission after being offered his/her/their first preference of specialization (refuses or does not take admission) within the stipulated period will forfeit the claim of admission. It means his/her/their candidature will not be considered for the second and subsequent merit lists. No email or any communication for negotiating or requesting a change in admission shall be considered. It cannot be raised as a ground for holding the seat or right to admission.

Hypothetical Example: If Mr./Ms. "A" is offered his/her/their preference -1 in the first merit list, but he/she/they didn't take admission before the deadline of the admission for the first merit list and requested more information or a change of specialization, Mr./Ms. "A" will not be considered for the second merit list. Since Mr./Ms. "A" has not taken admission after offering his/her first preference given by him/her; he/she/they will forfeit his/her/their claim of admission in the second and subsequent merit lists.

The above logic will be applied while preparing the second & subsequent merit lists.

If a candidate is offered second, third, or fourth preference in the first merit list but he/she/they has not taken the admission:

2.3.2 If a candidate is offered admission in his/her/their second/third/fourth preference but he/she/they does not take the admission at SLS Pune, the candidate will be waitlisted and will be considered for the second merit list, subject to availability of seats. In the second merit list, allotment of specialisation will be done according to seats available in the specialisations, his/her/their AIAT score, and preference of specialisation given by him/her/their at the time of registration.

The following process will be followed for the allotment of specialization:

- a) If a candidate is allotted his/her/their fourth preference and has not taken admission, he/she/they will be waitlisted and his/her/their candidature will be considered for first, second, and third preference.
- b) If a candidate is allotted his/her/their third preference and has not taken the admission, he/she/they will be waitlisted and the candidature will be considered for first and second preference. His/her/their candidature will not be considered for the third and fourth preferences.
- c) If a candidate is allotted his/her/their second preference and has not taken the admission, he/she/they will be waitlisted and the candidature will be considered for first preference. His/her/their candidature will not be considered for the second, third, and fourth preferences.

2.3.3 If a candidate is offered second/third or fourth preference in the first merit list and has taken admission at SLS Pune:

If a candidate is offered his/her second/third, or fourth preference in the first merit list and has taken admission at SLS Pune, the candidate will be given the option to change the specialization.

2.3.4 Process for change of specialisation after taking admission at SLS Pune:

- The admitted candidate may make an application within the stipulated time to change his/her specialization.
- The application for a change in specialization will be considered, keeping in view:
 - a) the candidate's score in AIAT;
 - b) cut-off marks of the concerned specialization in the subsequent merit list;
 - c) the number of vacant seats in the concerned specialization.

2.3.5 If a candidate is offered admission in his/her first, second, third, or fourth preference in the first or any subsequent merit list and has taken admission at SLS Pune but later cancels the admission, the following will apply: If a candidate has taken admission in any specialization and cancels the admission for any reason, he/she will forfeit the claim to admission in any subsequent merit lists.

Important Dates

Sr. No.	Particulars	Dates of 2026-2027
1	Online Application Starts	1st September 2025 (Monday)
2	Online Application Closes	30th November 2025 (Sunday)
3	Last Date for Payment of Registration fees (Registration fees can be paid Online / RTGS / Credit Card/Debit Card/NEFT/ Online Banking provided on the AIAT registration form)	30th November 2025 (Sunday)
4	Admit Card for AIAT	11th December, 2025 (Thursday)
5	All India Admission Test (AIAT) (CBT Mode)	20th December 2025 (Saturday) (9:00 AM to 10:45 AM)
6	Personal Interaction Call letter	30th December 2025 (Tuesday)

Orientation and Pedagogy:

The methodology is essentially learner-centred and research-oriented, strengthening students in reflective and critical thinking skills along with value-orientation. Predominantly, the seminar method is used in a convergent manner, along with the lecture method. These include the Classroom Presentations, Group Discussions, Seminars, Case Studies, Socratic Method, Project-Based Method, Computer-Assisted Learning, and Experiential Learning through Internship.

The curriculum and pedagogy are designed around the latest quality initiatives in legal education. These efforts are reciprocated by the participation of all the stakeholders, including the members of the Bar and Bench, the Corporate Sector, Govt. and International Experts.

**Dr. Chandrashekhar Jayvantrao Rawandale**

Director

Director Profile:

Dr. Chandrashekhar Jayvantrao Rawandale's academic journey in law began with an LL.B. from the University of Pune. Driven by a passion for International Law and Human Rights, he pursued an LL.M from Pune in 1997, followed by a second LL.M in Commercial Law from Cardiff University in the UK in 2003. Dr. Rawandale's dedication to academic excellence continued with a Ph.D. from Symbiosis International University, Pune, in 2010, focusing his research on copyright and patent paradigms for computer programs. His scholarly pursuits laid a solid foundation for a career distinguished by both depth and breadth in the field of legal education.

Dr. Rawandale's professional journey is equally remarkable, starting as a research associate at I.L.S. Law College, where he also taught the Law of Torts. He then joined Bharati Vidyapeeth's New Law College as a lecturer, before moving to Symbiosis Law School, Pune, in 2000 as an Assistant Professor. His dedication and leadership led to his promotion to Deputy Director, Symbiosis Law School, Pune in 2007, and in July 2010, he assumed the role of Director at Symbiosis Law School, NOIDA, a position he holds to this day. Dr. Rawandale's expertise has been recognized globally, and he has held prestigious visiting fellowships at Cardiff Law School, Wales-UK, Leibniz University Hannover, Germany and Jagiellonian University in Krakow, Poland. These experiences underscore his dedication to fostering legal knowledge across diverse cultural and academic landscapes.

Beyond academia, Dr. Rawandale has contributed significantly to various high-profile initiatives. He served on the 'Project Review and Steering Group (PRSG)' for the Department of Information Technology, Government of India, where he played a pivotal role in the Cyber Security Grant-in-Aid Programme. He was also a member of the Thomson Reuters Council for Legal Information and Innovation, contributing to advancements in legal information. A distinguished speaker, Dr. Rawandale has chaired conferences across Australia, Bhutan, Germany, India, Indonesia, Malaysia, Poland, Russia, Thailand, UAE, Georgia and the UK. Recognizing his contributions to legal education, the Indian National Bar Association awarded him the 'Law Professor of the Year' in 2016, solidifying his standing as a respected figure in legal academia and beyond. He was selected and felicitated by the Corporate Counsel Association of India (CCAI) with the 'Distinguished Professor in Imparting Innovative Legal Education' award on November 20, 2021.

Institute Profile:

In just fifteen years, Symbiosis Law School, NOIDA (SLS-NOIDA) has swiftly established itself as a premier institution for legal education, celebrated for its unwavering commitment to academic excellence, intellectual rigor, and leadership in the legal profession. As a constituent of Symbiosis International (Deemed University), SLS-NOIDA extends the distinguished Symbiosis legacy to the nation's capital region. The school provides a holistic educational

experience, blending theoretical learning with practical application to cultivate well-rounded legal professionals. We are delighted to share that BW Business World and BW Legal World, in their 'Law School Rankings 2024', have recognized Symbiosis Law School, NOIDA among the 'Top 10 Private Law Colleges in India' and 'Top 5 in North Zone India'!

SLS-NOIDA emphasises the all-round development of its learners through a variety of specialized cells and societies, including the Research & Publication Cell, Moot Court Society, Legal Aid Center, Pro Bono Club, Training & Placement Cell, Debate and Quiz Society, Cultural Committee, Sports Committee, Literary Society, and others. These dynamic student-driven initiatives foster leadership and provide abundant opportunities for growth across curricular, co-curricular, and extra-curricular activities. SLS-NOIDA's innovative and interdisciplinary approach to legal education promotes a collaborative environment where faculty and students work in synergy to advance and share knowledge, employing pedagogies designed to maximize each student's potential.

Upholding its mission of 'International Understanding through Quality Education,' SLS-NOIDA regularly hosts national and international workshops, seminars, conferences, and moot courts in collaboration with esteemed academic and professional partners. Weekly seminars featuring multidisciplinary experts, legal luminaries, and industry leaders equip students with insights into real-world challenges and career readiness. The institution also emphasizes research excellence, enabling students to thrive through research projects and scholarly publications. Through hands-on activities like moot courts, mock trials, and client counselling, SLS-NOIDA cultivates skilled advocates who are well-versed in courtroom decorum.

We are delighted to announce a remarkable achievement that sets SLS-NOIDA apart as a reckoning force in global legal education! Mr. Huzaifa Hassan, from the Batch of 2021-26 (BBA. LL.B.), has been selected as a finalist from India for the prestigious 2023-24 Global Undergraduate Exchange Program (Global UGRAD), hosted by the U.S. Department of State in partnership with World Learning. He will embark on a transformative semester in the United States in January 2024.

This accolade adds to our tradition of excellence, as our learners have achieved this honor consistently over the past three years. Mr. Pravar Dennison, from the Batch of 2020-25 (BA. LL.B.), completed a semester in the U.S. as a 2022-23 Global UGRAD finalist, while Ms. Yashassvi Periwal, from the Batch of 2019-24, represented India in the 2021-22 Global UGRAD Program. We are immensely proud of these outstanding students who continue to bring global recognition to Symbiosis Law School, NOIDA, showcasing the exceptional talent and leadership of our learners on an international platform.

Programme Profile:

- **Master of Law (LL.M.)**

SLS-NOIDA offers a one-year Master of Law Programme with specialization in 'Corporate and Business Laws' and 'Criminal and Security Laws'. The highlight of this programme is its emphasis on an interdisciplinary, comparative and global approach in the study of law and research orientation. This is done by underlining the relevance of research methodology with utmost technical precision and scientific sophistication. The student has the option of a cafeteria approach in terms of specialization, cross specialization courses combining innovation, cutting edge legal acumen, clinical skills and theoretical insights.

Duration of the Programme

- Master of Law (LL.M.)

: 1 Year, Full Time, Non-Residential programme

Intake:

- Master of Law (LL.M.)

: 20 Students

Eligibility

- Master of Law (LL.M.)

Three Years or Five Years LL.B. degree from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

Candidates aspiring to join LL.M. offered by Symbiosis Law School, NOIDA, constituent of Symbiosis International (Deemed University) have to take the common, mandatory All India Admission Test (hereinafter referred as AIAT), which consists of Written Test* (70%) and Personal Interaction** (30%).

[* AIAT will include objective and subjective written test to assess the teaching aptitude, research aptitude, legal aptitude and basic legal knowledge. It shall include questions from the following areas: Research Methodology, Legal Reasoning, Legal Aptitude, Jurisprudence, Constitutional Law, Indian Penal Code/Bharatiya Nyaya Sanhita, Public International Law, Human Rights, Indian Contract Act, Company/Corporate Law, Family Law and Environmental Law.

** Personal Interaction is intended to test the Personal Attributes, Fitment, Work Experience, Publications and Statement of Purpose.

Note: Candidate is requested to bring a Statement of Purpose (SOP) in not more than 250 words, and two references (one page each) from the Head and Supervisor/Professor of your Institute/ College at the time of appearing for the AIAT.]

Candidates will appear for AIAT and PI as per applicable schedule, in a given case. Final Merit list shall be drawn on the basis of AIAT Score (70%) and Personal Interview (30%) performance.

Orientation and Pedagogy:

The Master of Laws (LL.M.) Programme at Symbiosis Law School, NOIDA (SLS-NOIDA) is designed with a distinct academic orientation and pedagogy that blends advanced legal scholarship with professional competence. The Programme fosters an environment of critical inquiry, rigorous research, and interdisciplinary engagement, preparing students to assume roles as thought leaders, academicians, policymakers, and professionals in the global legal arena.

At the postgraduate level, pedagogy is interactive and research-intensive, led by experienced faculty, distinguished jurists, and eminent industry experts. Students are encouraged to go beyond conventional classroom learning and engage in advanced research, doctrinal and empirical projects, comparative legal analysis, and policy-oriented studies. The curriculum emphasises scholarly writing, seminar-style discussions, clinical training, and participation in conferences, colloquia, and workshops.

Experiential components of the Programme include simulated trials, case analyses, policy debates, and opportunities for interdisciplinary collaboration. Research is positioned as the cornerstone of postgraduate learning, encouraging students to publish in reputed journals, contribute to policy think tanks, and engage with members of the bar, bench, academia, corporate sector, and international organisations.

Technology-enabled learning tools enhance access to global resources, promoting comparative and transnational legal studies.

The evaluation framework follows the Cumulative Grade Point Average (CGPA) system, integrating continuous internal assessment with end-term examinations. Internal evaluation consists of research projects, presentations, viva-voce, drafting assignments, and scholarly essays, alongside innovative methods such as simulated interviews and open-book examinations. The open book system emphasises critical understanding, application, and synthesis of legal principles, rather than rote learning.

Through its innovative pedagogy, SLS-NOIDA seeks to nurture academically accomplished, research-driven, and professionally competent legal scholars, capable of contributing meaningfully to national and international legal systems.

Dr. Sukhvinder Singh Dari

Director

Director Profile:

Prof. (Dr.) Sukhvinder Badan Singh Dari is the Director of Symbiosis Law School, Nagpur, and has been a dedicated member of the Symbiosis family for nearly two decades. He has been with Symbiosis Law School, Pune, since 2007, and has also served at Symbiosis Law School, NOIDA (since its inception in 2010), Symbiosis Law School, Hyderabad (since its inception in 2014), and Symbiosis Law School, Nagpur (since its inception in 2019). At Symbiosis Law School, Hyderabad, he served as Deputy Director and later as Officiating Director, contributing significantly to the institution's academic and administrative development. His extensive experience across these institutions has provided him with a rich and diverse perspective on legal education, enabling him to make valuable contributions to the development of each institution.

Prof. Dari holds a Ph.D. in Corporate Laws from Symbiosis International University, Pune, and an LL.M. in Business Law from Symbiosis Law School, Pune. He has further enhanced his expertise with diplomas in Human Resource Management & Labour Laws and Corporate Mergers and Acquisitions, broadening his legal knowledge across multiple domains.

Prof. Dari has been a resource person at various national law schools, government departments, police academy, UGC HRDC (University of Hyderabad), and other distinguished forums. His academic contributions extend to his active membership in the Board of Studies, Academic Council, Internal Committee for Differently Abled, Library Committee, and the Board of Examination at Symbiosis International University, Pune.

He teaches a wide range of subjects including Corporate and Commercial Laws, Constitutional Law, Contract Law, Jurisprudence, and Labour Laws, while also guiding Ph.D. scholars and supervising research at both undergraduate and postgraduate levels. Prof. Singh has completed various funded and non-funded research projects at national and international levels. He has chaired and attended numerous national and international conferences, with a special focus on company law and corporate governance. His research interests are widely reflected in his publications, with several national and international papers and articles in leading journals and books.

Prof. (Dr.) Sukhvinder Badan Singh Dari's dedication to academia is matched by his contributions to social advocacy. He was awarded a Certificate of Appreciation by the Disability Rights Advocacy Group (DRAG) for his tireless efforts towards the rights of persons with disabilities. He has also been honored with the "Academic Excellence" award at the Legal Desire Summit & Awards and a Certificate of Excellence for his involvement in the International Paris Summit on Climate Change, organized by the Centre for United Nations.

Prof. Dari is deeply committed to providing students with a transformative legal education that blends academic rigor with real-world skills, preparing them to excel in their careers and become responsible leaders in the legal field. He is committed to fostering an environment where law students are encouraged to think critically, act

ethically, and make positive, meaningful contributions to society, shaping them into responsible and impactful legal professionals.

Institute Profile:

Nurtured by the visionary ideas of Dr. S.B. Mujumdar, Chancellor Symbiosis International (Deemed University) on the principles of vedic thought 'Vasudhaiva Kutumbakam' which means 'World is One Family', Symbiosis Law School (SLS) Nagpur is established to inherit the splendid novelty, dynamism and excellence in education. Being a constituent of Symbiosis International (Deemed University), Pune, Symbiosis Law School, NAGPUR is strategically located in the potential education hub of Maharashtra thereby offering multitude of opportunities for the budding lawyers. Harping on the rich legacy of both Bar and Bench, SLS Nagpur promises to be one of the finest destinations for imparting legal education in central India. Nagpur, popularly known as the Orange City of India is located at the exact centre of the Indian peninsula and is been identified as the best city in India topping in liveability, greenery, public transport, and health care indices. SLS Nagpur at Wathoda is located approximately 10 Kms from the Railway Station, 15 Kms from the Dr.Babasaheb Ambedkar International Airport and 12 Kms from the Bombay High Court, Nagpur Bench, Nagpur. It]is also well connected with the other prominent parts of the city including the market area. Symbiosis Law School, Nagpur providing a platform for students to learn and grow has several cells and centres for facilitating students with diverse interests. These provide multitude opportunities in directly interacting and learning with experts from the field, bar and bench, thereby developing vision, expertise and leadership in students. There is a special focus on the nternationalization with students receiving exposure with frequent lectures and interactive sessions from academicians, legal professionals and experts from abroad. Collaborations and MoUs with Governmental organisations, non-governmental organisations and other academic institutes across the globe have strengthened the quality of teaching-learning process and exposure students receive during their course. SLS Nagpur has the "State of Art Infrastructure" with remarkable facilities for its students. The pollution free premises of SLS Nagpur have abundant open space and an impressive array of academic, sports and cultural facilities.

● Lecture Halls:

SLS Nagpur has 20 ICT enabled spacious air-conditioned smart classrooms, fitted with learning aides such as Senses board, Projectors, Public Address System, Collar Mikes and Wi-Fi facility. The acoustic, well ventilated and air-cooled lecture halls provide a perfect learning environment for the students. Assembly Hall SLS Nagpur has a well-furnished, techno acoustic, and air-conditioned Assembly Hall with capacity of 200 students. Equipped with ICT tools, it is aptly suited for conducting interactive sessions, seminars, workshops and guest lectures by legal stalwarts.

● Conference Hall:

SLS Nagpur has a well-furnished, air conditioned and ICT enabled conference hall that can accommodate around 40 people and is aptly suited for conducting interactive sessions, workshops, seminars and presentations.

● Moot Court Hall:

Participating in a moot court competition develops skills that are crucial for growing into a successful lawyer. Mooting as an activity aims to inculcate and improve the research, presentation and argument talent into students so as to equip the budding pleaders with all the courtroom etiquettes, research experience and advocacy skills. SLS Nagpur, moot court hall provides capacity of 250 students equipped with proper judicial settings, wherein the

presentation skills and talents in argument of students are screened and further students are notified about the areas of improvement on routine basis. Apart from this, the Moot Court Association (MCA) organizes and hosts Intra Moot Courts and National-level Moot Court competitions.

- **Library:**

Recognizing that a law library in true sense is the treasure house for a law student, it is an indispensable component of the SLS Nagpur. To support the dynamic curriculum of Symbiosis Law Programme SLS Nagpur has a well-equipped library with the best and the most updated electronic resources and technologies. The Library exhibits a perfect blend of traditional print resources and online legal databases. The Print resource collection includes text books, reference books, bare acts, bound volumes of law journals & law reports, periodicals and magazines. The technology-based learning resource includes various Legal databases viz. Westlaw India, LexisNexis, Hein Online, Manupatra, SCC Online etc. along with a myriad of e-journals. Additionally, to foster a research acumen in students, access to digital libraries like JSTOR, NDL etc. and research tools like Turnitin, Grammarly are provided. Additionally, the Research and Publication Cell and Specialised Centres facilitate students to hone their research skills and provide sustainable solutions to issues in the industry and society. It houses a separate section for book lending and book bank facility. The library has an earmarked peaceful reading hall and a separate e-library with a research section for mooters, discussion tables along with separate consultation rooms.

- **ICT Resource Centre:**

SLS NAGPUR has a distinct, 120 capacity ICT Resource Centre (Computer Lab) for providing e-learning initiative amongst learners and hands on training to access and use various online legal databases. The centre provides a perfect platform for conducting online exams, e-research assignments, video lectures etc.

- **Hostel:**

SLS NAGPUR provides separate air conditioned hostels for Boys and Girls. It includes all basic amenities to provide a conducive learning environment and comfortable living. Every Hostel building encompasses basic facilities to cater the daily requirement of students.

- **Canteen and Mess:**

SLS, NAGPUR campus has a distinct canteen to cater to the requirements of students. It offers multi cuisine dishes at a concessional rate. The canteen is equipped with modern amenities to ensure hygiene and balanced and nutritional diet of the students.

- **Health Services and Health Insurance:**

The Health Centre provides all emergency health services and covers all students under a unique and novel medical insurance scheme with a free and compulsory annual health check-up. A well-equipped and modern gymnasium with a yoga hall is within the campus. Sports facilities on campus includes Indoor facilities and courts for Badminton, Basketball, Futsal courts, Table tennis are available. In-house Competitions, Inter-college competitions and National Sports competitions are organised for students' holistic development.

- **Auditorium:**

The auditorium with a seating capacity of 950 guests, is a State-of-art centrally air-conditioned auditorium equipped

with all the modern facilities required for E-learning through latest technology to enable this student to keep them abreast of the latest globally emerging trends.

Orientation and Pedagogy:

At SLS Nagpur, teaching methodology is essentially learner centric and research - oriented, strengthening students in reflective and critical thinking skills along with value - orientation. Modern teaching methods are used in a convergent manner along with the lecture method. These include the class Room Presentations, Group Discussions, Seminars, Case Studies, Socratic Method, Project- based method, and computer assisted learning and experiential learning. The curriculum and pedagogy are designed around the latest Quality Initiatives in legal education. These efforts are reciprocated by the participation of all the stakeholders including the members of the bar and bench, corporate sector, govt. and international experts. There is a strong focus on Research oriented learning in the Post Graduate Programme with the aspirations of developing higher order thinking skills. This pedagogical tool and the evaluation focusses on development and enhancement of skills in reviewing the state of research, methodological skills, skills in reflecting on research findings, communication skills, and content knowledge.

**Dr. Sunil George**

Director

Director Profile:

Dr. Sunil George, Director at Symbiosis Law School, Hyderabad, has a distinguished career spanning over 28 years in both academia and administration.

Dr. George's corporate experience spans 14 years in administration and legal departments at notable organizations, including Aker Powergas Private Limited, Capita Offshore Services, TCG Software Services, Bharti Airtel, and Indiainfo.com. He later transitioned to academia, dedicating the last 14 years to shaping future legal professionals. His expertise encompasses Business Law, Company Law, Contract Law, Corporate Finance, Mergers & Acquisitions, Property Law, Criminal Law, and Constitutional Law.

Dr. George has presented papers in National & International Conferences & Seminars and has published papers in various journals of National & International repute.

Beyond academics, Dr. George is passionate about environmental conservation, actively engaging in efforts to protect rivers, water bodies, mangroves, and natural habitats, particularly in the Charkop area of Mumbai.

Institute Profile:

Symbiosis Law School (SLS) Hyderabad was established in 2014 inheriting splendid novelty, dynamism and excellence in education of Symbiosis International (Deemed University), Pune. Symbiosis Law School Hyderabad is founded on pillars of expertise, justice and Service and is committed to impart quality legal education confirming to acclaimed International standards.

SLS, Hyderabad is cocooned in the upcoming educational zone with state of art infrastructure catering impending needs of student community. It is located in the Modallaguda village Rangareddy district, of Telangana near Hyderabad.

It has expertise in imparting quality legal education through competent and well qualified teaching staff, techno-driven research culture, Internationalization, centers of excellence, training and skill enhancement programmes, moot courts and the like. It is committed to contribute to the justice mission of the state by initiating pro-bono activities to help poor and marginalized people through community lawyering, legal aid camps and permanent legal aid clinics. It endeavors to create value conscious skilled lawyers with par excellence serving dynamic needs of the community through Bar and Bench.

The curricular enrichment is ensured with the involvement of judges, eminent lawyers, International jurists, industry experts etc and best practices are reflected in teaching-learning pedagogy. SLS, Hyderabad believes in holistic development of nascent legal minds and ensures learning beyond classroom by planning field visits and workshops in collaboration with various stake holder and NGOs. It provides conducive and competitive learning

environment by encouraging students to take part in national and International competitions.

Symbiosis Law School Hyderabad is committed to hone professional skills of students to be recruited in preeminent law firms, corporate houses, Judiciary, Civil Services, banks, insurance companies, NGO's and the like. The value of Symbiosis Law School lies in its legacy, quality and excellence with well-defined personal care and progress strategy.

Orientation and Pedagogy:

The methodology is essentially learner-centered and research-oriented, strengthening students in reflective and critical thinking skills along with value orientation. Predominantly, the seminar method is used in a convergent manner, along with the lecture method. These include the Class Room Presentations, Group Discussions, Seminars, Case Studies, Socratic Method, Project-Based Method, Computer Assisted Learning and Experiential Learning through an internship.

The curriculum and pedagogy are designed around the latest quality initiatives in legal education. These efforts are reciprocated by the participation of all the stakeholders including the members of the bar and bench, corporate sector, govt. and international experts.

Dr. Neha Parashar
Director

Director Profile:

Dr. Neha Parashar is a distinguished academician with over two decades of experience in the field of finance and management education. She holds a Ph.D. in Behavioral Finance (2008) and is a Gold Medalist (University Topper) in both MBA and M.Com programs. Her academic and research interests encompass a wide array of domains including financial markets, financial services, FinTech, behavioral finance, corporate governance, wealth management, financial planning, security analysis and portfolio management (SAPM), financial management (FM), and mergers and acquisitions. She has actively contributed to the scholarly community by presenting research papers at various national and international conferences and publishing in several peer-reviewed journals.

Dr. Parashar is actively engaged in training and executive education, having conducted specialized sessions for reputed institutions like the Reserve Bank of India (RBI) and Union Bank of India (UBI) in the areas of accounting and finance. Her excellence in academia and contribution to education have been recognized through several prestigious accolades, including:

- India's Best Finance Teacher by the Association of International Wealth Management of India (AIWMI)
- Innovative Leader Award by Stars of the Industry Group
- Best Young Teacher Award in Management by Academisthan Foundation
- Most Influential Women in Academics 2020 by Education Ninja & Academy of Management Professionals (AMP)
- Indira Parikh 50 Women in Education Leaders by World Education Congress
- 100 Most Dedicated Professors by World Education Congress

She is also the author of the book titled "Mutual Fund and Investors", published by Classical Publishing House, New Delhi. In pursuit of academic enrichment, she successfully completed a five-month Faculty Development Programme organized by the Indian Institute of Management, Ahmedabad (IIM-A)—one of India's most prestigious academic institutions.

Institute Profile:

Symbiosis School of Banking and Finance (SSBF), a constituent of Symbiosis International (Deemed University) (SIU), was established in 2010 with a focused vision to develop industry-ready professionals for the Banking, Financial Services, and Insurance (BFSI) sector. The institute offers a full-time, two-year residential program Master of Business Administration (Banking And Finance), designed to address the evolving needs of the financial services industry. SSBF is distinguished by its exclusive specialization in the BFSI domain and a dynamic curriculum that is regularly updated based on insights from industry leaders, alumni, and its distinguished Advisory Board. This

ensures that students receive education aligned with current industry trends and expectations.

With the rapid expansion of the BFSI sector, there is a growing demand for qualified professionals. SSBF plays a pivotal role in fulfilling this need by equipping students with domain-specific skills and practical exposure. Students from across India, aspiring to build careers in banking and finance, are drawn to SSBF's specialized programs and industry-integrated approach.

SSBF offers Dual Degree Programmes with Aston University UK and Macquarie University, Australia. SSBF also designs and delivers customized training modules to meet the diverse talent upskilling and reskilling needs of organizations within the BFSI space, thereby strengthening academia-industry collaboration.

Programme Profile:

- **Master of Business Administration (Banking and Finance)**

The Master of Business Administration (Banking and Finance) program with specialization in Fintech/Financial Services is designed with an objective to disseminate relevant knowledge and provide skills to students such that they function effectively in the challenging environment of the Banking, Finance and Insurance (BFSI) sector. The specializations will help equip and empower students with the knowledge and skill required to prosper in the dynamic technology-driven financial environment. The program develops future BFSI leaders with requisite skills through robust curriculum and collaborative initiatives to excel in the dynamic global environment

Areas of specialization offered:

- Financial Services
- Fintech
- Insurance Management
- Audit and Compliance
- Marketing Analytics

- **Master of Business Administration (Banking and Finance) (Dual Degree, with Aston University, UK)**

The Dual Degree Program MBA (Banking and Finance) program with specialization in Financial Services and MSc in Finance is designed with an objective to disseminate relevant knowledge and provide skills to students such that they function effectively in the challenging global environment of the Banking, Finance and Insurance (BFSI) sector. This Dual degree program allows you to earn two Master degrees within two years. This unique opportunity is tailor-made and offered to you by Symbiosis School of Banking and Finance with our partner university - Aston University, UK The specializations will help equip and empower students with the knowledge and skill required to prosper in the dynamic technology-driven financial environment. The program develops future BFSI leaders with requisite skills through robust curriculum and collaborative initiatives to excel in the dynamic global environment.

- **Master of Business Administration (Banking and Finance) (Dual Degree, with Macquarie University, Australia)**

The Dual Degree Program MBA (Banking and Finance) program with specialization in Financial Services and Master of Banking and Finance with specialization in Financial Management is designed with an objective to disseminate relevant knowledge and provide skills to students such that they function effectively in the challenging global environment of the Banking, Finance and Insurance (BFSI) sector. A candidate who has completed a qualifying degree from any Foreign University must obtain an equivalence certificate from the Association of Indian Universities (AIU).

All foreign degrees/ qualifications need to be verified from AIU by the candidate before seeking admission to any program of SIU.

The Evaluation Division of the Association of Indian Universities (AIU) issues equivalence certificate for foreign degrees/qualifications.

Additionally for dual degree programme student needs to secure at least 6.5 GPA in the first semester at SSBF

Eligibility Requirement at Aston University (in addition to the above)

60% overall in Bachelor's Degree | 6 out of 10 GPA | 4.2 out of 7 GPA + a content minimum of 50% from any one of the following areas:

Economics(micro/macro), Statistics, Quantitative Methods, Mathematics, Finance

A minimum of 75% (CBSE/ISC) or 80% (State Board/NIOS) in Standard 12th English for the reasons of compliance OR 6.5 (3 bands at 6.0, and 1 band at 5.5) in IELTS

Letter of Recommendation (LOR) from your previous institute or employer.

Please see <https://www.aston.ac.uk/study/courses/finance-msc>, for more details.

Prior work experience is preferred however not mandatory. Work experience/Internship document to be provided, if applicable.

- **Master of Business Administration (Banking and Finance) (Dual Degree, with Macquarie University, Australia)**

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

SNAP Entrance Test, GEPI

Orientation and Pedagogy:

SSBF follows innovative teaching pedagogies where the classroom environment is interactive where participative learning permits a free flow of ideas between faculty & students. It comprises of:

Group Discussions, Scenario Analysis

- Case Studies, Presentations, Role Plays and Field Work
 - Analytical Sessions, Simulations and problem-solving exercises
 - Seminars and formal lectures
 - Research paper discussions
 - Article and Report writing
 - Access to SWAYAM courses
 - Online collaborative platforms with NSE Academy are embedded in the curriculum for providing technology enabled learning environments and developing non-cognitive competencies - through certifications and virtual trading lab
 - Financial literacy workshops are conducted by students under the guidance of faculty members as a part of experiential learning for undergraduate students of other Symbiosis institutes, school children, SHG women of nearby villages
 - Use of Moodle Learning Management System (LMS) to facilitate the teaching, learning and evaluation process
 - Strong emphasis on business analytics with hands-on training on R, Python, Tableau, Power BI, SQL and SPSS.
 - Access to Bloomberg Terminals to empower students with hands-on knowledge of markets and finance.

Dr. Sammita Jagdish Jadhav
Director and Professor

Director Profile:

An accomplished professional with over two decades of experience in the healthcare industry, Dr. Sammita Jadhav holds an esteemed position as the Director of Symbiosis Institute of Health Sciences. She has made significant contributions to the field, serving as a resource person on the National Task Force of the National Initiative of Allied Health Services (NIAHS), under the Ministry of Health and Family Welfare, Government of India. Dr. Jadhav's exceptional qualifications include graduating from the renowned B.J. Medical College, Pune, where she excelled in her Doctor of Medicine degree with a specialization in Pathology, and obtained a Ph.D. in Healthcare Management from Symbiosis International (Deemed University) under the Faculty of Medical and Health Sciences.

Notably, Dr. Jadhav has been instrumental in the commissioning of the Symbiosis University Hospital and research Centre, a state-of-the-art healthcare facility comprising 900 beds, as well as the Symbiosis Medical College for Women in Pune.

As a respected Ph.D. supervisor, Dr. Jadhav currently guides eight Ph.D. scholars emphasizing her dedication to research. Her work has been recognized through numerous research publications in esteemed national and international journals indexed in Scopus and Web of Science. Notably, her paper on 'Clinico-pathological Correlation in Dengue Fever: A case study of 200 adult patients' earned her the prestigious Best Paper award at the Mapcon conference of the Indian Association of Pathologist and Microbiologist (IAPM).

With her vast expertise and leadership, Dr. Jadhav continues to elevate the Healthcare Management, Public Health, Paramedical Technology and the Behavioural Sciences departments at Symbiosis Institute of Health Sciences. She serves on the elite Board of Studies, Faculty of Medical and Health Sciences, Board of Examination, Academic Council and the Executive Council at Symbiosis International (Deemed University); Board of Studies at KLE University and is a member, Research Advisory Committee (RAC) for the doctoral Programme at Datta Meghe Institute of Higher Education and Research (Deemed to be University).

During the COVID-19 pandemic Dr. Jadhav has taken leadership positions in Public Health advocacy, digitalization of the hospital processes, promotion of Telehealth platforms and promoting online healthcare education.

Known for her exceptional talents in creating collaborations, teambuilding abilities, communication skills and leadership qualities, she is popular amongst healthcare professionals, healthcare industry and the academia for her expertise in Healthcare Management, Climate change in Healthcare, Nutrition and Dietetics, Paramedical Technology, Public Health, Allied Health Education, Biosafety and Bioethics, Laboratory Management, Quality Assurance and Accreditation. In recognition of her contributions, Dr. Jadhav was honoured as a 'Pioneering Leader in Healthcare Management and Education' at the Education Excellence Awards & Summit 2024, organized by Academic Insights.

Dr. Jadhav has been invited as key note speaker at various conferences, and has given talks at various fora including NATHEALTH, MTal, AmRef, VIF, CII, FICCI, RESCARE, Indian Society of Radiographers and Technologists and at the Annual Best of Brussels Symposium on Intensive care & Emergency Medicine.

Dr. Jadhav has a keen interest in internationalization of Indian universities and is presently the regional representative-Africa; working in Allied health education advocacy and manpower training in Paramedical Technology in African countries; especially in Tanzania, Kenya, Rwanda, and Burundi and South Africa.

She has travelled widely to U.K., France, Italy, Netherlands, Czech Republic, Dubai, Oman, Singapore, Thailand, Austria, Belgium, Switzerland, Nepal and Sri Lanka as a result of her effort in Internationalization, education, skill training and Public Health initiative.

Symbiosis International (Deemed University) is based on the principles of the Vedic thoughts of “Vasudhaiva Kutumbakam- World is one Family” and Dr. Sammita Jadhav firmly believes in contributing towards this principle through various activities and initiatives at SIHS.

Institute Profile:

Symbiosis Institute of Health Sciences (SIHS) has conceptualized & implemented unique, innovative, career-oriented Programmes to raise a cadre of industry-ready healthcare professionals. A conducive ecosystem of SIHS comprising experienced faculty, Symbiosis University Hospital & Research Centre (SUHRC) and Symbiosis Arogya Dham nurtures the teaching learning process. At SIHS, we encourage a symbiosis of thought, word & action of all such professionals who would address diverse issue of health in its totality. SIHS emphasizes on equipping the healthcare professionals with the appropriate skill sets required to survive this age of fierce competition and specialization. The institute carries a legacy of more than 20 years in healthcare management education. In recognition of the significant contribution of SIHS in healthcare education, Symbiosis Institute of Health Sciences (SIHS) has been ranked No. 14 among India's top 50 Non-IIMs B-schools in the prestigious Academic Insights survey 2023. The multi-disciplinary faculty representing various disciplines of healthcare education are drawn from the academia and industry. Their diverse backgrounds and immense experience provide valuable insights making the pedagogy practice oriented. SIHS is equipped with the finest infrastructure, the institute adopts latest technology to facilitate student learning. The state-of-the-art classrooms are equipped with interactive displays and inbuilt audio systems. SIHS also provides ample opportunities for students who wish to participate in co-curricular and extra-curricular activities. Its in-house cricket ground, swimming pool, basketball court, gym, yoga/fitness centre and indoor badminton courts give students a chance to participate in sports activities beyond academics.

Programme Profile:

- **Master of Business Administration - Hospital & Healthcare Management (MBA HHM)**

The two-year full time Master of Business Administration - Hospital & Healthcare Management, MBA (HHM) is a residential Programme with electives in Pharmaceutical management, Healthcare IT and Healthcare Insurance. MBA (HHM) curriculum focuses on equipping students with the knowledge and skills required for the management of healthcare organizations such as Hospitals, Pharmaceuticals, IT, Insurance, Clinical research, Equipment manufacturing, Public healthcare establishments, Consultancies, NGOs, Wellness industry and the like. The Programme aims at adopting a synergistic blend of academic knowledge and pragmatic orientation of the healthcare domain to create professionals with contemporary managerial techniques.

MBA (HHM) Programme offers the following three Specializations

- **Pharmaceutical Management**
- **Information Technology in Healthcare**
- **Health Insurance**

MBA in Hospital and Healthcare Management Programme places a prime focus on the technological and geopolitical forces reshaping the industry. A central component is the integration of Artificial Intelligence (AI) and Digital health, equipping students with the skills to leverage Data Analytics, Machine Learning, and Telehealth platforms to optimize operations, improve patient outcomes, and drive innovation. Concurrently, the curriculum emphasizes Global Health Diplomacy, preparing future leaders to navigate complex international health challenges, such as cross-border disease outbreaks and unequal access to medical technologies. This focus on technology and global relations ensures graduates are prepared to lead in a dynamic, interconnected healthcare landscape. The Programme facilitates a strong connection with the healthcare industry by organizing high-impact academic events. These include CXO Meet, SYMHEALTH, and Healthconfluence conferences, which provide students with invaluable networking opportunities and direct exposure to industry leaders and emerging trends. These events are integral to the curriculum, bridging the gap between academic learning and real-world professional practice.

The USPs of the MBA (HHM) Programme are –

- Experiential learning at 900 bedded SUHRC Hospitals
- Choice base credit systems with 3 unique specialisations
- Industry relevant curriculum
- Innovative pedagogy
- 2 months comprehensive Summer Internship Programme
- Guest lectures and workshops
- Training at Public health sector establishments and NGOs

Symbiosis University Hospital & Research Centre (SUHRC)-

The quality of education, excellent teaching facility and experiential learning at the attached Symbiosis University Hospital and Research Center (SUHRC) makes the MBA (HHM) at SIHS unique.

Symbiosis University Hospital & Research Centre (SUHRC) is the hospital attached to the Symbiosis Medical College for Women (SMCW). SUHRC is currently a 900 bedded hospital and is located within the Symbiosis International University campus at Lavale, Pune.

- **Master of Science in Paramedical Technology (M.Sc. PT)**

With continuous advancements in technology and the introduction of better diagnostic and treatment options, there is a growing demand for professionals trained to handle modern medical techniques. The fast-changing and expanding healthcare sector requires structured training Programmes across all allied fields. The M.Sc. Paramedical Technology Programme has been carefully designed by experts to meet these current needs. It combines strong academic learning with practical training to prepare future technologists for a wide range of advanced medical procedures.

The M.Sc. in Paramedical Technology Programme is a two-year full-time degree Programme conducted by the SIHS and it is structured in line with the National Commission for Allied and Healthcare Professions (NCAHP). This is a unique skill and competency-oriented Programme for budding technologists to provide in-depth knowledge in

the specific modality of Medical Technology and prepare the students for dynamic profiles in hospitals, healthcare industry, medical equipment companies, diagnostic laboratories, research centers, academics, and policy making in the government.

Programme Specializations

The M.Sc. in Paramedical Technology Programme offers specializations in the following areas:

- 1. Cardiac Care Technology:** The Cardiac Care Technologist is responsible for direct and indirect patient care, hemodynamic monitoring, equipment set up and operation. They assist the physician during cardiac procedures and assume responsibility for completion of other cardiac lab functions.
- 2. Respiratory Therapy Technology:** The Respiratory Therapy technologist is a key member of the medical team, specializing in diagnostics, treatments and procedures in the care of patients with respiratory problems. They evaluate, treat, and care for patients with breathing disorders.
- 3. Dialysis Technology:** Dialysis Technologists operate machines that remove waste and excess fluids from the blood of patients whose kidneys can no longer carry out those functions satisfactorily. The Programme is designed to provide competencies & technical skills necessary in the field of dialysis.
- 4. Medical Imaging Technology:** Medical Imaging Technologists are health professionals who facilitate diagnosis and management through the creation of medical imaging modalities like X-ray, Ultrasound, Magnetic Resonance and Computed Tomography.
- 5. Medical Laboratory Technology:** Medical Laboratory Technology is concerned with the analysis of biological specimens to support diagnosis and treatment of disease. Laboratory technologists perform a full range of laboratory tests, the information of which guides effective medical treatment.
- 6. Operation Theatre & Anaesthesia Technology:** The Operation Technologist is responsible for direct and indirect patient care, equipment set up, pre-operative, intra-operative & post-operative procedures.

USPs of M.Sc. Paramedical Technology Programme

- Academic Excellence with Clinical Integration – Learning in a unique ecosystem at Symbiosis Arogya Dham with strong community–hospital interface at Symbiosis University Hospital & Research Centre (SUHRC).
- Skill-Oriented & Competency-Driven Curriculum – Programme aligned with National Education Policy (NEP 2020), focusing on practical competencies, critical thinking, and problem-solving over rote learning.
- Hands-On Training in Real Clinical Settings – Extensive exposure through simulation labs, SUHRC postings, private & government hospitals, diagnostic centers, medical equipment companies, and healthcare IT & research organizations.
- Robust Research Culture – Opportunity to undertake projects, dissertations, and publications with access to global databases like DELNET, ProQuest, Emerald, J-STOR and SCOPUS.
- Experiential Learning Opportunities – Structured Summer Internship Programme (SIP) and On-Job Training (OJT) for industry readiness and career growth.
- Global Immersion & International Standards – Exposure to global healthcare practices through international collaborations, global immersion Programmes, and diverse peer learning.
- Expert Faculty & Innovative Pedagogy – Experienced faculty members and advanced teaching methods including case studies, discussions, simulations, and digital platforms.
- Diverse Career Pathways – Graduates are equipped for roles in hospitals, diagnostics, medical equipment

industries, healthcare IT, research, and academia.

- Career counselling and Placement assistance.
- Holistic Student Development – Equal emphasis on co-curricular, extracurricular, leadership, and entrepreneurial activities to foster well-rounded professionals.
- State-of-the-Art Infrastructure – Access to advanced biomedical labs, simulation centers, hospital-based training units, and digital learning resources that provide real-world skill development.

- **Master of Public Health (MPH)**

The curriculum of the Master of Public Health (MPH) Programme at Symbiosis International (Deemed University) is a mix of transdisciplinary courses to attain knowledge, competencies, skillsets, and values involving diverse and innovative pedagogies and instructional designs with an emphasis on problem solving and case-based learning, empowering the MPH graduates for the 21st century.

The Programme prepares professionals with the technical and managerial skills who strengthen the public health system. Further, it trains and develops a cadre of competent public health policy makers, managers, practitioners, educators, and researchers.

- **Master of Science (Assisted Reproduction Technology and Embryology) (M.Sc. ART&E)**

The scarcity of experienced embryologists with respect to the rising cases of infertility has created a high demand for such specialists. Infertility is still considered a weakness, rather than a disease across most of the country. Hence, the treatment requires a great deal of focus and empathy. In order to keep up with this demand we need well-trained and skilled embryologists. The objectives of the M.Sc. Assisted Reproduction Technology & Embryology Programme are to develop skilled embryologists keeping them up-to-date with relevant technologies in the Assisted Reproductive Technology & Embryology field.

This M.Sc. Assisted Reproductive Technology & Embryology Programme is a synergistic blend of academic knowledge and practical intricacies to train potential embryologists in performing a wide range of technologically advanced procedures in the embryology field. The complete holistic learning experience makes SIHS one of the best M.Sc. Assisted Reproductive Technology & Embryology colleges. These students will be in a position to take up leadership roles and competently assist fertility specialists, especially in high-tech assisted reproductive techniques, to cater to the healthcare industry globally. The M.Sc. Assisted Reproductive Technology & Embryology Programme, a two years full-time degree Programme conducted by the SIHS, is a unique skill and competency-oriented Programme for budding embryologists to provide in-depth knowledge in the specific modality of assisted reproduction technology and prepare the students for various key positions in IVF centers, the healthcare industry, and research centers.

The USPs of the M.Sc. Assisted Reproductive Technology and Embryology Programme are –

- **Futuristic Global Curriculum**
- **Experienced faculty with interdisciplinary and innovative teaching methods**
- **Supervised experiential Learning at High-Tech IVF Centres and Assisted Reproductive Clinics**
- **Expert-led workshops and participate in National and International conferences**
- **Career counselling and Placement assistance**

- **Master of Science (Behavioural Health Sciences)**

A Holistic, NEP-Aligned Approach for Future-Ready Professionals.

The M.Sc. Behavioural Health Sciences is a cutting-edge postgraduate Programme designed to prepare students for impactful careers in the rapidly evolving field of mental and behavioural health. Aligned with the National Education Policy (NEP), this multidisciplinary Programme bridges the gap between traditional psychology degrees and the growing demand for workforce-ready behavioural health professionals.

A Behavioural Health Sciences professional is trained in the scientific study of emotions, behaviours, and biological processes that influence mental well-being, day-to-day functioning, and self-perception. Unlike conventional definitions of “mental health,” the term “behavioural health” encompasses a broader and more integrative approach. It includes professionals such as counsellors, behaviour analysts, psychologists, educators, and support workers who provide therapeutic, counselling, and mediation services across individual, familial, and community settings. This Programme is specifically crafted to respond to current challenges in the sector, including social stigma, a fragmented healthcare system, and a shortage of trained professionals. The curriculum focuses on building:

- Clinical expertise through hands-on training and clinical postings
- Research capabilities with supervised projects and evidence-based methodologies
- Practical skills via state-of-the-art simulation and skills labs

Graduates emerge as competent, compassionate, and future-ready professionals equipped to make meaningful contributions in hospitals, schools, corporate wellness Programmes, NGOs, and policy-making bodies.

Duration of the Programme:

- **Master of Business Administration - Hospital & Healthcare Management (MBA HHM)** : 2 years, Full Time, Residential programme
- **Master of Science in Paramedical Technology (M.Sc. PT)** : 2 years, Full Time, Non-Residential programme
- **Master of Public Health (MPH)** : 2 years, Full Time, Non-Residential programme
- **Master of Science (Assisted Reproduction Technology and Embryology) (M.Sc. ART&E)** : 2 years, Full Time, Non-Residential programme
- **Master of Science (Behavioural Health Sciences)** : 2 years, Full Time, Non-Residential programme

Intake:

- **Master of Business Administration - Hospital & Healthcare Management (MBA HHM)** : 120 Students
- **Master of Science in Paramedical Technology (M.Sc. PT)** : 30 Students
- **Master of Public Health (MPH)** : 20 Students
- **Master of Science (Assisted Reproduction Technology and Embryology) (M.Sc. ART&E)** : 30 Students
- **Master of Science (Behavioural Health Sciences)** : 30 Students

Eligibility

- **Master of Business Administration - Hospital & Healthcare Management (MBA HHM)**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste / Scheduled Tribes).

- **Master of Science in Paramedical Technology (M.Sc. PT)**

Cardiac Care: Graduate from any statutory university with B.Sc. degree in Medical Technology with Cardiac Technology as specialization or equivalent from a recognized university/ Institution of National Importance. OR Bachelors in Life Sciences from a recognized University / Institution of National Importance and diploma / certificate Programme in Cardiac Technology / minimum one year of work experience in the department of Cardiology from a reputed institute / related field OR Bachelors in Medicine / Ayurveda / Homeopathy / Unani / Physiotherapy / Nursing from a recognized University / Institution of National Importance.

Respiratory Therapy: Graduate from any statutory university with B.Sc. degree in Medical Technology with Respiratory Therapy as specialization or equivalent from a recognized university/ Institution of National Importance. OR Bachelors in Life Sciences from a recognized University / Institution of National Importance and diploma/ certificate Programme in Respiratory Therapy / Technology / minimum one year of work experience in the department of Respiratory Care from a reputed institute / related field OR Bachelors in Medicine / Ayurveda / Homeopathy / Unani / Physiotherapy / Nursing from a recognized University / Institution of National Importance.

Imaging Sciences: Graduate from any statutory university with B.Sc. degree in Medical Technology with Imaging Sciences as specialization or equivalent from a recognized university/ Institution of National Importance OR Bachelors in Physics or Life Sciences as major or equivalent from recognized university / Institution of National Importance with diploma/ certificate Programme in Imaging Sciences / minimum one year of work experience in the department of Radiology from a reputed institute / related field OR Bachelors in Medicine / Ayurveda / Homeopathy / Unani from a recognized University / Institution of National Importance.

Clinical Laboratory: Graduate from any statutory university with B.Sc. degree in Medical Technology with Clinical Laboratory Technology as specialization / Clinical Laboratory Science or equivalent from a recognized university/ Institution of National Importance OR Bachelors in Life Sciences or equivalent from recognized university / Institution of National Importance with diploma / certificate Programme in Clinical Laboratory / minimum one year

of work experience in the department of Clinical laboratory from a reputed institute / related field OR Bachelors in Medicine / Ayurveda / Homeopathy / Unani from a recognized University / Institution of National Importance.

Dialysis and Renal Technology : Graduate from any statutory university with B.Sc. degree in Medical Technology with Dialysis as specialization or equivalent from a recognized university/ Institution of National Importance OR Bachelors in Life Sciences or equivalent from recognized university / Institution of National Importance with diploma/ certificate Programme in Dialysis/Renal Technology / minimum one year of work experience in the department of Dialysis / Renal Sciences from a reputed institute / related field OR Bachelors in Medicine / Ayurveda / Homeopathy / Unani / Physiotherapy / Nursing from a recognized University / Institution of National Importance.

OT and Anesthesia Technology: Graduate from any statutory university with B.Sc. degree in Medical Technology with OT & / Anesthesia as specialization or equivalent from a recognized university/ Institution of National Importance OR Bachelors in Life Sciences or equivalent from recognized university / Institution of National Importance with diploma/ certificate Programme in OT/Anesthesia Technology / minimum one year of work experience in the department of OT/Anesthesia Technology from a reputed institute / related field OR Bachelors in Medicine / Ayurveda / Homeopathy / Unani / Physiotherapy / Nursing from a recognized University or / Institution of National Importance.

- **Master of Public Health (MPH)**

Graduate from any recognized University / Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Castes / Scheduled Tribes).

- **Master of Science (Assisted Reproduction Technology and Embryology) (M.Sc. ART&E)**

B.Sc degree in Life Sciences / Biology / Botany / Zoology / Biochemistry / Microbiology / Biotechnology / Basic Sciences/ Veterinary Sciences

OR Bachelors in Medicine / AYUSH (Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homeopathy) / Allied Healthcare / Medical Technology

OR equivalent as decided by competent authority from a recognized university/ Institution of National Importance.

- **Master of Science (Behavioural Health Sciences)**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% Marks or equivalent grade for Scheduled Caste / Scheduled Tribes)

preferably Graduate in Psychology, Mental Health, Social Sciences, Behavioural Sciences or any related field.

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

- **Master of Business Administration - Hospital & Healthcare Management (MBA HHM)**

1. A candidate aspiring to join an MBA (HHM) Programme has to take the common, mandatory Symbiosis National Aptitude (SNAP) Computer Based Test (CBT), which will be conducted at Test Centres across India.
2. Academic Profile Score will be computed on the basis of weights assigned to academic performance in 10th Std., 12th Std. Graduation and extracurricular.
3. SNAP Test Score and Academic Profile Score will form the basis for short listing candidates for Group Exercise (GE), Personal Interaction (PI).

- **Master of Science in Paramedical Technology (M.Sc. PT)**

1. Online Registration on <https://www.sih.edu.in>
2. Personal Interaction with shortlisted candidates.
3. Selection will be intimated to the candidate through email.
4. Admission process will be completed after the verification of all the submitted documents and payment of 1st instalment of academic fees.

- **Master of Public Health (MPH)**

1. Online Registration on <https://www.sih.edu.in>
2. Personal Interaction with shortlisted candidates.
3. Selection will be intimated to the candidate through email.
4. Admission process will be completed after the verification of all the submitted documents and payment of 1st instalment of academic fees.

- **Master of Science (Assisted Reproduction Technology and Embryology) (M.Sc. ART&E)**

1. Online Registration on <https://www.sih.edu.in>
2. Entrance examination and Personal Interaction with shortlisted candidates.
3. Selection will be intimated to the candidate through email.
4. Admission process will be completed after the verification of all the submitted documents and payment of 1st instalment of academic fees.

- **Master of Science (Behavioural Health Sciences)**

1. Online Registration on <https://www.sih.edu.in>
2. Upon registration the candidate will receive Statement of Purpose (SOP) submission link through email.
3. Upon SOP selection, the candidate will be called for personal interaction.
4. Selection will be intimated through email.
5. Admission process will be completed after the verification of all the submitted documents and payment of the first instalment of academic fees.

Important Dates

- **Master of Business Administration - Hospital & Healthcare Management (MBA HHM)**

Particular	Date
SNAP 2025 Registration and Payment Commence	August 01,2025 (Friday)
SNAP 2025 Registration and Payment Closes	November 20, 2025 (Thursday)
Admit Card Live On (www.snaptest.org)	SNAP 01: November 28,2025 (Friday)
Timings of the tests will be communicated to the candidates via their Admit Cards	SNAP 02: December 08, 2025 (Monday)
	SNAP 03: December 15, 2025 (Monday)
SNAP Computer Base Test (CBT) 2025	SNAP 01: December 06, 2025 (Saturday)
	SNAP 02: December 14, 2025 (Sunday)
	SNAP 03: December 20, 2025 (Saturday)
Announcement of Result	January 09, 2026 (Friday)
SIHS Registration/Payment closes on	December 25, 2025 (Thursday)
Declaration of shortlisting for GE-PI	January 16, 2026 (Friday)
Dates of GE-PI (Group Exercise – Personal Interaction) Process	12, 13, & 14 February, 2026
(Thursday, Friday & Saturday)	
Declaration of First Merit List	February 23, 2026 (Monday)
Programme Commencement	June 9, 2026 (Tuesday)

- **Master of Science in Paramedical Technology (M.Sc. PT)**

Details	Date
Registration open	1st March 2026, Sunday
Closure of Registration	31st July 2026, Friday
Personal Interaction	Rolling basis: 7th April and 21st April, 5th May and 19th May, 05th June and 19th June, 07th July and 21st July and 4th August 2026.
First Merit List	28th April 2026, Tuesday
Programme Commencement	04th August 2026, Tuesday

- **Master of Public Health (MPH)**

Details	Date
Registration open	03 March 2026 (Tuesday)
Closure of Registration	26 August, 2026 (Wednesday)
Personal Interaction	Rolling basis: 17 March and 31 March; 15 April and 29 April; 12 May and 26 May; 9 June and 23 June; 7 July and 21 July; 4 August and 18 August, 2026
First Merit List	24 March 2026 (Tuesday)
Programme Commencement	4 August 2026 (Tuesday)

- **Master of Science (Assisted Reproduction Technology and Embryology) (M.Sc. ART&E)**

Details	Date
Registration open	1st March 2026 (Sunday)
Closure of Registration	31st July 2026 (Friday)
Personal Interaction	Rolling basis: 7th April and 21st April, 5th May and 19th May, 05th June and 19th June, 07th July and 21st July and 4th August 2026.
First Merit List	28th April 2026 (Tuesday)
Programme Commencement	04th August 2026 (Tuesday)

- **Master of Science (Behavioural Health Sciences)**

Particular	Date
Registration open	13 February 2026 (Friday)
Closure of Registration	15 July 2026 (Wednesday)
Personal Interaction	Rolling basis: 10 March 2026 and 24 March 2026, 8 April 2026 and 27 April 2026, 8 May 2026 and 26 May 2026, 9 June 2026 and 23 June 2026, 7 July 2026 and 17th July, 2026
First Merit List	31st March, 2026 (Tuesday)
Programme Commencement	3 August 2026 (Monday)

Disclaimer: These dates are tentative and are subject to change. Any changes will be reflected on the institute website <https://www.sih.edu.in>

Orientation and Pedagogy:

- **Master of Business Administration - Hospital & Healthcare Management (MBA HHM)**

The Programme is structured to incorporate both didactic teaching approaches, such as classroom lectures, along with experiential learning at SUHRC, Public Sector organizations, and similar institutions. The pedagogy for the Programme encompasses a diverse range of instructional techniques, including lectures, case studies, business games, simulation exercises, role plays, group discussions, field visits, industry-based projects, and reflective

thinking on the real-world problems and the learning process. The design of this Programme takes into account the impact that each of these learning strategies has on shaping the cognitive development of young students. During the designated year of academic study, students are required to participate in a two- month Summer Internship Project (SIP) within several areas of healthcare domains. These internships are conducted under the guidance and supervision of a faculty mentor. The course curriculum is enhanced by the inclusion of regular sessions conducted by distinguished guest lecturers, who provide valuable insights on current concerns within the healthcare industry. The integration of innovative pedagogical approaches and guest lectures delivered by industry professionals significantly contribute to the holistic development of the students, by academic curriculum which integrates acquisition of practical skills with theoretical knowledge.

- **Master of Science in Paramedical Technology (M.Sc. PT)**

The M.Sc. Paramedical Technology Programme is oriented towards developing expertise in diagnostics, therapeutic interventions, research, and healthcare innovation, while also fostering holistic personality development. The curriculum is globally aligned, incorporating international best practices and exposure to ensure students are trained to meet global healthcare standards. The pedagogy is skill-oriented, competency-driven, and learner-centric, blending synchronous and asynchronous academic delivery through lectures, case discussions, seminars, simulations, and digital platforms. Practical competencies are strengthened through extensive hands-on training at the Symbiosis University Hospital & Research Centre (SUHRC), complemented by structured Summer Internship Programmes (SIP) and On-Job Training (OJT).

Teaching is further enriched by international experts, practicing clinicians, and industry leaders, who bring diverse global perspectives into the classroom, ensuring that students are exposed to cutting-edge innovations and real-world applications. Research forms a critical component of the Programme, with opportunities for projects, dissertations, publications, and conference presentations under the guidance of mentors. Students also engage in journal clubs, workshops, and participation in national and international conferences, gaining exposure to the latest advancements and thought leadership in healthcare.

- **Master of Public Health (MPH)**

MPH Programme leverages the advantage of six faculties at SIU beyond the core Faculty of Health Sciences viz. Faculty of Humanities and Social Sciences, Faculty of Management, Faculty of Law, Faculty of Engineering, Faculty of Information Technology and Faculty of Media, Communication and Design.

Curriculum of the MPH Programme @ SIU is a mix of courses specific to each faculty to attain knowledge, competencies, and skill sets (including values) involving diverse and innovative pedagogies and instructional designs to develop a competency driven MPH Programme with emphasis on problem solving, case-based learning which will help produce MPH graduates for the 21st century. One of the hallmarks of the Programme is its research rigor & intensity. The emphasis would be to impart transformative learning. MPH has an important component of experiential learning where SCOPE and SUHRC facilities play a significant role.

- **Master of Science (Assisted Reproduction Technology and Embryology) (M.Sc. ART&E)**

The M.Sc. Assisted Reproductive Technology & Embryology Programme at Symbiosis Institute of Health Sciences (SIHS) is designed with a Futuristic Global Curriculum, ensuring that our students are prepared to meet international standards of excellence in Assisted Reproductive Technology (ART) and clinical embryology. The Programme, led by international experts, integrates strong academic foundations with extensive practical exposure, preparing

graduates to excel as skilled professionals in global healthcare opportunities

A distinctive feature of the Programme is its Experiential Learning at Multiple IVF Centres and Assisted Reproductive Clinics, where students gain immersive and diverse clinical training under the mentorship of seasoned practitioners. Alongside classroom-based learning, students spend a substantial portion of their academic journey at Symbiosis University Hospital and Research Centre (SUHRC), as well as other partner hospitals and ART/IVF centres in Pune. This integrated training model ensures two years of rigorous, hands-on skill development in real-world healthcare settings.

Our pedagogy blends synchronous and asynchronous learning modes, including lectures, discussions, case studies, and presentations. This approach enhances students' critical thinking, clinical decision-making, and research capabilities. In addition, students are guided through independent research projects under expert mentorship, culminating in publication opportunities thereby strengthening their academic and professional portfolios.

The Programme also provides numerous opportunities for students to attend expert-led workshops and participate in national and international conferences, fostering both skill development and professional networking. These platforms expose students to cutting-edge developments in embryology and reproductive sciences preparing them to excel in diverse career pathways.

To support career readiness, we offer End-to-End Placement Assistance, including CV building, soft skills training, and interview coaching. Graduates are well-prepared for career opportunities across academia, clinical practice, research, healthcare industry, and entrepreneurship. Students also benefit from Summer Internship (SIP) and On-Job Training (OJT) in IVF/ Assisted Reproductive clinics, hospitals, research institutes, and medical technology companies giving them direct exposure to the healthcare industry.

Furthermore, the Programme emphasizes holistic development. Through co-curricular and extra-curricular engagements, students cultivate confidence, leadership, and adaptability—qualities essential for success in today's dynamic professional landscape.

- **Master of Science (Behavioural Health Sciences)**

The M.Sc. (Behavioural Health Sciences) is a comprehensive two-year postgraduate Programme that offers rigorous and immersive training in psychological theories, behavioural principles, and evidence-based practices. The journey begins with a thoughtfully designed induction week, introducing students to the Programme structure, faculty, and administrative teams. Guest lectures by industry experts and outbound activities designed to foster peer bonding and team building.

The Programme's pedagogy is grounded in experiential, student-centered learning. It combines theoretical instruction with hands-on experiences through practical labs, clinical exposure, and field-based internships. The curriculum is enriched by blended learning strategies such as case analyses, group discussions, role-play simulations, peer-to-peer engagement, and reflective writing. Regular mentorship and constructive feedback ensure the integration of knowledge across academic, research, and clinical domains.

Students may choose to specialize in one of two key areas: Counselling Psychology or Health Psychology. Both areas culminate in a research dissertation and intensive internships to build field-readiness and applied competence.

Spanning four semesters, the Programme aims to develop ethical, skilled professionals who can contribute meaningfully to integrated health care systems. Graduates are equipped to promote mental well-being, support collaborative care, and enhance patient engagement through effective communication and psychological insight.

Fee Structure

(Annexure I)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INDIAN STUDENTS

Programme Fees For Master of Business Administration (Hospital & Healthcare Management)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 629,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For Master of Science in Paramedical Technology	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 230,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For Master of Public Health	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 262,500
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For Master of Science (Assisted Reproduction Technology & Embryology)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 280,500
Institute Deposit (Refundable)	₹ 20,000

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Lavale Hill Base Medical Campus Only)		1st Year Academic Year 2026-27 (Amount in ₹)
Mess Fees (Per Annum) @		₹ 119,600
Hostel Deposit (Refundable)		₹ 20,000
Hostel Fees (Different, subject to Sharing, Per Annum)@		
Twin Sharing		₹ 254,100
Three Sharing		₹ 168,900
Dormitory		₹ 92,000
New Dormitory		₹ 119,800

Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment for Master of Science (Assisted Reproduction Technology & Embryology)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 140,250	₹ 140,250	₹ 140,250	₹ 140,250
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 160,250	₹ 140,250		
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@ Hostel fees can be increased up to 15% each year and Mess Fees can be increased up to 10% each year.

Government taxes would be additional as and when applicable.

* Few seats are reserved as Discretionary Quota Seats. Only students with reasonable academic record and with good entrance test scores are considered for Discretionary Quota Seats. The fees for Discretionary Quota seats will be double of the academic fees of open category as approved by the Fee Structure Committee, to be paid to the institute by way of online transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU. Once admission is taken in Discretionary Quota, the fees applicable to Discretionary Quota will have to be paid by the student for the entire duration of the programme.

Health Confluence -2024, a conference on "Navigating Next-Gen Healthcare through Digitization and Skilling"

Fee Structure

(Annexure II)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027- INTERNATIONAL STUDENTS

Note : International students are admitted from two categories and the fees for each are as given below

(a) NRI, PIO, OCI Category

(b) Foreign National Category

(a) Fees Payable by the students taking admission in NRI, PIO, OCI Category.

Programme Fees For Master of Business Administration (Hospital & Healthcare Management)	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (per Annum) to be paid (A)	\$11,100
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$11,925

Programme Fees For Master of Science in Paramedical Technology	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (per Annum) to be paid (A)	\$4,300
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$5,125

SIHS organized World Kidney Day on 14th March 2024, highlighting "Kidney Health for All: Advancing Equitable Access to Care & optimal Medication Practice"

Programme Fees For Master of Public Health	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (per Annum) to be paid (A)	\$4,900
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$5,725

Programme Fees For Master of Science (Assisted Reproduction Technology & Embryology)	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (per Annum) to be paid (A)	\$5,200
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$6,025

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Lavale Hill Base Medical Campus Only)	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Mess Fees (Per Annum) @	\$1,400
Hostel Deposit (Refundable)	\$250
Hostel Fees (Different, subject to Sharing, Per Annum)@	
Twin Sharing	\$2,940
Three Sharing	\$1,960
Dormitory	\$1,070
New Dormitory	\$1,390

(a) Installment for Master of Business Administration (Hospital & Healthcare Management) Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$5,280	\$5,280	\$5,550	\$5,550
Institute Deposit (Refundable)	\$275	-	-	-	-
Hostel Deposit (Refundable)	-	\$250	-	-	-
Hostel Fees (Per Annum)	-	\$1,960	-	**	
Mess Fees (Per Annum)	-	\$700	\$700	**	**
Installment	\$1,365	\$8,190	\$5,980		
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

(a) Installment for Master of Science in Paramedical Technology (Student taking Admission in NRI, PIO, OCI Category)	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$1,880	\$1,880	\$2,150	\$2,150
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$1,880	\$1,880		
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

(a) Installment for Master of Public Health Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$2,180	\$2,180	\$2,450	\$2,450
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$2,180	\$2,180		
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

(a) Installment for Master of Science (Assisted Reproduction Technology & Embryology) Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$2,330	\$2,330	\$2,600	\$2,600
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$2,330	\$2,330		
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

(b) Fees Payable by the students taking admission in Foreign National Category.

Program Fees For Master of Business Administration (Hospital & Healthcare Management)	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$11,100
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$8,500
Academic Fees (per Annum) to be paid (A)	\$2,600
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$3,150

Program Fees For Master of Science in Paramedical Technology	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$4,300
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$2,350
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

Program Fees For Master of Public Health	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$4,900
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$2,950
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275

Programme Structure:

Master of Business Administration - Hospital & Healthcare Management (MBA HHM)

Semester: I

Generic Core Courses

- Principles and Practices of Management
- Business Communication
- Research Methodology
- Human Resource Management
- Organizational Behaviour
- Materials Management
- Financial Accounting
- Biostatistics and Basic Epidemiology
- Entrepreneurship
- Planning and Management of Hospitals Clinical Services and Engineering issues
- Planning and Management of Hospital Supportive Services
- Advanced Excel
- Creativity and Innovation
- Review of Literature - I
- Vasudhaiva Kutumbakam *

Semester: II

Generic Core Courses

- Essentials of Marketing Management
- Business Statistics
- Introduction to Financial Management
- Management Accounting
- Quality and Accreditation in Healthcare Sector
- An Overview of Health Insurance
- An Overview of Pharmaceutical Sector
- IT Applications for Healthcare

- Health Policies for Sustainability
- Health Regulatory Environment
- Business Analytics
- Operations Research
- Conceptualization and Management of Events - I
- Writing a Research Proposal: RM III
- Health and Wellness Module I #
- Health and Wellness Module II #
- Study Report : Public health Sector Undertakings / Healthcare Govt. agencies

Generic Elective Course Group (Choose any one course)

- An Overview of Clinical Research
- Design Thinking

Semester: III

Generic Core Courses

- Strategic Management
- Project Management
- Health Economics
- Organisation and Administration of Super Speciality Hospitals
- Service Operations Management
- Community Health
- MIS for Hospitals
- Conceptualization and Management of Events - II
- Summer Internship Programme
- Health and Wellness *

Generic Elective Course Group

- Healthcare Insurance -1
- Healthcare IT-1
- Pharmaceutical Management 1
- Business Modeling and Planning
- Introduction to Business Intelligence

Semester: IV

Generic Core Courses

- Corporate Governance and Ethics
- Industrial Regulatory Environment
- Talent Management
- Emerging Trends in Healthcare Sector
- Global Health Systems
- Non Profit Sector in Healthcare
- Dissertation

Generic Elective Course Group

- I

(Choose any one course)

- Basic French I
- Basic German I

Generic Elective Courses Group

- II

(Choose any one course)

- Healthcare Insurance-2
- Healthcare IT-2
- Pharmaceutical Management-2

Master of Science in Paramedical Technology (M.Sc. PT)

Semester: I

Generic Core Courses

- Biostatistics and Basic Epidemiology
- Research Methodology
- Teaching Methodology - I
- Vasudhaiva Kutumbakam *
- Generic Elective Course Group (Choose any one course)
- IT Applications for Allied Health Care
- Medical Physics
- Research Proposal Writing

Specialisation Core Courses:

Cardiac Care Technology

- Development of Cardiovascular System and Circulation (Fetal, Neonatal and Adult)
- Cardiology Basics and Chest Roentgenogram
- Etiopathogenesis of Heart Disease
- Electro-Physiology, ECG and Stress Test Technique

Specialisation Core Courses:

Respiratory Therapy Technology

- Cardiopulmonary Pharmacology
- Advanced Respiratory Therapy-I
- Cardiopulmonary Diseases
- Basic Sciences (Anatomy and Physiology)

Specialisation Core Courses:

Medical Imaging Technology

- Applied Physics in Medical Imaging
- Imaging Equipment (I) -X-Ray and Mammography
- Radiation Physics and

Protection

- Radiographic Photography

Specialisation Core Courses:

Medical Laboratory Technology

- Systemic Bacteriology
- Biochemistry
- Clinical Pathology
- Parasitology

Specialisation Core Courses:

Dialysis Technology

- Renal Anatomy and Physiology
- Aetio-Pathology of Renal Disease
- Renal Pharmacology
- Water Treatment

Specialisation Core Courses:

Operation Theatre and Anaesthesia Technology

- Patient Preparation
- Pre-Operative Patient Investigation
- Anesthetic Fitness Criteria and Pre Surgery Checklist
- Pre-Anesthetic Patient Assessment
- Infection Control in Operation Theatre

Semester: II

Generic Core Courses

- Review of Literature
- Business Statistics
- Pathology and Case Presentation-I
- Principles and Practices of Management
- Teaching Methodology -II
- Health and Wellness Module I

#

Generic Elective Course Group

(Choose any one course)

- Computer Language
- Emerging Trends in Allied Health Care

Specialisation Core Courses :

Cardiac Care Technology

- Biomedical Instrumentation in Cardiac Care
- Clinical Cardiology
- Echocardiography and Peripheral Doppler - I

Specialisation Core Courses :

Respiratory Therapy Technology

- Biomedical Instrumentation in Respiratory Therapy
- Advanced Respiratory Therapy-II
- Critical Care Medicine-I

Specialisation Core Courses :

Medical Imaging Technology

- Techniques in X-Ray and Mammography
- Imaging Equipment and Techniques in Ultrasonography (USG)
- Imaging Equipment (II)- Computed Tomography (CT)
- Image Interpretation (X-Ray and Mammography)

Specialisation Core Courses :

Medical Laboratory Technology

- Instrumentation in Clinical Laboratory
- Clinical Haematology
- Diagnostic Microbiology

Specialisation Core Courses : Dialysis Technology

- Dialysis Equipment
- Clinical Nephrology
- Theory and Principles of Haemodialysis

Specialisation Core Courses : Operation Theatre and Anaesthesia Technology

- Anesthetic Agents
- Biomedical Instrumentation in OT and Anesthesia
- Safety Measures in Operation Theatre
- Techniques in Anesthesia

Semester: III

Generic Core Courses

- Pathology and Case Presentation-II
- Summer Internship
- Hospital Information System
- Teaching Methodology -III
- Health and Wellness Module II #
- Health and Wellness *

Generic Elective Course Group (Choose any one course)

- Community Project
- Innovation and Entrepreneurship

Specialisation Core Courses: Cardiac Care Technology

- Applied Management in Cardiac Care Unit
- Cardiac Catheterization
- Cardiac Pacemakers and Cardioverter Defibrillators
- Echocardiography and Peripheral Doppler-II

Specialisation Core Courses: Respiratory Therapy Technology

- Advanced Respiratory Therapy-III
- Cardiopulmonary Rehabilitation
- Emergency Medical Services-I
- Applied Management in Respiratory Therapy Unit
- Critical Care Medicine-II

Specialisation Core Courses: Medical Imaging Technology

- Imaging Equipment (III)-Magnetic Resonance Imaging (MRI)
- Techniques in Computed Tomography (CT)
- Applied Management in Radiology Unit
- Cross-Sectional Anatomy (CT, MRI)
- Techniques in Magnetic Resonance Imaging (MRI)

Specialisation Core Courses : Medical Laboratory Technology Applied Management in Clinical Laboratory

Blood Banking
Clinical Biochemistry
Virology and Mycology

Specialisation Core Courses : Dialysis Technology

- Applied Management in Renal Care Unit
- Investigations in Renal Diseases
- Patient Care in Renal Technology
- Theory and Principles of Peritoneal Dialysis

Specialisation Core Courses : Operation Theatre and Anaesthesia Technology

- Procedures in Abdomen, Obstetric, Gynaecology and Urology (OBGY and URO)OT
- Procedures on Neuro OT
- Applied Management in OT and Anaesthesia Unit
- Procedures in Ear, Nose, Throat (ENT), Ophthalmic and Paediatric OT
- Procedures in Thoracic and Cardiac OT

Semester: IV

Generic Core Courses

- Dissertation
- Pathology and Case Presentation-III
- Telemedicine Technology
- On Job Training

Specialisation Core Courses : Cardiac Care Technology

- Recent Advances in Cardiology
- Quality Assurance, Standardization and Accreditation (Cardiac Care)
- Peripheral Catheterization
- Intensive Cardiac Care Unit (ICCU) and Cardiopulmonary Resuscitation (CPR)

Specialisation Core Courses : Respiratory Therapy Technology

- Critical Care Medicine-III
- Quality Assurance, Standardization and Accreditation (Respiratory Therapy)
- Emergency Medical Services-II
- Neonatal and Pediatric Respiratory Care

Specialisation Core Courses : Medical Imaging Technology

- Advances in Medical Imaging
- Special Investigations and Techniques
- Quality Assurance, Standardization and Accreditation (Imaging Sciences)
- Calibration and Quality Control in Computerized Tomography (CT) and Magnetic Resonance Imaging (MRI)
- Picture Archiving and Communications System (PACS) and Radiology Information System (RIS) and Teleradiology

Specialisation Core Courses : Medical Laboratory Technology

- Immunology
- Cytology
- Histopathology
- Quality Assurance, Standardization and Accreditation (Clinical Laboratory)
- Newer Diagnostic Techniques

Specialisation Core Courses : Dialysis Technology

- Quality Assurance, Standardization and Accreditation (Dialysis and Renal Technology)
- Theory and Principles of other

Renal Procedures

- Recent Advances in Renal Technology

Specialisation Core Courses : Operation Theatre and Anaesthesia Technology

- Critical Care Services
- Recovery Room and Day Care
- Quality Assurance, Standardization and Accreditation (OT and Anaesthesia)
- Procedures in Orthopedic and Trauma Care
- Transfusion and IV Therapy

Master of Public Health (MPH)

Semester: I

Generic Core Courses

- Introduction to Public Health
- Fundamentals of Epidemiology
- Biostatistics for Public Health - I
- Environmental and Occupational Health
- Health Policy and Systems Research
- Interprofessional Practice in Public Health
- Health Economics
- Vasudhaiva Kutumbakam *

Generic Elective Course Group (Choose any one course)

- Data Management and Analysis using R
- Data Analytics using MS-Excel

Semester: II

Generic Core Courses

- Advanced Epidemiology
- Biostatistics for Public Health - II
- Genetics and Human Disease
- Hospital Management
- Monitoring, Evaluation, Accountability, and Learning in Public Health Programmes
- Qualitative Research Methods
- Corporate Social Responsibility
- Introduction to Entrepreneurship
- Health and Wellness Module I #

Generic Elective Course Group (Choose any one course)

- Health GIS
- Leadership and Capacity Building

Semester: III

Generic Core Courses

- Applied Research Methods in Epidemiology
- Maternal and Child Health (MCH)

- Healthcare informatics
- Sociology and Medical Anthropology
- Public Health Governance, Law and Bioethics
- Systematic Review and Meta-analysis
- Dissertation Proposal Development
- Health and Wellness Module II #
- Health and Wellness *

Semester: IV

Generic Core Courses

- Global Health Diplomacy
- Public Health Nutrition
- Health Promotion, Communication Theories and Application
- Non-profit Sector in Healthcare
- Public Health Information Systems
- Summer Internship Programme
- Project
- Dissertations

Master of Science (Assisted Reproduction Technology and Embryology) (M.Sc. ART&E)

Semester: I

Generic Core Courses

- Reproductive Anatomy and Physiology
- Biochemistry
- Cell and Molecular Biology
- Reproductive Disorders
- Biostatistics and Basic Epidemiology
- Research Methodology
- Semenology Techniques-I
- Vasudhaiva Kutumbakam *

Generic Elective Courses Group (Choose any one course)

- IT Applications for Allied Health Care
- Medical Physics
- Research Proposal Writing

Semester: II

Generic Core Courses

- Review of Literature
- Developmental Biology
- Instrumentation in Assisted Reproduction (ART) and Embryology
- Business Statistics
- Pathology and Case Presentation-I

- Principles and Practices of Management
- Semenology Techniques- II
- Nutrition and Fertility
- Pharmacology in Gynaecological Disorders
- Health and Wellness Module I

Generic Elective Course Group (Choose any one course)

- Computer Language
- Emerging Trends in Allied Health Care

Semester: III

Generic Core Courses

- Semen Washing Techniques
- Cytogenetics
- Procedures used in Assisted Reproduction Technology
- Pathology and Case Presentation-II
- Teaching Methodology - I
- Applied Management in Embryology Clinic
- Follicle Monitoring and Stimulation Protocols
- Summer Internship
- Health and Wellness Module II

#

- Health and Wellness *

Generic Elective Courses Group (Choose any one course)

- Innovation and Entrepreneurship
- Community Project

Semester: IV

Generic Core Courses

- Counselling in infertility
- Dissertation

Dr. Sonopant G. Joshi
Director

Director Profile:

Dr. Sonopant G Joshi has Graduated from the prestigious Institute of Nursing Education, J J Hospital, Mumbai, he has two PG Degrees in Nursing and in Disaster Management and a Ph.D. in Management. He works as Professor & HoD Community Health Nursing at Symbiosis College of Nursing, Pune. He has vast teaching, Research, and administrative experience. He has written chapters in book published by IGI global publication. He has written a book titled 'Disaster Management for Health Care Professionals', which is popular among Nursing and management students. He has published 48 research papers in various National and International Journals of High repute among these his 25 papers are in SCOPUS-indexed journals and 5 papers in Web of sciences indexed journals. Considering his research experience, he is nominated as a member secretary of the Institutional Ethics Committee of SIU since 2017. He has presented papers in International Conference at Dubai and London. He was invited to speak in the International Conference at LONDON on the topic 'Challenges of Higher Education in India' in Oct 2018. He visited Kent State University, USA to attend a simulation-based nursing Education workshop in July 2019. He has completed a funded research project in 2019. His research contribution was well appreciated by Trained Nurses Association of India and honored with Appreciation Award Nurses Researcher by Pune city branch in 2012. He is life member of various professional organizations. Presently he is Ph. D supervisor of Symbiosis International University under public Health domain, and 8 Ph. D scholars are guided him including 4 international students from Yemen, South Africa and UK.

Institute Profile:

Symbiosis College of Nursing (SCON) was established in the year 2007 to create leaders in the nursing profession by providing unique, innovative programs that are responsive to market needs. SCON is recognized by the Indian Nursing Council, New Delhi, and the Maharashtra Nursing Council, Mumbai & affiliated to Symbiosis International (Deemed University), Pune. Programmes offered are Bachelor of Science in Nursing, Master of Science in Nursing, Post Basic Bachelor of Science in Nursing, Nurse Practitioner in Critical Care, and PhD in Nursing. Other certificate programmes are the Advanced Certificate in Critical Care Nursing and the Global Nursing Program. The programmes offered by SCON ensure numerous career avenues for graduates and postgraduates in the healthcare industry across the world. The institute is affiliated with its parent hospital, Symbiosis University Hospital and Research Centre (SUHRC), to provide essential hands-on clinical and para-clinical experience for students enrolled in hospital-based academic programmes. It thus aims to create a benchmark in nursing education in India. The overall aim of the nursing programme is to prepare a graduate nurse to work as a frontline worker in the clinical, community areas, research facilities & educational arena. SCON was recognized as one of the Top 10 Promising

Nursing Colleges by the highereducationreview.com in 2018, and was also featured by Telegraph Online Edugraph as one of the best nursing institutions in India in 2023.

Programme Profile:

- **Master of Science (Nursing)**

- 1) Medical Surgical Nursing – 10 Seats
- 2) Obstetrics and Gynaecological Nursing – 05 Seats
- 3) Mental Health (Psychiatric) Nursing – 10 Seats
- 4) Community Health Nursing – 05 Seats

- **Nurse Practitioner in Critical Care (NPCC)**

Duration of the Programme:

- **Master of Science (Nursing)** : 2 Years, Full Time, Non-Residential programme
- **Nurse Practitioner in Critical Care (NPCC)** : 2 Years, Full Time, Residential programme

Intake:

- **Master of Science (Nursing)** : 30 Students
- **Nurse Practitioner in Critical Care (NPCC)** : 10 Students

Eligibility

As per Indian Nursing Council requirements:

Master of Science (Nursing)

- The candidate should be a Registered Nurse and Registered Midwife or equivalent with any State Nursing Registration Council.

Orientation and Pedagogy:

Orientation to the programme is offered during the Induction programme. The programme is divided into Theory and Clinical blocks.

Theory

It is mandatory for the students to attend the classes in the college as well as at clinical field as per the course structure.

- Lecture cum demonstration,
- Seminars,
- Panel discussion,
- Field visits,
- Research Projects
- Online lectures using Microsoft teams, Google Meet, Zoom, Google classroom, Schoology etc.,

Clinical Field

Students are expected to write patient-oriented assignments as outlined in the Programme Structure. Teaching pedagogies used in the clinical area for training are:

- Simulation

- Bed side clinics
- Case presentations
- Case studies
- Procedure demonstrations
- Projects

Teaching and learning Resources:

- ICT enabled classrooms
- Nursing Laboratories
- SCHS: Skill based and competency driven centre to align with the National agenda of skill development for quality education and skill development.

Dr. Tarun Pratap Singh
Director

Director Profile:

Prof. (Dr.) Tarun Pratap Singh brings over 25 years of extensive experience in the domains of Geospatial Technology, Data Analytics, Climate Change and Climate Stress and Natural Resource Management both in India and internationally. His journey in geospatial technology began at the Indian Institute of Remote Sensing (ISRO), where he contributed to several nationally significant projects.

He holds a Ph.D. in Satellite Image Classification Techniques from the Indian Institute of Remote Sensing and HNB Garhwal Central University, Srinagar, along with an M.Phil. in Geo-Engineering from the College of Engineering, Visakhapatnam. Dr. Singh earned his Master's degree in Remote Sensing from Sorbonne University, Paris (formerly Pierre and Marie Curie University – Paris VI), and a M.Sc. in Environmental Science from the University of Lucknow. Additionally, he completed the European Professional Higher Post Graduate Diploma in Geoinformatics from GDTA (an institute under the French Space Agency), in collaboration with Paris University VI (France), the University of Lisbon (Portugal), and the Warsaw University of Technology (Poland).

Dr. Singh has also worked on advanced LiDAR technology at University of Freiburg, Germany. Before joining academia at Symbiosis, he served in various key roles at government institutions.

He is the recipient of numerous prestigious honours, including the Mahaveer Prasad Dwivedi Special Achievement Award, the DGSi National Gyan Ratna Award 2023 for his pioneering work in Geospatial Technology, awarded at Banaras Hindu University (BHU), Varanasi and recently, Dr. Singh was honoured with the National Geospatial Award 2025 from FOSSEE Ministry of Education, government of India, a prestigious recognition that highlights his unwavering commitment and substantial contributions to the geospatial domain.

Dr. Singh holds several key positions in professional and scientific bodies. He serves as the Chairman of the Indian Society of Geomatics – Pune Chapter, Secretary of the Indian Society of Remote Sensing – Pune Chapter, Advisory Board Member of the United Nations Global Geospatial Information Management Asia and the Pacific (UNGIM-AN), and member of the Sentinel Asia Tsunami Group, Japan. He is also a member of the Landslide Technical Committee of the Government of Maharashtra, and an Assessor for the National Assessment and Accreditation Council (NAAC), government of India.

A distinguished speaker, Dr. Singh has been invited to national and international platforms to share his insights on Space Technology and Sustainable Development Goals (SDGs). He has also edited several books in the fields of Geospatial Technology, Climate Change, and Natural Resource Management. Dr. Singh has published several research articles in Web of Science and Scopus-indexed peer-reviewed journals, and has supervised multiple doctoral theses.

Institute Profile:

Symbiosis Institute of Geoinformatics (SIG), established in 2004 as an autonomous institute and later becoming a constituent of Symbiosis International (Deemed University) in 2006, has been at the forefront of advancing Spatial Science, Geo-intelligence, and Data Analytics in India.

Over the past two decades, SIG has achieved several significant milestones, including recognition by AICTE and UGC, enthusiastic support from industry stakeholders, a consistent 100% placement record for all eligible students since inception, and numerous accolades at national and international platforms.

Guided by the foresight of Hon'ble Chancellor Dr. S. B. Mujumdar, SIG was launched at a time when concepts like Digital India, Smart Cities, and Gati Shakti were yet to be introduced. The establishment of SIG reflected a proactive and futuristic vision to harness spatial technologies & data science for societal progress and national growth.

Over the years, SIG has remained committed to imparting high-quality education and fostering innovation in Spatial Science, Artificial Intelligence, Machine Learning, Navigation, Remote Sensing, and Data-Driven Decision Making. The academic framework at SIG integrates scientific knowledge with practical applications, preparing individuals to tackle complex challenges and contribute meaningfully to various sectors.

The contributions of SIG have been widely acknowledged at national and international platforms. The institute has been honoured with the Excellence in Education award by ESRI India and recognized as a leader in capacity building by the Geospatial World Forum. SIG is also an active contributor to the global geospatial community through its association with the United Nations Global Geospatial Information Management-Academic network (UNGIM-AN). Dr. Singh is also member of Sentinel Asia as Data Analysis Node during disaster in Asia & Pacific.

With a strong legacy of leadership, innovation, and societal relevance, SIG continues to shape the future of geospatial and data science education in India.

● Programme Profile:

● Master of Science (Geoinformatics) (M. Sc. Geoinformatics)

The M.Sc. in Geoinformatics at Symbiosis Institute of Geoinformatics (SIG) is an 80-credit, four-semester program including two major projects. Geoinformatics involves analyzing spatial data from satellites and other sources using geospatial technology like Remote Sensing, GIS, GNSS, and IT. It benefits various sectors such as urban planning, public health, environmental modeling, military operations, transport planning, agriculture, and climate change. The expertise in Geoinformatics is essential for decision-making, with many agencies relying on spatial data. SIG is a leading institution in India, offering quality education and opportunities in Geoinformatics for students from diverse scientific and technical backgrounds.

● Master of Science (Data Science and Spatial Analytics) (M. Sc. (DS & SA))

SIG offers some of the best data science and AI courses in India, addressing the growing importance of AI, Machine Learning, and Deep Learning in various fields like finance, healthcare, and earth observations. The rapid increase in earth observing data has driven advancements in Geo-intelligence and business intelligence. Deep Learning, particularly Neural Networks, effectively captures complex patterns in spatial data with high accuracy. SIG's M.Sc. Data Science and AI courses teach these advanced techniques, enabling students to build models and discover hidden patterns, making it one of the top programme in India for aspiring data scientists and AI professionals.

Area of Specialization (choose any one):

1. Artificial Intelligence Algorithms
2. Geointelligence

- **Master of Science Data Science and Spatial Analytics Dual Degree Programme (Master of Science Technical Systems Control -the educational program “Artificial Intelligence and Space Sciences”, RUDN University, Moscow, Russia)(M. Sc. (DS & SA) Dual Degree)**

The Dual Degree Programme in Data Science and Spatial Analytics, from SIG and Artificial Intelligence Machine Learning, and Space Science from RUDN University Russia offers a unique and comprehensive education. In the first year, students are immersed in courses related to the M.Sc. in Data Science and Spatial Analytics at Symbiosis Institute of Geoinformatics, Pune, where student learn in data science, data governance, data engineering, python for data science and spatial technologies.

In the second year, students transition to RUDN University, Russia, where they delve into topics such as Artificial Intelligence, deep learning, Dynamics and control of space system, Machine Learning and Advance method of space flight mechanics This interdisciplinary approach equips graduates with cutting-edge skills in Data science, spatial analytics, AI and ML, along with a specialized understanding of space science which will be beneficial to Data science, AI and thriving space industries.

Upon completing the programme, graduates are awarded dual qualifications: a M.Sc. in Data Science and Spatial Analytics from Symbiosis International (Deemed University) and a Master of Science Technical Systems Control -the educational program “Artificial Intelligence and Space Sciences” from RUDN University, Russia. This international exposure and dual expertise prepare graduates for global career opportunities in emerging fields.

This interdisciplinary approach equips graduates with cutting-edge skills in data science and spatial analytics, along with a specialized understanding of space science.

This international exposure and dual expertise prepare graduates for global career opportunities in the niche-area of data science and spatial analytics. The details of the RUDN programme are available at below link:

The details about the offered programme in collaboration with RUDN University.

<https://eng.rudn.ru/education/educational-programs/18071?tab=493>

Duration of the Programme:

- **Master of Science (Geoinformatics)**
(M. Sc. Geoinformatics) : 2 Years, Full Time, Non-Residential programme
- **Master of Science (Data Science and Spatial Analytics)**
(M. Sc. (DS & SA)) : 2 years, Full Time, Non-Residential programme
- **Master of Science Data Science and Spatial Analytics Dual Degree Programme (Master of Science Technical Systems Control -the educational program “Artificial Intelligence and Space Sciences”, RUDN University, Moscow, Russia)(M. Sc. (DS & SA) Dual Degree)** :

Intake:

- **Master of Science (Geoinformatics) (M. Sc. Geoinformatics)** : 20 Students
- **Master of Science (Data Science and Spatial Analytics) (M. Sc. (DS & SA))** : 60 Students
- **Master of Science Data Science and Spatial Analytics Dual Degree Programme (Master of Science Technical Systems Control -the educational program “Artificial Intelligence and Space Sciences”, RUDN University, Moscow, Russia) (M. Sc. (DS & SA) Dual Degree)** :

Eligibility

- **Master of Science (Geoinformatics) (M. Sc. Geoinformatics)**

Bachelor's Degree of minimum 4-year duration in any specialization, after 12th standard or equivalent to the 12th standard from any university or institute recognised by law in India.

OR Full-time Diploma of minimum 4-year duration in Design/Fine Arts/Applied Arts/ Architecture, after 12th standard or equivalent to 12th standard, from any university or institute recognised by law in India.

With a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

- **Master of Science (Data Science and Spatial Analytics) (M. Sc. (DS & SA))**

Graduate in Engineering, IT, Science, Computer Science, Computer Application of any recognised university/ Institution of National Importance with 50% minimum of marks or equivalent grade (45% Marks or equivalent grade for Scheduled Caste/ Scheduled Tribes)

- **Master of Science Data Science and Spatial Analytics Dual Degree Programme (Master of Science Technical Systems Control -the educational program “Artificial Intelligence and Space Sciences”, RUDN University, Moscow, Russia)(M. Sc. (DS & SA) Dual Degree)**

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

Indian Students – Logical Reasoning (MCQ) and Writing Ability Test and Personal Interaction, for International Students: as per procedure prescribed by SCIE.

Important Dates

- **Master of Science (Geoinformatics) (M. Sc. Geoinformatics)**

Details	Date
Programme Registration Begins	30th Sep 2025
Last date of Online registration	02nd March 2026
Last Date of payment of Registration fees	02nd March 2026
Announcement of Shortlist for WAT and Personal Interaction	05th March 2026
Personal Interaction & WAT (Online)	06th & 07th March 2026
Announcement of First Merit list	12th March 2026
Last date for payment of fees for candidates in the first merit list	27th March 2026
Programme Commencement	24th July 2026

- **Master of Science (Data Science and Spatial Analytics) (M. Sc. (DS & SA))**

Programme Commencement	24th July 2026

Disclaimer: These dates are tentative and are subject to change. Any changes will be reflected on the institute website www.sig.ac.in

Orientation and Pedagogy:

A week-long Orientation programme is conducted in the first week of their joining. This programme helps them as ice breaking session. It comprises of Stress Management, Time Management and Self-Management.

The Pedagogy used in conducting of M.Sc. programme is Classroom Sessions, Hands on practical Sessions, Field Visits, Group Project, Guest Lectures and Internship. Students are also given a chance to work on live projects. All the Classrooms are ICT enabled. The Medium of teaching is English.

Fee Structure

(Annexure I)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 INDIAN STUDENTS

Programme Fees For Master of Science (Geoinformatics)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 315,700
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For Master of Science (Data Science & Spatial Analytics)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 315,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For * Master of Science (Data Science & Spatial Analytics) Dual Degree with RUDN University, Russia	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 472,500
Institute Deposit (Refundable)	₹ 20,000

* Master of Science (Data Science & Spatial Analytics) at Symbiosis Institute of Geoinformatics and Master of Science Degree Technical Systems Control - Artificial Intelligence and Space Science at RUDN University, Russia

Installment For Master of Science (Geoinformatics)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 157,850	₹ 157,850	₹ 157,850	₹ 157,850
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 177,850	₹ 157,850	₹ 157,850	₹ 157,850
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment For Master of Science (Data Science & Spatial Analytics)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 157,500	₹ 157,500	₹ 157,500	₹ 157,500
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 177,500	₹ 157,500	₹ 157,500	₹ 157,500
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment For * Master of Science (Data Science & Spatial Analytics) Dual Degree with RUDN University, Russia	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 236,250	₹ 236,250	*	
Institute Deposit (Refundable)	₹ 20,000	-		
Installment	₹ 256,250	₹ 236,250		
Last date of payment	At the time of Admission	25-Nov-2026		

"1) * Master of Science (Data Science & Spatial Analytics) at Symbiosis Institute of Geoinformatics and Master of Science Degree Technical Systems Control - Artificial Intelligence and Space Science at RUDN University, Russia
2) The fees for the first year will be as per approved fee structure of Symbiosis Institute of Geoinformatics. The fees for the second year will follow the fee structure of RUDN University, Russia"

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Model colony Campus only)	1st Year Academic Year 2026-27 (Amount in ₹)		
	Total Fees	1st Instalment	2nd Installment
Mess Fees (Per Annum) @	₹ 119,600	₹ 59,800	₹ 59,800
Hostel Deposit (Refundable)	₹ 20,000	₹ 20,000	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Three Sharing	₹ 135,500	₹ 135,500	-
Last date of payment		At the time of Admission	25-Nov-2026

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess fees can be increased up to 15% each year. Government taxes would be additional as and when applicable.

*Few seats are reserved as Discretionary Quota Seats. Only students with reasonable academic record and with good entrance test scores are considered for Discretionary Quota Seats. The fees for Discretionary Quota seats will be double the academic fees of the open category as approved by the Fee Structure Committee, to be paid to the institute by way of online transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU. Once admission is taken in Discretionary Quota, the fees applicable to Discretionary Quota will have to be paid by the student for the entire duration of the programme.

SIG_20th Foundation Day

Fee Structure

(Annexure II)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INTERNATIONAL STUDENTS

Note : International students are admitted from two categories and the fees for each are as given below

(a) NRI, PIO, OCI Category

(b) Foreign National Category

(a) Fees Payable by the students taking admission in NRI, PIO, OCI Category.

Programme Fees For Master of Science (Geoinformatics)	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (per Annum) to be paid (A)	\$5,500
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$6,325

Programme Fees For Master of Science (Data Science & Spatial Analytics)	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (per Annum) to be paid (A)	\$5,600
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$6,425

Programme Fees For * Master of Science (Data Science & Spatial Analytics) Dual Degree with RUDN University, Russia	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (per Annum) to be paid (A)	\$5,600
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$6,425

* Master of Science (Data Science & Spatial Analytics) at Symbiosis Institute of Geoinformatics and Master of Science Degree Technical Systems Control - Artificial Intelligence and Space Science at RUDN University, Russia

(a) Installment For Master of Science (Geoinformatics) Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$2,480	\$2,480	\$2,750	\$2,750
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$2,480	\$2,480	\$2,750	\$2,750
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

(a) Installment For Master of Science (Data Science & Spatial Analytics) (Student taking Admission in NRI, PIO, OCI Category)	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$2,530	\$2,530	\$2,800	\$2,800
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$2,530	\$2,530	\$2,800	\$2,800
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

(a) Installment For * Master of Science (Data Science & Spatial Analytics) Dual Degree with RUDN University, Russia (Student taking Admission in NRI, PIO, OCI Category)	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)				*	
Academic Fees (Per Annum)					
Institute Deposit (Refundable)					
Installment					
Last date of payment					

"1) * Master of Science (Data Science & Spatial Analytics) at Symbiosis Institute of Geoinformatics and Master of Science Degree Technical Systems Control - Artificial Intelligence and Space Science at RUDN University, Russia
2) The fees for the first year will be as per approved fee structure of Symbiosis Institute of Geoinformatics. The fees for the second year will follow the fee structure of RUDN University, Russia"

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Model Colony Campus Only)	1st Year 2026-27 Amount in USD		
	Student taking Admission in (a) NRI, PIO, OCI Category	1st Installment	2nd Installment
Mess Fees (Per Annum) @	\$1,400	\$700	\$700
Hostel Deposit (Refundable)	\$250	\$250	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Three Sharing	\$1,570	\$1,570	-
Last date of payment		At the time of acceptance of 'Offer Letter'	25-Nov-2026

(b) Fees Payable by the students taking admission in Foreign National Category.

Program Fees For Master of Science (Geoinformatics)	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$5,500
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$3,550
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

Program Fees For Master of Science (Data Science & Spatial Analytics)	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$5,600
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$3,650
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

Program Fees For * Master of Science (Data Science & Spatial Analytics) Dual Degree with RUDN University, Russia	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$5,600
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$3,650
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

* Master of Science (Data Science & Spatial Analytics) at Symbiosis Institute of Geoinformatics and Master of Science Degree Technical Systems Control - Artificial Intelligence and Space Science at RUDN University, Russia

(b)Installment for For Master of Science (Geoinformatics) Student taking Admission in Foreign National Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	-	-
Academic Fees (Per Annum)	\$815	\$568	\$567	\$975	\$975

Installment	\$1,365	\$568	\$567	\$975	\$975
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

(b) Installment for For * Master of Science (Data Science & Spatial Analytics) Dual Degree with RUDN University, Russia (Student taking Admission in Foreign National Category)	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	*	
Academic Fees (Per Annum)	\$815	\$568	\$567		
Institute Deposit (Refundable)	\$275	-	-		
Installment	\$1,365	\$568	\$567		
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026		

"1) * Master of Science (Data Science & Spatial Analytics) at Symbiosis Institute of Geoinformatics and Master of Science Degree Technical Systems Control - Artificial Intelligence and Space Science at RUDN University, Russia
 2) The fees for the first year will be as per approved fee structure of Symbiosis Institute of Geoinformatics. The fees for the second year will follow the fee structure of RUDN University, Russia"

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Model Colony Campus Only)	1st Year 2026-27 Amount in USD		
	Student taking Admission in (b) Foreign National Category	1st Installment	2nd Installment
Mess Fees (Per Annum) @	\$560	\$280	\$280
Hostel Deposit (Refundable)	\$250	\$250	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Three Sharing	\$650	\$650	-
Last date of payment		At the time of acceptance of 'Offer Letter'	25-Nov-2026

Note:

ONLY Foreign National Students taking Admission in the year 2026-27 for the Batch 2026-28 will be eligible for the Symbiosis Golden Jubilee Scholarships. Designed to celebrate 50 glorious years of Symbiosis being established to offer quality education to foreign national students, these include:

(1) 100 Symbiosis Golden Jubilee full Academic Scholarships with need-based reduced hostel fees for foreign national students from developing African- Asian countries.

(2) 100 Golden Jubilee Free-ships for academically and financially deserving foreign national students from conflict ridden/war affected regions by giving them an opportunity to study at SIU by covering not only the cost of all academic fees but also the hostel and mess/food fees (lodging and boarding).

(3) Concessional Hostel fees are applicable to Foreign National students @ 650\$ per annum.

(4) Concessional Mess fees are applicable to Foreign National students @560\$ as mentioned above."

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess fees can be increased up to 15% each year. Government taxes would be additional as and when applicable.

50% Concession will be given only to the Foreign National students on Administrative Fees.

Programme Structure:

Master of Science (Geoinformatics) (M. Sc. Geoinformatics)

Semester: I

Generic Core Courses

- Principles of GIS
- Principles of Remote Sensing
- Applied Statistics
- Python for Geospatial Technology
- Global Navigation Satellite Systems
- Logic Development and Programming Concepts
- Research Methodology in GIS
- Health and Wellness Module I #

Semester: II

Generic Core Courses

- Geo Image Processing
- Photogrammetry
- Advance Python Programming for Spatial Analytics
- Essentials of Internet and Web Technologies
- Principles of Database

Management System

- Spatial Analysis
- Flexi-Credit Course
- R for Spatial Science
- Programming for Enterprise GIS
- Health and Wellness Module II #

Semester: III

Generic Core Courses

- Summer Project
- Business Communication
- GIS Application Design
- GIS Project Management
- Organizational Behaviour
- Spatial Data Base Management
- Spatial Modeling
- Flexi-Credit Course
- Web GIS
- Vasudhaiva Kutumbakam *
- Health and Wellness *

Generic Elective Course Group

- I

(Choose any one course)

- Geoinformatics applications in Facility and Utility management
- Geoinformatics Applications in Natural Resource Management
- Mobile GIS

Generic Elective Course Group-II

(Choose any one course)

- Geospatial Application in Agriculture
- Disaster Scenario mapping
- Application of Geospatial Technology in Urban Development

Semester: IV

Generic Core Courses

- Industry Project

Outbound Activity

Programme Structure:

Master of Science (Data Science and Spatial Analytics) (M. Sc. (DS & SA))

Semester: I

Generic Core Courses

- Mathematics for Spatial Sciences
- Principles and Practices of Data Protection
- Statistics and Probability
- Python for Data Science
- Business Communication
- Introduction to Database Management System
- Research Methodology in Computational Sciences
- Introduction to Geospatial Technology
- Health and Wellness Module I #

- Data Analysis Using Python
- Computer Vision
- Programming for computational sciences
- Big Data Analytical Techniques and Practical Applications

Specialisation Core Courses : Geointelligence

- Advance Python Programming for Spatial Analytics
- Programming for Spatial Sciences
- Geospatial Analytics
- Spatial Big Data and Storage Analytics

- IOT Spatial Analytics
- Spatial User Interface design and Implementation
- System Dynamics Simulation
- Data Driven Banking, Insurance and Finance
- Data Driven Forensics and Crime Investigation

Specialisation Core Courses : Artificial Intelligence Algorithms

- Block Chain Technology
- Introduction to Natural Language Processing
- Operations Research and Optimization Techniques

Semester:II

Generic Core Courses

- Machine learning
- SQL and Spatial Database management
- Flexi-Credit Course
- Data Driven Governance
- Inferential Statistics
- Health and Wellness Module II #

Semester: III

Generic Core Courses

- Summer Project
- Deep learning
- Artificial Intelligence
- Spatial Modeling
- Flexi-Credit Course
- Vasudhaiva Kutumbakam *
- Health and Wellness *

Generic Elective Course Group (Choose any one course)

- Data Driven Journalism

Specialisation Core Courses : Geointelligence

- Machine Learning for Remote sensing
- Web GIS
- Citizen Science and Geospatial Technology

Semester: IV

Generic Core Courses

- Industry Project

***Courses are subject to change**

Specialisation Core Courses : Artificial Intelligence Algorithms

- Head, Symbiosis Centre for Applied AI (SCAAI)
- head@scaai.siu.edu.in

Welcome to the dynamic world of engineering at SIT, Pune, where innovation is not just a goal but a way of life. At the forefront of technological advancements, we blend expertise, technology, and creativity to propel our community towards excellence. SIT, Pune stands as a centre for creativity, a beacon for learning, and a convergence point for ideas that shape the future. Our success is rooted in the unwavering commitment of our faculty members to academic rigour, ground-breaking research, and mentoring. Their dedication goes beyond the confines of classrooms, influencing the lives of our students in profound ways. Our overarching objective has always been to bring out the best in our students, moulding them into professionals with strong ethical and moral values. As you embark on your journey at SIT, Pune, you join a diverse community engaged in hands-on learning and cutting-edge research, paving the way for successful careers in business, government, or academia. Our faculty, involved in high-impact research across various domains, including Artificial Intelligence, Cyber Security, Blockchain, Data Science, Robotics, GIS, Nanoscience, Cloud Computing, Embedded Systems, Infrastructure Design and Building Information Modelling (BIM), ensures that our students are exposed to the latest advancements in their field. Through creative instruction, hands-on projects, and involvement in various student competition teams, our undergraduates and postgraduates receive an exceptional educational experience. Industry-sponsored capstone projects and internships further foster professional ties, laying the groundwork for post-graduation success. At SIT, Pune, we strive to create an inclusive and dynamic environment where excellence in teaching, research, and service is paramount. I look forward to working with each one of you and contributing to the success and growth of our vibrant engineering community. Should you have any comments, questions, or ideas, please feel free to email me at director@sitpune.edu.in.

Welcome to SIT, Pune, where your journey towards engineering excellence begins!

Expertise

Dr. Ketan Kotecha is a distinguished researcher and educator specializing in deep learning, artificial intelligence, computer algorithms, and machine learning. Passionate about fostering critical thinking skills, he has mentored over 20 PhD students to successful outcomes.

Experience

With over 30 years of experience at the forefront of AI and deep learning, Dr. Kotecha is globally recognized, ranking among the top 2% scientists worldwide, a distinction conferred by Stanford University. He boasts a prolific publication record, with over 450 Scopus-indexed papers and 12 patents to his name. His work, cited over 11,000 times, reflects his profound impact on the field.

Dr. Kotecha's expertise extends to securing prestigious research funding for Applied AI projects. Notable grants include a PURSE grant from DST worth INR 5.2 crores in AI for affordable Healthcare and a Ministry of Electronics and Information Technology grant worth INR 199.04 lakhs on Human Computer Interface, highlighting his leadership in impactful research.

Recognized for his contributions, Dr. Kotecha has received grants such as the Indo-Canadian Shastri grant SSTSG 2023-24 and SPARC projects worth INR 166 lakhs from MHRD. His accolades also include Erasmus Plus Faculty Mobility Grant, DUO-India Professors Fellowship, grants from the Royal Academy of Engineering and DST under Indo-Italy and Indo-Serbia schemes. He was also selected by MHRD Govt of India for a prestigious LEAP grant for leadership program at Cambridge University UK. He also received 3 projects from DRDO worth INR 30 lacs and 4 projects from UAEU university under 'AI for Sustainability' grant.

Dr. Kotecha has led consultancy projects with industry giants Philips, Avegen, ArcOne & Dassault System demonstrating his ability to bridge academia and industry. His leadership at SIT Pune has secured significant CSR grants and government funding for initiatives such as the Bajaj Engineering Skills Training Centre (worth INR 30 crores) and a 5G use case lab in AI+telemedicine (worth INR 50 lacs).

As an Adjunct Professor at Swinburne University, Australia, Honorary Professor at Aston University UK and a visiting professor at UCSI University Malaysia, Dr. Kotecha continues to expand his global footprint in academia.

A sought-after keynote speaker, Dr. Kotecha has addressed prestigious forums worldwide, including the Machine Intelligence Lab at USA, Imperial college of London UK, Swinburne University of Technology, Australia, Pretoria University, S Africa, RUDN university Russia and many more.

Institute Profile:

Symbiosis was established by Prof. (Dr.) S. B. Mujumdar in 1971 with the motto of 'Vasudhaiva Kutumbakam' – the World is one Family and has been providing quality education in different disciplines like Law, Management, Computer Studies, Media and Communication, Humanities and Social Sciences, Medical and Health Sciences, Engineering and Architecture & Design. Today, Symbiosis has over 45,000 students from all the states of India and over 85 countries. On 6th March 2022, Symbiosis proudly celebrated its Golden Jubilee, graced by the presence of the Hon'ble Prime Minister, Shri Narendra Modi Ji, as the chief guest. During the event, he also inaugurated the prestigious 'Symbiosis Aarogya Dham'.

Symbiosis Institute of Technology, Pune a constituent of Symbiosis International University was established in the year, 2008 and currently offers B. Tech and M. Tech programmes.

B. Tech programmes in Civil Engineering, Computer Science and Engineering, Electronics and Telecommunication Engineering, Mechanical Engineering, Artificial Intelligence and Machine Learning, Robotics and Automation.

M. Tech programmes in Artificial Intelligence and Machine Learning, Automotive Technology, Engineering Design, Robotics and Automation, Geoinformatics.

Research programmes leading to Ph. D. Degree in all disciplines were introduced in the Faculty of Engineering of Symbiosis International University in 2010.

With NBA-accredited programs and NEP-2020 aligned curriculum SIT,Pune emphasizes both fundamental principles and advanced technological knowledge. The institute boasts high-quality infrastructure, multimedia classrooms, state-of-the-art labs, high-end computing facilities with the latest software, a modern library with digital media and databases, as well as auditoriums, seminar halls, separate hostels for boys and girls, and extensive playgrounds.

Symbiosis Institute of Technology, Pune campus also hosts the Bajaj Engineering Skills Training (BEST) Centre, Telecommunications Consultants India Limited (TCIL) funded 5G lab and Infosys Makers lab to upskill engineering graduates in the contemporary and evolving technology landscape.

The institute fosters a dynamic learning environment, facilitating industry collaborations, global immersion programs, and honours courses, ensuring holistic development through exposure to diverse fields and hands-on projects. The institute has international collaborations for student and faculty exchange with esteemed universities worldwide. These include the Institute Mines-Telecom Business School, University College Dublin, KTH Royal Institute of Technology, Sumy State Agrarian University, University of Ghent, Kütahya Dumlupinar University, North China University of Technology, RUDN University, Leibniz University Hannover, and University of Leeds. These partnerships provide diverse opportunities for academic growth and global exposure. The institute offers dual degree and academic progression programs in partnership with esteemed universities, including Loughborough University (UK), Aston University (UK), Deakin University (Australia), and the University of East Anglia (UK).

The institute's long-term connections across academic and corporate circles help the student identify and pursue a niche early in their career, thus giving them an edge in this time of fierce competition. The Institute's robust industry connections with leading companies have significantly enhanced collaborations, resulting in placement packages reaching up to an impressive 50 LPA!

The holistic curriculum at SIT Pune comprises subjects such as Creative Thinking, Design Thinking, Critical Thinking, Liberal Arts, Service Learning, etc besides core engineering subjects to realize the dream of Prof. Dr. S. B. Mujumdar Sir, Chancellor of SIU and founder of Symbiosis, of creating Global Engineers. Another advantage that the tech-enabled pedagogy of SIT, Pune helps with is familiarity with technology which will strengthen the resumes of the students in today's hybrid and tech-enabled working environment. The institution also provides the students to grow into leading academics as well as entrepreneurs, with platforms such as Symbiosis Centre for Entrepreneurship & Innovation (SCEI), a business incubator, funded and recognised by the government of India. A special diploma from SIBM and courses from other Symbiosis Institutes are offered to the students. The online courses from Coursera, MOOC, SWAYAM etc are offered to the students to enhance the quality education.

With its holistic approach to education, industry-oriented curriculum, global collaborations, and focus on innovation and entrepreneurship, Symbiosis Institute of Technology, Pune continues to shape future-ready engineers, empowering them to excel in their chosen fields and contribute meaningfully to the global technological landscape.

Programme Profile:

- **Master of Technology (Artificial Intelligence and Machine Learning)**
- **Master of Technology (Automotive Technology)**
- **Master of Technology (Engineering Design)**
- **Master of Technology (Robotics & Automation)**
- **Master of Technology (Geoinformatics)**

Duration of the Programme:

● Master of Technology (Artificial Intelligence and Machine Learning)	: 2 Years, Full Time, Non-Residential programme
● Master of Technology (Automotive Technology)	: 2 Years, Full Time, Non-Residential programme
● Master of Technology (Engineering Design)	: Full Time: 2 Years, Full Time, Non-Residential programme Part-time: 3 Years, Full Time, Non-Residential programme
● Master of Technology (Robotics & Automation)	: 2 Years, Full Time, Non-Residential programme
● Master of Technology (Geoinformatics)	: 2 Years, Full Time, Non-Residential programme

Intake:

- **Master of Technology (Artificial Intelligence and Machine Learning)** : 30 Students
- **Master of Technology (Automotive Technology)** : 30 Students
- **Master of Technology (Engineering Design)** : 30 Students
- **Master of Technology (Robotics & Automation)** : 18 Students
- **Master of Technology (Geoinformatics)** : 18 Students

Eligibility

- **Master of Technology (Artificial Intelligence and Machine Learning)**

Engineering graduate (B. E./B.Tech) from any recognized University/ Institution of National Importance with a minimum of 50 % marks or equivalent grade (45 % Marks or equivalent grade for Scheduled Caste/ Scheduled Tribes) in any engineering discipline.

- **Master of Technology (Automotive Technology)**

Engineering graduate (B. E./B.Tech) from any recognized University/ Institution of National Importance with a minimum of 50 % marks or equivalent grade (45 % Marks or equivalent grade for Scheduled Caste/ Scheduled Tribes) in any engineering discipline.

- **Master of Technology (Engineering Design)**

Engineering graduate (B. E./B.Tech) from any recognized University/ Institution of National Importance with a minimum of 50 % marks or equivalent grade (45 % Marks or equivalent grade for Scheduled Caste/ Scheduled Tribes) in any engineering discipline. OR Master's degree in Science or Master's degree in Computer Applications (with Physics & Mathematics at Bachelor's level) or Master's degree in Computer Science (with Physics and Mathematics) at Bachelor's Level. b) UG + 2 years industry experience / Research experience in a research lab.

- **Master of Technology (Robotics & Automation)**

B.Tech./ B.E. in Mechanical /Electronics and Communication/ Computer Science/ Information Technology and other related disciplines with minimum four years duration from any recognized University/Institution of National Importance with a minimum of 50% marks or equivalent grade (45% Marks or equivalent grade for Scheduled Caste/Scheduled Tribes).

- **Master of Technology (Geoinformatics)**

Candidate should be an Engineering Graduate (BE/B. Tech), M.Sc. Geoinformatics, M.Sc. Physics, M.Sc. Geology, M.Sc. Environmental Science, M.Sc. Mathematics, M.Sc. Agriculture or equivalent from any statutory university with a minimum of 50% marks (45% for SC/ST).

Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50% marks (45% for SC/ST) at qualifying examination

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process:

GATE-qualified students can apply based on a valid GATE Score.

Non-GATE students will be required to appear for an entrance examination, and based on the score, admission will be offered. Scholarship is facilitated for Gate-qualified students: Selected GATE candidates will also receive a teaching assistantship.

Important Dates:

Particular for M. Tech Counselling	Date
Programme Registration Begins	13th Nov 2025
Last date of Online registration	31st July 2026
Last Date of payment of Registration fees	31st July 2026
Announcement of First Merit list of Gate Candidate	25 March 2026
Last date for payment of fees for Gate candidates in the first merit list	30 March 2026
Entrance Test for Non-Gate Candidates	31st March 2026
Test Result of Non- Gate Candidates	31st March 2026
Announcement of First Merit list Non-Gate Candidate	1st April 2026
Last date for payment of fees for Non-Gate candidates in the first merit list	6th April 2026
Programme Commencement	17th July 2026

Disclaimer: These dates are tentative and are subject to change. Any changes will be reflected on the institute website (<https://www.sitpune.edu.in>)

Orientation and Pedagogy:

Method of Instruction

The Institute employs a very effective and interactive teaching-learning process using most recent teaching aids including multimedia. The curriculum has been developed considering the present and future needs of industry and higher education. Teachers prepare session and evaluation plan with rubrics wherever required of the course, learning material and detailed presentations, lab manuals. This is uploaded in Moodle as well as maintained as a course file to ensure the effectiveness of teaching-learning process. A salient feature of the curriculum is a Dissertation Phase 1, Dissertation Phase 2 and Research Publication.

Industry Connect Cell at Symbiosis Institute of Technology, Pune

The Industry Connect Cell at Symbiosis Institute of Technology (SIT) Pune is a pivotal initiative designed to bridge the gap between academic learning and industry requirements. The cell is dedicated to enhancing students' readiness for the professional world through a variety of targeted activities and programs. Here are the key components of the Industry Connect Cell:

Industry Visits and Internships:

Objective: To provide students with first-hand experience of industrial operations.

Activities: Regularly organize visits to leading companies and facilitation of internships that offer practical exposure and insights into industry practices.

Guest Lectures and Workshops:

Objective: To keep students updated with the latest trends and technologies.

Activities: Inviting industry experts to conduct lectures and workshops, ensuring that the academic curriculum is complemented with current industry knowledge.

Live Projects and Research Collaborations:

Objective: To enhance practical learning and research skills.

Activities: Providing opportunities for students to engage in live projects and research collaborations with industry partners, fostering an environment of innovation and practical problem-solving.

Corporate Meets and Conferences:

Objective: To maintain strong industry connections and stay informed about the latest developments.

Activities: Facilitating regular interactions through seminars, corporate meets, and conferences. These events provide a platform for networking and knowledge exchange between students, faculty, and industry professionals.

Industry Connect Cell – Objectives (AY 2024–25)

The Industry Connect Cell at Symbiosis Institute of Technology is committed to empowering students through impactful industry engagement. The key objectives for Academic Year 2024–25 are:

- **Bridging the Academia–Industry Gap**

By organizing campus recruitment drives in collaboration with reputed companies, the Cell aims to align academic learning with current industry expectations.

- **Enhancing Employability**

Through structured training programs focused on aptitude, technical proficiency, communication, and interview preparation, students are equipped with the skills required for successful careers.

- **Promoting Industry–Academia Collaboration**

The Cell fosters dynamic partnerships via live projects, industrial visits, expert-led workshops, and technical sessions.

- **Providing Career Guidance & Mentorship**

Continuous support in the form of career counselling, alumni interaction, and one-on-one mentorship helps students make informed and confident career decisions.

M.Tech AIML, Batch 2024-26 student's D Vamsidhar, Uzma Patil, Sejal Hanmante, Shivani Patil secured 1st place in HERE India Hackathon 2025, Mumbai.

● **Fostering Innovation & Leadership**

The Industry Stalwart Series—launched on 10th March 2025—brings distinguished industry leaders to campus. The inaugural session was delivered by Dr. Sudhir Mehta, Founder & Chairman, Pinnacle Industries & EKA Mobility, on the topic:

“Leadership in Technology: Transforming Challenges into Opportunities in the Automotive Industry.”

Industry Collaborations – MoUs Signed (AY 2024–25)

To strengthen industry integration and expand student opportunities, the following Memoranda of Understanding (MoUs) were signed:

- Altair Engineering India, Pune
- Starkenn Technologies
- Pune Construction Engineering Research Foundation
- Cyber Secured India
- Builders Association of India
- Entuple Technologies Pvt. Ltd.
- Maven Tech
- Software Technology Parks of India (STPI)
- ARAI-AMIFT
- Telecommunications Consultants India Ltd. (TCIL)
- Dendrite AI LLC
- ARC ONE AI LLC (MoU shared by Ms. Meenakshi Gorel on 13 Jan 2025)
- ESBEE Electrotech LLP

- Cognavi India
- Innoplexus Consulting
- San Techno Mentors
- L&T Edutech
- IRAVAN Technologies
- Janatics Global Solutions Pvt. Ltd., Coimbatore
- Invictus Solutions Pvt. Ltd., Pune
- Mimic Infotech Pvt. Ltd., Pune
- Tesla EV Academy India Pvt. Ltd., Pune
- Aubotz Private Limited
- Bajaj Auto

Research and Development

SIU started Ph.D programme in Engineering from the academic year 2010-2011. Presently 544 students are pursuing their Ph.D from faculty of Engineering. 135 students have been awarded Ph.D. till date. SIT, Pune has taken various initiatives to mobilize the available knowledge resources for research and innovative solutions. SIT, Pune operates in cooperation to identify and initiate applied as well as multi-disciplinary research projects, create and combine patentable Intellectual Property (IP) components, and work to deliver funded research projects.

Research equipment and facilities have been established at SIT, Pune to carry out high quality basic and applied research. Faculty members are motivated to send research proposals in emerging areas to funding agencies within India and abroad. They also have a large number of publications in referred journals (SCOPUS and Web of Science) and are actively engaged in publications. Many papers were presented by the faculty and students in conferences held in India and abroad. Faculty has published 1055 papers in the year 2024, all of them are either in SCOPUS indexed or Web of Science journals. The undergraduate and graduate students also get an opportunity to work on some sub-areas of larger research problems as their major or minor projects. They also have published papers in referred journals. The Institute is in the process of augmenting necessary equipment and facilities in the identified research areas. Currently working on nine externally funded research projects and three SIU funded projects.

Internationalization

Internationalization at Symbiosis Institute of Technology (SIT), Pune aims to prepare students and expose faculty to become globally competent professionals. Symbiosis International University has agreements with more than 80 reputed foreign universities, of which, SIT, Pune is actively engaged with about 18 partner universities through various collaborative engagements. To facilitate a smooth transition to higher studies abroad, SIT, Pune has signed three agreements for Master's progression programs (4+1) with Loughborough University, UK, Aston University, UK and National Chung Hsing University (NCHU). Dual degree programs -B.Tech (2+2) in collaboration with University of East Anglia, UK -for B Tech (Mechanical Engg.) and with Deakin University, Australia for B Tech (Computer Science Engg.) and B Tech (Civil Engg.) will be floated from current academic year. Students are encouraged to participate in the Global Immersion Programme which includes six months Semester Abroad Programme as well as short-duration programmes (2 – 3 weeks) such as Summer Schools, Winter Schools, Industrial visits, Internships etc. in the partner Universities. Over the last four years, about 85 students have participated in various short and long-term global immersion programs. SIT faculty is actively involved in research with their international counterparts leading to 314 research articles in peer-reviewed international journals in past four years. The mobility of faculty is

an important dimension of Internationalization. In the past four years, about 74 Foreign experts visited SIT,Pune for expert sessions, workshops, etc, while about 18 SIT,Pune faculty members travelled to associated foreign universities as a part of their research/academic pursuits. Bilateral research grants worth 3 crores is being actively pursued by SIT faculty. Research scholars at SIT,Pune get the opportunity to work with globally renowned faculty through an international co-supervisor. As of now, SIT, Pune has 35+ such international co-supervisors. Internationalization, thus, inculcates the spirit of 'Vasudhaiva Kutumbakam' in students and faculty alike.

Associated International Universities

Sr. No.	University Name	Country	Type of collaboration
1.	McMaster University	Canada	Semester Exchange
2.	Toronto Metropolitan University	Canada	Semester Exchange
3.	University of Waterloo	Canada	Semester Exchange

Workshops-Hands-on training organized for students

Informative session on Scholarship of Teaching and Learning by Dr. Sohum Sohoni Professor, Program Director ,Electrical Engineering and Computer Science, Milwaukee, WI, UNITED STATES. (12 July 2023)

Workshop on Predictive Analytics and Future of Online Marketing by Dr. Markus Schaal, Institute for Data-Driven Digital Transformation (26 September 2023)

Workshop on Creating a Java mini-project complete with UC modeling, ui design, database/ oo design, dynamic design, and implementation, by Dr. Markus Schaal(27 September 2023)

Technology workshops on Creating a simple website with Linux, Docker, and flask and Using the ChatGPT-API, by Dr. Markus Schaal, (29 September 2023)

The delegates Kate Sugden and Sylvia Wong from Aston University, UK, conducted “Product Design Workshop” tailored for our undergraduate students of SIT,Pune(6th June 2024)

Online workshop on “NASA’s advanced Technology that enable next generation of Science and Exploration” conducted by Dr Bhanu Sood, Chief Engineer,NASA Goddard space flight center, USA (30th April 2024)

Admission of International Students

The process of International Student's Admissions at SCIE is designed taking into consideration the requirements and difficulties faced by International Students. The admissions are centralized for all the constituent institutes of Symbiosis International (Deemed University) and routed through this office. The online admission procedure has made it accessible to each and every student from different parts of the world and in the comfort of their homes.

In addition, various support services like assistance for issues related to residence permit, orientation to the rules and regulation of the Institute, medical facilities available and other miscellaneous matters of importance and interest during their stay also provided.

Placements:

The Institute has a very well-organized placement and training cell. The infrastructure in placement cell includes a seminar hall for conducting pre-placement talks, discussion rooms, interview rooms and other necessary amenities. The cell has good associations with a large number of renowned companies who visit the institute for campus recruitments. All the students of the final year are prepared for campus interviews through special programmes on technical and soft skills, which would help them get prestigious jobs. SIT,Pune had a successful placement season with the participation of leading companies across sectors, offering coveted profiles to the students of B.Tech and M.Tech. Leading companies from a multitude of sectors participated in the final placements offering 'sought-after' profiles with competitive packages. The recruiter portfolio comprised a healthy mix of recruiters from IT sectors and fast growing start-ups. Further, few students, with their exceptional effort during their Internships and reputed corporate competitions were awarded PPOs (pre-placement offers) by highly coveted companies.

Year 2024-25 marked the presence of more than 170 companies which include a blend of IT companies, Consultancy firms, Manufacturing Units, Digital marketing firm, Edtech companies. To name a few Microsoft, IBM India Pvt Ltd, Nomura Services India Pvt Ltd, BMC Software, Bharat Forge, Juspay, HP, Promobi Technologies, AP Moller, Futuresfirst, ZS Associates, MiQ Digital India Pvt Ltd, Miniorange Security Software Pvt Ltd, Deloitte, Lubrizol Corporation, SAS R&D, Intuitive Cloud, Deloitte Tax, Deloitte Audit, CC Tech, KION Group, Apple India, Forma AI, Indexnine, Aligned Automation, Precisely, Nvidia, Tresvista, Baker Hughes Parkar Digital, Michelin, Aristok Tech, GEEKEE BEE, Starkenn Technology, Openmynz Softlabs, Varroc, Kone Elevator Key Sight Technologies and many more recruited students from SIT,Pune.

Fee Structure

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INDIAN STUDENTS

Programme Fees For - Master of Technology (Engineering and Management)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 300,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For - Master of Technology (Artificial Intelligence and Machine Learning)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 300,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For - Master of Technology (Robotics and Automation)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 185,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For - Master of Technology (Automotive Technology)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 185,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For Master of Technology (Geo-informatics)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 315,700
Institute Deposit (Refundable)	₹ 20,000

Installment For - Master of Technology (Engineering and Management)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Instalment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 150,000	₹ 150,000	₹ 150,000	₹ 150,000
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 170,000	₹ 150,000	₹ 150,000	₹ 150,000
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment For - Master of Technology (Artificial Intelligence and Machine Learning)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Instalment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 150,000	₹ 150,000	₹ 150,000	₹ 150,000
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 170,000	₹ 150,000	₹ 150,000	₹ 150,000
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment For - Master of Technology (Robotics and Automation)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Instalment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 92,500	₹ 92,500	₹ 92,500	₹ 92,500
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 112,500	₹ 92,500	₹ 92,500	₹ 92,500
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment For - Master of Technology (Automotive Technology)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Instalment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 92,500	₹ 92,500	₹ 92,500	₹ 92,500
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 112,500	₹ 92,500	₹ 92,500	₹ 92,500
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment For Master of Technology (Geo-informatics)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Instalment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 157,850	₹ 157,850	₹ 157,850	₹ 157,850
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 177,850	₹ 157,850	₹ 157,850	₹ 157,850
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Lavale Hill Base Campus Only)	1st Year Academic Year 2026-27 (Amount in ₹)		
	Total Fees	1st Instalment	2nd Installment
Mess Fees (Per Annum) @	₹ 119,600	₹ 59,800	₹ 59,800
Hostel Deposit (Refundable)	₹ 20,000	₹ 20,000	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Triple Sharing	₹ 168,900	₹ 168,900	-
Four Sharing	₹ 124,100	₹ 124,100	-
Last date of payment		At the time of Admission	25-Nov-2026

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess fees can be increased up to 15% each year. Government taxes would be additional as and when applicable

*Few seats are reserved as Discretionary Quota Seats. Only students with reasonable academic record and with good entrance test scores are considered for Discretionary Quota Seats. The fees for Discretionary Quota seats will be double the academic fees of the open category as approved by the Fee Structure Committee, to be paid to the institute by way of online transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU. Once admission is taken in Discretionary Quota, the fees applicable to Discretionary Quota will have to be paid by the student for the entire duration of the programme.

B.Tech and M.Tech Projects of AIML dept, SIT,Pune were successfully conducted which was guided by Industry mentors CDAC, DRDO, Dassault Systemes and Gofig. Received excellent feedback from the experts.

Fee Structure

(Annexure II)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INTERNATIONAL STUDENTS

Note : International students are admitted from two categories and the fees for each are as given below

(a) NRI, PIO, OCI Category

(b) Foreign National Category

(a) Fees Payable by the students taking admission in NRI, PIO, OCI Category.

Programme Fees For - Master of Technology (Engineering and Management)	Student taking Admission in
	"(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in USD"
Academic Fees (per Annum) to be paid (A)	\$5,600
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$6,425

Programme Fees For - Master of Technology (Artificial Intelligence and Machine Learning)	Student taking Admission in
	"(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in USD"
Academic Fees (per Annum) to be paid (A)	\$5,600
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$6,425

Programme Fees For - Master of Technology (Robotics and Automation)	Student taking Admission in
	"(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in USD"
Academic Fees (per Annum) to be paid (A)	\$3,650
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$4,475

Programme Fees For - Master of Technology (Automotive Technology)	Student taking Admission in
	"(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in USD"
Academic Fees (per Annum) to be paid (A)	\$3,650
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$4,475

Programme Fees For Master of Technology (Geo-informatics)	Student taking Admission in
	"(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in USD"
Academic Fees (per Annum) to be paid (A)	\$5,500
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$6,325

(a) Installment For - Master of Technology (Engineering and Management) Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$2,530	\$2,530	\$2,800	\$2,800
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$2,530	\$2,530	\$2,800	\$2,800
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov- 2026	25-Jun- 2027	25-Nov- 2027

(a)Installment For - Master of Technology (Artificial Intelligence and Machine Learning) Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$2,530	\$2,530	\$2,800	\$2,800
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$2,530	\$2,530	\$2,800	\$2,800
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov- 2026	25-Jun- 2027	25-Nov- 2027

(a)Installment For - Master of Technology (Robotics and Automation) Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$1,555	\$1,555	\$1,825	\$1,825
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$1,555	\$1,555	\$1,825	\$1,825
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov- 2026	25-Jun- 2027	25-Nov- 2027

(a) Installment For - Master of Technology (Automotive Technology) Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$1,555	\$1,555	\$1,825	\$1,825
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$1,555	\$1,555	\$1,825	\$1,825
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov- 2026	25-Jun- 2027	25-Nov- 2027

(a) Installment For Master of Technology (Geo-informatics) Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$2,480	\$2,480	\$2,750	\$2,750
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$2,480	\$2,480	\$2,750	\$2,750
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov- 2026	25-Jun- 2027	25-Nov- 2027

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory)(The fees indicated herein are for Lavale Hill Base Campus Only)	1st Year 2026-27 Amount in USD		
	Student taking Admission in (a) NRI, PIO, OCI Category	1st Installment	2nd Installment
Mess Fees (Per Annum) @	\$1,400	\$700	\$700
Hostel Deposit (Refundable)	\$250	\$250	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Four Sharing	\$1,440	\$1,440	-
Triple Sharing	\$1,960	\$1,960	-
Last date of payment		At the time of acceptance of 'Offer Letter'	25-Nov-2026

(b) Fees Payable by the students taking admission in Foreign National Category.

Program Fees For - Master of Technology (Engineering and Management)	Student taking Admission in (b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$5,600
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$3,650
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

Program Fees For - Master of Technology (Artificial Intelligence and Machine Learning)	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$5,600
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$3,650
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

Program Fees For - Master of Technology (Robotics and Automation)	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$3,650
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$1,700
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

Program Fees For - Master of Technology (Automotive Technology)	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$3,650
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$1,700
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

Program Fees For Master of Technology (Geo-informatics)	Student taking Admission in
	(b) Foreign National Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$5,500
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$3,550
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

(b)Installment for For - Master of Technology (Engineering and Management) Student taking Admission in Foreign National Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	-	-
Academic Fees (Per Annum)	\$815	\$568	\$567	\$975	\$975
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$568	\$567	\$975	\$975
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov- 2026	25-Jun- 2027	25-Nov- 2027

(b)Installment for For - Master of Technology (Artificial Intelligence and Machine Learning) Student taking Admission in Foreign National Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	-	-
Academic Fees (Per Annum)	\$815	\$568	\$567	\$975	\$975
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$568	\$567	\$975	\$975
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov- 2026	25-Jun- 2027	25-Nov- 2027

(b)Installment for For - Master of Technology (Robotics and Automation) Student taking Admission in Foreign National Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	-	-
Academic Fees (Per Annum)	\$815	\$568	\$567	\$975	\$975
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$568	\$567	\$975	\$975
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov- 2026	25-Jun- 2027	25-Nov- 2027

(b)Installment for For - Master of Technology (Automative Technology)Student taking Admission in Foreign National Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	-	-
Academic Fees (Per Annum)	\$815	\$568	\$567	\$975	\$975
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$568	\$567	\$975	\$975
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov- 2026	25-Jun- 2027	25-Nov- 2027

(b) Installment for For Master of Technology (Geo-informatics) Student taking Admission in Foreign National Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	-	-
Academic Fees (Per Annum)	\$815	\$568	\$567	\$975	\$975
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$568	\$567	\$975	\$975
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Lavale Hill Base Campus Only)	1st Year 2026-27 Amount in USD		
	Student taking Admission in (a) NRI, PIO, OCI Category	1st Installment	2nd Installment
Mess Fees (Per Annum) @	\$560	\$280	\$280
Hostel Deposit (Refundable)	\$250	\$250	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Four Sharing	\$650	\$650	-
Triple Sharing	\$650	\$650	-
Last date of payment		At the time of acceptance of 'Offer Letter'	25-Nov-2026

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Model Colony Campus Only)	1st Year 2026-27 Amount in USD		
	Student taking Admission in (a) NRI, PIO, OCI Category	1st Installment	2nd Installment
Mess Fees (Per Annum) @	\$560	\$280	\$280
Hostel Deposit (Refundable)	\$250	\$250	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Four Sharing	\$650	\$650	-
Last date of payment		At the time of acceptance of 'Offer Letter'	25-Nov-2026

Note:

ONLY Foreign National Students taking Admission in the year 2026 for the Batch 2026-2028 will be eligible for the Symbiosis Golden Jubilee Scholarships. Designed to celebrate 50 glorious years of Symbiosis being established to offer quality education to foreign national students, these include:

- (1) 100 Symbiosis Golden Jubilee full Academic Scholarships with need-based reduced hostel fees for foreign national students from developing African- Asian countries.
- (2) 100 Golden Jubilee Free-ships for academically and financially deserving foreign national students from conflict ridden/war affected regions by giving them an opportunity to study at SIU by covering not only the cost of all academic fees but also the hostel and mess/food fees (lodging and boarding).
- (3) Concessional Hostel fees are applicable to Foreign National students @ 650\$ per annum.
- (4) Concessional Mess fees are applicable to Foreign National students @560\$ as mentioned above.

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess fees can be increased up to 15% each year. Government taxes would be additional as and when applicable.

50% Concession will be given only to the Foreign National students on Administrative Fees.

Programme Structure:

Master of Technology (Artificial Intelligence and Machine Learning)

Semester: I

Generic Core Courses

- Research Methodology in Engineering
- Programming in Python
- Maths and Statistics for Data Science
- Machine Learning Algorithms and Advances
- SQL and NoSQL for Data Analysis
- Exploratory Data Analysis and Visualization
- Cloud Computing Essentials for Artificial Intelligence
- Health and Wellness Module I #

Generic Elective Courses Group (Choose any one course)

- Data Engineering Essentials
- Full Stack Development and Applications
- Quantum Computing Fundamentals
- Generic Elective Courses Group (Choose any one course)

- Artificial Intelligence for Cyber Security
- Geospatial Data Analytics
- Artificial Intelligence for Robotics and Automation

Semester: II

Generic Core Courses

- Introduction to Deep Learning
- Natural Language Processing and Applications
- Machine Vision
- Advanced Technical and Professional Communication Skills
- Flexi-Credit Course
- Health and Wellness Module I #

Generic Elective Courses Group (Choose any one course)

- Reinforcement Learning and Applications
- Large Language Models
- Generative Adversarial Networks and Applications

Generic Elective Courses Group (Choose any one course)

- AI in Fintech
- AI in Healthcare
- Responsible AI
- AI in Industry 4.0

Semester: III

Generic Core Courses

- Dissertation Phase 1
- Flexi-Credit Course
- Research Paper Writing
- Vasudhaiva Kutumbakam *
- Health and Wellness *

Semester: IV

Generic Core Courses

- Dissertation Phase 2
- Flexi-Credit Course
- Data Visualization Tools and Software

Master of Technology (Automotive Technology)

Semester: I

Generic Core Courses

- Applied Numerical Methods in Engineering
- Research Methodology in Engineering
- Advanced Technical and Professional Communication Skills
- Automotive Engineering Systems
- Power Electronics for Automobile
- Modelling and Simulation of EHV
- Health and Wellness Module I #

Semester: II

Generic Core Courses

- EV Noise Vibration and Harshness
- Automotive AI
- Autonomous and Connected Vehicles
- Automotive Safety and Cyber Security

- Electric and Hybrid Vehicles
- Project Based Learning - M.Tech.
- Health and Wellness Module II #

Semester: III

Generic Core Courses

- Dissertation Phase 1
- Vasudhaiva Kutumbakam *
- Health and Wellness *

Generic Elective Course Group - I (Choose any one course)

- Powertrain Management Systems
- Automotive HVAC
- Vehicle Electronic Control Management System

Generic Elective Course Group - II (Choose any one course)

- Automotive Embedded System
- Micro Electro Mechanical Systems
- In Vehicle Networking

Generic Elective Course Group - III (Choose any one course)

- Testing and Certification of Automobile
- Vehicle Dynamics and Control
- Battery Management Systems

Generic Elective Course Group - IV (Choose any one course)

- Plug-in Electric Vehicles in Smart Grid
- Future Mobility Solution
- Deep Neural Networks for Automotive Applications

Semester: IV

Generic Core Courses

- Dissertation Phase 2
- Flexi-Credit Course
- Flexi-Credit Course
- Flexi-Credit Course

Master of Technology (Robotics & Automation)

Semester: I

Generic Core Courses

- Applied Mathematics
- Research Methodology in Engineering
- Robotic Systems
- Embedded Systems and Applications
- Machine Learning and Deep Learning in Robotics
- IoT and Mechatronics
- Concepts of Programming
- Additive Manufacturing Lab
- Health and Wellness Module I #

Generic Elective Course Group (Choose any one Course)

- Computational Structures and Algorithms
- Signal Processing and Applications

- Advanced Hydraulics and Pneumatics

Semester: II

Generic Core Courses

- Programmable and Supervisory Controllers
- Autonomous Systems
- Natural Language Processing for Robotics
- Machine Vision for Robotics
- Advanced Control Systems
- Advanced Technical and Professional Communication Skills
- Mechanisms and Robotics Lab
- Modelling and Simulation Lab
- Strategic Project Management
- Health and Wellness Module II #

Generic Elective Course Group (Choose any one Course)

- Reinforcement Learning for Robotics
- Data Base Management System
- Drone Technology

Semester: III

Generic Core Courses

- Dissertation Phase 1
- Flexi-Credit Course
- Flexi-Credit Course
- Vasudhaiva Kutumbakam *
- Health and Wellness *

Semester: IV

Generic Core Courses

- Dissertation Phase 2
- Flexi-Credit Course
- Research Paper Writing

Master of Technology (Geoinformatics)

Semester: I

Generic Core Courses

- Fundamentals of Remote Sensing
- Database concepts and SDBMS
- Fundamentals of Geographic Information Systems
- Research Methodology in GIS
- Cyber Security
- Web Design Technologies
- Applied Statistics
- Python for Geospatial Technology
- Global Navigation Satellite System
- Fundamentals of Geographic Information Systems Lab

- Fundamentals of Remote Sensing Lab
- Applied Statistics Lab
- Python for Geospatial Technology Lab
- Global Navigation Satellite System Lab
- Database concepts and SDBMS Lab
- Health and Wellness Module I #

Semester: II

Generic Core Courses

- Spatial Big Data and Storage Analytics
- Spatial Modeling and Analysis
- Digital Image Processing In RS

- Digital Photogrammetry
- Web GIS and Application Design
- Flexi-Credit Course
- Digital Photogrammetry Lab
- Research Paper Writing
- Advance Python Programming for spatial Analytics
- Machine Learning for Remote Sensing
- Spatial Modeling and Analysis Lab
- Web GIS and Application Design Lab
- Digital Image Processing In RS Lab

- Advance Python Programming for Spatial Analytics Lab
- Health and Wellness Module II #
- Vasudhaiva Kutumbakam *

Generic Elective Courses Group (Choose any one course)

- Geoinformatics Applications in Natural Resource Management
- Geoinformatics Applications in

- Human Settlement
- Land Surveying
- GIS for Health Care Management
- Geospatial Application in Agriculture
- Geoinformatics applications in Facility and Utility management

Semester: III

Generic Core Courses

- Dissertation Phase 1
- Health and Wellness *

Semester: IV

Generic Core Courses

- Dissertation Phase 2

* Courses are subject to change

Master of Technology (Engineering Design)

Semester : I

Generic Core Courses

- Research Methodology and Techniques
- Quantitative Techniques
- Technical Presentation and Discussion
- Philosophy and Critical Thinking
- Design Thinking
- Health and Wellness Module I #

Independent Study Module - I (Choose any one course)

- Generative Artificial Intelligence
- Human Factors and Usability Engineering: Designing for Humans Specialisation and Design Thinking Specialisation

Independent Study Module - II (Choose any one course)

- 3D Printing and Additive Manufacturing Specialisation and Rapid Prototyping and Tooling Specialisation
- Machine Learning and NLP with MLOps and Deployment

Semester: II

Generic Core Courses

- Research Ethics and Integrity
- Swayam Course
- Report - I
- Flexi-Credit Course
- Project - I
- Research Publication - I
- Health and Wellness Module II #

Semester: III

Generic Core Courses

- Project - II (Technical Talk)
- Research Presentation - I
- Report - II
- Vasudhaiva Kutumbakam *
- Health and Wellness *

Semester: IV

Generic Core Courses

- Research Publication - II
- Thesis
- Research Presentation - II
- Report - III

* Courses are subject to change

Dr. Anuradha Vaidya
Director

Director Profile:

Dr. Anuradha Vaidya embarked on her research journey in Stem Cell Biology at the prestigious National Centre for Cell Science (NCCS), where she was inducted as a doctoral student. Her dedication and scientific acumen culminated in the award of her doctoral degree in August 2011. Following this, Dr. Vaidya became affiliated with the renowned Symbiosis International University (SIU), where she played a pivotal role in establishing the Symbiosis School of Biological Sciences (SSBS).

Her leadership and commitment to academic excellence led to her appointment as the Director of SSBS in October 2022, a position she continues to hold with distinction. Dr. Vaidya is an active member of esteemed national and international societies, including the Indian Society of Cell Biology and the International Society for Stem Cell Research. She also contributes significantly to various academic, ethical, and safety committees within and beyond SIU.

As a respected Editor and Reviewer for numerous international peer-reviewed journals, Dr. Vaidya's research primarily focuses on understanding the bone marrow niche and its role in regulating both normal and deregulated hematopoiesis. Her scholarly contributions are published in high-impact journals such as Stem Cell Reviews and Reports, Stem Cells and Development, Regenerative Medicine, Stem Cells, and Cryobiology. She is deeply involved in mentoring doctoral and Master's students, firmly believing that research is the cornerstone of SSBS. She attributes the school's success to its cutting-edge infrastructure, the faculty's research expertise, and their exceptional teaching and mentoring capabilities.

Institute Profile:

Symbiosis School of Biological Sciences (SSBS) was established in 2011 under the Faculty of Medical & Health Sciences (FoMHS) to address the need for a school devoted to imparting training in Life Science research.

The state-of-the-art research laboratories and mentoring by faculty members that possess domain-specific expertise and considerable postdoctoral experience are the USPs of SSBS. SSBS prepares its students to function as independent researchers to succeed in the ever-growing and challenging field of human health and disease. Therefore, teaching and learning at SSBS is facilitated through interactive discussions and exposure to laboratory-based exercises. At SSBS, we believe that there are no shortcuts to conducting good research. We strictly promote practicing a research approach that is systematic, logical, empirical, replicable, and ethical. We expect our students to raise the bar and set high expectations for themselves.

SSBS has collaborations with global talents from the industry as well as academia. All our efforts are targeted to inculcate some culture rich in research to stimulate innovative ideas via teamwork to honor, serve, and provide

excellent resources to our students. The outcomes are evident in terms of the quality of publications in high-impact factor journals by faculty members of SSBS and also by the number of grants from National and International funding agencies such as the Department of Biotechnology (DBT), Department of Science and Technology (DST), Board of Research in Nuclear Sciences (BRNS), Ayurvedic, Yoga and Naturopathy, Unani, Siddha and Homeopathy (AYUSH), European Union ERASMUS+, Deutscher Akademischer Austausch Dienst (DAAD), etc.

Overall, SSBS provides a unique opportunity and a conducive environment for students for conducting basic research that has clinical implications or that translates into innovation. We strive to transform the Life Science graduates of today into responsible scientists of tomorrow. We hope that in the future, we can serve our community through progress made in science.

Programme Profile:

- **Master of Science Biotechnology (M.Sc. Biotechnology):**

M.Sc. Biotechnology is an interdisciplinary, skill-based, research oriented programme which equips the students to be an independent researcher or an entrepreneur by providing training in basic and applied areas of biological sciences. The programme constitutes of applied courses such as Stem Cell Biology, Bioprocess Engineering, Recombinant DNA Technology, Bioanalytical Techniques, Genomics, Bioinformatics, and Biostatistics. The programme also emphasizes understanding of fundamental principles through courses such as Biochemistry, Cell Biology, Molecular Biology, Genetics, Microbiology, Virology, and Immunology. The skill-based programme incorporates a six-month Research Project or Internship as an integral component that provides an opportunity for the students to get trained in independently drafting a hypothesis, designing a research project, and performing laboratory experiments followed by data analysis coupled with an opportunity to publish in peer-reviewed journals. In order to confer an edge over similar programmes in the country, the Biotechnology programme also has a provision for a one-year Research Project as a separate “stream” with the sole objective of providing an opportunity to the students to master skills in contemporary areas along with an opportunity to write and publish an original research paper.

- **Master of Science Biotechnology Dual Degree (M.Sc. Biotechnology (Dual Degree))**

The programme has a provision of dual degree; wherein the students are provided with an opportunity to pursue M.Sc. in Biotechnology from two different universities. Currently, we offer a dual degree in association with the University of Adelaide, Australia and Aston University, United Kingdom. The students admitted to the dual degree stream will spend the first year at Symbiosis School of Biological Sciences, then depending on their specific curricular and research interests they will move either to the University of Adelaide or Aston University for the second year. On successful completion of the requisite credits, the student will be awarded two degrees; M.Sc. in Biotechnology from Symbiosis International (Deemed University) and M.Sc. in Biotechnology (Biomedical) from the University of Adelaide or M.Sc. Stem Cells and Regenerative Medicine from Aston University or M. Res. Bioscience from Aston University.

- **Master of Science Biochemistry (M.Sc. Biochemistry)**

M.Sc. Biochemistry is a fundamental programme offering various courses such as Biomolecules, Enzymology, Metabolism, Metabolic and Genetic Engineering, Bioanalytical Techniques, Genomics, Bioinformatics, Structural Biology, Drug Discovery, and Biostatistics. The programme incorporates a Research Project as an integral component that provides an opportunity for the students to get trained in independently drafting a hypothesis,

designing a research project, and performing laboratory experiments followed by data analysis coupled with an opportunity to publish in peer-reviewed journals.

Duration of the Programme:

- **Master of Science Biotechnology (M.Sc. Biotechnology)** : 2 Years, Full Time, No-Residential programme
- **Master of Science Biotechnology Dual Degree (M.Sc. Biotechnology (Dual Degree))** : 2 Years, Full Time, Non-Residential programme
- **Master of Science Biochemistry (M.Sc. Biochemistry)** : 2 Years, Full Time, Non-Residential programme

Intake:

- **Master of Science Biotechnology (M.Sc. Biotechnology)** : 40 Students
- **Master of Science Biotechnology Dual Degree (M.Sc. Biotechnology (Dual Degree))**
- **Master of Science Biochemistry (M.Sc. Biochemistry)** : 30 Students

Eligibility

- **Master of Science Biotechnology (M.Sc. Biotechnology):**

Graduate in Life Sciences/ Health Sciences/ Biotechnology/ any other Biological Sciences OR Graduate of Engineering in Biotechnology/ Graduate of Technology in Biotechnology from any recognized University/ Institution of National Importance and must have obtained a minimum of 50% marks or equivalent grade (45% or equivalent grade for Scheduled Caste/ Scheduled Tribes) at graduation

- **Master of Science Biotechnology Dual Degree (M.Sc. Biotechnology (Dual Degree))**

- **Master of Science Biochemistry (M.Sc. Biochemistry)**

Graduate in Science with Chemistry as one of the subjects in the third year OR Graduate in Life Sciences/ Health Sciences/ Biotechnology/ any other Biological Science from any recognized University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% or equivalent grade for Scheduled Caste/ Scheduled Tribes)

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Reservation of Seats: As per University norms.

Admission Process

- Personal Interaction with shortlisted candidates

(Criteria for evaluation: Undergraduate academic score, general aptitude, subject knowledge, communication skills, and extra-curricular achievement)

Orientation and Pedagogy:

The induction programme is organized for the new batch of students wherein guest speakers are invited to share their expertise, knowledge, and experience in their respective fields. Students are exposed to emerging trends and career opportunities available in biotechnology while also providing orientation to welfare policies, wellness, and recreation facilities as well as health care services, and biodiversity at SIU. This induction program also includes various lectures on personality enhancement and soft skills training. Students are given a bird's-eye view of their course curricula. The pedagogy involves a combination of lectures, assignments, case studies, and presentations with special emphasis on laboratory experiments and hands-on training. Industry and field visits, too are given special importance. Additionally, classroom sessions are planned on current scientific topics or path-breaking research to encourage open-minded discussions. Students undertake research projects as a part of the curriculum and in many cases are able to publish papers in Scopus-indexed journals. This activity is undertaken either at SSBS or at leading research organizations/industries across the country.

Fee Structure

(Annexure I)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INDIAN STUDENTS

Programme Fees For Master of Science (Biotechnology)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 280,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For Master of Science (Biotechnology) - By Research	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 280,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For Master of Science (Biochemistry)	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 240,000
Institute Deposit (Refundable)	₹ 20,000

Annexure I - Programme Fees For Master of Science (Biotechnology) Dual Degree Program of Aston University, United Kingdom	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 420,000
Institute Deposit (Refundable)	₹ 20,000

Programme Fees For Master of Science (Biotechnology) Dual Degree Program of Adelaide University, Australia	1st Year Academic Year 2026-27 (Amount in ₹)
Academic Fees (Per Annum)	₹ 420,000
Institute Deposit (Refundable)	₹ 20,000

Installment for For Master of Science (Biotechnology)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 140,000	₹ 140,000	₹ 140,000	₹ 140,000
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 160,000	₹ 140,000	₹ 140,000	₹ 140,000
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment for For Master of Science (Biotechnology) - By research	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 140,000	₹ 140,000	₹ 280,000	₹ 280,000
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 160,000	₹ 140,000	₹ 280,000	₹ 280,000
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment for Master of Science (Biochemistry)	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 120,000	₹ 120,000	₹ 120,000	₹ 120,000
Institute Deposit (Refundable)	₹ 20,000	-	-	-
Installment	₹ 140,000	₹ 120,000	₹ 120,000	₹ 120,000
Last date of payment	At the time of Admission	25-Nov-2026	25-Jun-2027	25-Nov-2027

Installment for Master of Science (Biotechnology) at Symbiosis School of Biological Sciences & Master of Science - Stem Cell and Regenerative Medicine/ MRes Biosciences at Aston University, United Kingdom	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 210,000	₹ 210,000	*	
Institute Deposit (Refundable)	₹ 20,000	-		
Installment	₹ 230,000	₹ 210,000		
Last date of payment	At the time of Admission	25-Nov-2026		

"1) Master of Science (Biotechnology) at Symbiosis School of Biological Sciences & Master of Science - Stem Cell and Regenerative Medicine/ MRes Biosciences at Aston University, United Kingdom, Students enrolled in this program will complete their first year at Symbiosis School of Biological Sciences and second year at Aston University, United Kingdom

2) The fees for the first year will be as per approved fee structure of Symbiosis School of Biological Sciences. The fees for the second year will follow the fee structure of Aston University, United Kingdom."

Installment for Master of Science (Biotechnology) at Symbiosis School of Biological Sciences and Master of Biotechnology at University of Adelaide, Australia	1st Year (Amount in ₹)		2nd Year (Amount in ₹)	
	1st Installment	2nd Installment	1st Installment	2nd Installment
Academic Fees (Per Annum)	₹ 210,000	₹ 210,000	*	
Institute Deposit (Refundable)	₹ 20,000	-		
Installment	₹ 230,000	₹ 210,000		
Last date of payment	At the time of Admission	25-Nov-2026		

"1) Master of Science (Biotechnology) at Symbiosis School of Biological Sciences and Master of Biotechnology at University of Adelaide, Australia, Students enrolled in this program will complete their first year at Symbiosis School of Biological Sciences and second year at University of Adelaide, Australia

2) The fees for the first year will be as per approved fee structure of Symbiosis School of Biological Sciences. The fees for the second year will follow the fee structure of University of Adelaide, Australia"

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Lavale Hill Base Campus Only)	1st Year Academic Year 2026-27 (Amount in ₹)		
	Total Fees	1st Installment	2nd Installment
Mess Fees (Per Annum) @	₹ 119,600	₹ 59,800	₹ 59,800
Hostel Deposit (Refundable)	₹ 20,000	₹ 20,000	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Triple Sharing	₹ 168,900	₹ 168,900	-
Four Sharing	₹ 124,100	₹ 124,100	-
Last date of payment		At the time of Admission	25-Nov-2026

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess Fees can be increased up to 15% each year. Government taxes would be additional as and when applicable.

*Few seats are reserved as Discretionary Quota Seats. Only students with reasonable academic record and with good entrance test scores are considered for Discretionary Quota Seats. The fees for Discretionary Quota seats will be double the academic fees of the open category as approved by the Fee Structure Committee, to be paid to the institute by way of online transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU. Once admission is taken in Discretionary Quota, the fees applicable to Discretionary Quota will have to be paid by the student for the entire duration of the programme.

Biomedical Waste Management awareness lecture by Dr.Koratkar, Dr. Selvan & Mr. Raj Patel (Life Secure Enterprises)

Fee Structure

(Annexure II)

Approved Fee Structure for Batch 2026-2028 in the Academic year 2026-2027 - INTERNATIONAL STUDENTS

Note : International students are admitted from two categories and the fees for each are as given below

(a) NRI, PIO, OCI Category

(b) Foreign National Category

(a) Fees Payable by the students taking admission in NRI, PIO, OCI Category.

Programme Fees For Master of Science (Biotechnology)	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$5,100
Academic Fees (per Annum) to be paid (A)	\$5,100
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$5,925

Programme Fees For Master of Science (Biotechnology) - By Research	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$5,100
Academic Fees (per Annum) to be paid (A)	\$5,100
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$5,925

Programme Fees For Master of Science (Biochemistry)	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$4,700
Academic Fees (per Annum) to be paid (A)	\$4,700
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$5,525

Programme Fees For Master of Science (Biotechnology) Dual Degree Program of Aston University, United Kingdom	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$5,100
Academic Fees (per Annum) to be paid (A)	\$5,100
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$5,925

Programme Fees For Master of Science (Biotechnology) at Symbiosis School of Biological Sciences and Master of Biotechnology at University of Adelaide, Australia	Student taking Admission in
	(a) NRI, PIO, OCI Category 1st Year 2026-27 Amount in US\$
Academic Fees (Per Annum)	\$5,100
Academic Fees (per Annum) to be paid (A)	\$5,100
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$550
Total Fees to be paid (D)=(A+B+C)	\$5,925

(a)Installment for Master of Science (Biotechnology) Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-
Academic Fees (Per Annum)	\$540	\$2,280	\$2,280	\$2,550	\$2,550
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$2,280	\$2,280	\$2,550	\$2,550
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

(a)Installment for Master of Science (Biotechnology) - By Research Student taking Admission in NRI, PIO, OCI Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$550	-	-	-	-

	"(b) Foreign National Category 1st Year 2026-27 Amount in USD"
Academic Fees (Per Annum)	\$5,100
Less: Symbiosis Golden Jubilee Scholarship to Foreign National Students #	\$3,150
Academic Fees (per Annum) to be paid (A)	\$1,950
Institute Deposit (Refundable) (B)	\$275
Administrative Fees (Non Refundable)	\$550
Less: 50% Fee Concession on Administrative Fees	\$275
Administrative Fees (Non Refundable) to be paid (C)	\$275
Total Fees to be paid (D)=(A+B+C)	\$2,500

(b)Installment for Master of Science (Biotechnology) Student taking Admission in Foreign National Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	-	-
Academic Fees (Per Annum)	\$815	\$568	\$567	\$975	\$975
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$568	\$567	\$975	\$975
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

(b)Installment for Master of Science (Biotechnology) - By Research Student taking Admission in Foreign National Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	-	-
Academic Fees (Per Annum)	\$815	\$568	\$567	\$1,950	\$1,950
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$568	\$567	\$1,950	\$1,950
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

(b)Installment for Master of Science (Biochemistry) Student taking Admission in Foreign National Category	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	-	-
Academic Fees (Per Annum)	\$815	\$568	\$567	\$975	\$975
Institute Deposit (Refundable)	\$275	-	-	-	-
Installment	\$1,365	\$568	\$567	\$975	\$975
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026	25-Jun-2027	25-Nov-2027

(b) Installment for Master of Science (Biotechnology) at Symbiosis School of Biological Sciences and Master of Science - Stem Cell and Regenerative Medicine/ MRes Biosciences at Aston University, United Kingdom (Student taking Admission in Foreign National Category)	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	*	
Academic Fees (Per Annum)	\$815	\$568	\$567		
Institute Deposit (Refundable)	\$275	-	-		
Installment	\$1,365	\$568	\$567		
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026		

"1) Master of Science (Biotechnology) at Symbiosis School of Biological Sciences & Master of Science - Stem Cell and Regenerative Medicine/ MRes Biosciences at Aston University, United Kingdom, Students enrolled in this program will complete their first year at Symbiosis School of Biological Sciences and second year at Aston University, United Kingdom

2) The fees for the first year will be as per approved fee structure of Symbiosis School of Biological Sciences. The fees for the second year will follow the fee structure of Aston University, United Kingdom."

(b)Installment for Master of Science (Biotechnology) at Symbiosis School of Biological Sciences and Master of Biotechnology at University of Adelaide, Australia (Student taking Admission in Foreign National Category)	1st Year (Amount in \$)			2nd Year (Amount in \$)	
	1st Installment	2nd Installment	3rd Installment	1st Installment	2nd Installment
Administrative Fees (Non Refundable)	\$275	-	-	*	
Academic Fees (Per Annum)	\$815	\$568	\$567		
Institute Deposit (Refundable)	\$275	-	-		
Installment	\$1,365	\$568	\$567		
Last date of payment	At the time of acceptance of 'Offer Letter'	At the time of Reporting to SCIE	25-Nov-2026		

"1) Master of Science (Biotechnology) at Symbiosis School of Biological Sciences and Master of Biotechnology at University of Adelaide, Australia, Students enrolled in this program will complete their first year at Symbiosis School of Biological Sciences and second year at University of Adelaide, Australia

2) The fees for the first year will be as per approved fee structure of Symbiosis School of Biological Sciences. The fees for the second year will follow the fee structure of University of Adelaide, Australia"

**Hostel and Mess Fees (Subject to change in campus and accommodation type wise, e.g. Single Sharing, Twin Sharing, Triple Sharing, Four Sharing, Dormitory) (The fees indicated herein are for Bengaluru Campus Only)	1st Year 2026-27 Amount in USD		
	Student taking Admission in (a) Foreign National Category	2nd Installment	3rd Installment
Mess Fees (Per Annum) @	\$560	\$280	\$280
Hostel Deposit (Refundable)	\$250	\$250	-
Hostel Fees (Different, subject to Sharing, Per Annum)@			
Triple Sharing	\$650	\$650	-
Four Sharing	\$650	\$650	-
Last date of payment		At the time of Admission	25-Nov-2026

Note:

ONLY Foreign National Students taking Admission in the year 2026 for the Batch 2026-2028 will be eligible for the Symbiosis Golden Jubilee Scholarships. Designed to celebrate 50 glorious years of Symbiosis being established to offer quality education to foreign national students, these include:

(1) 100 Symbiosis Golden Jubilee full Academic Scholarships with need-based reduced hostel fees for foreign national students from developing African- Asian countries.

(2) 100 Golden Jubilee Free-ships for academically and financially deserving foreign national students from conflict ridden/war affected regions by giving them an opportunity to study at SIU by covering not only the cost of all academic fees but also the hostel and mess/food fees (lodging and boarding).

(3) Concessional Hostel fees are applicable to Foreign National students @ 650\$ per annum.

(4) Concessional Mess fees are applicable to Foreign National students @560\$ as mentioned above.

**Hostel and Mess Fees for the Subsequent year would be communicated before commencement of the next academic year.

@Hostel and Mess Fees can be increased up to 15% each year. Government taxes would be additional as and when applicable.

50% Concession will be given only to the Foreign National students on Administrative Fees.

Programme Structure:

Master of Science Biotechnology (M.Sc. Biotechnology)

Semester: I

Generic Core Courses

- Biochemistry
- Practicals in Biochemistry
- Advanced Molecular Biology
- Microbiology
- Practicals in Molecular Biology
- Research Methodology and Biostatistics
- Genetic Analysis
- Health and Wellness Module I #

Semester: II

Generic Core Courses

- Practicals in Microbiology
- Advanced Immunology
- Cell Biology
- Genetic Engineering
- Practicals in Animal Tissue Culture
- Practicals in Recombinant DNA Technology
- Practicals in Bioinformatics
- Bioinformatics

- Vasudhaiva Kutumbakam *
- Health and Wellness Module II #

Semester: III

Generic Core Courses

- Health and Wellness *
- Stream - A
- Generic Core Courses
- Bioprocess Engineering
- Practicals in Bioanalytical Techniques
- Practicals in Immunology and Virology
- Virology
- Introduction to Laboratory Animal Science

Generic Elective Course Group (Choose any one Group)

Group - 1

- Genomics and Proteomics
- Environmental Biotechnology
- Practicals in Genomics and

Proteomics

Group - 2

- Stem Cell Biology
- Biomaterials and Tissue Engineering
- Intellectual Property Rights

Stream-B Generic Core Course (By Research)

- Project (Part I) (00)

Semester; IV

Generic Elective Course Group Stream - A (Choose any one course)

- Project
- Internship

Stream - B Generic Core Course (By Research)

- Project (Part II)

Master of Science Biotechnology Dual Degree (M.Sc. Biotechnology (Dual Degree))

Master of Science Biochemistry (M.Sc. Biochemistry)

Semester :I

Generic Core Courses

- Advanced Molecular Biology
- Biomolecules
- Microbiology
- Practicals in Biochemical Techniques
- Practicals in Microbiology and Molecular Biology
- Research Methodology and Biostatistics
- Genetic Analysis
- Health and Wellness Module I #

Semester: II

Generic Core Courses

- Advanced Immunology
- Cell Biology

- Metabolism
- Proteins and Enzymes
- Biophysical Techniques
- Practicals in Enzymology
- Physiology and Endocrinology
- Practicals in Animal Tissue Culture
- Vasudhaiva Kutumbakam *
- Health and Wellness Module II #

Semester: III

Generic Core Courses

- Drug Discovery and Pharmacology
- Genetic and Metabolic Engineering
- Practicals in Bioanalytical Techniques

- Practicals in Clinical Biochemistry
- Clinical Biochemistry
- Intellectual Property Rights
- Introduction to Laboratory Animal Science
- Structural Biology
- Health and Wellness *

Semester: IV

Generic Elective Course Group (Choose any one course)

- Project
- Internship

* Courses are subject to change

Please visit www.ssbs.edu.in for information related to:

- Teaching Faculty including educational qualification(s) and teaching experience
- Learning Resources
- Physical and Academic Infrastructure Facilities
- Co-Curricular and Extra Curricular Activities
- Hostel Accommodation
- Health Care Services
