MESSAGE FROM DEAN

Banasthali Vidyapith's FMS-WISDOM is not just a B-School, but a C-School (Consciousness) and an emerging D-School (Divine) because the underlying philosophy of Banasthali Vidyapith is captured in **सा विद्या या विमुक्तये** (saavidyayaavimuktaye). Since ancient times, education has been of the nature that liberates one from **अज्ञान** (agyaan – ignorance). The concept of Consciousness-School is therefore very important. The journey of elevating consciousness is the real journey to be embarked by any human being.

WISDOM has transformed into a C-School with Indian ethos & culture as the guiding force. The C-School paves the way towards materialistic gains without compromising the spiritual dimension.

WISDOM = Reasoning + Intuition. In future WISDOM may be known as a Divine School (D-School). The focus of WISDOM should be on bringing more 'wisdom' in the faculty/students by focusing on **Values, Ethics and Indian Culture in Content and Pedagogy, Relationship with existing employers, Promoting Incubation, Entrepreneurial spirit and Family business, Identifying students' interest scientifically, Promoting research as the career and Doctoral Research and creating socially useful impact.**

WISDOM has benefited the world with **several innovative concepts** rooted in Indian ethos and culture such as Bharatiya Model of Financial Literacy (BMFL), Bharatiya Model of Digital Literacy (BMDL), Holistic Decision making Model (HDMM), Holistic Electoral Competency Rating (HECR), Bharatiya Model of Employee Retention (BMER) and Work Life Natural Fusion (WLNF) and most of these have been researched at doctoral level.

It is so wonderful that the XXV batch of 360 students from FMS-WISDOM would graduate in May 2022 and we cordially invite all the social conscious organizations to conduct campus recruitment of our bright girls. Banasthali daughters have been working all across the world and sparkling with outstanding performance and I am sure you have a great opportunity to join hands and recruit them for strengthening your venture.

Our team members would keep touch with you.

Prof. (Dr.) Harsh Purohit
Dean, FMS-WISDOM and Law
Banasthali Vidyapith

INCEPTION

The origin of Banasthali is unique in more ways than one. Banasthali owes its existence neither to the zeal of an educationist, nor to that of a social reformer. It was established by the grieving parents of Shanta Bai with a view to provide the same kind of education to girls, that couldn't be provided to Shanta Bai due to her untimely demise. Starting out with just five students way back in 1935, today, Banasthali Vidyapith has become a premier institute in women's education, being hailed as 'World's largest fully residential women's university'. The Vidyapith boasts of having more than 15000 students on its campus, which is spread across more than 850 acres of land.

The fabric of education at the Vidyapith is based on the ideology of five-fold education comprising of physical, practical, aesthetic, intellectual and,above all, moral aspects for the holistic development of the students. The Vidyapith offers a variety of programmes from nursery up to doctoral level across a wide spectrum of disciplines to prepare enlightened citizens with a strong value-base.

ACCOLADES

- Features in the Top 2-3% global universities in the world with high impact-Times Higher Education (THE) Young University 2021.
- Ranked 2nd Best Private and Deemed Multidisciplinary University all over India by THE WEEK.
- NAAC, MHRD, GoI has reaccredited Banasthali with highest possible 'A++' rank, among the best universities in India.
- Ranked world's 2nd best Women's University by Times Higher Education (THE).
- Ranked 55th in the All-India University category in the NIRF ranking 2020, conducted by MHRD, Government of India. Banasthali Vidyapith has been among Top 75 since 2016.
- Banasthali Vidyapith features in the QS International Rankings- BRICS and QS-ERA India Pvt. Ltd. has awarded Banasthali Vidyapith a 'Diamond' rating.
- Ranked 301-350 in Times Higher Education (THE) -World University rankings 2021.

Centres of Excellence:

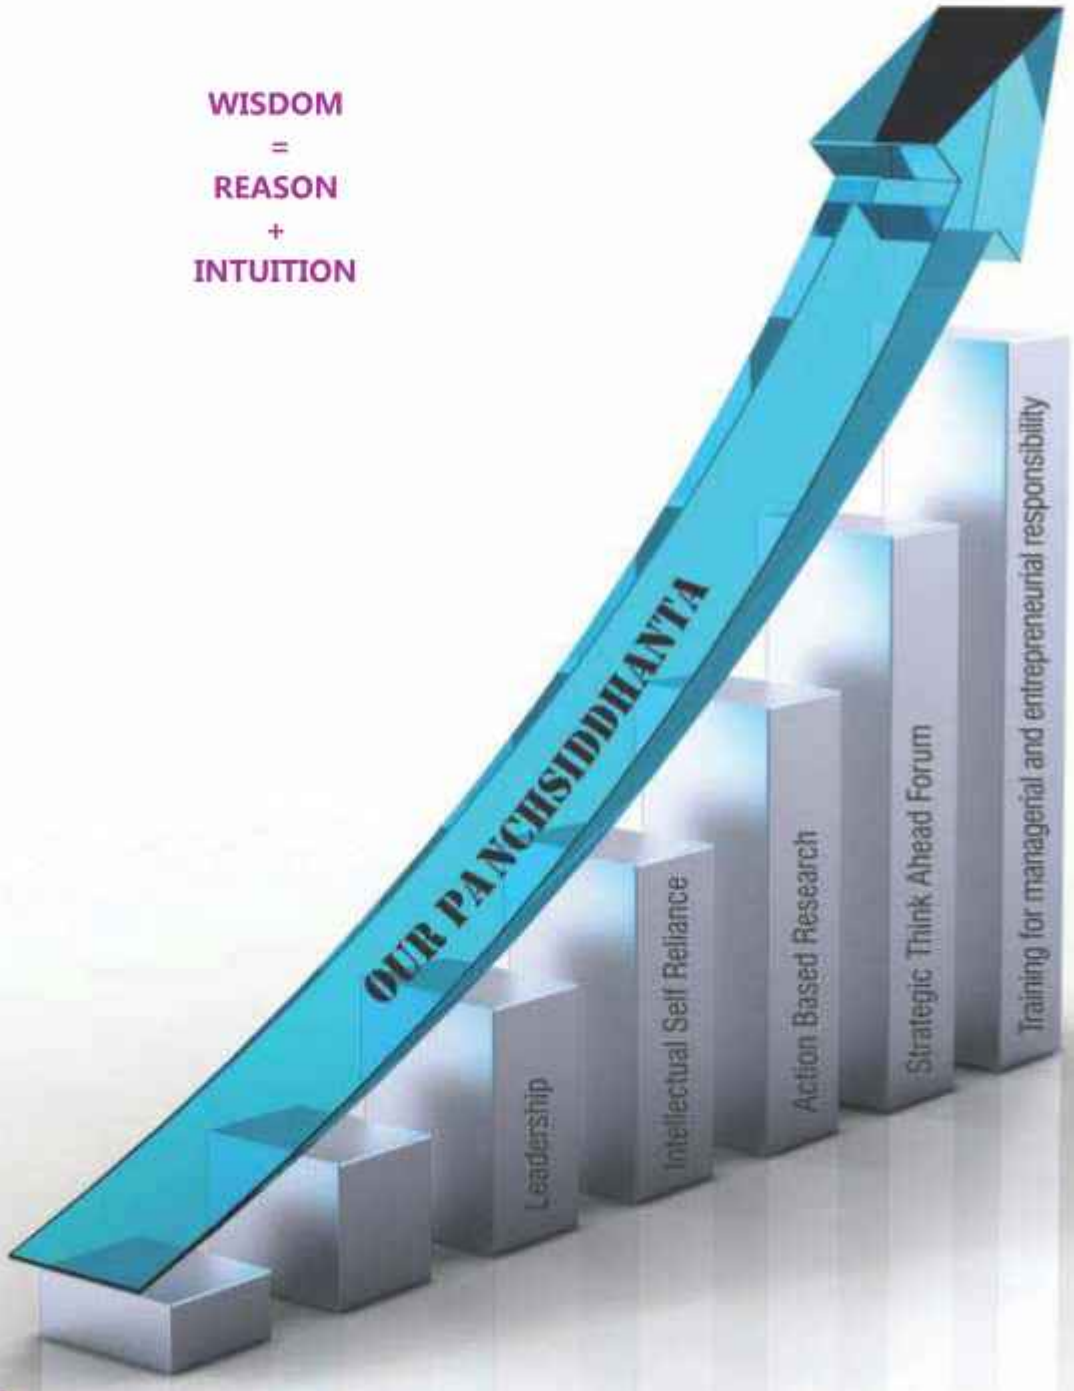

Banasthali Vidyapith has been identified by various funding organizations including Government as well as Industries for setting up Centres of Excellence-

1. **State Bank of India School of Commerce and Banking:** State Bank of India has donated a generous philanthropic grant for promoting commerce and banking education.
2. **Centre for Mathematical Sciences:** DST provided Rs. 1.45 Crores to setup Centre for Mathematical Sciences to motivate research & development in thrust areas of Mathematical Sciences. There are only 3-4 such centres in the country.
3. **Jamnalal Bajaj School of Legal Studies:** Keeping in view the need for an All Women's Law School, the Bajaj Foundation has kindly consented to provide a one- time generous philanthropic grant.
4. **Banasthali Centre for Education and Research in Basic Sciences:** The DST has identified Vidyapith as a centre of CURIE (Consolidation of University Research for Innovation and Excellence in Women Universities) and granted Rs. 5.20 Crores to set up Banasthali Centre for Education and Research in Basic Sciences.
5. **IBM Centre of Excellence at Faculty of Computing and Mathematics** IBM, the tech giant, has established a centre of excellence at Faculty of Computing and Mathematics to acquaint students with emerging business trends and nurture industry ready skills for young brains.
6. **Centre for Research in MSME & Promotion of Entrepreneurship in Women** :To promote entrepreneurship and MSME training and research among women, the erstwhile SBBJ has generously donated to set up a centre for research in MSME for women.
7. **Atal Incubation Centre sponsored by NITI Aayog:** The NITI Aayog has partnered with Banasthali Vidyapith to set up an all women Atal Incubation Centre to nurture innovative business startups in their pursuit to become scalable and sustainable enterprises.
8. **Centre for Financial Planning Training and Research for Women:** The Centre was sponsored by Bank of America(via BA continuum) under CSR and this is the first of its kind effort by any university in India to spread financial planning awareness. The project targets women at three levels: students, villagers and faculty & staff.
9. **National Centre for Corporate Governance supported by NFCG:** In an endeavor to build capabilities in the areas of research in corporate governance and to disseminate quality and timely information to concerned stakeholders, National Foundation for Corporate Governance has given accreditation to Banasthali Vidyapith to setup this centre and provide training to directors, conduct research and build capacity in the area of corporate governance.

WISDOM- Women's Institute for Studies in Development Oriented Management

WISDOM was established in the year 1996, with a view to provide development oriented management to the students. The vision of WISDOM is to prepare women for enlightened leadership roles in all walks of life. The Institute's mission is to contribute towards the development of women leadership that would play an active role in society building, entrepreneurship and the management of organizations and institutions in consonance with nation's spiritual and cultural heritage.

INTUITION

ABOUT THE COURSE

MBA AT BANASTHALI

WISDOM is gradually developing into a C-school (Consciousness) and furthers more onto a D-School (Divine) from a B-school, laying emphasis on creating sustainably perceptive business graduates. Its holistic development approach, which is core to all the courses, along with a view to provide a synthesis of the spiritual values and scientific achievements ensures that the graduates from the institute are 'industry ready'. Following are the main attractions of the MBA program:

Industry Meets Academia

The MBA program at Banasthali ensures continuous engagement of participants with industry professionals and organizations by way of guest lectures and live projects – keeping the participants abreast with upcoming trends in the corporate world.

Conferences and Conclaves

WISDOM creates a platform where the students host the stalwarts of the industry. It brings together veterans across industries to participate in sagacious discussions, delivering insightful context and content for the students.

Internships

As a part of the curriculum, each student takes up an internship for a period of 20-24 weeks, after the completion of the first year. This helps them gain industry exposure.

PanchmukhiVikas

Development of a student during the MBA program, in the broader sense, should not be confined to education only. It should cover the development of the mind, body and soul. Standing true to this philosophy, Banasthali Vidyapith has introduced the idea of PanchmukhiVikas in its curriculum which aims at the students' all - round development. PanchmukhiVikas focuses on five key areas: physical, practical, moral, aesthetic and intellectual.

Blending of Modernity and Traditions rooted in Indian Ethos

Banasthali Vidyapith proudly stands firm on grounds of Indian Ethos. The very dress code for students shows the dedication of the University to instill Indian cultural values in the students even at a time of rapid modern transformation. To keep pace with changing times and advancement, this traditional value system is paired with an addition of modernity.

COURSE STRUCTURE

The Management Programme is designed keeping in view the need for holistic development of students for taking up challenging managerial positions. The Management Programme combines the three following strands:

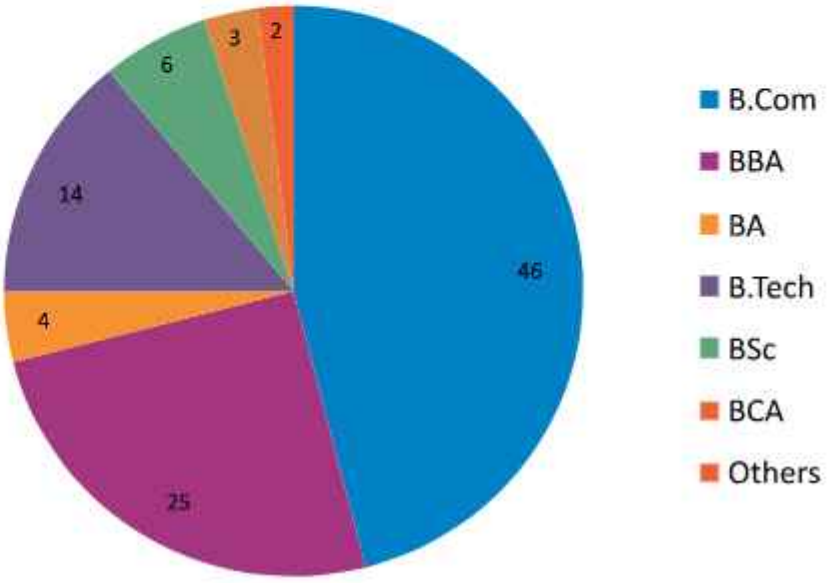

1. Indian ethos and Indian paradigm for inner quality development as reflected by the spiritual values and the relevant Indian values for organization building and development.
2. Women's experience as reflected by their historic role in shaping the destiny of future generations, nations and organizations.
3. Traditional theories and concepts of management as have been developed over a period of time and have become part of the received knowledge.

BATCH PROFILE

GRADUATION WISE DISTRIBUTION

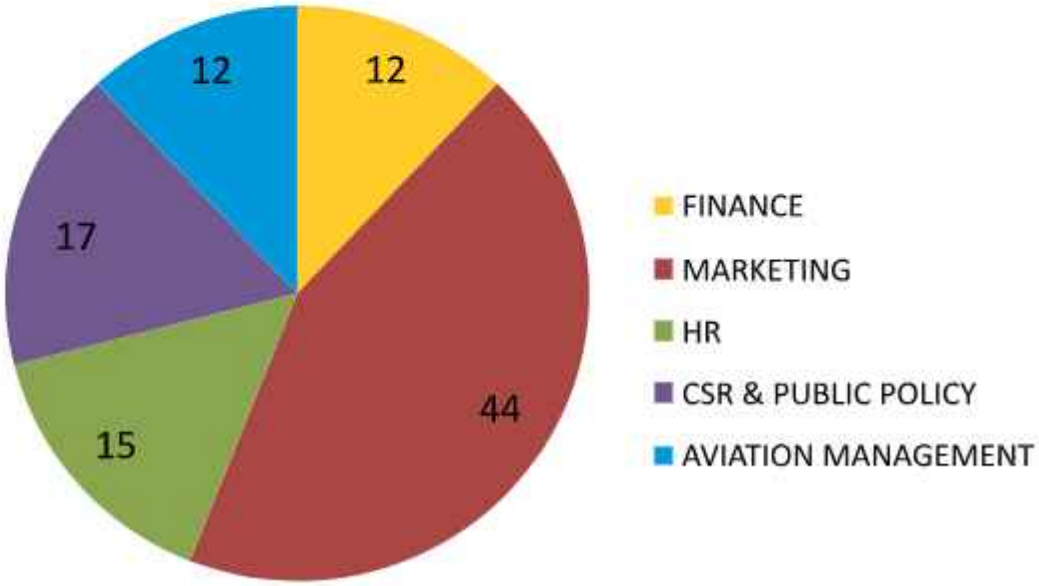

MAJOR SPECIALIZATION-WISE DISTRIBUTION

MAJOR SPECIALIZATION

MINOR SPECIALIZATION-WISE DISTRIBUTION

MAJOR SPECIALIZATIONS

FINANCE

Finance is one of the most popularly chosen specializations at WISDOM. This is evident from the fact that out of the current batch strength of 360, 180 have chosen it as a major while 45 have chosen it as a minor specialization. The course has been specially designed to help students analyze and examine critically the nuances of Finance and Fund Management, while simultaneously appreciating the overarching role Finance, as a stream, plays in the Business Organization.

MARKETING

Marketing, for a long time now, has been quite popular among the students, as an area of specialization. In the current batch 55 students have chosen marketing as their major specialization; while 158 have it as a minor specialization. Banasthali is known to be the institution that churns out a talented pool of managers who have consistently proved themselves by carving niche in the ever competitive, pulsating and exciting domain of Marketing.

MAJOR SPECIALIZATION

HUMAN RESOURCE DEVELOPMENT

The Human Resource Development is one of the core courses to be offered at WISDOM. In the current batch, a whopping 125 number of students have it as a major specialization while 55 have opted for HRM as a minor specialization. This course prepares the students to meet the employer's strategic objectives, because for the organization to function smoothly, the workforce needs to be managed properly.

AVIATION MANAGEMENT

Aviation management deals with the study of airlines, airports and businesses related to the aerospace industry. It also includes supervising routine operations undertaken by the ground staff of an airport or an organization in the aviation sector. All in all 42 students have picked Aviation Management as a major specialization.

MINOR SPECIALIZATION

In addition to the above areas of specialization, the university, keeping true to its quintessential philosophy of holistic development of students, also offers these courses as minor specializations:

CSR and Public Policy

This course helps to understand the dynamics of CSR and its role in the development of the organization while understanding the importance of social entrepreneurship and exploring avenues for bringing change in the society. This course has a total of 60 students who have opted for it.

Sports Management

Sports management is all about how to apply business and marketing techniques to the sports world and it also provides an overview of sports scenario in the country while preparing the students to manage sports events more efficiently and effectively.

MAJOR SPECIALIZATION

KNOWLEDGE CREATION & DISSEMINATION

FACULTY - There is a three-tier faculty structure comprising of core, visiting and industry faculty. As on date, the FMS-WISDOM has 53 full time faculty members with average work experience of 12 years and average industry experience of 5 years. Many of the teachers have been conferred with awards for distinct teaching and innovation.

RESEARCH - During the last 23 years, 110 Ph.Ds. have been awarded at FMS-WISDOM, Banasthali Vidyapith, while, over 250 Research Papers in prominent journals have been published.

RESEARCH PROJECTS & CONSULTANCY - Projects worth 11 crores are ongoing/completed.

NEW KNOWLEDGE - Innovated with Bhartiya Model of Financial Literacy, Bhartiya Model of Digital Literacy, Bhartiya Model of Employee Retention, Work Life Nature Fusion, Holistic Decision Making Model, etc.
