

MANGALMAY GROUP OF INSTITUTIONS

SHAPING THE
FUTURE

20
PROSPECTUS
26

FROM THE DESK OF **CHAIRMAN**

I am delighted to observe that Mangalmay Group of Institutions has achieved remarkable success in the realms of technical, pharmaceutical, and management education over the years. Since the inception of the institute, my primary focus has been to prioritize research, innovation, and the pursuit of excellence in teaching and learning process for the benefit of our students.

I extend my heartfelt gratitude to the entire teaching fraternity of the institute, who have instilled confidence in me and supported me in elevating the institute to newer heights. The dedicated efforts of the teaching staff led one of the institutes to attain NAAC "A" grade accreditation, marking a significant stride towards excellence.

In past years, the institute has formed collaborations and agreements with esteemed industrial houses and academic institutions, stimulating our academic environment and igniting a fervor to pursue excellence whole heartedly.

I am overjoyed to witness a team of dedicated and experienced faculty members working diligently to propel the institute to the next level, positioning it alongside top institutions. I extend my best wishes to them for their ongoing efforts. The state-of-the-art infrastructure, equipped with modern teaching and research facilities, adds significant value to the teaching and learning process in alignment with the institute's vision and mission.

It is particularly satisfying to note that the institute offers career-oriented courses personalized to meet the requirements of industry and society at large, at every stage.

I welcome you to the institute and assure you of the best professional career opportunities that align with your skills and ambitions.

Dr. Atul Mangal
Chairman, Mangalmay Group of Institutions

**WELCOME TO
MANGALMAY
WORLD**

FROM THE DESK OF **VICE CHAIRMAN**

It is with immense pleasure that I extend a heartfelt welcome to you at our esteemed institution, proudly holding the prestigious A Grade accreditation from NAAC.

With humility and determination, we are committed to transforming education to cater to the diverse needs of all our students. Our institution is devoted to nurturing talented and ambitious individuals, equipping them with the knowledge and skills essential for leadership roles in their chosen fields.

In our relentless pursuit of excellence in teaching and learning, Mangalmay offers a diverse array of long- and short-term professional certification programs spanning disciplines such as Management, Engineering, Teacher Education, BBA, BCA, and more. These holistic and industry relevant courses are formulated to build the right skills, competencies and understanding required for future career. Our highly qualified faculty members and an extensive library further enhance the educational experience for our students.

Let us join forces to shape a future that not only fills your parents, peers, and society with pride but also ensures that success is not merely anticipated but guaranteed.

At Mangalmay, your dreams become ours, your aspirations align with ours, and your victories are celebrated as our collective success.

Wishing you the very best of luck in all your future endeavors!

Dr. Aayush Mangal
Vice Chairman, Mangalmay Group of Institutions

FROM THE DESK OF **EXECUTIVE DIRECTOR**

I am delighted to extend a hearty welcome to each one of you as we embark upon another thrilling academic year at the distinguished Mangalmay Group of Institutions.

It is worth noting that the Mangalmay Group of Institutions has garnered both national and international acclaim over the years, earning a significant NAAC "A" Grade accreditation.

I am confident that our pursuit of excellence will persist, gathering additional accolades in the near future. This endeavor aims to make an enduring impact, cultivating an environment that nurtures intellectual growth, innovation, and personal development.

Our institutions inherit a rich history of producing graduates who have made substantial contributions to their respective fields, communities, and the global arena. As we move forward, our commitment to providing a world-class education remains unwavering. We are devoted to embracing evolving technologies and addressing the diverse needs of our students in Management, Engineering, and Pharmacy.

The outstanding faculty members and staff at the Mangalmay Group of Institutions play a pivotal role in supporting our mission. Their dedication strengthens our determination to optimize resources for the benefit of our students. We encourage all students to actively engage in club activities and extracurricular pursuits, enhancing their overall college experience.

Finally, I express my gratitude and best wishes to each one of you for choosing to be a part of Mangalmay Group of Institutions. Together, let us make this academic year rewarding and fulfilling.

Dr. Purna Mangal
Executive Director, Mangalmay Group of Institutions

ABOUT MANGALMAY

Founded in 2002, the Mangalmay Group of Institutions has emerged as a leading institution with a coveted NAAC "A" Grade Accreditation. Throughout its extensive educational journey, the institution has focused steadfastly on innovation, excellence, and cultivating of global leaders for a sustainable future. To deliver a comprehensive educational experience, we seamlessly integrate knowledge, industry expertise, research, and global exposure into our curriculum. Recognizing that academic excellence alone is insufficient for success in the modern corporate world, Mangalmay Institutions prioritize holistic development. Our cutting-edge facilities, collaborative study areas, and diverse extracurricular activities collectively contribute to fostering a supportive environment where students can develop intellectually, socially, and professionally.

EDUCATIONAL LEGACY OF 24 YEARS

With over two decades of experience in the education sector, the Mangalmay Group has consistently delivered a distinctive and unparalleled learning experience to students. Since its inception, the Mangalmay Group of Institutions has remained steadfast in its commitment to creating an environment conducive to learning, ensuring that students not only excel academically but also thrive in their professional endeavors. Our philosophy centers on the belief that educational institutions should produce graduates well-prepared for the industry, capable of addressing corporate challenges in a manner that aligns with management expectations and market demands. This involves upholding ethical standards and fostering a cohesive workplace atmosphere. At the core of our vision is the integration of premium, high-quality education with a global perspective. We aspire to empower our students, instilling in them the confidence to take their first steps towards becoming global leaders.

Cooperative Mangement

Eligibility:

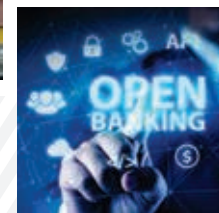

Applicants must have successfully completed their graduation under the 10+2+3 scheme, securing a minimum of 50% marks in any discipline from a recognized university. Those currently in the process of completing their qualifying examination or awaiting results may apply provisionally. However, their admission is conditional upon passing the qualifying examination.

Mangalmay Institute of Management and Technology (MIMT), affiliated with Dr. A. P. J. Abdul Kalam Technical University (AKTU) in Lucknow and Approved by AICTE-MHRD-Government of India, presents an extensive and challenging MBA program designed to ignite students' managerial skills. The institute strictly follows the course curriculum of the affiliating university in both letter and spirit. MIMT offers dual specializations in Marketing, Finance, Human Resources, International Business, Information Technology, Operations and cooperative management aligning with the university's advisories and guidelines. In the rapidly changing business environment of today, there is a growing demand for agile managers.

The curriculum integrates combined and experiential learning, incorporating guest lectures, company visits and various value-added courses for the benefit of students and faculty. Core pedagogies include business simulation and case studies. MIMT has established a robust industry network for internships, live projects and placements.

KEY DIFFERENTIATORS

- Contemporary curriculum nurturing knowledge through presentations and group discussions.
- Experienced faculty with relevant industry experience.
- Knowledge-Skill-Attitude (KSA) framework for advancing the professional ladder.
- Industrial tie-ups and collaborations.
- Advanced flexible curriculum.
- Weekly Mentor-Mentee sessions.
- Soft skills for managing specialized areas.
- Intensive industry interaction with corporate leaders and management gurus.

VALUE ADDITION

- Industry-oriented workshops on Digital Marketing, Business Analytics, Stock Market Operations, Life Skills, Creativity, Innovation and Leadership to prepare students for the industry.
- Opportunities to work on live projects/mini projects.
- Case-based teaching using business case studies.
- Professional enhancement through career development courses.
- Sports and cultural exposure for holistic student development.
- Hands-on training to cultivate their analytical mindset.

**EDUCATION IS
THE KEY THAT
UNLOCKS THE
GOLDEN DOOR
TO FREEDOM!**

Welcome to MIMT, where a transformative journey awaits you on the path to managerial mastery. Our MBA++ program is meticulously designed to empower individuals to excel in the dynamic and ever-evolving landscape of global business. MIMT has established MBA++ as one of its flagship programs to instill a sense of entrepreneurship to contribute to nation's growth and development. Excitingly, IIM(B) has endorsed its certification for competitive advantage under our collaborative agreement with them.

A UNIQUE & DISTINCTIVE LEARNING EXPERIENCE

At MIMT, we believe in the synergy of academic rigor and practical wisdom. Our distinguished faculty, comprised of seasoned academics and industry experts, is dedicated to cultivating a learning environment that promotes critical thinking, strategic decision-making and innovative problem-solving.

CURRICULUM DESIGNED FOR SUCCESS

With a focus on developing advanced skills essential for leadership roles, our MBA++ program is carefully designed to provide a thorough understanding of business fundamentals. Our program equips you with well-rounded skill set to thrive in the competitive global Market place, covering foundational courses in finance, marketing and

operations, as well as specialized electives and certification programs aligned with industry trends. The curriculum emphasizes virtual learning, mirroring the realities of the business world and equipping students with the skills and information needed to succeed in the workplace.

STATE-OF-THE-ART FACILITIES

Experience innovative learning in an environment where creativity thrives. Our campus features cutting-edge facilities, including technologically advanced classrooms, a well-equipped library and collaborative spaces designed to inspire creativity and collaboration.

EXPERIENTIAL LEARNING OPPORTUNITIES

Seize the opportunity to apply theoretical knowledge in real-world scenarios through internships, case studies and collaborative projects. Our emphasis on experiential learning ensures that you not only grasp concepts in the classroom but also gain practical insights that set you apart in the professional arena.

B.TECH

ADVANCE PROGRAM – CSE

SHAPING THE
FUTURE

**EDUCATION IS ONE
THING NO ONE CAN
TAKE AWAY FROM
YOU**

-Elin Norgegren

The B.Tech Advance Program with a specialization in User Experience (UX) and User Interface (UI) is a future-focused, industry-aligned course designed to bridge the gap between technology and design. Offered as part of the Computer Science & Engineering stream, this program blends strong foundational knowledge of computer science with the creative aspects of modern digital design—making it ideal for students aiming for careers in digital media, product innovation, and technology-driven industries.

What sets this program apart is its hands-on, practical approach to learning. Students get to work on live industry projects and take part in internships with leading companies, gaining valuable real-world experience that keeps them aligned with the fast-evolving digital world. The curriculum is crafted in close collaboration with industry experts to ensure it covers in-demand skills and emerging technologies, such as responsive design, human-centered computing, AI-driven interfaces, and mobile-first development.

The core focus areas include:

- **Software and hardware system design**
- **Programming languages and algorithm development**
- **UI/UX design methodologies**
- **Modern computing tools and techniques**

This multidisciplinary approach prepares students not just to adapt but to lead in the **digital-first global economy**

The **B.Tech in Computer Science & Engineering at Mangalmay Institute** offers **unique academic flexibility** through several advanced options:

- **Dual Degree Option with a Minor in Robotics:** For students interested in automation, AI, and intelligent systems, this minor adds a technical edge and opens doors to niche career paths.
- **Choice Based Credit System (CBCS):** This system allows students to choose elective courses based on their interests and career goals, promoting personalized learning.
- **Honours Degree in Cyber Security:** For those aiming to specialize further, the Honours track offers in-depth knowledge in the high-demand field of Cyber Security, preparing students for roles in ethical hacking, data protection, and network security.

COURSE OVERVIEW: ADVANCE PROGRAM – CSE

The **B.Tech in Computer Science & Engineering** at Mangalmay Institute of Management and Technology is a 4-year program affiliated with **Dr. A.P.J. Abdul Kalam Technical University (AKTU)**. While the program follows the standard AKTU curriculum, Mangalmay has added several unique initiatives that enhance students' learning and career readiness. One of the most impactful additions is the inclusion of at least one **industry-oriented certification course in every semester**. These certifications are offered in collaboration with renowned institutes and companies such as **IITs, TCS, and IBM**, helping students gain practical skills that are directly aligned with industry demands. This approach plays a key role in bridging the gap between academic learning and real-world industry expectations.

In addition to technical training, the institute strongly emphasizes the development of **soft skills and aptitude**. Students are trained in communication, reasoning, and problem-solving to help them overcome mental blocks and boost their confidence. This training is essential for making their first step into the industry easier and more successful. During **semester breaks in summer and winter**, students are encouraged to participate in internships, where they gain firsthand experience of working in professional environments. These internships help students understand industry culture and processes, preparing them for the workplace even before they graduate.

Mangalmay also organizes **regular industrial visits**, which are a simple yet effective way for students to observe and understand how different industries operate. These visits give students exposure beyond textbooks and help them connect their academic learning with practical applications. The college promotes leadership and creativity through various **curricular and co-curricular clubs**, which are essential for the personal and professional development of students.

Participation in these clubs fosters teamwork, leadership, and organizational skills.

To support self-learning, students are given access to online platforms such as **Infosys Springboard**, allowing them to explore a wide range of topics at their own pace. Moreover, the institute has active chapters of **IEEE and ACM**, and it is mandatory for students to engage with these communities. Participation in such professional organizations enhances students' exposure to research, innovation, and global technical trends, adding significant value to their academic journey.

Add-on certification:

At Mangalmay Institute of Management and Technology, certifications are a key part of the **B.Tech Advance Program**, designed to enhance both technical expertise and personal development. The certification structure is divided into **two main categories: curricular and non-curricular certifications**, both of which are aligned with **industry-based curricula** and offer a practical edge to academic learning.

Under the **curricular certifications**, students are provided with **technical training** every semester through courses certified by **government-recognized institutes and leading private sector organizations**. These certifications are carefully chosen to ensure relevance to current industry needs and emerging technologies. Some of the major certifications include:

In addition to technical skills, students also undergo **non-curricular certifications** focused on **soft skills and aptitude development**, which are equally important for career success. Training in soft skills is provided by **TCS iON**, while **aptitude skills** are developed through platforms like **L&T Edutech and AMCAT**. These sessions help students improve communication, logical reasoning, and problem-solving—essential for placement readiness and workplace adaptability.

Each certification program involves a minimum of **40 to 60 hours of intensive training** and is strictly based on **real-world, industry-driven curricula**. The goal of these certifications is not just to add value to students' resumes, but to **bridge the gap between academic knowledge and industry expectations**, making students well-prepared for internships, job placements, and future roles in the technology sector.

C PROGRAMMING

OFFERED BY E&ICT ACADEMY, IIT KANPUR, FOCUSING ON FOUNDATIONAL PROGRAMMING SKILLS.

ADVANCED EXCEL

PROVIDED BY MICROSOFT, COVERING DATA ANALYSIS, FUNCTIONS, AND AUTOMATION.

DRONE TECHNOLOGY

CONDUCTED BY ADVERT SKILLS, INTRODUCING STUDENTS TO UAV TECHNOLOGY AND ITS APPLICATIONS.

DATA STRUCTURES AND ADVANCED DATA STRUCTURES

DELIVERED BY HCL TECHNOLOGIES, AIMED AT STRENGTHENING CORE COMPUTING LOGIC.

PYTHON PROGRAMMING & GENERATIVE AI

OFFERED IN COLLABORATION WITH IBM, FOCUSING ON ADVANCED PROGRAMMING AND AI TRENDS.

B-Tech

Teaching pedagogy at Mangalmay:

An Industry-Integrated, Student-Centric Approach

The **B.Tech Advance Program** at Mangalmay Institute of Management and Technology is built on a forward-thinking and student-centric pedagogy that aims to prepare learners for the dynamic demands of the modern tech industry. Rooted in **outcome-based education (OBE)**, the program's teaching and learning strategies focus not only on academic excellence but also on the holistic development of technical, creative, and professional skills. This pedagogy is designed to ensure that students graduate as confident, capable, and job-ready professionals. The key components of this approach include:

The foundation of the program lies in **experiential learning**, where students are actively engaged in hands-on projects, lab experiments, real-time simulations, and problem-solving tasks., which builds confidence and clarity in technical execution.

Another major pillar of the pedagogy is **strong industry collaboration**. Mangalmay partners with leading technology companies and academic institutions like **TCS, IBM, and IITs** to co-develop certification programs, live projects, and mentorship sessions. These collaborations ensure that students are continuously exposed to current market trends, real-world challenges, and professional standards. This industry integration bridges the gap between academia and employment, giving students a competitive edge in recruitment and practical understanding.

At the heart of the pedagogy is the **Outcome-Based Education (OBE)** framework, which ensures that every course, activity, and assessment is designed with clear learning objectives. This methodology helps in measuring the progress of each student through well-defined outcomes, offering a transparent view of academic and skill-based achievements. It ensures continuous quality improvement and targeted learning.

To cater to different learning styles and maximize student engagement, the program follows a **blended learning model**. It combines traditional classroom teaching with digital tools, flipped classrooms, recorded lectures, and online platforms for self-paced study. This mix of synchronous and asynchronous learning not only improves accessibility but also encourages independent thinking and time management skills.

Mangalmay also fosters a strong culture of **research and innovation**. Students are actively encouraged to participate in research projects, innovation challenges, coding hackathons, and startup incubation programs. Platforms like **IEEE Student chapters and ACM chapters** serve as hubs for students to present ideas, write papers, collaborate on global tech issues, and sharpen their analytical and creative thinking.

Lastly, the pedagogy emphasizes **continuous assessment and constructive feedback**. Regular evaluations are conducted through quizzes, assignments, peer reviews, and presentations. In addition, feedback from industry mentors and faculty helps identify each student's strengths and areas for improvement, allowing for a personalized learning path that caters to individual goals and aspirations.

In summary, the pedagogy of the B.Tech Advance Program at Mangalmay is not just about teaching—it is about transforming students into **adaptive, innovative, and future-ready professionals** through a well-rounded, industry-integrated, and outcomes-focused learning journey.

B.TECH

BACHELOR OF TECHNOLOGY

SHAPING THE
FUTURE

**EDUCATION IS NOT
PREPARATION FOR
LIFE; EDUCATION IS
LIFE ITSELF.**

-John Dewey

Mangalmy Institute of Management & Technology (MIMT) offers a four-year full-time B.Tech program in the following streams

B.Tech in Computer Science & Engineering

B.Tech in Computer Science & Engineering (Data Science)

**B.Tech in Computer Science & Engineering
(Artificial Intelligence)**

All programs are duly approved by the All India Council for Technical Education (AICTE), Ministry of Education, Government of India, and are affiliated with Dr. A.P.J. Abdul Kalam Technical University (AKTU), Lucknow. Although the course structures and syllabi are designed by AKTU-Lucknow (UP), MIMT employs a well-proven diversified pedagogy to impart knowledge through numerous Value-Added Programmes and Add-On programmes for specific dedicated hours to hone the skills of the students.

Academic Excellence and Pedagogy

While the curriculum is structured by AKTU, MIMT enhances academic delivery through a diversified, student-centric pedagogy. This includes:

- Value-Added Programs
- Add-On Courses with dedicated learning hours
- Experienced and dedicated faculty committed to student success
- A state-of-the-art campus promoting effective teaching and learning

Aligned with the National Education Policy (NEP) 2020, MIMT promotes multidisciplinary education, offering students the flexibility to choose subjects beyond their core curriculum.

Innovation and Industry Collaboration

Recognized as one of the premier Innovation Centers, MIMT fosters a creative ecosystem for both students and faculty. The institute emphasizes:

- **Research-driven education**
- **World-class training and mentorship**
- **Active industry-academia collaboration for holistic development**

MIMT has established strong partnerships with leading companies and academic institutions, including:

- **Industry Partners:** IBM, Infosys, Suviksan, Future-Zen Group, ICT Academy, UiPath, GTT Foundation, C# Corner
- **Academic Collaborations:** IIT Kanpur, IIT Kharagpur, ICT Academy

Holistic Curriculum

The curriculum is a blend of **engineering, science, mathematics, humanities, entrepreneurship**, and essential life skills—all curated to build well-rounded professionals ready to meet global challenges.

Students benefit from:

- **Regular industry interactions**
- **Workshops and seminars**
- **Field and capstone projects**
- **Research dissertations**
- **Internships and educational tours**

At MIMT, education transcends traditional boundaries—empowering students not just to prepare for life, but to **live it with purpose, innovation, and integrity.**

Eligibility:

The candidate must have passed (without grace) Intermediate (10+2 Level) Examination or its equivalent from any Recognized Board, securing minimum 60% marks in aggregate in the required subjects with a combination of two Compulsory Subjects- Physics & Mathematics and one optional subject of Chemistry/Biotechnology/Biology and UPSEE/JEE Mains Qualified.

UNDERGRADUATE PROGRAMS

Minor Degree Offered

- Robotics
- Green Technology
- Electric Vehicle

HIGHLIGHTS

MIMT Highlights:

- Recognized among the best engineering colleges in the DELHI/NCR Region.
- Industry-oriented programs designed to cater the needs of Industry 4.0.
- Academic and research excellence facilitated by highly qualified and experienced faculty.
- Regular industry interaction through industrial visits, workshops, seminars, guest lectures, and conferences.
- Campus placement and corporate training activities to develop employability skills.
- Bridging the gap between industry and academia through regular sessions conducted by industry experts / established COE and advance training centre.
- Opportunity for students to earn professional skills certificates from academia and industry partner like IIT Kanpur, IIT Kharagpur, ICT Academy IBM, Infosys, Suviksan, Future-Zen group, Farelabs and UiPath.
- Project Based Learning (PBL) starting from semester I

Bachelor of Technology in Computer Science & Engineering

The Department of Computer Science and Engineering offers a 4-year B.Tech. program in Computer Engineering. This program emphasizes key areas such as software engineering, algorithm analysis and design, operating systems, computer graphics, database and information systems engineering, and networking technologies. Students are exposed to cutting-edge technologies, including High-Performance Computing, Computer Animation and Gaming, Machine Learning, Data Analytics, Information and Cyber Security, and Software Engineering.

Bachelor of Technology in Computer Science & Engineering (Data Science):

This 4-year undergraduate program in Computer Science Engineering specializes in Data Science. Its objective is to provide a solid foundation in Computer Science Engineering while imparting specialized knowledge in the field of Data Science. The program equips students with the skills to construct and evaluate data-based models and conduct statistical analyses using professional statistical software.

Bachelor of Technology in Computer Science & Engineering – (Artificial Intelligence):

A 4-year undergraduate program in Computer Science and Engineering with a focus on Artificial Intelligence (AI), It offers a comprehensive understanding of AI principles and their applications in scientific and engineering domains. Students gain the ability to analyze complex engineering problems and develop solutions using AI. The program also covers the application of appropriate techniques and modern engineering tools for computer system design and integration.

Major Highlights:

A. MIMT has highly competent faculty members, holding Ph.D. qualifications from reputed institutes committed to elevating educational standards.

B. The department has produced over 100 computer engineering projects in areas such as machine learning, data mining, cloud computing, and IoT in recent years.

**B.Tech. - Lateral Entry- 2nd year
(All Branches)**

Mentioned above

FUTURISTIC LEARNING

Mangalmay Institute of Management & Technology's B.Tech. course stands out with world-class faculty, cutting-edge infrastructure, an industry-relevant curriculum, academic collaborations, internships, and placements. Graduates are prepared to work in multidisciplinary domains, solving engineering problems, designing and evaluating solutions, algorithms, and protocols. The curriculum focuses on digital transformation technologies, employing a mix of interactive lectures, tutorials, laboratory work, case studies, literature surveys, and project work. The department supports students in Research and Development activities and encourages innovative ideas through events like ideathons and hackathons.

INDUSTRY ORIENTED INNOVATION LABS & TRAINING PROGRAMME:

Add-On Trainings

Mangalmay Institute offers additional training programs beyond the university syllabus to ensure students are equipped with future technological skills. These courses cover various industry requirements to enable students to take the industry challenges in the befitting manner.

Few additional courses which department provides to the students are such as:

- BIG DATA
- NETWORKING
- LAB: CCNA & CCNP
- IOT Internet of Things
- CLOUD COMPUTING
- ARTIFICIAL INTELLIGENCE
- CYBER SECURITY & ETHICAL HACKING
- Data Structures and Algorithms (DSA)
- Full Stack with MERN
- Java
- .Net
- PHP
- C & C++
- Android
- Digital marketing (3-4 Months)
- Web Designing
- Python
- Software Testing (Manual)
- Software Testing (QTP)
- Networking
- SAP
- MSBI
- MySql
- Oracle DBA
- Big Data Hadoop
- Java (6W) with Big Data Hadoop (6W)
- Sql Server
- SAS (Base + Advance)
- SAS Analytics

PROGRAMME

BACHELOR OF COMPUTER APPLICATION

SHAPING THE
FUTURE

**IF YOU CHANGE THE WAY
YOU LOOK AT THINGS, THE
THINGS YOU LOOK
AT CHANGE.**

-Wayne Dyer

The Bachelor in Computer Application program at Mangalmai Institute of Management and Technology is affiliated to CCS University (Meerut) and a popular choice for those seeking a career in Computer Science & Information Technology. This program provides comprehensive knowledge, placing equal emphasis on both theory and practical applications in the field of Computer Science & Information Technology.

A BCA graduate will possess advanced skills in the effective analysis, design, and implementation of business systems using contemporary Information Technology.

The program's overarching objective is to establish a solid academic foundation for the development of an advanced career in Computer Applications. It offers a conceptual understanding of the computer age alongside practical business applications, preparing candidates for entry-level jobs in the IT sector. BCA is an undergraduate academic degree with a duration of three years.

Eligibility:

Eligibility criteria for admission to the BCA program require candidates to have passed Senior Secondary/10+2 or an equivalent qualification with a 60% aggregate from any recognized Board.

B.Com

BACHELOR OF COMMERCE

SHAPING THE
FUTURE

BELIEVE YOU CAN AND YOU'RE HALFWAY THERE

MIMT takes pride in offering a dynamic Bachelor of Commerce (B.Com) program that provides students with a solid foundation in economics, finance, and business. We take pleasure in guiding you to discover the wealth of educational opportunities and experiences available at our esteemed institution.

The Mangalmai Institute of Management and Technology's (MIMT) Bachelor of Commerce (B.Com) program delivers relevant and accredited education in areas such as business law, accounting, banking, and commerce. The curriculum incorporates the application of evolving sectors like finance and their concepts to commerce. Emphasizing continuous upskilling, the program includes lectures, seminars, and regular group discussions. Real-life scenarios demanding prompt decision-making and rapid situation analysis are simulated using role plays and simulation labs. The program is affiliated with CCS University, Meerut.

Comprehensive Curriculum

Our B.Com program features an integrated curriculum that merges theoretical knowledge with practical application. Students interact with real-world case studies, engage in interactive projects, and undertake industry-relevant course work.

Expert Faculty

Learn from distinguished faculty members with rich academic and industry experience. Our professors are dedicated to creating a stimulating learning environment that fosters critical thinking and innovation.

Technology Integration

Embrace the future of commerce through our focus on technology integration. Access cutting-edge tools and software to stay ahead in the rapidly evolving digital landscape.

SCHOOL OF EDUCATION

Manglmay Institute of Management & Technology in Greater Noida is a NAAC accredited institution. The institute has been honoured with the prestigious "Indian Education Leadership Award". It offers a full-time four-year integrated B.A.-B.Ed. UG program. It is duly approved by the National Council for Teacher Education (NCTE), Government of India, and are affiliated to Chaudharym Charan Singh University, Meerut.

The Department of Education at Manglmay Institute aims to prepare professionals with an ethical edge to demonstrate excellence in both classrooms and workplaces. The outstanding performance of our previous batch is a testament to our quality as the entire batch of the students getting selected in CTET & SUPER TET. At Manglmay Institute of Management & Technology, Our goal is to shape self-motivated and technologically competent teachers in the contemporary digital era-individuals who are intellectually competent, morally upright, socially committed, and technologically skilled.

B. A. B. Ed.

The School of Education at MIMT provides students with high quality learning opportunities, hands-on experiences such as Art & Craft lab, Psychology lab, Language Lab, Science lab, Computer lab, Departmental Library and Smart classrooms to prepare them for a career in Education. An experienced and qualified faculty offer their unparalleled experiences in their respective areas of specialization. As a pioneer of Excellence, we introduce innovations in Education for continuously improving the quality of teacher training.

Eligibility:

Pass with 50% aggregate marks in Senior Secondary or 10+2 or equivalent. (5% relaxation for SC/ST/OBC applicants)

Distinct features of B. A. B. Ed. Programs offered at MIMT

- Highly qualified and experienced faculty
- Outstanding University Results
- CTET and State TET coaching provided to students
- NET coaching for Post Graduate Students
- Excellent Placements and Results
- **Skill Enhancement Classes:**
 - Regular Personality Development classes for students
 - English Communication classes
- Internship in Reputed Schools
- Digital Library with a large number of Books, Journals, Magazines, etc.

The College has played an important role in my personality development and career building. The college and department in particular has always been helpful and encouraging. I owe my success to the college and wish the college all the success in the future.

Name : Maanvi Tripathi
School: The Shri Ram Universal School, Greater Noida West

CORPORATE SPEAKS

Ms. Swati Suman

Manager - HR, Flipkart

Students of the campus were found technically sound. I had an amazing experience with T & P Dept. of the college. I wish that Flipkart will keep visiting this Mangalmai campus for all its future manpower requirements.

Ms. Sonal Goel

HR-Sr. Associate, Daffodil Software

It has been a cherishing moment for Daffodil Software to conduct recruitment drive at Mangalmai. The Training & Placement department staff has been very cooperative at all the time. We shall keep coming back for our future recruitment drives in the Mangalmai campus. Thanks...

Ms. Sumedha Srivastava

Business Excellence Manager, Archer & Bull

A peaceful encounter with fresh technocrats for our company's recruitment needs at Mangalmai, Gr. Noida. The staff and students are cordial. A pleasurable experience.. Thanks everyone for your kind support and for conducting smooth campus drive. Thanks once again...

Ms. Arpita Mishra

HR Manager, R1RCM

R1RCM would take the privilege that the company has been a regular visitor at Mangalmai for its campus recruitment drives. Students and faculty are knowledgeable and they are found to be future ready. We gladly announce our visit to the campus again. Thanks to Training & Placement department.

Ms. Smita Dubey

Manager - HR, JustDial

We hire students from Mangalmai college every year and it's been a long association. These days it has become hard to find talented candidates. We are satisfied to find candidates having good skill set as we required. We wish all the best to the college and students for their future".

Ms. Madhu Bujoo C

Campus Specialist - Recruitment, TCS

Our company wishes Mangalmai, Greater Noida a great success in all its endeavors as this campus produces the best talented brains for the industry. A wonderful place worth visiting ever again.

Ms. Maulika Gopal

Senior Executive - HR, To The New

Institute has a good talent pool of fresh minds that have been trained to become industry ready, high focus on technical capabilities as well as soft skills of students. Thanks for inviting. Hope this professional bond continues longer.

Ms. Shweta Latant

HR Manager, Cloud Analogy

All great good hospitality. One of the best campus with quality of students & corporate focus approach.

Ms. Bhagyshree

Manager HR, Amazon India

It was a great experience to visit Mangalmai Institute of Management & Technology. Institute infrastructure was very impressive and students were equipped with knowledge and skills required to excel in the career. I appreciate the efforts taken by placement cell of the institute.

Ms. Tanvi Kapoor

Chief Operating Officer (COO), Big Oh Notation Pvt. Ltd.

We have sourced some very good candidates from the Mangalmai institute. We were amazed by the immense talent and skills these students possess. Not only the students we were very impressed by the quality of education and training the institute has provided them. The students were confident and very well prepared for the interviews. We wish to congratulate and wish luck to all the students for their future.

MANGALMAY INCUBATION & ENTREPRENEURSHIP FOUNDATION (MIEF)

MIEF

Welcome to the Mangalmay Incubation & Entrepreneurship Foundation (MIEF), located in Knowledge Park II, Greater Noida, Uttar Pradesh. This unique initiative of the Mangalmay Group of Institutions is designed to inspire and support students and aspiring entrepreneurs in turning their innovative ideas into successful businesses. We believe in the power of entrepreneurship to create change and opportunities, and we are here to guide you every step of the way.

Our Vision

At MIEF, we envision becoming a leading hub for entrepreneurship and innovation. Our mission is to empower individuals with the tools, mentorship, and resources they need to navigate the challenges of starting and growing their ventures. We are dedicated to fostering a vibrant ecosystem where creativity thrives, and we aim to make entrepreneurship a catalyst for social change and economic development.

Collaborations and MOUs

To enhance our support for entrepreneurs, MIEF has established partnerships through Memorandums of Understanding (MOUs) with several respected organizations:

- **Ministry of Micro, Small, and Medium Enterprises (MSME):** This collaboration gives our incubatees access to training programs and funding opportunities, helping them navigate the business landscape effectively.
- **Atal Incubation Center (AIC):** Partnering with AIC allows us to offer advanced mentorship and a network of industry experts, enhancing our support for startups across various sectors.

Why Choose MIEF?

- **Comprehensive Support:** We provide guidance at every stage of your entrepreneurial journey, from idea validation to business scaling.
- **Networking Opportunities:** Connect with fellow entrepreneurs, industry leaders, and investors to expand your network.
- **Skill Development:** Participate in workshops and training sessions to enhance your entrepreneurial skills.
- **Access to Resources:** Utilize our state-of-the-art facilities, mentorship programs, and funding assistance to bring your ideas to life.

Join Us!

Whether you're a student with a brilliant idea or an entrepreneur looking to grow your business, MIEF is here to support you. Together, let's foster innovation and drive change in our community.

At MIEF, located in Knowledge Park II, Greater Noida, we are committed to creating a brighter future through entrepreneurship. Join us on this exciting journey and turn your ideas into reality!

Our Innovative Projects

We are proud to showcase several exciting projects currently being developed at MIEF:

Call Mechanics

Call mechanics is an app that connects customers with local mechanics quickly and easily. Users can book services, compare prices, and read reviews, making car maintenance simpler and more convenient.

TrashTreasure

Trashtreasure addresses waste management issues by collecting, recycling materials and turning waste into valuable resources. We partner with businesses and communities to promote sustainability and create a cleaner environment.

UjjwalKrishi

UjjwalKrishi focuses on empowering farmers by providing access to modern farming techniques and tools. Through workshops and training, we help farmers enhance productivity and adopt sustainable practices.

Parkme

Parkme is a parking solution that helps users find available parking spots in real-time. Our app simplifies the parking experience, reduces traffic congestion, and enhances urban mobility.

ALUMNI

It was a beautiful journey of my study at MANGALMAY. I feel proud to be a part of this college. It was an accomplishing experience to get placed after various attempts. I am feeling proud to have campus placement. It only became possible due to the efforts made by the college CRD Department, which acts as an interface between the students and the various organizations I owe a lot to my college both professionally and personally.

Saurabh Kumar
Centilytics Pvt. Ltd.
B.TECH

It has always been a good place to support the students in the development of their overall personality. All thanks to CRD for making my path clear towards my goal and helping me to touch heights for making me a "True Professional". The complete ensemble, including the faculty, infrastructure, co-curricular activities, industry interface, placement assistance and the soft skill training contributed to make me "Future Ready". My journey was phenomenal. Thanks.

Abhishek Gupta
Flipkart India Pvt Ltd
MBA

Taking admission in Mangalmay was the best move I made in my life. It not only gave me career mentors but career guardians. After having certain work experience, I wanted to gain the knowledge that school provides for career growth. I got the placement in the final year and I am working with a well renowned company as market leader in its segment all because of the CRD team for helping and pushing me beyond my limits.

Alka Kumari
Bandhan Bank
MBA

Personally thank MANGALMAY faculties and CRD Placement cell for putting in all the efforts to groom me and making me a corporate professional. MIET is a place of learning with many more such life preaching activities and added value to my life. It gave me more opportunity to present myself in front of others and I have learned a number of things from my college life.

B.TECH CSE

SUCCESS DOESN'T COME TO YOU, YOU GO TO IT.

Mangalmai is an institution where the emphasis is given on overall development of the students with much priority to academics, personality development and placement training activities so that it's graduates can lead the world. Thanks, Mangalmai.

Sudhanshu Ranjan
Learning Routs Pvt. Ltd.
BBA - P

It is a privilege for me that I got placed through Mangalmai and now I am working in a wonderful organization to focus myself on being an industry professional in order to build my future. It gives me immense pleasure to thank all the teachers, staff and CRD department for all the skills, confidence and enlightenment that made me achieve this opportunity with ease.

Mansi Rawat
Extramarks Education
BBA

Life at MIMT was a wonderful journey to be cherished for a lifetime. MIMT is the epitome of quality education and personality building. MIMT has always excelled in transforming its students to corporate ready professionals. The placement department provided a lot of support to the students by organizing various personality development classes, guest lectures, Industry oriented trainings and bringing reputed companies at the campus for placements."A big Thanks to each and everyone at Mangalmai.
