# UNDERGRADUATE EXPERIENCE AT CHRIST

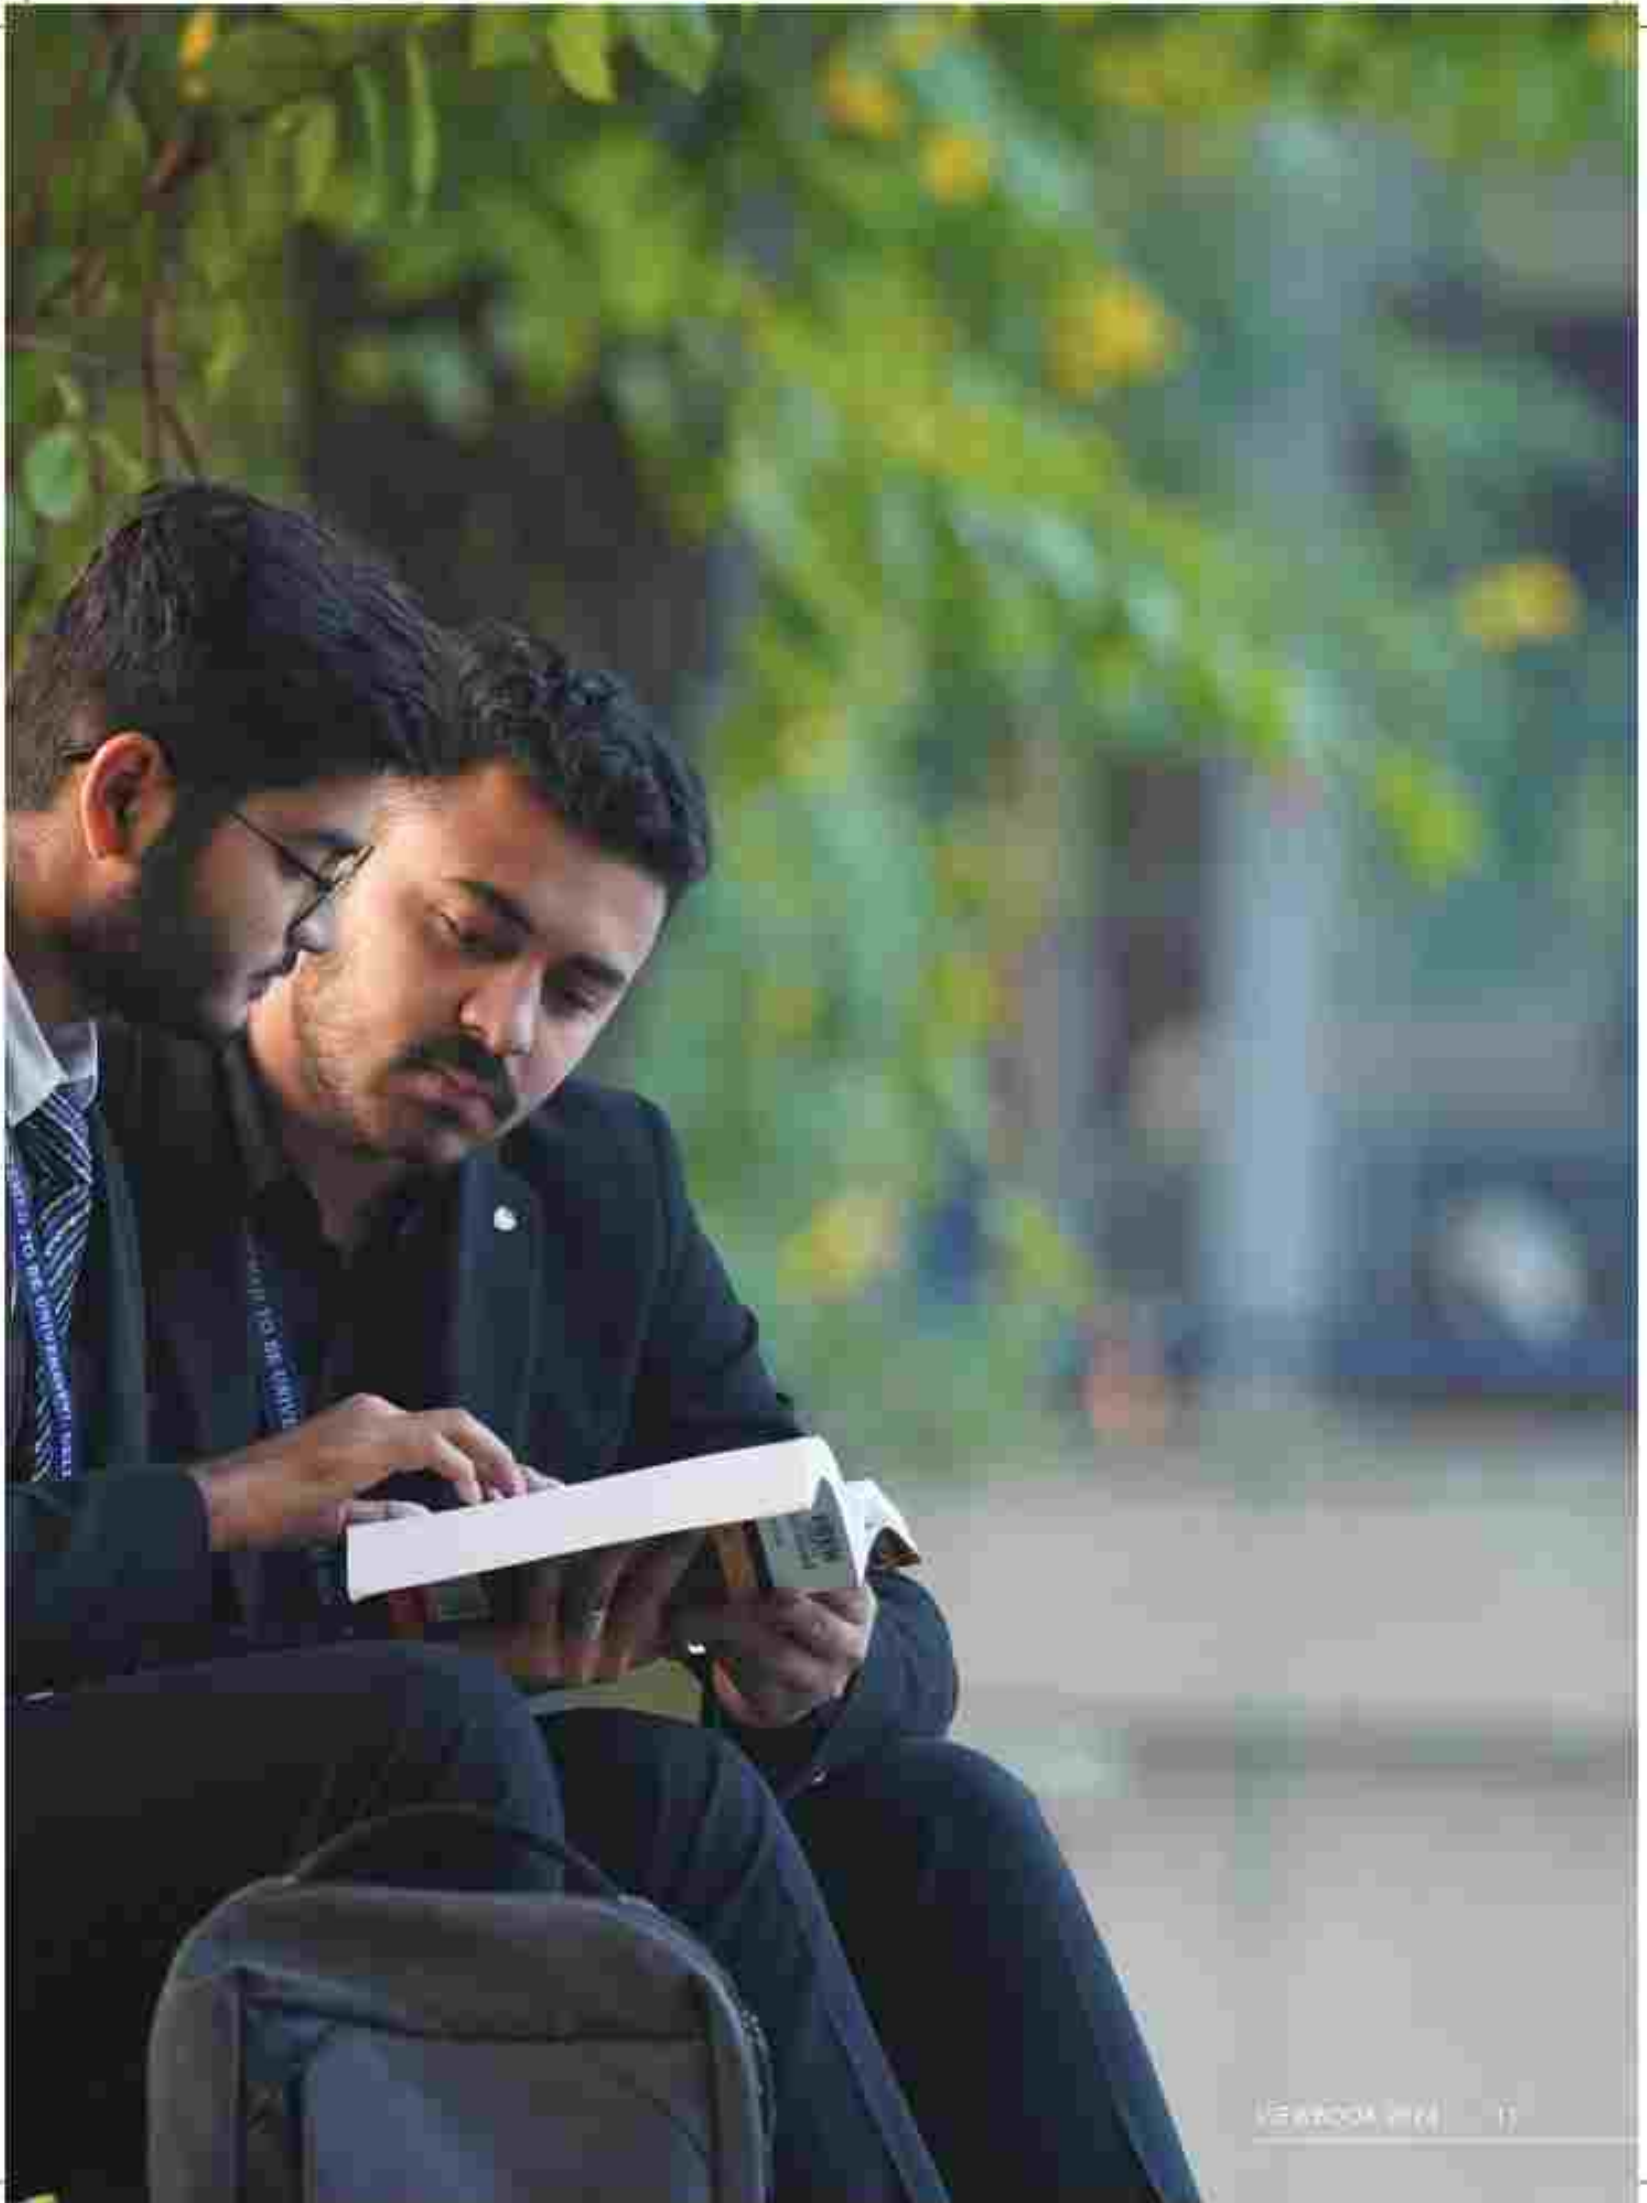

## Embark on a Journey of Knowledge and Self-Discovery

For an undergraduate student, the time they spend with us is a critical period of growth in which they learn to explore their academic interests, social engagement, and personal development. They explore their interests and passions on campus and develop critical thinking, analytical, and communication skills. The vibrant range of extracurricular activities including clubs, sports, and community service, will shape their leadership, teamwork, and interpersonal skills. Students learn to navigate new challenges, make important life decisions, and establish lifelong friendships and professional connections here.

# THE TRANSFORMATIVE POSTGRADUATE AND PHD STUDENT EXPERIENCE

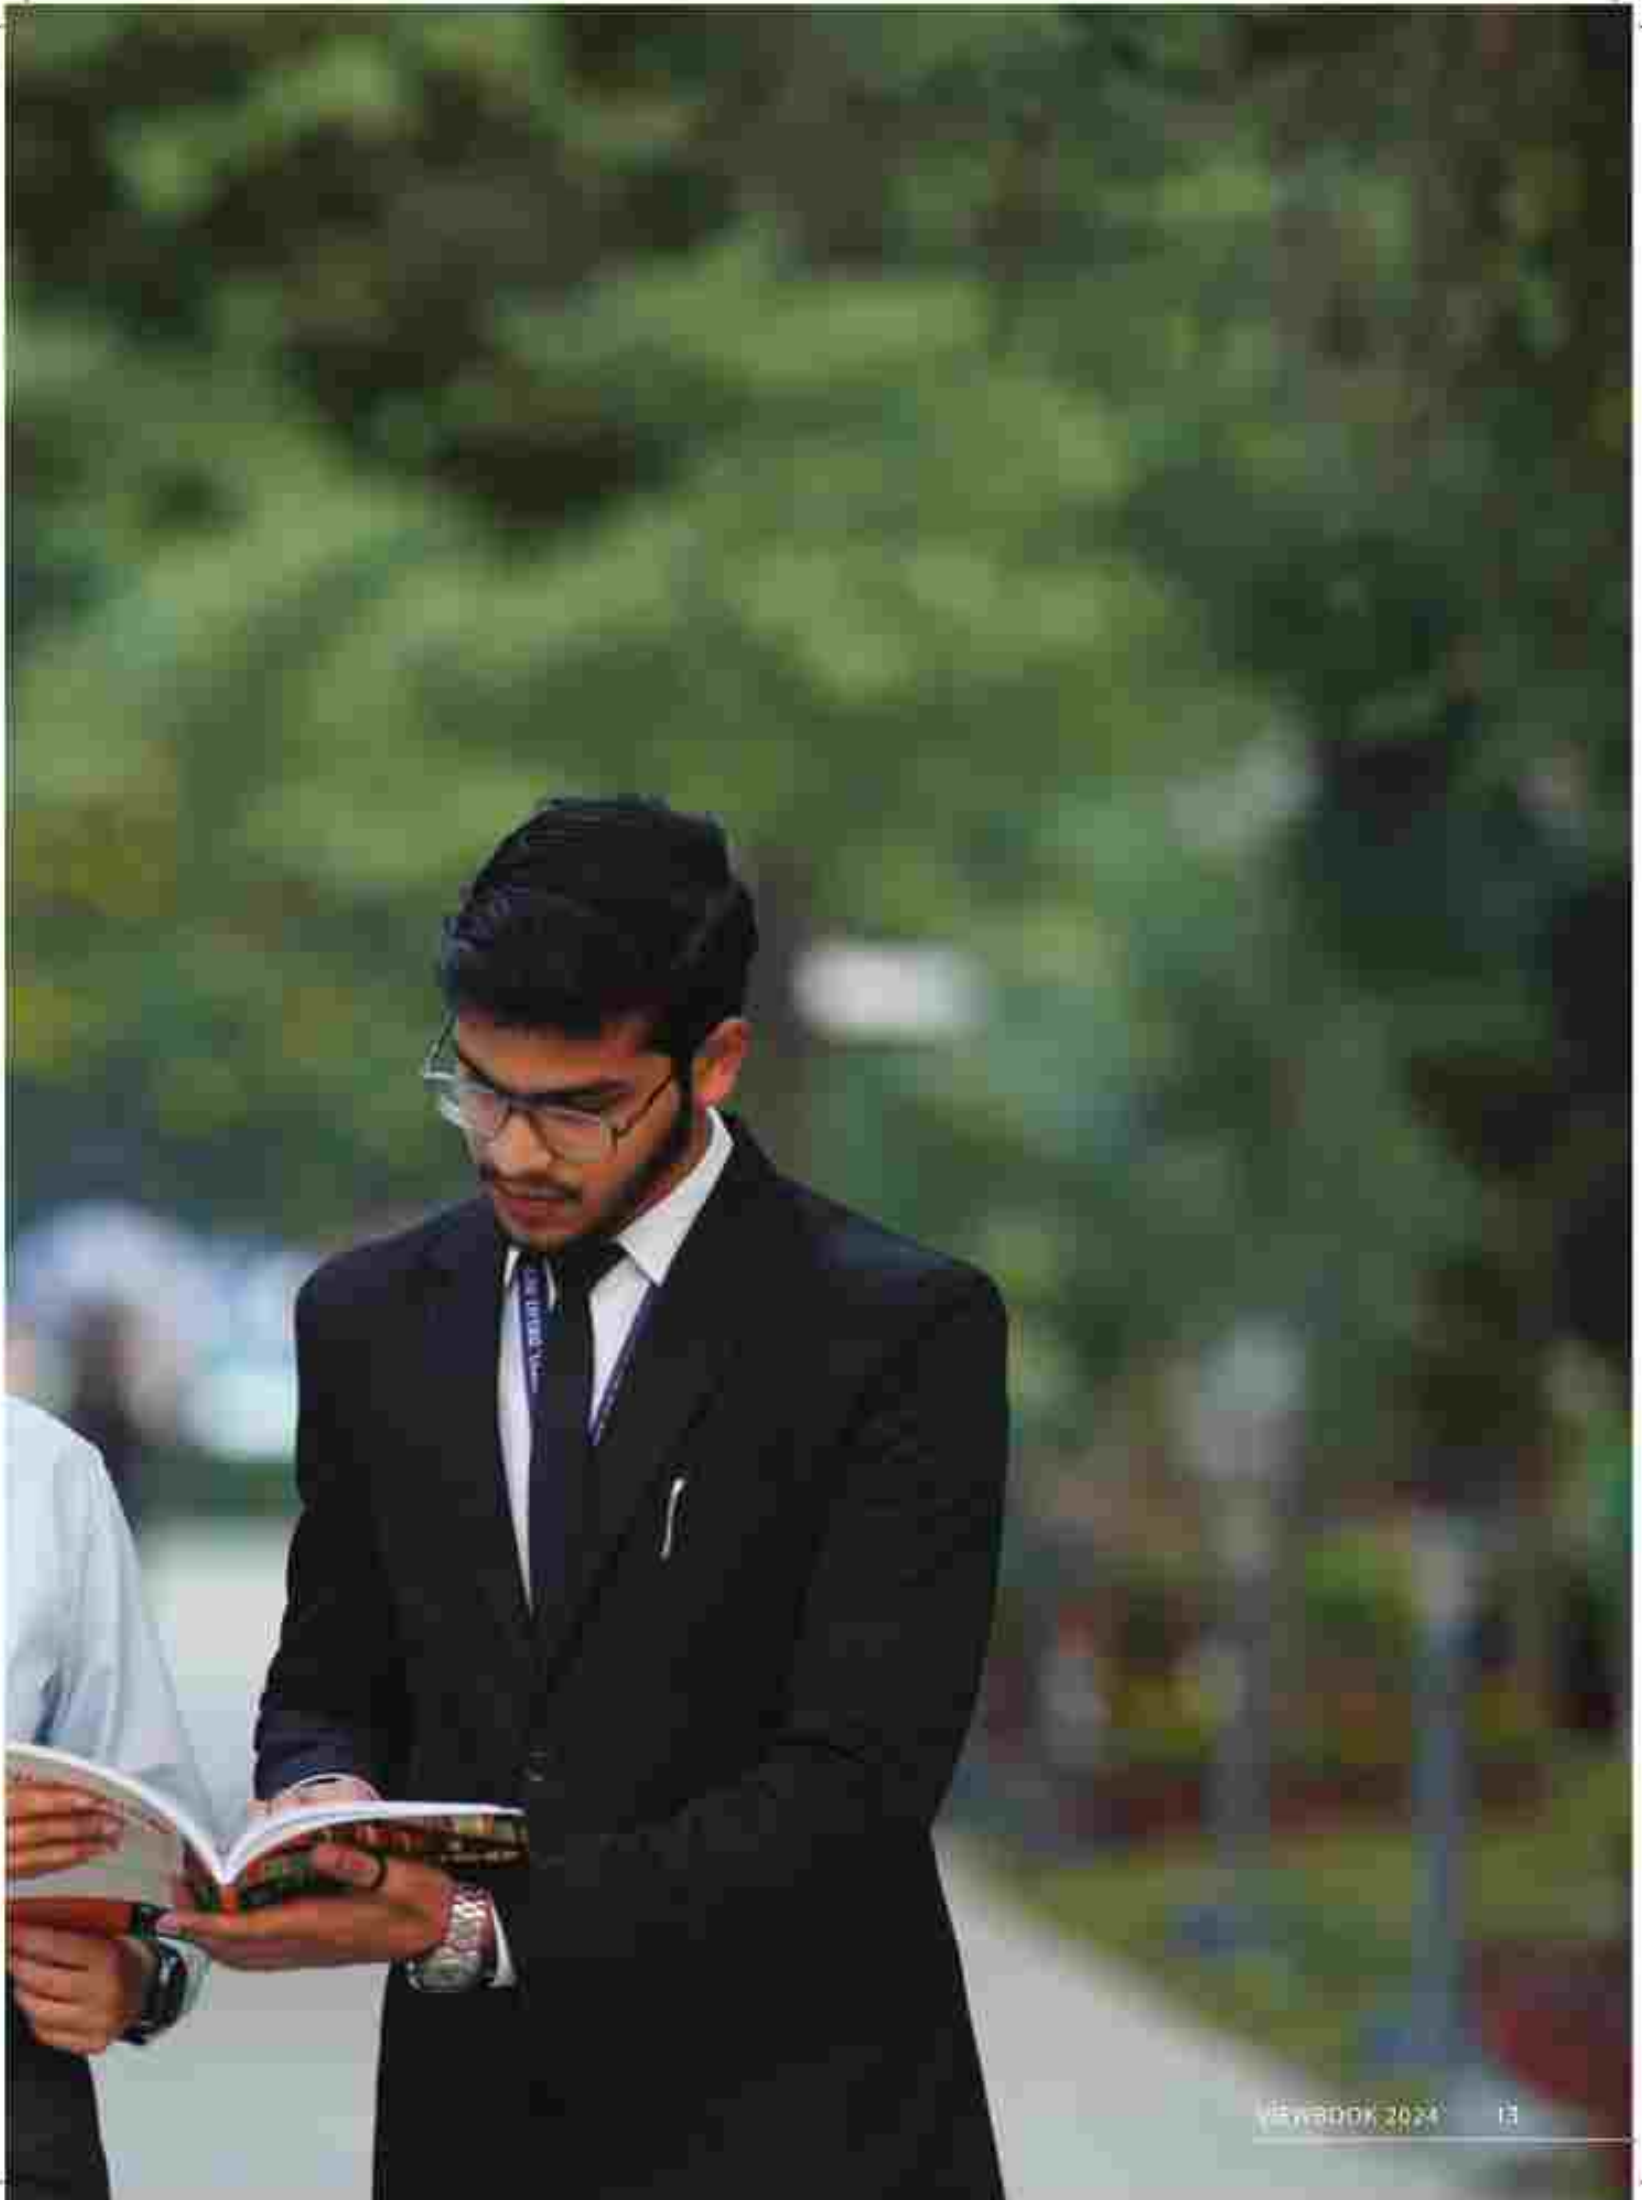

The postgraduate and PhD student experience is a critical period of academic and professional development in a student's life that prompts them to develop specialised expertise and cutting-edge knowledge in their fields of choice. Our Postgraduate and PhD students are immersed in a community of scholars, working closely with faculty members and peers to produce original research and scholarship. This challenging and rewarding period of study trains the students in a high level of academic rigor and intellectual independence. This transformative period prepares students for leadership roles and professional success in their chosen field.

# EXPLORING THE MIND-BODY CONNECTION

Our biofeedback lab provides a unique opportunity for students in the field of psychology to explore the connection between the mind and body. Equipped with cutting-edge technology, the biofeedback lab allows students to measure and monitor physiological responses to stress and other stimuli. Through this lab, students can gain hands-on experience in techniques such as meditation, deep breathing, and relaxation exercises to improve overall health and well-being. The biofeedback lab serves as a valuable resource for students looking to gain a deeper understanding of the mind-body connection and its impact on mental health.

# FINANCIAL INSIGHTS THROUGH BLOOMBERG LAB

The Bloomberg Lab on campus provides our students with access to one of the world's most powerful financial data and analysis tools. The lab is equipped with Bloomberg terminals, which offer real-time financial news, data, and analytics to help students stay on top of market trends and make informed investment decisions. Through the lab, students can learn to use this cutting-edge technology to research and analyze stocks, bonds, currencies, and commodities, as well as gain valuable experience in portfolio management and financial modeling. The Bloomberg Lab provides a unique opportunity for students to gain hands-on experience with a tool used by many of the world's leading financial institutions, preparing them for successful careers in finance and business.

# UNLEASHING CREATIVITY: EXPLORING DIGITAL MEDIA

The state-of-the-art media lab equipped with the latest software and equipment, provides students with hands-on experience in video production, graphic design, animation, and more. Through this lab, students can develop the technical skills and creativity necessary to succeed in today's media landscape. The lab also serves as a hub for collaboration and networking, allowing students to work together on projects and connect with industry professionals. With its cutting-edge resources and supportive community, the media lab is a valuable resource for students seeking to launch careers in media and design, as well as those who simply want to explore their creative interests.

# DIVE DEEP INTO EXPERIENTIAL LEARNING

Embark on a hands-on learning experience that goes beyond textbooks. Our curriculum at CHRIST is designed to provide you with real-world encounters, allowing you to apply your knowledge and skills in practical settings. Step out of the traditional classroom and into a dynamic environment where learning is an active process. Through experiential learning, you'll engage in interactive projects, simulations, case studies, internships, and more, gaining valuable insights and practical expertise.

# EMPOWERING STUDENT LEADERS

In this vibrant space, students work collaboratively with others, communicate effectively, and take initiatives. Through these experiences, students learn to delegate tasks, motivate team members, and make decisions that benefit the group as a whole. The SWO facilitates the holistic growth of the Christite, enabling them to strive, not only in Academics but also the extra-curricular activities. They develop a range of transferable skills that shapes them into becoming effective leaders in their future careers and personal lives.

# THE POWER OF THEATRE AS A COLLABORATIVE SPACE

Theatre as a creative space offers individuals the opportunity to explore their creativity, hone their skills, and express themselves in a safe and supportive environment. Through theatre, individuals can experiment with different roles, characters, and scenarios, helping them to develop their empathy and understanding of others. Through the process of creating and rehearsing a play, performers and crew members learn to work together, communicate effectively, and appreciate each other's contributions.

# FUTURE-READY EDUCATION

## NEP-aligned curriculum with a learner-centered approach

At our university, we are committed to providing a learner-centered education in alignment with the National Education Policy (NEP) 2020. Our curriculum places the learner at the heart of the learning process, fostering a dynamic and engaging educational experience. With a strong emphasis on technology integration, including online and blended learning, we empower our students to access quality education at their convenience. Our multidisciplinary approach promotes holistic learning, enabling students to connect knowledge across subjects and apply it to real-world scenarios. Join us on this transformative educational journey that prepares you for success in the ever-evolving world.

Behind her is a man with a beard and a blue turban, wearing a light-colored shirt. To the right is another man with dark hair, wearing a blue patterned shirt. The background is a plain, light-colored wall.

# TRANSFORMATIVE LEARNING THROUGH HOLISTIC EDUCATION

Our university values holistic education and has incorporated it into our curriculum. We believe in nurturing students' overall well-being and personal growth, going beyond academic achievement. Holistic education principles are integrated through wellness programs, mindfulness practices, and self-reflection opportunities. By emphasizing holistic education, we equip students with essential life skills, fostering resilience, empathy, critical thinking, and self-awareness. This inclusive approach creates a supportive learning environment that prioritizes students' mental health and overall development.

# COMPREHENSIVE HEALTHCARE ON CAMPUS

The university health center is equipped with basic medical facilities and staffed by two experienced nurses and a consulting doctor. The nurses provide essential healthcare services, including conducting initial assessments, administering medications, and offering first aid. The consulting doctor is available for more complex medical consultations and diagnoses. Together, the dedicated healthcare team ensures that students have access to necessary medical care and support on campus.

The Child Sponsorship Program at our university's Centre for Social Action is a transformative initiative providing underprivileged children access to education, healthcare, and essential resources. Sponsors play a crucial role in nurturing the emotional, intellectual, and physical well-being of these children, empowering them to overcome poverty and reach their full potential. With a focus on holistic development, the program embodies our university's commitment to social responsibility, creating a brighter future for the next generation.

# MARCHING TOWARDS EXCELLENCE

The NCC program at our university fosters discipline, leadership, and national pride among students. Through physical training, adventure sports, community service, and military training, students develop resilience, teamwork, and camaraderie. Participation in national and international events provides opportunities to showcase skills and represent our university. The NCC program molds well-rounded individuals, combining academic excellence with qualities essential for personal and national growth.
